

Fuel Sampling and Testing

uThukela Water requires qualified and experienced service providers to provide a quote to collect fuel samples at the entity Water Treatment Plants Ngagane (Newcastle) Biggersberg (Dundee) and test for contaminants.

The following is the form and shape of the required test:

Test Name	Test Method	Result
IP Marker	Diesel LFD test Kit (authentix)	

The lab to carry out the final marker verification test should be SABS appointed. Thus the lab should produce proof that they are SABS appointed.

Bids will be adjudicated in terms of the Preferential Procurement Regulation, 2022 pertaining to Preferential Procurement Policy Framework Act, 5/2000 and other applicable legislations, and will be based on 80/20 points system. Preference points will be awarded to service providers using Specific Goals (attached table below)

The municipal Entity reserves a right to accept all, some or none of the bids submitted, either wholly or in part and is not obliged to accept the lowest bid.

	POINTS
PRICE	80
SPECIFIC GOALS Service providers located in KZN (Company registration certificate must be attached)	20
Total points for Price and SPECIFIC GOALS	100

The supplier of a successful quotation must be on the UTW financial system before an order will be issued. Please contact the Procurement Officer for details of the procedure to be included on the vendor's list.
