The screenshot shows the South African Reserve Bank website. The top navigation bar includes links like Public Awareness, SARB College, Conference centre, Shareholder information, Media, Forms, FAQs, and Contact Us. The main menu has links for Home, About us, Monetary policy, Regulation and supervision, Research, Financial Stability, Publications and Notices, Banknotes and Coin, and Reserves management. The left sidebar shows a list of links: Rates, Statistical notes, and Statistics. The main content area is titled 'Rates' and contains a list of links: Current market rates and Selected historical exchange rates and other interest rates. A red box highlights the link 'Selected historical exchange rates and other interest rates' with the text 'Click on the “Selected historical exchange rates and other interest rates” link'.

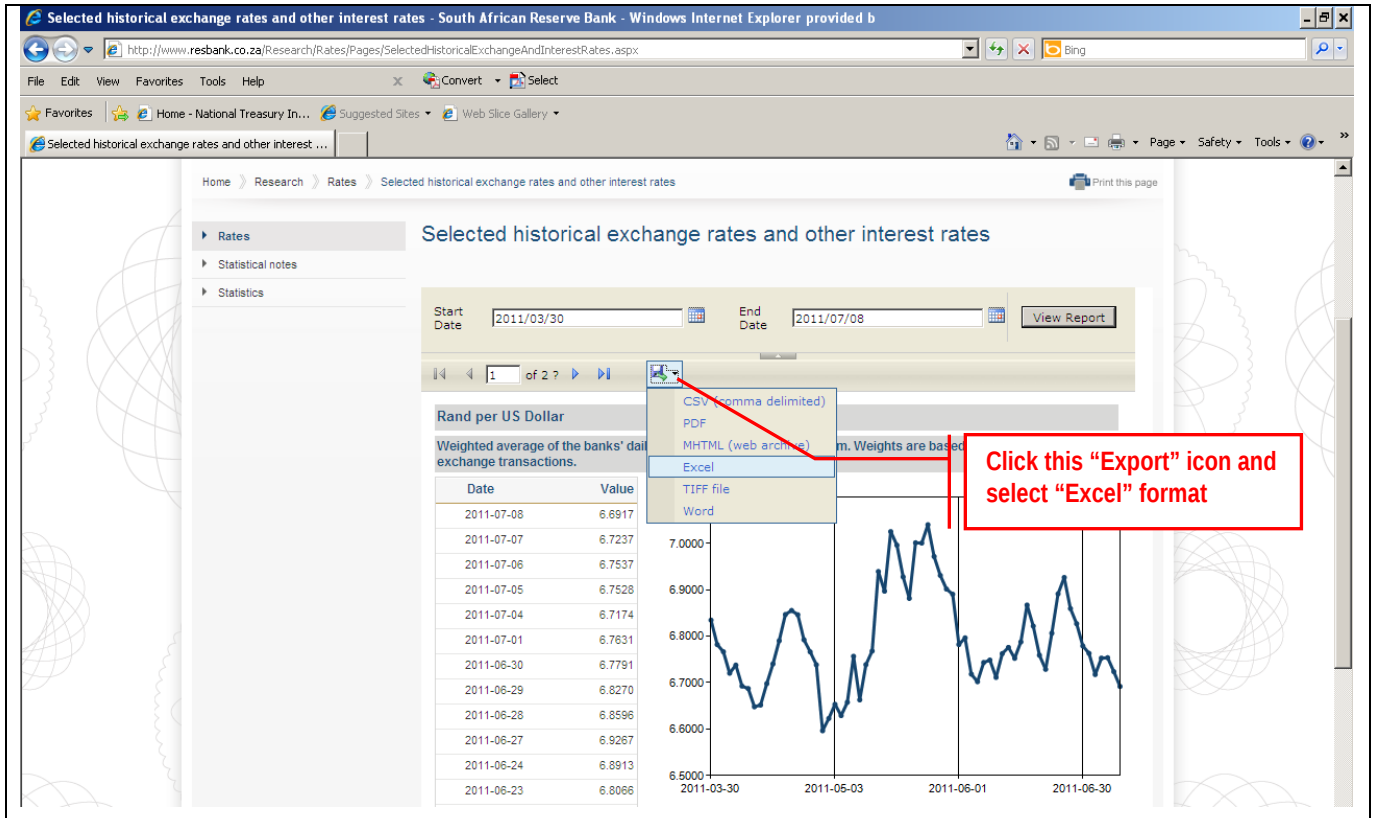

7. Select (click) on the “Selected historical exchange rates and other interest rates” link.
8. The following window will open:
9. On this page you will select the currency for which you want to download historical information.

The screenshot shows the 'Selected historical exchange rates and other interest rates' page on the South African Reserve Bank website. The page title is 'Selected historical exchange rates and other interest rates'. The main content area is titled 'Selected historical exchange rates and other interest rates' and contains a table of historical exchange rates. The table has columns for Indicator, Value, Last period, and Movement. The table lists several exchange rates, including Rand per US Dollar, Rand per British Pound, Rand per Euro, Australia Dollar per Rand, Botswana Pula per Rand, Canada Dollar per Rand, and Denmark Krone per Rand.

Indicator	Value	Last period	Movement
Rand per US Dollar	6.6917	2011-07-08	↓
Rand per British Pound	10.6840	2011-07-08	↓
Rand per Euro	9.5729	2011-07-08	↓
Australia Dollar per Rand	0.1387	2011-07-08	↑
Botswana Pula per Rand	0.9710	2011-07-08	↑
Canada Dollar per Rand	0.1433	2011-07-08	↓
Denmark Krone per Rand	0.7791	2011-07-08	↑

- On this page you can select the “Start date” and “End date”. Click the “View Report” button to view the result of the selection.

- Click on the “Export” icon and select “Excel”.
- In the Excel spreadsheet you can now calculate the average exchange rate for the period under review using standard MS Excel functions
