2. OVERVIEW OF LAND BANK

Established in 1912 to promote agricultural and rural development, the Land Bank provides production, instalment sale finance, and medium-term or mortgage loans to emerging and commercial farmers. From time to time, the Bank also administers other government programmes, such as drought relief schemes and flood assistance. The Land Bank is wholly-owned by the South African government, and is in turn the sole shareholder of LBIC and LBLIC, which provide insurance products in the agricultural sector.

The Bank's objectives flow from the Land Bank Act, No. 15 of 2002, as amended, and are aligned with government policies and the country's socio-economic needs. The Bank is expected to play a pivotal role in advancing agriculture and rural development. Its broad mandate, as expressed in the Land Bank Act, covers 11 objectives:

- Equitable ownership of agricultural land, in particular increasing the ownership of agricultural land by historically disadvantaged persons
- Agrarian reform, land redistribution or development programmes aimed at historically disadvantaged persons
- Land access for agricultural purposes
- Agricultural entrepreneurship
- Removal of the legacy of racial and gender discrimination in agriculture
- Enhancing productivity, profitability, investment and innovation
- Growth of the agricultural sector and better use of land
- Environmental sustainability of land and related natural resources
- Rural development and job creation
- Commercial agriculture
- Food security

Land Bank is committed to contributing to socio-economic transformation in South Africa and will therefore be contributing to the Preference System of all suppliers who are compliant to the Broad-Based Black Economic Empowerment Act no.53 of 2003 and the Preferential Procurement Policy Framework Act no.5 of 2011

3. BACKGROUND AND SCOPE OF WORK

3.1 Problem statement

Land Bank currently runs SAP ECC as its Enterprise Resource Planning (ERP) system and SAP is discontinuing support on the platform on 31 December 2027. Remaining on ECC is not an option as Land Bank will not be able to continue with an unsupported system. The implication of this for Land Bank is that the Bank must upgrade from ECC to SAP4HANA or look at other fit for purpose available ERP options.

In addition to SAP ECC the Bank also runs multiple other technology solutions. There is a need for a fully integrated and fit for purpose information technology system solution to eliminate the functionality and data management gaps in the current ERP system and the rest of the Land Bank technology challenges, any manual interventions and integration risks that compromises the quality of the current ERP system:-

The Bank is therefore looking to appoint an experienced and competent service provider to assist in developing a business case to determine which ERP the Bank need to invest in, and such ERP is fit for purpose for the organisation in line with its strategy. The recommended ERP system can be one solution or a fully and seamlessly integrated suite of solutions. The business case must demonstrate amongst other things:

- Comprehensive rationale for the choice of one ERP over the others.
- Outline a matrix for Benefits Realization measure.
- Outline estimated ERP acquisition costs as well as implementation and support costing with the necessary investment appraisal, and provide evidence of a fair comparative cost assessment of all the options considered in the recommendation of the proposed ERP solution.
- Proposed supporting system architecture blueprint with touch points to the current system landscape of the Land Bank.
- Clear and concise implementation plan and timelines.
- Outline all reasonable assumptions associated with the ERP implementation.
- Outline risks that need to be mitigated for the ERP implementation.
- Outline the infrastructure necessary to host the proposed ERP solution.
- End-to-End Integration Architecture outlining how the proposed ERP solution will fit in the integration phenomenon for the bank.
- High-level Architecture Roadmap for the proposed solution.

- Potential Impact (if any) on Land Bank's operations
- High-Level Assessment of the Organizational capability to deliver the project outcomes.
-

3.2 Background

Land Bank currently runs the following processes on SAP:

SAP FI

- Accounts Payable
- Accounts Receivable
- Cost Centre accounting
- Profitability Analysis
- Consolidations
- Asset Management
- General Ledger Management
- Travel Management

SAP Banking

- Collateral Management (CMS)
- Bank customer Accounts (BCA)
- Loans Management (CML)
- Internal Purchase Requisition;
- Quotation Management;
- Purchase Order Management
- Services/Goods receipt Management
- Invoice Verification;
- Vendor Management
- Contract Management

SAP Human Resource Management

- Time Management
- Payroll Management
- Personnel Administration
- Organizational Management
- Performance Management
- ESS/MSS (SAP Portal)

Travel Management

SAP Material Management

SAP BPC

- Budgeting and controlling
- Product Lifecycle Management
- IT Equipment Management

SAP CRM

- Customer Relationship Management

In addition to the above, the Bank has a number of stand-alone application systems that interface with a Data warehouse and staging area.

