SCOPE OF WORKS: ERW2407/12: BID FOR THE COLLECTION, TRANSPORTATION AND DISPOSAL OF SCREENINGS AND GRIT FROM ALL ERWAT SITES FOR A PERIOD OF THIRTY-SIX (36) MONTHS AS AND WHEN REQUIRED.

1. INTRODUCTION

ERWAT (Ekurhuleni Water Care Company) is seeking bids from professional, reputable service providers with relevant experience in the collection, transportation and disposal of hazardous waste, i.e., screening, and grit. The purpose of the project is to provide a work environment that will minimise health and safety risks, associated with the accumulation of hazardous waste streams at ERWAT plants

The appointment is for a Maximum period of thirty-six (36) months, on an “as and when” required basis.

2. BACKGROUND

ERWAT has 19 Water Care Works (WCWs) which are generally located in remote locations due to the nature of the work undertaken by the company. ERWAT operates and manages WCWs in the City of Ekurhuleni, Lesedi and Midvaal Municipalities. ERWAT operates its water care works as guided by the Water Use License Authorisation (WULA) in accordance with the National Water Act, 1998 (Act 36 of 1998). One of the conditions as per the WULA is the disposal of screenings and grit in an environmentally friendly manner, at dedicated and registered landfill sites.

The objective of the project is to ensure the implementation of waste collection and disposal services. The main aim of the project is to ensure that the company's environmental objectives are met, environmental risks, aspects and impacts are well managed and thoroughly addressed. The professional service provider shall be expected to manage and execute all the requirements in relation to this Tender.

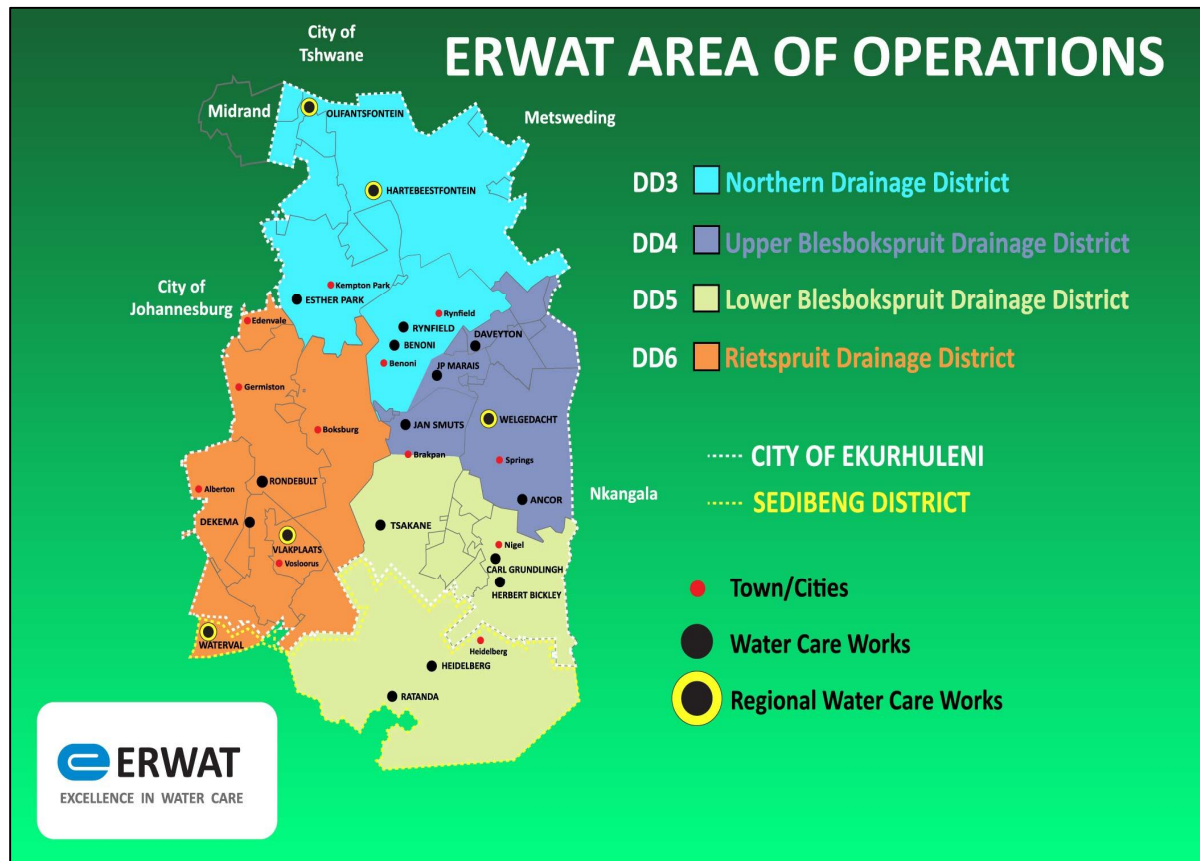

3. DETAILED SCOPE OF WORK

ERWAT would like to invite Service Providers to assist with the collection, transportation and disposal of screenings and grit, and general waste from the selected ERWAT WCWs to the identified landfill sites for a period of 36 months on an “as and when required basis”. The quantities of screenings and grit, and general waste that need to be collected and transported to landfill sites will vary from different WCWs. All the quantities are indicative and cannot be guaranteed as there are variations which can occur due to seasonal changes, scheduled, and unscheduled equipment shut-downs or process incidents.

