ITEM	Supplier Query	ESKOM response to clarification query
1	<p>Please advise if it's a must for us to print out all the technical documents or can we supply an electronic copy of the technical data sheets to reduce the number of paper used.</p> <p>We noticed that we are required to attach the specification and catalogues of the items required on the bid document, I was kindly asking if it is possible to attached the documents on a flash drive given that it's a lot of documents and might course confusion on the documents given that they are 200 items each with a catalogue.</p> <p>Kindly confirm with reference to page 8 of 16 of the TECHNICAL EVALUATION CRITERIA FOR LV CABLE, subsection 3.2.1 that the following needs to be submitted only in soft copy (USB) and not in printed hard copy;</p> <ol style="list-style-type: none"> <li>1. Technical Schedule A&amp;B (Excel)</li> <li>2. Deviation Schedule</li> <li>3. Test Schedule</li> <li>4. Bill of Material</li> <li>5. Type Test Reports (pdf)</li> <li>6. Instruction Manuals/instructions (pdf)</li> </ol> <p>This is to avoid unnecessary printing of all material that can be accepted in soft copy</p>	<p>All technical returnables shall be available in hardcopy and where returnables are required by relevant technical evaluation criteria to have an electronic submission given this electronic submission shall have a hardcopy also in the technical file, except if the returnable is video evidence.</p>
