The OAG is the custodian of the PFMA and MFMA and is responsible for developing policies and frameworks on accounting, internal audit and risk management.

2.3 Background to MFIP IIIx

2.3.1 As a result of the persistent poor performance of municipalities over the past fifteen years, numerous support programmes and interventions have been initiated by both national and

provincial governments in an effort to improve the capacity of local government, address inadequate service delivery issues, and enhance good governance through improved accountability and transparency.

- 2.3.2 The Municipal Finance Improvement Programme is incorporated into the National Treasury (NT) Strategic Plan, and currently institutionalised within the NT, in the Inter-Governmental Relations (IGR). The overall strategic goal of the programme is to facilitate improvements in the management of the financial affairs of municipalities, and to facilitate effective implementation of the Municipal Finance Management Act (MFMA), Act 56 of 2003.
- 2.3.3 The MFIP supports Pillar 3, Priority 6 of Government's Medium-Term Strategic Framework (MTSF: 2019 – 2024), in building a capable, ethical and developmental State as it relates to outcome 2, i.e. functional, efficient and integrated government.
- 2.3.4 The current MFIP is a strategically driven programme of technical assistance aligned to the six LGFM game changers, designed to build the institutional and technical financial management capacity of NT, PTs and Municipalities. This is mainly achieved through the placement of Technical Advisors (TAs) within the MFMA support units of provincial treasuries, and the Budget and Treasury Office (BTO) of municipalities.
- 2.3.5 The MFIP IIIx operating model is set out in the figure below and illustrates the alignment of the integrated project work streams to the six LGFM game changers. It further shows the three modalities of providing direct institutional and technical capacity support to selected NT divisions, PT municipal finance units and the BTOs of identified municipalities.

Figure 1: MFIP Operating Model

- 2.3.6 The MFIP Programme Management Unit (PMU) is responsible for providing the overall strategic leadership, oversight, management, and support required for the successful implementation of the Municipal Finance Improvement Programme.
- 2.3.7 The PMU is led by a Chief Director who is supported by Directors and other Project Support officials. The PMU oversees the work performed by MFIP TAs deployed to the NT, respective PTs and participating municipalities.
- 2.3.8 The MFIP also works in close consultation with relevant NT Chief Directorates to ensure coherence of policy implementation and specialist support and the co-development of initiatives, tools and systems that can be used to strengthen overall improvements in the local government financial management space.
