ENERGY PERFORMANCE CONTRACT, INCLUDING FULL FINANCING AND SHARED
ENERGY SAVINGS OVER THE AGREED CONTRACT PERIOD

1 EVALUATION CRITERIA AND COMMERCIAL EQUITY GOALS

The East London Industrial Development Zone (ELIDZ) supports national transformation goals and strives to target its procurement to create opportunities for Historically Disadvantaged suppliers and service providers. In awarding this tender, preference will be given to companies with a better rating in terms of contributions towards Broad Based Black Economic Empowerment (BBBEE).

The “tender” will be evaluated in accordance with the ELIDZ Procurement Policy using the 80/20 rule i.e. 80 of evaluation points will be based on price competitiveness and 20 will be based on BBBEE status.

Score Breakdown:

- Maximum points for financial proposal and EnPC (R) = 80 points
- Maximum points for Specific goals = 20 points

Calculation of the points for financial proposal and Energy Performance Contract (EnPC):

The following formula is used:

$$P_s = R \times \left[1 + \frac{P_t - P_{max}}{P_{max}} \right]$$

Where:

- P_s = Points scored for price of tender under consideration
- R = Percentage of the price x 100 (=80)
- P_t = Performance rating for financial proposal and EnPC by tender under consideration

Financial Proposal Evaluation Formula: Performance rating (P_t)

Each Financial Proposal will be assigned a performance rating (P_t) to determine the financial ranking. The formula is designed to identify the highest net value to the ELIDZ over the project lifecycle:

$$P_t = \frac{\text{Total Monetary value of Savings during the Contract (ZAR) – Total 3-Year Post-Contract Maintenance Cost (ZAR)}}{\text{Contract Duration (Years)}}$$

- The total monetary value of savings for the duration of the EnPC. (Envelope B – Price Schedule C)
- Total 3-Year Post-Contract Maintenance: The sum of all estimated maintenance and lifecycle costs for the three years following the handover. (Envelope B – Price Schedule F)
- Contract Duration: The number of years from project commissioning to the end of the EnPC term. (Envelope B – Price Schedule B)

P_{max} = Performance rating of highest acceptable tender (highest P_t provided)

The tenderer achieving the highest P_t will set the value of P_{max} value and will be ranked 1st for the financial component.

Calculation of the points for Specific Goals

A maximum of 20 points may be awarded to a tenderer for the specific goal specified for the tender. The points scored for the specific goal must be added to the points scored for price and the total must be rounded off to the nearest two decimal places.

Subject to section 2(1)(f) of the Act, the contract must be awarded to the tenderer scoring the highest points.

Preferential and specific goals shall be as per below may include:

- (a) Historically disadvantaged individuals' companies (51% Black owned)
- (b) Women (51% Black Women Owned) companies.
- (c) Persons with disability owned companies
- (d) SMMEs
- (e) Service providers located in Eastern Cape Province
- (f) Black Youth
- (g) Any other RDP goal or preference points in favor of historically disadvantaged individuals, may be added

The tender documents shall stipulate—

- (a) the applicable preference point system as envisaged in regulations
- (b) the specific goal in the invitation to submit the tender for which a point may be awarded, and the number of points that will be awarded to each goal, and proof of the claim for such goal.

Tenderers are required to submit a Valid original or certified B-BBEE Certificate issued by verification agency accredited by SANS for the Generic Suppliers, for QSE's and EME's Sworn Affidavit signed under oath confirm ownership status. Failure to submit a valid B-BBEE certificate and/or sworn affidavit may result in zero points being awarded for preference.

Unincorporated Joint Ventures are required to compile a consolidated verified BBBEE certificate in order to achieve Preferential Points

The following table shall be used to convert the Specific goals criteria into points.

Table: Specific Goals Points Conversion

Estimated Rand Value inclusive of Vat	Specific Goals and Point allocation
Above R1 000 000 up to R50 000 000	80 points for the evaluation of Parameters and Energy Performance contract as described in Envelope B 10 points for 51% and above Black owned suppliers 5 points for Eastern Cape based suppliers 1 point for 51% and above Black Women owned suppliers 1 point for 51% and above Black Youth owned suppliers 3 points for SMMEs

Companies with annual turnover less than R10million (Exempted Micro Enterprises or EME's) are automatically awarded a level 4 contributor status, unless the EME is Black Owned (more than 50% black ownership), in which case the enterprise will have a level 2 contributor status. EME which is 100% black owned qualifies for a level 1 contributor. In awarding the EME status, the ELIDZ shall accept a letter from an accounting firm or SARS confirming a company's turnover as less than R10m as well as a sworn affidavit confirming annual turnover and level of black ownership. B-BBEE certificates issued by non-accredited verification agencies will not be accepted as valid proof of a company's B-BBEE status.

No points will be awarded for achieving B-BBEE objectives if the total percentage scored for B-BBEE is less than 30%. All tenders with functionality less than 70% of the total functional requirements will not be considered for the next stage of tender evaluation.

The tender will be awarded to the bid with the highest number of points. A tender may be awarded to a bidder that did not score the highest number of points if reasonable and justifiable grounds exist.

Any contract offered by the ELIDZ will be based on the correctness of information submitted by the service providers. Any misrepresentation of facts by a service provider may lead to disqualification. Should such misrepresentation be uncovered after the commencement of the contracted work, the ELIDZ reserves the right to terminate the contract and recover all payments made to that service provider and any costs that may have been incurred in the process.

ELIDZ reserves the right to have the tenderer's Black Economic Empowerment Credentials verified by an independent agency. 1. Introduction

The East London Industrial Development Zone SOC Ltd operates the East London Industrial Development Zone (ELIDZ), an entity dedicated to helping manufacturers achieve global competitiveness. This is accomplished through the development and efficient management of a modern, purpose-built industrial location that offers a streamlined business environment enhanced by a range of supporting services. The ELIDZ is a greenfield development transforming over 400 hectares of prime land into a world-class industrial location.

The zone features six individually fenced sub-zones, each designed to meet specific manufacturing needs. It boasts excellent internal roads, including a newly built dual carriageway capable of accommodating both light and heavy vehicles, including 22m-long interlinks. All sites within the ELIDZ are fully serviced with access to utilities and ICT infrastructure and are in close proximity to key transport networks.

Located on Buffalo City's West Bank, adjacent to the East London port and airport, the ELIDZ is operational and currently hosts several manufacturers that supply products to both local and international markets. As the ELIDZ remains operational, tenders are invited from relevant service providers for the provision of various maintenance services on the premises.
