- Roller shutter doors
- Turnstile

- The scope also includes a 24hr, Monday to Sunday emergency standby service as and when required by PRASA.

1.2. Contract duration will be for 12months from the time of accepting the appointment.

1.3. As part of the administration claims shall be submitted timeously and the following documentation must be provided in support of a claim

- i. completed job cards indicating location, dates, personnel, times worked and travelling information
- ii. records of material receipts for material purchased and used in this contract (only for material not priced for in the Pricing Schedule)
- iii. invoices for services outsources/hired under this contract

### **2. Definitions**

2.1 *PRASA*: One of the subsidiaries of Passenger Rail Agency of South Africa (PRASA) group responsible for managing the property portfolio of the group and the maintenance thereof.

2.2 *Facilities Manager*: A manager of PRASA responsible of building and infrastructure portfolio or any person authorised to act in that capacity.

2.3 *Normal Working Hours:* Hours of work as determined by a wage regulating measure or statutory enactment for any trade or activity, during which the basic minimum rate of pay is applicable and excludes all time for which a higher rate of pay is obligatory. Where no wage regulating measure is in force, the hours will be 07h00 to 17h00 Mondays to Fridays excluding a daily meal break.

2.4 *Contractor:* Successful tender who is appointed by PRASA and will be responsible to carry out the works as per this specification.

### **3. Maintenance References**

3.1. All works will be in accordance with the following publications

- SABS 0400 other applicable Code Of Practices
- OHS Act 85 of 1993 as amended and
- Other applicable Municipal By-Laws and Regulations

### **4. Maintenance**

4.1. All planned work will be carried out during normal working hours at the cost tendered for in the Bill of Quantities. Visits to the premises will be as scheduled for the contractor to carry out maintenance work as per the specification. Sites have visitors book which is to be properly completed by the Contractor on every visit and the reason for the visit recorded in the book.

4.2. The Contractor shall produce and issue to PRASA a written report or service sheet of any testing, inspection, examination, investigation and/or assessment undertaken and execution of any repairs by the Contractor. Reports will highlight

- the type of work or service done
- problems experienced
- results of inspection
- faults found and their priority thereof

Quotations for any corrective work required shall be submitted to PRASA-CRES and on the approval of such quotations the Contractor will correct or repair accordingly.

4.3. PRASA reserves the right to conduct an independent safety and quality audit to be carried out on the work completed by the contractor. The contractor shall provide his own quality

controls to ensure compliance with the specifications and any changes to legislation or regulations applicable. Possible modernisation products to upgrade or to improve the reliability and performance of the installation will be brought to PRASA for consideration.

## **5. Contract Performance**

5.1. The contractor will sign a service level agreement with the PRASA. The performance of the Contractor will be discussed on the monthly basis at meetings scheduled to sit at PRASA CRES offices. Performance Items to be discussed will include:

- the number of breakdowns for specific period
- the turnaround time to attend to emergency callouts
- planned vs. actual progress
- submission of reports, invoices and other administration duties
- payment of invoices

## **5.2. Services Measure and Expectations**

Response Times for:

- Emergencies – within 3hrs
- Urgent - within 5hrs
- Non-Urgent - within 24hrs

## **6. General Information**

- 6.1. The contractor shall be or have in his employ qualified Artisans leading maintenance teams, proof of qualifications for maintenance team leaders shall be provided on request.
- 6.2. The Contractor must have the capacity to be able to work on more than one site at any given time.
- 6.3. Where day to day repairs is to be undertaken, the Contractor shall first estimate the labor and material cost based on the schedule of prices, before proceeding with the job.
- 6.4. All material removed to be returned to PRASA unless otherwise stated.
- 6.5. Compliance certificates are to be issued on completion of all new work done at no cost to PRASA-CRES. Compliance certificates required for existing installations to be priced out at the prescribed set rate.

## **7. SAFETY AND PROVISION OF MATERIALS:**

- 7.1. The contractor is responsible for supply of all material required to repair the faults as per job cards /work order.
- 7.2. All material used shall be of high standard (SABS approved)
- 7.3. The material item price shall be based on standard market related plus the percentage mark-up fee.
- 7.4. Prasa Cres Maintenance Manager /Supervisor reserve the right to query price of any material that is on the material list. He /she may request that the contractor justifies a copy of the material purchased, invoices or actual quotes from reputable suppliers.
- 7.5. All materials supplied and workmanship to meet the prescribed Statutory Requirements, including the Occupational Health and Safety Act of 1993.  
  
NB: The contractor material supplier must be a reputable material supplier and only market related material prices will be accepted by PRASA.
