## LABORATORY CONSUMABLES

### TERMS OF REFERENCE & REQUEST FOR QUOTATIONS

#### 1. Introduction:

UThukela Water Laboratory performs various water analysis, utilises different types of chemicals, reagents, consumables and different equipment to determine water quality. It is the intention of uThukela Water to appoint a panel of service providers for the supply of various laboratory chemicals, reagents and consumables for the contract period of 6 (six) months.

#### 2. Background:

The aim and objective of this tender is to source and appoint the relevant suppliers to provide various laboratory chemicals, reagents and consumables for existing standard operating procedures. Authorised, accredited and competent service providers are also required for the service, calibration and repair of existing equipment. The laboratory is situated at the Newcastle Wastewater Treatment Plant, Albert Wessels (Asiphephe Drive) in KwaMathukuza, Newcastle.

#### 3. Methodology and Approach

A request to indicate the ability to supply and include price (itemised) of laboratory chemicals and consumables as listed below.
