Evaluation Requirements and stages

Evaluation Criteria

SIU promotes the concept of “best value” in the award of contracts, as opposed to merely looking for the cheapest price, which does not necessarily provide the best value. Best value incorporates the expertise, experience and technical proposal of the organization and individuals who will be providing the service and the organizational capacity supporting the project team.

SIU is committed to achieving the government’s transformation objectives in terms of the Preferential Procurement Policy Framework Act (PPPFA) and Preferential Regulation 2022, SIU’s Supply Chain Management Policies and National Treasury Practice and instruction note (s).

Only bidders who have complied with all the steps will be considered for inclusion.

The value of this bid is estimated at below **R1 000 000** (all applicable taxes included). (This is by no means the budget of the project but the process threshold as per PPPFA)

The procedure for the evaluation of responsive bids is functionality (quality). The evaluation of the bids will be conducted as follows:

- **Stage 1: Mandatory requirements**
 - Bidders warrant that their bid/proposal documents have, as a minimum, the specified documents required for evaluating their proposals. On the tables above, the SIU provided the Returnable Document Checklist listing these including which documents are administrative and mandatory to the bidders.
 - The SIU will evaluate only bids responses that are 100% acceptable in terms of the mandatory/administrative compliance requirements. The SIU may disqualify bidders not compliant with the mandatory/administrative compliance requirements, to proceed further for Stage 2.
- **Stage 2: Functionality Evaluation**
 - The first assessment of quality will be done in terms of the evaluation criteria and the minimum threshold of 75 points explained below. A bid will be disqualified if it fails to meet the minimum threshold for functionality as per the bid invitation.
- **Stage 3: Price, B-BBEE and Specific goals**
 - Only bidders who achieved the minimum predefined functionality/quality threshold of 65 points will be considered further for the Price, B-BBEE and Specific goals.
