Prior to the commencement of each subsequent contract year (Year 2 and Year 3), the Municipality will **enter in negotiations** with the appointed bidder regarding the annual increase of premium rates and premium total, taking into account prevailing market conditions, inflationary indices, and any other relevant cost drivers.

Should the Municipality **not be satisfied** that the negotiated rates/prices for Year 2 or Year 3 are reasonable and aligned to market-related rates, the Municipality **reserves the right to conduct a market test** by obtaining comparative quotations from responsive bidders ranked second and third.

In the event that:

- (a) the parties fail to reach agreement on revised rates/pricing; and
- (b) the market-related quotations obtained indicate materially more favourable pricing,

the Municipality reserves the right, to discontinue the contract with the appointed bidder, either wholly or in part, and to appoint an alternative bidder from the original tender process (such as the second or third ranked bidder) for the continuation of the service, provided that such appointment is still considered valid, lawful, and in the best interest of the Municipality.

For Year 2 or 3, once annual premium rate and value is negotiated with regard to each respective year, the premium rate/price **will be fixed for the specific year.**

Additionally, the Municipality further reserves the right, where appropriate, to cancel and re-advertise the procurement should no satisfactory pricing outcome be achieved.

- l) Annual Premium Total will be calculated, based on the current portfolio/policy at that point of time and the agreed Premium Rate. However **payment of this annual Premium Total** will be done **on a quarterly basis**, which means the annual premium will not be billed annually but it will be divided equally into 4 invoices each being billed at their respective time(quarter).
- m) For any **adjustment** to the portfolio/policy (additions or removals), the adjustments will be billed by means of an Endorsement invoice on a pro rata basis. This pro rata billing will be, based on the remainder of the days for the specific year (year 1, 2 or 3) the adjustment takes place and the approved annual premium rate linked to that category/class of coverage the adjustment is made. This adjustment will be invoiced when the change is made to the policy.
- n) Once the approved bidder is appointed, the portfolio will be reviewed, and placement of portfolio are to be done in line with the Premium Rates for Year 1 as per the pricing schedule.
- o) Bidders are to take note that the contractual agreement will be between the bidder and not the underwriter, hence the bidder will be contractually bound by the premium rates quoted in the price schedule irrespective if the underwriter changes their premium rates.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38(1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