The development of a fully integrated fit for purpose Enterprise Resource System (ERP) requires proper planning, specialist skills and understanding of SAP products and offerings relative to Land Bank requirements and knowledge and understanding of other ERP solutions in the market and their cost models. This presents an opportunity for Land Bank to also look at building a One ERP solution (either with SAP or an alternate solution) with a fit-for-purpose focus in order to enable the Banks strategy.

Challenges currently faced by Land Bank which will be addressed as part of this process are:

- Heterogeneous technology solutions thus lacking standardisation;
- Aging technology solutions and infrastructure;
- Cyber Security Threats;
- Data Quality Issues
- Use of manual processes for some business activities;
- Use of disparate Applications;
- Outdated and inflexible technology environment that requires overall transformation; and
- Limited data and information management capabilities;

Some of the expected benefits of undertaking this project includes:

- Eliminate manual interventions for core business processes/activities;
- Automate all the manual processes;
- Improve internal controls and governance;
- Improve integration and enhance seamless data exchange between bank systems
- Flexibility to monitor/track value added service;
- Provide enhanced data analytics for key bank processes;
- Improve reporting processes and turnaround times
- Single source of truth;
- Single view and a 360% view of customer and customer related banking activities;

- Improved analytics, including profitability analysis at different levels in the organisation;
- Ability to make more informed decisions;
- Improved timeliness and accuracy of reporting;
- Enhanced employee experience;
- Improved customer satisfaction; and
- Increased productivity and efficiency.

Building a proper business case requires the services of a vendor who understands ERP systems in the context of banking environments. This further requires broad experience and understanding of various technology landscapes that impacts ERP implementation. Therefore, the appointed vendor will be required to possess a good understanding and practical exposure to ERP systems available in the market, IT systems implementation and integration, system architecture blueprint and Project Management in order to assist the Bank in developing a structured business case that will assist in ensuring successful building and implementation of a One ERP solution which addresses business requirements to meet the Bank's Strategy.

The appointed Service Provider will be required to obtain a sound understanding of the business of the Bank, the Bank's vision, systems currently being used, integration requirements, reporting requirements, IT Strategy and business requirements in order to develop the business case. In executing the project, the appointed service provider will be required to also engage with:

- The IT Division to understand the IT Architecture, challenges and IT strategy of the Bank;
- All the divisions of the Bank to understand their current challenges and what is required from a One ERP Solution;
- Board stakeholder engagement and facilitated participation to ensure success of the ERP adoption and change management.
- Members of Executive Management to understand strategic alignment with the Vision of the Bank;

The Service provider is also required to:

- Deploy appropriately experienced personnel to develop the business case;
- Must have experience of implementing ERP solutions;
- Have developed similar business case(s) previously in a banking / financial sector environment;
- Developed supporting ERP related architecture blueprints demonstrating a solution that is fit in the rest of the technology landscape;

- Have a pool of resources to leverage off on the various speciality components of the ERP framework
- Assess requirements against current systems to determine the gaps to develop the Business case for a “to be ERP Solution”
- Provide a view on alternative fit for purpose ERP systems with advantages and disadvantages, cost benefit analysis (incl. costing model for the hosting models and other) that can be used by the Bank to make an informed decision.
- Include in the business case information not limited to the following:
 - Available and suitable Modules on the proposed ERP solution
 - End-to-End Workflow automation
 - Integration implication (Enterprise Service Bus, Micro services, etc.)
 - Service enabled capability
 - Data storage implications
 - Infrastructure implications
 - Support resources implications
 - Data validation and verification
 - Data analytics capability
 - Document fully the proposed ERP solution system architecture blueprint with touch points to the current system landscape of the Land Bank
- The estimated costing for the proposed ERP solution, itemised where possible with factual data or reasonable assumptions where factual data could not be obtained on the cost drivers, e.g. Infrastructure hosting options, initial capital investment, implementation costs, operational cost models, technical capacity and resourcing cost

In responding to the RFP, the Service Provider must provide a detailed timeline for the duration of the project including milestone dates.

3.1 Key Deliverables

In developing a structured and an informative business case, the Service provider is required to take into consideration:

- The Land Bank’s existing IT systems and infrastructure of the Bank including current challenges, this will form part of As-Is deliverable;
- The target state and related outcome that addresses the business immediate and long terms strategic goals;

- Perform a comprehensive gap analysis and provide options for end-to-end integrated ERP solution that eliminates manual interventions, thereby reducing risk and enhancing accuracy and timely reporting in the organisation.
- Develop Architecture & Technical Options that enables One ERP solution suitable for the Land Bank environment;
- A detailed cost-benefit analysis and matrix for Benefits Realization measure;
- Detailed estimated and itemised financial costing for ERP implementation and support costing with necessary investment appraisal;
- Proposed supporting system architecture blueprint with touch points to the current system landscape of the Land Bank.
- The business case must include a clear implementation plan and related timelines.
- Comprehensive rationale for the choice of one ERP over the others.
- Outline risks that need to be mitigated for the ERP implementation.
- Outline the infrastructure necessary to host the proposed ERP solution.
- End-to-End Integration Architecture outlining how the proposed ERP solution will fit in the integration phenomenon for the bank.
- High-level Architecture Roadmap for the proposed solution.
- Potential Impact (if any) on Land Bank's operations

The business case (or an extract thereof) must also be able to be used as a term of reference to go to market for the procurement of the desired ERP solution.

