

CHIEF ALBERT LUTHULI MUNICIPALITY

ADDENDUM 4: NOTICE TO ALL PROSPECTIVE BIDDERS

BID NUMBER: ALMT14/2025

THE CONSTRUCTION OF EMPULUZI/METHULA BULK WATER SUPPLY SCHEME IN CHIEF ALBERT LUTHULI LOCAL MUNICIPALITY, PHASE 1, EMPULUZI DAM

Chief Albert Luthuli Local Municipality hereby issues this Addendum to the above-mentioned tender to correct typographical errors identified in the tender document. This Addendum forms an integral part of the tender document and must be read in conjunction with all other tender documentation.

1. Correction to the Evaluation Criteria

Reference: Page TP.8 F.3.11

Incorrect statement:

"The 90/10 evaluation criteria will be used where Price will be allocated 90 points and Preference will be scored out of 10 points."

Correct Statement:

"The lowest acceptable tender will determine the Preferential Points System to be used, namely either the 80/20 or 90/10 preference points system, as applicable."

2. Correction to the Joint Venture CIDB Contractor Grading Designation

Reference page TP.5 (3):

Incorrect Statement:

"The combined contractor grading designation calculated in accordance with the Construction Industry Development Regulations is equal to or higher than a contractor grading designation determined in accordance with the sum tendered for an 8CE class of construction work or a value determined in accordance with Regulation 25(1B) or 25(7A) of the Construction Industry Development Regulations."

Correct statement:

"The combined contractor grading designation calculated in accordance with the Construction Industry Development Regulations is equal to or higher than a contractor grading designation determined in accordance with the sum tendered for a 9CE class of construction work or a value determined in accordance with Regulation 25(1B) or 25(7A) of the Construction Industry Development Regulations."

Clarification

The amendment to the Joint Venture CIDB Contractor Grading Designation is issued solely to correct a typographical error in the tender document. The tender has at all times been advertised as requiring a CIDB 9CE contractor grading designation. This Addendum does not amend the scope of work, the minimum contractor grading requirement, or any other tender conditions, but merely aligns the wording relating to joint ventures with the advertised tender requirements.

This Addendum supersedes only the incorrect wording referred to herein. All other provisions of the original tender document and previously issued addenda remain unchanged and continue to apply.

Bidders are requested to acknowledge receipt of this Addendum and take its contents into account when preparing and submitting their tender offers.

Prospective bidders are encouraged to contact the person indicated below for any technical or administrative enquiries to ensure compliance with the tender specifications and conditions

Administration enquiries to be directed to: Mr. JA Nkosi
