**ICASA North West hereby requests service providers to supply, deliver and install the Dish Satellite.**

**A Service provider is needed at ICASA North West to provide and install office multi-switch DStv satellite dish, which share distribution system and must allow up to 3 TVs connections. The service provider must supply and Connect all 3x DH decoders and 3x plasm Televisions already in our office and make sure that they are working. The dish satellite is to be as per the specification.**

### **Pictorial example**

- **Quantity**
  - 1 x Quad LNB dish satellite**
  - 3 X Dish Connecting cables to Decoders**

- **Product Specifications**

Quad LNB is also ideal for TBS 6894 satellite quad tuner card building. The quattro LNB provides four outputs, each with a single band/polarization specific to that output. The band/polarization available at each output is fixed at the time of manufacture.

N.B The service provider will be required to do inspections at our North west office before purchase and delivery. We will expect service provider to deliver and render labour and make sure that all TVs are working.
