2. TENDER SUBMISSION

Transnet has implemented a new electronic tender submission system, the e-Tender Submission Portal, in line with the overall Transnet digitalization strategy where suppliers can view advertised tenders, register their information, log their intent to respond to bids and upload their bid proposals/responses on to the system.

a) The Transnet e-Tender Submission Portal can be accessed as follows:

Log on to the Transnet eTenders management platform website (<https://transnetetenders.azurewebsites.net>).

- Click on "ADVERTISED TENDERS" to view advertised tenders.
 - Click on "SIGN IN/REGISTER – for bidder to register their information (must fill in all mandatory information).
 - Click on "SIGN IN/REGISTER" - to sign in if already registered.
 - Toggle (click to switch) the "Log an Intent" button to submit a bid.
 - Submit bid documents by uploading them into the system against each tender selected.
 - **Tenderers are required to ensure that electronic bid submissions are done at least a day before the closing date to prevent issues which they may encounter due to their internet speed, bandwidth, or the size of the number of uploads they are submitting. Transnet will not be held liable for any challenges experienced by bidders because of the technical challenges. Please do not wait for the last hour to submit. A Tenderer can upload 30mb per upload and multiple uploads are permitted.**
- b) The tender offers to this tender will be opened as soon as possible after the closing date and time. Transnet shall not, at the opening of tenders, disclose to any other company any confidential details pertaining to the Tender Offers / information received, i.e., pricing, delivery, etc. The names and locations of the Tenderers will be divulged to other Tenderers upon request.
- c) Submissions must not contain documents relating to any Tender other than that shown on the submission.

3. CONFIDENTIALITY

All information related to this RFP is to be treated with strict confidentiality. In this regard Tenderers are required to certify that they have acquainted themselves with the Non-Disclosure Agreement. All information related to a subsequent contract, both during and after completion thereof, will be treated with strict confidence. Should the need however arise to divulge any information gleaned from provision of the Works, which is either directly or indirectly related to Transnet's business, written approval to divulge such information must be obtained from Transnet.

4. DISCLAIMERS

Tenderers are hereby advised that Transnet is not committed to any course of action because of its issuance of this Tender and/or its receipt of a tender offer. Please note that Transnet reserves the right to:

- 4.1. Award the business to the highest scoring Tenderer/s unless objective criteria justify the award to another tenderer.
- 4.2. Not necessarily accept the lowest priced tender or an alternative Tender.
- 4.3. Go to the open market if the quoted rates (for award of work) are deemed unreasonable.
- 4.4. Should the Tenderers be awarded business on strength of information furnished by the Tenderer, which after conclusion of the contract is proved to have been incorrect, Transnet reserves the right to terminate the contract.
- 4.5. Request audited financial statements or other documentation for the purposes of a due diligence exercise.
- 4.6. Not accept any changes or purported changes by the Tenderer to the tender rates after the closing date.
- 4.7. Verify any information supplied by a Tenderer by submitting a tender, the Tenderer/s hereby irrevocably grant the necessary consent to the Transnet to do so;
- 4.8. Conduct the evaluation process in parallel. The evaluation of Tenderers at any given stage must therefore not be interpreted to mean that Tenderers have necessarily passed any previous stage(s).
- 4.9. Unless otherwise expressly stated, each tender lodged in response to the invitation to tender shall be deemed to be an offer by the Tenderer. The Employer has the right in its sole and unfettered discretion not to accept any offer.
- 4.10. Not be held liable if tenderers do not provide the correct contact details during the clarification session and do not receive the latest information regarding this RFP with the possible consequence of being disadvantaged or disqualified as a result thereof.

4.11. Transnet reserves the right to exclude any Tenderers from the tender process who has been convicted of a serious breach of law during the preceding 5 [five] years including but not limited to breaches of the Competition Act 89 of 1998, as amended. Tenderers are required to indicate in tender returnable [clause 12 on T2.2-16, **Breach of Law**] whether they have been found guilty of a serious breach of law during the past 5 [five] years.

4.12. Transnet reserves the right to perform a risk analysis on the preferred tenderer to ascertain if any of the following might present an unacceptable commercial risk to the employer:

- *unduly high or unduly low tendered rates or amounts in the tender offer;*
- *contract data of contract provided by the tenderer; or*
- *the contents of the tender returnables which are to be included in the contract.*

5. Transnet will not reimburse any Tenderer for any preparatory costs or other work performed in connection with this Tender, whether the Tenderer is awarded a contract.

