SECTION 2

BACKGROUND OVERVIEW AND SCOPE REQUIREMENTS

1 INTRODUCTION AND BACKGROUND

PRASA intends activating passenger railway services within the subject corridor. This is part of the national Priority Corridor Recovery initiative of PRASA RAIL. Part of this initiative is to ensure that immovable railway infrastructure is in good working condition during the service reactivation process.

This submission is to request approval to invite construction companies with a **CIDB grading/level 7 GB or higher** and proven experience in the construction of similar work to pre-qualify for the above project.

The identified projects are the refurbishment, alterations and additions at **Cluster 3: (PRESIDENT, GELDENHUYS AND DRIEHOEK STATIONS)** in the South Gauteng Region, to be done over a **09 months construction period**.

2. STATUS QUO

The passenger railway services offered by PRASA at the subject corridors are not at par with the normal operations of passenger rail service. The railway infrastructure at these facilities has been rendered functionally obsolete due to the acts of vandalism that occurred over the past three years.

PRASA infrastructure such as railway tracks and related overhead track equipment, ticket office buildings, platform surfaces, lighting equipment, ablution facilities, retail/commercial facilities, parking, etc. has been damaged beyond use.

PRASA CRES strategy has pointed to a need for rapid development of the Rail Top Priority Corridors, in line with the Service Resumption and the Infrastructure Investment and Development in these Corridors.

Vandalized and ageing infrastructure must be refurbished and upgraded, while PRASA CRES must provide capacity ahead of demand; as well as rehabilitate its

Workplaces (in line with the WPIP Capital Expenditure). This creates a need for increased capacity and resources to deliver property investments within the current MTEF budgeting, 3 year-period.

2.2 PROBLEM STATEMENT

PRASA has identified the 15 priority railway corridors where stations and facilities have been vandalised and need a fast and timeous rectification.

The 15 corridors (including South Gauteng Region) are as below pictorials:

Figure 1: National Corridor Diagram

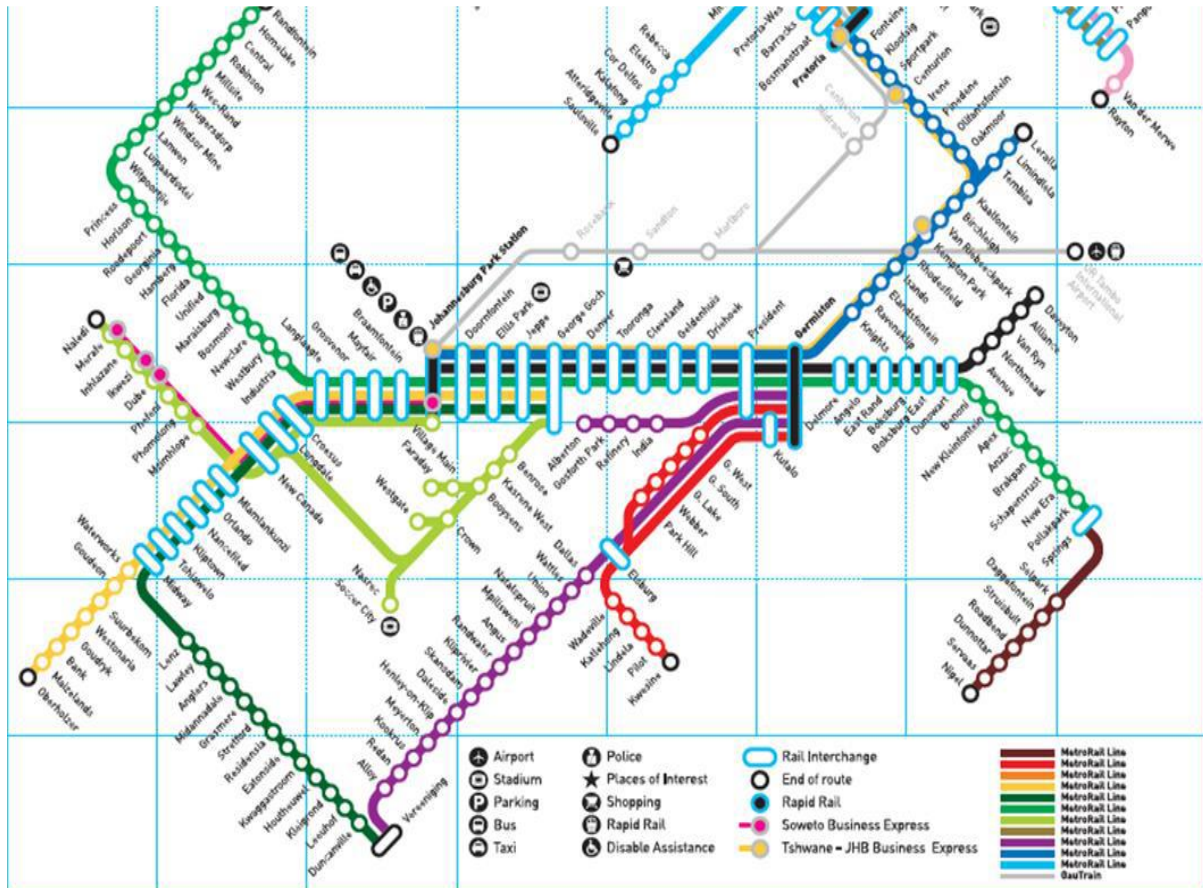

Figure 2: South Gauteng Regional Corridor Diagram

2.2.1 PICTORIAL OF THE VANDILISED STATIONS

- Picture 1: Damaged station as per Annexure A

2.3. PRE-QUALIFICATION PROCESS AND DESIRED OUTCOMES THEREOF

2.3.1. Pre-qualification process

The pre-qualification process is a multi-stage process that is implemented by PRASA. The first phase is for compliance, technical capability assessment, and the second phase is for local content, price and B-BBEE assessment.