In addition, the Service Provider will be required to present the business case to the various governance structures of the Bank, including any amendments requested thereof until approval is obtained.

3.2 QUALIFYING AND TECHNICAL EVALUATION CRITERIA

Failure to comply with any of the requirements listed below, may lead to disqualification of bids and no entity may be involved, whether directly or indirectly, in more than one Bid in response to this RFP. 6. OBJECTIVE CRITERIA & RISK ANALYSIS

a. In addition to the financial offer and preference evaluation, the Tenderers having the highest ranking / number of points, will additionally be reviewed against the following points listed as "Other Objective Criteria" in terms of the PPPFA Regulations of 2017, in order to ascertain suitability for award.

- i. If having passed Qualifying Criteria, the tenderer will again be checked in terms of having a Compliant Tax Status at time of recommendation to confirm that the status has not changed, based on an active and Tax Complaint Pin issued by the South African Revenue Services
- ii. Fully compliant and registered with the National Treasury Central Supplier Database
- iii. No misrepresentation in the tender information submitted
- iv. Any non-performance on Land Bank projects

- v. The tenderer or any of its directors/shareholders is not listed on the Register of Tender Defaulters in terms of the Prevention and Combating of Corrupt Activities Act of 2004 as a person prohibited from doing business with the public sector; and
- vi. The tenderer has declared that there are no conflicts of interest which may impact on the tenderer's ability to perform the contract in the best interests of the employer or potentially compromise the tender process and persons in the employ of the state are permitted to submit tenders or participate in the contract
- vii. Convicted by a court of law for fraud and corruption
- viii. Removed from a contract between them and any organ of state on account of failure to perform on or comply with the contract
- ix. Unduly high or unduly low Tendered rates in the Tender offer. In this regard, a financial risk analysis will be performed to verify that the costs are reasonable and balanced. Tenders may be disqualified if tendered rates are found to be distorted
- x. In terms of unduly high Tendered fees in the Tender offer, refer to the PPR2017.

b. Land Bank may perform a due diligence exercise on the preferred tenderer to determine its risk-profile. The outcome of the due diligence exercise may be considered as an objective criterion. A due diligence exercise may include, but is not limited to, the following factors;

I. Financial Analysis of Tenderers Financial Statements

Financial health of the bidder may be assessed if deemed necessary, to ensure that the service provider will be able to operate as per required deliverables (Ratios: Accounts Receivable & Payable Turnover, Liquidity & Solvency). In the case of an unincorporated JV or a SPV, each partner of the entity must submit their financial statements and it will be consolidated to determine their capability to execute the applicable contract.

II. Judgements and criminal convictions

Land Bank may consider previous civil judgements against the preferred tenderer as part of its risk assessment. Land Bank may also consider whether the preferred tenderer or any of its directors have been-convicted of a serious offence.

III. Pending litigation

Land Bank may consider any pending litigation in a court of law or administrative tribunal as part of its risk assessment.

IV. Performance

Land Bank may consider the Service Provider having a history of poor performance on any task orders/purchase orders or contracts, including poor performance in respect of compliance with policies or procedures regarding safety, health, quality control or environment, or having committed a serious and gross breach of contract.

V. Reputational-harm

If Land Bank is likely to suffer substantial reputational harm as a result of doing business with the preferred service provider, it may take this into account as part of its risk assessment.

The above set out other objective criteria may be clarified during the evaluation and correction of any non-compliance may be negotiated with the highest scoring tenderer, if possible. However, should the tenderer not comply with these requirements by the close of negotiations, Land Bank reserves have the right to award to the next ranked tenderer.

7. TERMS OF CONTRACT

Before the tender will be awarded, the successful tenderer will be required to enter into a service level agreement (SLA) with the Land Bank. The SLA will form the contractual basis for the delivery of the service as well as how performance will be measured and will include the General Conditions of Contract.

