

1. Qualitative Technical Evaluation Criteria for Part 1

Table 1: Qualitative Technical Evaluation Criteria for Part 1 (Qualification Threshold 70%)

Section B - QUALITATIVE CRITERIA								
KPI - Criteria Evaluation Indicator	Weight (%)	Minimum Criteria Evaluation Requirements	Unit	0 Non-Responsive 0% 2 Non-Compliant 40% 4 Compliant with half of the associated qualifications 70% 5 Compliant with all qualifications 100%				TOTAL RATING
Th contractor to be certify with SANS ISO3834-2	25	The company to submit the Certified certificate of conformance to ISO 3834-part 2 The evaluation of the workshop will be done to check if it is complaint with the welding workshop (Where components will be fabricated) and manufacturing capability according to Iso 3834-2. 0 - Company is not certify 5 - Company is certify and attach the certificate Certified copy should be within 6 months from tender closing date	Number	0	2	4	5	
Personnel qualifications	30	Companies must provide copies of proof of qualifications as well as the CV of the following skilled persons in its employment letters (Letter confirming employment or contract to be attached per person? Project Manager National Diploma Technical+ Project Management Certificate) [10] Welding Inspector Level 2 [10]	Number	0	2	4	5	

		Class 1 Welder [10] • 0 -Nothing is submitted • 2 - If one of the above is submitted • 4 -If 2 is submitted • 5 - All evidence and qualifications are provided						
The Contractor is required to have Welding procedure Qualification Records (WPQR) and Welding procedure Specifications. WPS to SANS 15614-Part 1 for thickness range 3mm to 20mm All WPS will be supported by a valid WPQR to SANS 155614-Part 1 as stipulated in Eskom Welding standard 240-56241933 a. SMAW welding of group 1(Carbon Steel) b. SMAW welding of group 8 (Stainless steel) SMAW group 1to group 8	30	• WPQR and WPS for 3mm to 20mm • No WPQR and WPS for 3-20mm • Majuba was built according EN code not ASME code. 0 – All or 1 procedure not submitted 5 – All procedures submitted	Number	0	2	4	5	
Reference list of employers recently where scope was carried out.	15	The service provider provides or demonstrable evidence that the company has supplied the fabricated components for a period of minimum two years or 2 orders. Provide task orders or contracts 0- No evidence submitted. 1- Evidence of one year 5 - Evidence of two years	Number	0	1	4	5
