

## TENDER DATA

Project title:	<b><i>Appointment of a Service Provider to render Security Services at Sentech Head Office; Nasrec and Sentech Tower for a period of three years.</i></b>
Bid no:	<b>SENT-004-2024-25</b>

### 1. BACKGROUND

Sentech is a state-owned company and is the largest broadcasting signal distributor in South Africa. Sentech is a licensed Electronic Communications Network Service provider in South Africa. It currently operates many telecommunication networks for Satellite, Television, Radio, Internet and more. As such, Sentech is a global enabler of broadcasting and digital content delivery.

Sentech regional sites face daily threats of vandalism, break-ins, thefts and to some extent possible attacks on staff conducting maintenance or any other network related duties at the sites. This is aggravated by the time the vandalizers have at their disposal to complete their mission due to lack of proactive security systems and dilapidated perimeter fences at some of the sites offering no resistance to site invasions. Some of the sites are also situated within and around nature reserves.

The services required will cater for two National Key Point facilities and the Nasrec facility which is not an NKP but treated as such.
