SECTION 3: BACKGROUND, OVERVIEW AND SCOPE OF REQUIREMENTS

1 BACKGROUND

The Transnet National Ports Authority (TNPA) People Management Strategy and Plan (2026/27 and beyond) was approved by the TNPA Board on 4 December 2025. A diagnostic assessment conducted as part of this process evaluated People Management maturity across 14 dimensions, revealing an average maturity level of 1.5 out of 5. Critical gaps were identified in Resourcing, Development, and Retention (each at Level 1).

In response, TNPA has set an ambitious target to reach a market-leading maturity level of 5 by 2031, necessitating a +3.5-maturity uplift and the implementation of targeted, high-impact interventions.

In addition, the TNPA operating model was approved on 28 March 2026. Current workforce planning practices remain reactive, fragmented, and insufficiently integrated with corporate strategy. This has resulted in:

- Persistent shortages of critical skills in technical, digital, and operational roles.
- An ageing workforce with inadequate succession planning.
- Misalignment between workforce budgets and operational requirements.
- Limited use of analytics for forecasting, scenario modelling, and risk mitigation.
- Insufficient capability within line management to interpret workforce insights for decision-making.

In response, TNPA seeks to implement an integrated workforce planning solution comprising Strategic Workforce Planning (SWP), a comprehensive Skills Audit, and Feeder Pipeline development. This integrated approach is intended to enhance workforce visibility, support evidence-based decision-making, and build a sustainable, future-ready talent pipeline aligned with the organisation's strategic objectives.

2 EXECUTIVE OVERVIEW

Whereas Transnet is seeking partner(s) to provide services for the implementation of strategic workforce planning, skills audit and feeder pipeline development, it also seeks to improve its current processes for providing services to its end user community.

The selected Service provider(s) must share in the mission and business objectives of Transnet. These mutual goals will be met by meeting contractual requirements and new challenges in an environment of teamwork, joint participation, flexibility, innovation and open communications. In this spirit of partnership, Transnet and its Service provider(s) will study the current ways they do business to enhance current practices and support processes and systems. Such a partnership will allow Transnet to reach higher levels of quality, service and profitability.

Specifically, Transnet seeks to benefit from this partnership in the following ways:

- 2.1 Transnet must receive reduced cost of acquisition and improved service benefits resulting from the Service provider's economies of scale and streamlined service processes.
- 2.2 Transnet must achieve appropriate availability that meets user needs while reducing costs for both Transnet and the chosen Service provider(s).
- 2.3 Transnet must receive proactive improvements from the Service provider with respect provision of Services and related processes.

- 2.4 Transnet's overall competitive advantage must be strengthened by the chosen Service provider's leading-edge technology and service delivery systems.
- 2.5 Transnet end users must be able to rely on the chosen Service provider's personnel for service enquiries, recommendations and substitutions.
- 2.6 Transnet must reduce costs by streamlining its acquisition of Services, including managed service processes on a Group basis.

3 SCOPE OF REQUIREMENTS

- 3.1. The appointed service provider will deliver an end-to-end solution across three integrated workstreams: Strategic Workforce Planning, Skills Audit, and Feeder Pipeline Development. The scope of services required is attached hereto as **Annexure A**.

4 GENERAL SERVICE PROVIDER OBLIGATIONS

- 4.1 The Service provider shall be fully responsible to Transnet for the acts and omissions of persons directly or indirectly employed by them.