The intention is to run as a parallel procurement process for contractor appointment whilst consultant's appointment is being finalised.

2.3.2.1 Overview of the Prequalification process over:

Phase 1 of this process includes the invitation of bidders who meet the compliance and functionality requirement threshold to be entered into a database

- No contract will exist between the bidders and PRASA at this stage

At Phase 2 after the completion of the design by the consultants, the bidders will be invited to submit their **local content declaration**, competitive price and B-BBEE

- The bidders will be required to comply with DTI's requirements for local content
- At contracting the contract duration will be confirmed in accordance with the designs from the professional team
- Once a successful bidder has been appointed, the database for the pre-qualified contractors will cease to exist
- The contract data will be included as part of phase 2 of this bid, the contracting methodology will be based on the Principal Building Agreement Edition 6.2 - May 2018 and related Contract Data
- A non-compulsory virtual briefing session will be held on Microsoft Teams at a specified date and time.

3 Desired outcomes for carrying out the proposed project

The desired outcome is to get the contractors on board in order to fast-track the procurement process

3.1.1 Appointment of supplier

PRASA is looking to appoint different contractors for different clusters, the successful contractor will be limited to a single appointment within the different clusters.

7.4.1 PRICING Evaluation

The following formula shall be used by the Bid Evaluation Committee to score potential bidders on pricing:

$$PS = 80 \left(1 - \frac{P_t - P_{min}}{P_{min}} \right)$$

Where:

P_s = Score for the Bid under consideration

weighted at 20 points in figure

10.1 of the standard Evaluation Criteria outlined above. Bidders will be awarded points based on the level of the BBEE status presented in the BBEE Certificate issued by an approved agency certified by SANAS.

Pricing Evaluation: Only Bidders who have achieved the 70% threshold for Technical evaluation will be evaluated for the Price component which is 80% of the Evaluation Criteria. A maximum of 80 points is allocated for price. The evaluation for price will be done based on the following formula:

Where:

PL = Points scored for price of tender under consideration

PC = Rand value of tender under consideration

P_{min} = Rand value of lowest acceptable tender

B-BBEE Evaluation: The BBEE component of the evaluation process is weighted at 20 points in figure 10.1 of the standard Evaluation Criteria outlined above. Bidders will be awarded points based on the level of the BBEE status presented in the BBEE Certificate issued by an approved agency certified by SANAS. Details of the allocation of points by the Evaluation Committee are presented in Figure below.

10 GENERAL CONDITIONS

10.1 ALTERNATIVE BIDS

Not Applicable.

10.2 PRASA'S TENDER FORMS

Bidders must sign and complete the PRASA's Bid Forms and attach all the required documents. Failure by Bidders to adhere to this requirement may lead to their disqualification.

10.3 PRECEDENT

In case of any conflict with this RFP and Bidders response, this RFP and its briefing notes shall take precedence.

10.4 RESPONSE TO RFP-CONFIDENTIALITY

Response to RFPs must clearly indicate whether any information conveyed to or requested from PRASA is confidential or should be treated confidentially by PRASA. In the absence of any such clear indication in writing from a response to RFP, PRASA shall deem the response to RFP to have waived any right to confidentiality and treat such information as public in nature.

Where a Bidder at any stage during the RFP Process indicates to PRASA that information or any response to RFP requested from PRASA is or should be treated confidentially, PRASA shall treat such information or response to RFP confidentially, unless PRASA believes that to ensure the transparency and competitiveness of the RFP Process the content of the information or response to RFP should be conveyed to all Bidders, in which event it shall apply the following process:

- PRASA shall confirm with the Bidder whether the raising of confidentiality applies to the entire response to the RFP or only specific elements or sections of the response;
- Where confidentiality is maintained by the Bidder and PRASA is of the opinion that the information or response to RFP if made publicly available would affect the commercial interests of the Bidder or is commercially sensitive information, PRASA shall not release

such information to other Bidders if providing such information or response to the RFP would prejudice the competitiveness and transparency of the RFP Process;

- Where PRASA is of the opinion that information provided is not commercially sensitive or would have no impact on the commercial interests of the relevant Bidder if released and fairness and transparency require that such information be released to all Bidders, PRASA may:
 - i. Inform the relevant Bidder of the necessity to release such information and/or response to RFP and request the Bidder to consent to the release thereof by PRASA; or
 - ii. obtain legal advice regarding the confidentiality of the relevant information and/or response to RFP and the legal ability of PRASA to release such information; or
 - iii. Refrain from releasing the information and/or response to RFP, in which event PRASA shall not take account of the contents of such information in the evaluation of the relevant response to RFP.

The above procedures regarding confidentiality shall not apply to any information which is already public knowledge or available in the public domain or in the hands of PRASA or is required to be disclosed by any legal or regulatory requirements or order of any competent court, tribunal or forum.