8. GENERAL MANDATORY CONDITIONS

Responses must be concise outlining a detailed cost structure. All tenderers responding to this request for Proposals must provide the following statutory compliance documentation in order to be considered:

- Completed Vendor Accreditation Form
- Proof of registration to the Central Supplier Database (CSD)
- Cancelled cheque and/or stamped letter from the Bank
- All Supplier information and declaration of Interest forms must be properly completed, signed and stamped by a Commissioner of Oaths
- Any false declaration of information will result in the exclusion of the proposal from consideration
- Bidders to submit a tax compliance status (TCS) pin issued by SARS along with a valid tax clearance certificate
- A BEE certificate from a SANAS accredited rating agency or Affidavit substantiating the bidders B-BBEE rating
- Certified copy of Identity Documents of Shareholders/Directors

- In the case of Consortium or Joint Venture, bidders are required to provide copies of signed agreements stipulating the work split
- The Land Bank may invite bidders for an oral interview prior to the approval of a bid. Land Bank will not be liable for the costs incurred by the tenderer in connection with such interview.

9. SUBMISSION REQUIREMENTS

Any service provider requiring clarification on any matter whatsoever, including questions relating to the specifications required of the service provider to perform this project or the tender and evaluation process must do so via e-mail and address such request to bnkosi@landbank.co.za

Proposals may be deposited in or couriered to the tender box at the reception area Land Bank Head Office, Tender Box, Lakefield Office Park, Building A, First Floor, 272 Lenchen Avenue (Cnr of Lenchen Avenue and West Avenue), Die Hoewes, Centurion on or before **14 December 2023 @ 11:00am**.

10. FICA AND COMPLIANCE CHECKS

Land Bank, in its capacity as an accountable institution, has a duty to verify the identity of all its clients in compliance with the Financial Intelligence Centre Act No 38 of 2001 (FICA).

The Land Bank shall thus conduct a comprehensive PEP screening on the successful bidder and therefore requests all bidders to submit the Know Your Customer (KYC) documents as listed in Annexure D of this RFP document.

The Land Bank reserves the right to not award any bidder in line with any potential negative findings.

11. TERMS OF CONTRACT

Before the tender will be awarded and before the commencement of any work, the successful tenderer will enter into a Service Level Agreement with the Land Bank which will form the contractual basis for the delivery of the services as well as how performance will be measured and will include the General Conditions of the Contract.

The Service Provider will not proceed with any work, tasks or requests without being in possession of a duly signed Service Level Agreement or any other form of agreement, letter

of intent, communicated to the Service Provider from the Land Bank Procurement Department.

Should the Service Provider commence with any work without a signed Service Level Agreement, the Service Provider will be doing so solely at their own risk and Land Bank will not be liable or be under any obligations whatsoever.

12. **PROTECTION OF PERSONAL INFORMATION**

In submitting any information or documentation requested above or any other information that may be requested pursuant to this RFP, you are consenting to the processing by Land Bank or its stakeholders of your personal information and all other personal information contained therein, as contemplated in the Protection of Personal Information Act, No.4 of 2013 and Regulations promulgated thereunder ("POPI Act"). You also consent that any information, either written or verbal, may be made available to third parties strictly for the purpose of oversight to this tenders' appointment. Further, you declare that you have obtained all consents required by the POPI Act or any other law applicable. Thus, you hereby indemnify Land Bank against any civil or criminal action, administrative fine or other penalty or loss that may arise because of the processing of any personal information that you submit.

PEPS

Politically exposed person or PEP is the term used for an individual who is or has in the past been entrusted with prominent public functions in a particular country. The principles issued by the Wolfsberg Group of leading international financial institutions give an indication of best banking practice guidance on these issues. These principles are applicable to both domestic and international PEPs.

The following examples serve as aids in defining PEPs:

- Heads of State, Heads of Government and cabinet ministers;
- influential functionaries in nationalised industries and government administration;
- senior judges;
- senior political party functionaries;
- senior and/or influential officials, functionaries and military leaders and people with similar functions in international or supranational organisations;
- members of ruling or royal families;
- senior and/or influential representatives of religious organisations (if these functions are connected to political, judicial, military or administrative responsibilities).

According to the Wolfsberg principles, families and closely associated persons of PEPs should also be given special attention by a bank. The term "families" includes close family members such as spouses, children, parents and siblings and may also include other blood relatives and relatives by marriage. The category of "closely associated persons" includes close business colleagues and personal advisers/consultants to the PEP as well as persons, who obviously benefit significantly from being close to such a person.

A bank should conduct proper due diligence on both a PEP and the persons acting on his or her behalf. Similarly, KYC principles should be applied without exception to PEPs, families of PEPs and closely associated persons to the PEP.