The collection, transportation and disposal will be conducted daily or as and when a need is realised, including weekends and holidays throughout the year for a period of three (3) years, so the arrangements need to be made with the landfill sites. The collection and transportation will be made from the selected WCWs, as per ERWAT's area of operation (See Figure 1 below), spreading across the City of Ekurhuleni, Lesedi and Midvaal Municipality.

4. LOCATION OF THE ERWAT WCWs

The screen and grit collection, removal/transportation and disposal services will be required at all 19 ERWAT WCWs, workshop buildings, ERWAT head office buildings including the laboratory building. Below is the information regarding the ERWAT sites i.e., the map, location and coordinates.

5. TECHNICAL INFORMATION

5.1. GENERAL INFORMATION

The collection, transportation and disposal of screenings and grit, and general waste is required for proper waste management and compliance with WULA conditions. It is therefore, expected of the service provider to perform this function properly, to satisfy all the necessary legislative requirements such as the National Water Act and the National Environmental Management: Waste Act, 2008 (Act No. 59 of 2008).

The assessment that was conducted previously in ERWAT showed the quantities of the waste produced at each WCW, that informed the frequencies for collection and the resources required for storage (See Table 5.1. below). However, it must be noted that these are indicative figures, and the information is supplied for information sharing only, as a guide of the current situation. ERWAT reserves the right to increase or decrease the quantities as per the situation.

SPECIAL CONDITIONS OF CONTRACT

SUPPLY CHAIN MANAGEMENT

ERW2407/12: BID FOR THE COLLECTION, TRANSPORTATION AND DISPOSAL OF SCREENINGS AND GRIT FROM ALL ERWAT SITES FOR A PERIOD OF THIRTY-SIX (36) MONTHS AS AND WHEN REQUIRED.

CLOSING DATE: WEDNESDAY, 16 JULY 2025 AT 12:00 NOON

VALIDITY PERIOD: 120 DAYS FROM DATE OF CLOSING OF BID

SPECIAL CONDITIONS OF CONTRACT

1. ERWAT'S OBJECTIVES:

The aim of this bid is to increase the service delivery level of the ERWAT to both its internal and external clients. This will be done by way of the following:

- Reduction in the number of quotation requests
- Improved turn-around times for obtaining purchase orders
- More focused approach to the Entity's core functions.

2. CONTRACT PERIOD:

The contract will commence on the last signature date of the Service Level Agreement.

The appointment is for a Maximum period of thirty-six (36) months limited to three (3) financial periods as determined by the Municipal Finance Management Act (MFMA), on an as and when required basis.

The award is subject to a probation period of Twelve (12) months, whereby if your performance is not to the satisfaction of ERWAT, the contract will automatically lapse after the Twelve (12) months' probation. The contract will thus continue after the 12th month performance evaluation session if deemed to be to the satisfaction of ERWAT as indicated in the performance evaluation document.

If the tender is found to be unauthorised, fruitless and wasteful or irregular as informed through a formal investigation, internal and or external audit outcome, ERWAT reserves the right to cancel the tender with immediate effect and the bidder will have no claim to this effect whatsoever. The final terms of payment (where applicable) will be negotiated with the bidder at the time for final close out of the contract.

3. CONTRACT PRICE ADJUSTMENTS FOR LONG TERM CONTRACTS RUNNING OVER A ONE YEAR PERIOD (TERM CONTRACTS):

The bidders pricing must remain fixed and firm for the first 12 months. The successful bidder(s) pricing will be adjusted annually on **written request of the bidder and must reach the SCM office one (1) month prior to the anniversary of the bid.** The anniversary of the bid is deemed to be the date of the last signatory on the Service Level Agreement.

Price adjustments will be effective on date of anniversary of this bid. The Entity will not accept any requests for price adjustments other than the adjustments stated above.