6. NATIONAL TREASURY'S CENTRAL SUPPLIER DATABASE

Tenderer are required to self-register on National Treasury's Central Supplier Database (CSD) which has been established to centrally administer supplier information for all organs of state and facilitate the verification of certain key supplier information. The CSD can be accessed at <https://secure.csd.gov.za/>. Tenderer are required to provide the following to Transnet to enable it to verify information on the CSD:

C3.11 The minimum number of evaluation points for functionality is **80**

The procedure for the evaluation of responsive tenders is Functionality, Price, and Preference:

Only those tenderers who attain the minimum number of evaluation points for Functionality will be eligible for further evaluation, failure to meet the minimum threshold will result in the tender being disqualified and removed from any further consideration.

Functionality Criteria

The functionality criteria and maximum score in respect of each of the criteria are as follows:

(Please see CIDB Compiler guidance note T1.2 – Tender Data).

Functionality shall be scored independently by not less than 3 (three) evaluators and averaged in accordance with the following schedules:

- T2.2-03 Previous Experience
- T2.2-04 Project Organogram, Management & Cv's
- T2.2-05 Key Personnels
- T2.2-06 Programme
- T2.2-07 Approach and Methodology

The scores of each of the evaluators will be averaged, weighted, and then totalled to obtain the final score for functionality, unless scored collectively. (See CIDB Inform Practice Note #9).

Note: Any tender not complying with the above-mentioned requirements, will be regarded as non-responsive and will therefore not be considered for further evaluation. This note must be read in conjunction with Clause C.2.1.

C.3.11. Only tenders that achieve the minimum qualifying score for functionality will be evaluated further in accordance with the 80/20 preference points systems as described in Preferential Procurement Regulations.

(Please select the applicable statement and delete the other and delete this note).

80 where the financial value of one or more responsive tenders received have a value equal to or below R50 million, inclusive of all applicable taxes,

Thresholds	Minimum Threshold
Technical / functionality	80 points

Evaluation Criteria	Final Weighted Scores
Price and Total Cost of Ownership	80 points
Specific goals - Scorecard	20 points
TOTAL SCORE:	100 points

Up to 100 minus W_1 tender evaluation points will be awarded to tenderers who complete the preferencing schedule and who are found to be eligible for the preference claimed. **Should the evidence required for any of the Specific Goals applicable in this tender not be provided, a tenderer will score zero preference points for that particular "Specific Goal".**

In terms of Transnet Preferential Procurement Policy (TPPP) and Procurement Manuals, the following preference points must be awarded to a bidder who provides the relevant required evidence for claiming points.

The following Table represents the evidence to be submitted for claiming preference points for applicable specific goals in a particular tender:

The maximum points for this bid are allocated as follows:

DESCRIPTION		POINTS
PRICE		80
B-BBEE STATUS LEVEL OF CONTRIBUTION		20
Specific Goals	Number of Points allocated (80/20)	
B-BBEE Level of contributor (1 or 2)	5	
51% Black Youth Owned Entities	5	
Entities Owned by People with Disability	5	
30% Black Women Ownership	5	
Non-Compliant and/or B-BBEE Level 3-8 contributors	0	
Total points for Price and Specific Goals must not exceed		100

Note: Transnet reserves the right to carry out an independent audit of the tenderer's scorecard components at any stage from the date of close of the tenders until completion of the contract.

C.3.13 Tender offers will only be accepted if:

1. The tenderer or any of its directors/shareholders is not listed on the Register of Tender Defaulters in terms of the Prevention and Combating of Corrupt Activities Act of 2004 as a person prohibited from doing business with the public sector.

2. the tenderer does not appear on Transnet's list for restricted tenderers and National Treasury's list of Tender Defaulters.
3. the tenderer has fully and properly completed the Compulsory Enterprise Questionnaire and there are no conflicts of interest which may impact on the tenderer's ability to perform the contract in the best interests of the Employer or potentially compromise the tender process and persons in the employ of the state.
4. Transnet reserves the right to award the tender to the tenderer who scores the highest number of points overall, unless there are objective criteria which will justify the award of the tender to another tenderer. Objective criteria include but are not limited to the outcome of a due diligence exercise to be conducted. The due diligence exercise may take the following factors into account inter alia; the tenderer:
 - a) is not under restrictions, or has principals who are under restrictions, preventing participating in the employer's procurement,
 - b) is not undergoing a process of being restricted by Transnet or other state institution that Transnet may be aware of,

Note to tenderers: This Non-Disclosure Agreement is to be completed and signed by an authorised signatory:

THIS AGREEMENT is made effective as of day of 20..... by and between:

TRANSNET SOC LTD

(Registration No. 1990/000900/30), a company incorporated and existing under the laws of South Africa, having its principal place of business at Transnet Corporate Centre 138 Eloff Street, Braamfontein, Johannesburg 2000

and

.....
(Registration No.), a private company incorporated and existing under the laws of South Africa having its principal place of business at
.....
.....

