## 1. PURPOSE

GDARD requires a service provider to plan, organise, host and manage the virtual Agri-Food Fest event.

## 2. BACKGROUND

Agriculture has been identified as one of the industries that have the potential to create jobs and grow the economy. Even though Gauteng is the smallest province in the country, according to Stats SA mid-year population estimates of 2017, Gauteng is home to 14 million people representing approximately 25% of South Africa's population. Creation of jobs and economic growth is therefore paramount to the province to ensure the well-being of Gauteng residents and contribution to the national economy.

Gauteng as an economic hub of the country is home to several agro-processing/ food manufacturing companies and food services outlets. Although the Gauteng Department of Agriculture and Rural Development (GDARD) is making progress in the development and transformation of the Agro-processing sector in the province through the Gauteng Agro-processing Strategy and Growing Gauteng Together 2030 plan, more needs to be done to support and transform the food services sector.

GDARD has realised the need for the Gauteng Province to have an Agri-Food Fest in order to promote and support the Agri-Food value chain in line with the Gauteng City Region Agri Food, Transformation and Development Strategy and the Growing Gauteng Together 2030 plan. This is an event which will bring together industry role players in the production, academic, research, manufacturing, supply, insurance, finance, investment, technology and service sectors into one space, where interactions through a conference (panel discussion) and exhibitions will take place to transform, modernise and reindustrialise the Agri-Food value chain. The Agri-Food Fest will also create an enabling platform to showcase Agri-Food value chain capabilities in the Gauteng Province.

Although the Covid-19 pandemic challenges have made physical contact difficult, these have also accelerated the incorporation of the Fourth Industrial Revolution in the day-to-day work of many sectors hence the event will be held virtually. The Agri Food Fest will comprise of a conference (panel discussion) and exhibition of the Agri-Food value chain products and services. The event will take place over two days, commencing on a Thursday and ending on a Friday. It will be implemented virtually as follows:

DAY	ACTIVITY
1	Conference and Exhibition
2	Exhibition

It is well understood that one of the challenges that the agricultural sector is faced with is its aging population. It is dominated by the elderly and is struggling to attract and entice the youth.

## Gauteng Department of Agriculture and Rural Development: Virtual Agri-Food Fest

To enable the sector to grow and continue producing food and ensuring food security for the country and the province, young people need to be encouraged and supported to be involved.

The Agri-Food Fest will therefore create an environment where the youth will interact with industry role players during the conference and exhibitions, for them to understand the Agri-Food value chain that can be economically beneficial to them.

### **Theme of the 2022 Agri-Food Fest:**

**SBD 9****CERTIFICATE OF INDEPENDENT BID DETERMINATION**

- 1 This Standard Bidding Document (SBD) must form part of all bids<sup>1</sup> invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).<sup>2</sup> Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
  - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
  - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

<sup>1</sup> Includes price quotations, advertised competitive bids, limited bids and proposals.

<sup>2</sup> Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
