1.2 Background of the project

Gauteng Provincial Treasury is mandated in terms of Section 18 of the Public Finance Management Act (PFMA), Act No. 1 of 1999 as amended by PFMA, Act No.29 of 1999 to promote and enforce effective management of revenue, expenditure, and assets. Section 7.2.1 of the Treasury Regulations issued in terms of the PFMA requires the accounting officer of an institution must manage revenue efficiently and effectively by developing and implementing appropriate processes that provide for the identification, collection, safeguarding, recording and reconciliation of information about revenue.

The Strategy also seeks to optimise revenue inflows by introducing efficiencies while modernising the revenue management processes and systems. The Strategy is in line with the **Modernisation of the Public Service** mandate as part of the Transformation, Modernisation and Re-industrialisation (TMR) provincial strategy. The Fiscal Policy Analysis (FPA) Directorate in GPT has been handed the responsibility to develop the plan, monitor and evaluate the implementation of the Strategy projects, while the respective departments and its entities are responsible for implementing the projects.

Implementation of the Own Revenue Enhancement Strategy requires expertise in the management of projects (given the different types of projects contained in the Strategy). During the drafting of the implementation plan the following gaps were identified in FPA Directorate to develop the plan, monitor, and evaluate the implementation of the Strategy projects:

- Lack of expertise and technical skills complement in GPT and in departments to manage and implement projects.
- Given the different types of projects contained in the Strategy implementation requires a complement of different skills and expertise.
- Current implementation of the projects is very slow for most of the projects, while for some of the projects, implementation is yet to start.

Some of the projects are technically complex leading to challenges in planning, monitoring, and evaluating the implementation of the Strategy.