Annual price adjustment is calculated as follows:

3.1 CONSUMER PRICE INDEX

PERIOD ONE (01)

- BID PRICE(S) MUST BE FIXED FOR THE FIRST 12 MONTHS AFTER THE BASE MONTH WITH BASE MONTH BEING ONE MONTH PRIOR TO CLOSING OF BID

PERIOD TWO (02)

- BID PRICE(S) IS/ARE SUBJECT TO ESCALATION OF CPI FOR THE FOLLOWING 12 MONTHS WITH THE BASE MONTH BEING THE 12TH MONTH OF PERIOD ONE (01)

PERIOD THREE (03)

- BID PRICE(S) IS/ARE SUBJECT TO ESCALATION OF CPI FOR THE REMAINING PERIOD WITH THE BASE MONTH BEING THE 12TH MONTH OF PERIOD TWO (02)

3.2 ALTERNATIVE CONTRACT PRICE ADJUSTMENT:

BID PRICE(S) MUST BE FIXED FOR THE FIRST 12 MONTHS AFTER THE BASE MONTH WITH BASE MONTH BEING ONE MONTH PRIOR TO CLOSING OF BID

In the event that the CPI is deemed to not suffice based on external factors out of the bidders and ERWAT's control, bidders will be required to complete the following table using the contract price adjustment formula with supporting evidence to justify the increase lower or higher than the CPI % at the time of the anniversary of the bid.

IN THIS CATEGORY PRICE ESCALATIONS WILL ONLY BE CONSIDERED IN TERMS OF THE FOLLOWING FORMULA:

$$Pa = (1 - V)Pt \left(D1 \frac{R1t}{R1o} + D2 \frac{R2t}{R2o} + D3 \frac{R3t}{R3o} + D4 \frac{R4t}{R4o} \right) + VPt$$

Where:

- Pa = The new escalated price to be calculated.
(1-V) Pt = 85% of the original bid price. **Note that Pt must always be the original bid price and not an escalated price.**
D1, D2.. = Each factor of the bid price e.g. labour, transport, clothing, footwear, etc. The total of the various factors D1,D2...etc. must add up to 100%.
R1t, R2t... = Index figure obtained from new index (depends on the number of factors used).
R1o, R2o = Index figure at time of bidding.
VPt = 15% of the original bid price. This portion of the bid price remains firm i.e. it is not subject to any price escalations.

FURNISH A BREAKDOWN OF YOUR PRICE IN TERMS OF ABOVE-MENTIONED FORMULA. THE TOTAL OF THE VARIOUS FACTORS MUST ADD UP TO 100%.

FORMULAE FOR PROCUREMENT OF GOODS AND SERVICES

POINTS AWARDED FOR PRICE

3.1.1 THE 90/10 PREFERENCE POINT SYSTEMS

A maximum of 90 points is allocated for price on the following basis:

90/10

$$P_s = 90 \left(1 - \frac{P_t - P_{min}}{P_{min}} \right)$$

Where

Ps = Points scored for price of tender under consideration
 Pt = Price of tender under consideration
 Pmin = Price of lowest acceptable tender

POINTS AWARDED FOR SPECIFIC GOALS

In terms of Regulation 4(2); 5(2); 6(2) and 7(2) of the Preferential Procurement Regulations, preference points must be awarded for specific goals stated in the tender. For the purposes of this tender the tenderer will be allocated points based on the goals stated in table 1 below as may be supported by proof/ documentation stated in the conditions of this tender:

Table 1: Specific goals for the tender and points claimed are indicated per the table below.

Note to tenderers: The tenderer must indicate how they claim points for each preference point system.

The specific goals allocated points in terms of this tender	Number of points allocated (90/10 system)	Number of points claimed (90/10 system) (To be completed by the tenderer)
EME or QSE 51% owned by women	2	
EME or QSE 51% owned by youth	2	
EME or QSE 51% owned by people with disabilities	2	
EME or QSE 51% owned by military veterans	2	
EME or QSE within the boundaries of Ekurhuleni Municipality	2	

The above information will be verified in accordance with the bidders B-BBEE certificate, and or a certificate from the companies and intellectual property commission (CIPC), the department of Military Veterans and or other supporting documents. All supporting evidence must be submitted in order to claim the preferential procurement points claimed. ERWAT reserves the right to verify the information submitted.

In the case of multi-parties (Joint ventures, consortiums, partnerships, etc.), allocation of points will be calculated by adding the individual parties in the JV, etc. ownership % together; divide the total by the number of parties in the respective joint ventures, consortiums, partnerships, etc. The average % will thus be the indicating factor for the number of points to be scored limited to the maximum available points.

EXAMPLE

Joint venture:

Party 1 = 51% EME/QSE owned by women

Party 2 = 100% EME/QSE owned by women
= **151%** / 2 parties in the JV = 75% and will score = 4 points

The above principle will apply to points 1, 2, 3 & 4 indicated in Table 1 above.

For point 5: The collective JV agreement's address, or the Lead JV partners' domicile Address will be utilized for scoring of points.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

1. This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
2. Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *per se* prohibition meaning that it cannot be justified under any grounds.
3. Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
4. This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
5. In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
