SHEQ

SHEQ is now a contractual requirement, and this implies that if a document has not been submitted, then the Procurement Practitioner may ask the tenderer for it. Documents required for SHEQ as part of objective criteria, must be mentioned in the tender returnable list. These documents will not be mandatory for evaluation. This means that if it is not submitted, we can ask for it to be submitted within a certain time period. The team can agree on how many days to allow for the tenderer to submit the document. Should the tenderer not submit within the new date and time, then Eskom approaches the second highest tenderer.

Should a document be submitted but Eskom is not satisfied with the contents of it, then the SHEQ person must ask the Procurement Practitioner to include it as a negotiation parameter or to clarify it. The SHEQ persons must be involved from the beginning of the process and make sure that the requirements are contractual conditions.

Should it be found that the highest ranked supplier doesn't meet the objective criteria even after asked for it or negotiate on it, Eskom team may go to the second highest tenderer. The cost difference between the two tenderers prices must be investigated and if too large, some mitigating actions must be decided upon to ensure that the tenderer meets the criteria

The tenderer must submit the following returnable as part of its tender. Mandatory returnable are indicated by a tick (✓), tenders that do not include these returnable will be disqualified from further evaluation.

Financial analysis

An analysis of the tenderers financial statements will be conducted for the purposes of establishing the tenderers financial viability and ability to meet all its contractual obligations for the duration of the contract, should the tenderer be awarded the contract.

Where applicable a financial evaluation will be conducted by Eskom to further evaluate the financial viability of the tenderer. (incl. formal treasury evaluation)

Financial analysis must be conducted on the successful tenderer
