NOTE:

Eskom's commercial process will be followed and this process is dependent on the decisions made by the different Eskom Adjudicating authorities

6. SCOPE OF WORK

The scope of work will include the purchase, collection and removal of wildlife on an once off basis.

Key Requirements:

1. As we are located in an area adjacent to a national key point and there are a number of high voltage powerlines running through the reserve, the only viable mass capture method is to corral the animals into a boma using sheet netting (operator to provide) and to channel them into awaiting trucks, ready for transportation.
2. This process must be done with a registered veterinarian on site to monitor the process and should animals require any form of tranquilizer, then the vet is on hand to administer. The intention is to use Dr Dorothy Breed who is contracted to Eskom to render veterinary services.
3. The wildlife transporter must have the **relevant permit to transport wildlife**, together with a number of staff present on site to assist in facilitating the movement of the animals.
4. The service provider must ensure that they comply with all relevant health and safety requirements as well as ensuring they comply with the requirements set out above.
5. The total number of animals on offer is limited to between 50-60 Eland, 40 – 45 Springbok and 10-15 Zebra's.
6. Throughout the entire mass capture process, animal health is critical, as well as ensuring safe handling and movement of not only animals but the handlers as well.
7. The proposed time period for the mass capture is around 25 -31 May 2025. (This may change based on weather conditions and any logistical challenges)

7. Price Schedule

For costing purposes the following table and text messages have been compiled.

| ITEM NO | DESCRIPTION | PRICE PER ANIMAL (excluding VAT) |
|---------|-------------|----------------------------------|
| 1. | Eland | |
| 2. | Springbok | |
| 3. | Zebra | |

- j. A bidder who has an open non-conformance will be disqualified and not awarded a new contract.
- k. No accommodation will be allowed on site.

8. Environmental requirements

The intended activities at the Eskom Sites will have an impact on the environment and as such have to be properly management. Proper management requires that there is compliance with all the relevant pieces of legislation that impact on the development or intended activities. Therefore, the list below indicates the pieces of legislation that impact on the proposed activities. It is important that the Construction Team complies with these. Non-compliance will be unwise and may prove to be very costly for the organisation.
