PART 3

BID STRATEGY

1. PROJECT BACKGROUND

The Department of Health is committed to ensuring that all assets which have reached the end of their useful life are disposed of in a manner that is transparent, efficient, and compliant with applicable legislative and environmental requirements. The Department's intention is to promote responsible asset management by identifying suitable service providers who will purchase approved disposable items, including those that may require special handling due to their condition or classification.

This process aims to support good governance, safeguard the environment, and ensure the safe and lawful disposal.

The Department seeks to establish a panel of service providers who may be invited to submit offers whenever approved assets become available for disposal.

2. PROBLEM STATEMENT

- a) The Auditor-Generals recent audit raised significant concerns regarding delays and inefficiencies in the disposal of redundant, obsolete, and unserviceable assets. These delays have resulted in:
 - Accumulation of unusable assets in facilities.
 - Non-compliance with the Public Finance Management Act (PFMA) and related Treasury Regulations.
 - Potential financial and operational risks to the Department.
- b) The primary cause of these delays is the shortage and lack of understanding of dedicated staff at district level and hospital to manage the disposal process in a timely and compliant manner.
- c) To address these challenges, the Department seeks to appoint suitably qualified panel of service providers to undertake and manage the disposal of departmental assets in compliance with all legislative requirements.

3. STRATEGY

The bid will be awarded per region /cluster;

- Two service providers will be allocated for each category i.e.
 - a) Furniture, Domestic & Office Equipment
 - b) Medical Equipment
 - c) ICT Equipment
- The bidder will only be awarded one region per category e.g. if a bidder scored highest points in a region or category, it will be awarded that region & category and may not be considered for another region unless the number of qualifying bidders is less than number of clusters
- If a service provider is unable to perform satisfactory to the region/cluster allocated, DOH can use any service provider allocated to another region/cluster.

BIDDERS MUST INDICATE BY TICKING BELOW FOR THE REGION THEY ARE BIDDING FOR