WHEREAS

Transnet and the Company wish to exchange Information [as defined below] and it is envisaged that each party may from time to time receive Information relating to the other in respect thereof. In consideration of each party making available to the other such Information, the parties jointly agree that any dealings between them shall be subject to the terms and conditions of this Agreement which themselves will be subject to the parameters of the Tender Document.

IT IS HEREBY AGREED

1. INTERPRETATION

In this Agreement:

- 1.1 Agents mean directors, officers, employees, agents, professional advisers, contractors or sub-contractors, or any Group member.
- 1.2 Bid or Bid Document (hereinafter Tender) means Transnet’s Request for Information [RFI] Request for Proposal [RFP] or Request for Quotation [RFQ], as the case may be.
- 1.3 Confidential Information means any information or other data relating to one party [the Disclosing Party] and/or the business carried on or proposed or intended to be carried on by that party and which is made available for the purposes of the Bid to the other party [the Receiving Party] or its Agents by the Disclosing Party or its Agents or recorded in agreed minutes following oral disclosure and any other information otherwise made available by the Disclosing Party or its Agents to the Receiving Party or its Agents, whether before, on or after the date of this Agreement, and whether in writing or otherwise, including any information, analysis or specifications derived from, containing or reflecting such information but excluding information which:

- 1.3.1 is publicly available at the time of its disclosure or becomes publicly available [other than because of disclosure by the Receiving Party or any of its Agent's contrary to the terms of this Agreement]; or
- 1.3.2 was lawfully in the possession of the Receiving Party or its Agents [as can be demonstrated by its written records or other reasonable evidence] free of any restriction as to its use or disclosure prior to its being so disclosed; or
- 1.3.3 following such disclosure, becomes available to the Receiving Party or its Agents [as can be demonstrated by its written records or other reasonable evidence] from a source other than the Disclosing Party or its Agents, which source is not bound by any duty of confidentiality owed, directly or indirectly, to the Disclosing Party in relation to such information.
- 1.4 Group means any subsidiary, any holding company, and any subsidiary of any holding company of either party; or
- 1.5 Information means all information in whatever form including, without limitation, any information relating to systems, operations, plans, intentions, market opportunities, knowledge, trade secrets and business affairs whether in writing, conveyed orally or by machine-readable medium.

2. CONFIDENTIAL INFORMATION

- 2.1 All Confidential Information given by one party to this Agreement [the Disclosing Party] to the other party [the Receiving Party] will be treated by the Receiving Party as secret and confidential and will not, without the Disclosing Party's written consent, directly or indirectly communicate or disclose [whether in writing or orally or in any other manner] Confidential Information to any other person other than in accordance with the terms of this Agreement.
- 2.2 The Receiving Party will only use the Confidential Information for the sole purpose of technical and commercial discussions between the parties in relation to the Tender or for the subsequent performance of any contract between the parties in relation to the Tender.
- 2.3 Notwithstanding clause 2.1 above, the Receiving Party may disclose Confidential Information:
 - 2.3.1 to those of its Agents who strictly need to know the Confidential Information for the sole purpose set out in clause 2.2 above, provided that the Receiving Party shall ensure that such Agents are made aware prior to the disclosure of any part of the Confidential Information that the same is confidential and that they owe a duty of confidence to the Disclosing Party. The Receiving Party shall always remain liable for any actions of such Agents that would constitute a breach of this Agreement; or
 - 2.3.2 to the extent required by law or the rules of any applicable regulatory authority, subject to clause 2.4 below.
- 2.4 In the event that the Receiving Party is required to disclose any Confidential Information in accordance with clause 2.3.2 above, it shall promptly notify the Disclosing Party and cooperate with the Disclosing Party regarding the form, nature, content and purpose of such disclosure or any action which the Disclosing Party may reasonably take to challenge the validity of such requirement.
- 2.5 In the event that any Confidential Information shall be copied, disclosed or used otherwise than as permitted under this Agreement then, upon becoming aware of the same, without prejudice to any rights or remedies of the Disclosing Party, the Receiving Party shall as soon as practicable notify the Disclosing Party of such event

and if requested take such steps [including the institution of legal proceedings] as shall be necessary to remedy [if capable of remedy] the default and/or to prevent further unauthorised copying, disclosure or use.

- 2.6 All Confidential Information shall remain the property of the Disclosing Party and its disclosure shall not confer on the Receiving Party any rights, including intellectual property rights over the Confidential Information whatsoever, beyond those contained in this Agreement.

3. RECORDS AND RETURN OF INFORMATION

- 3.1 The Receiving Party agrees to ensure proper and secure storage of all Information and any copies thereof.
- 3.2 The Receiving Party shall keep a written record, to be supplied to the Disclosing Party upon request, of the Confidential Information provided and any copies made thereof and so far, as is reasonably practicable, of the location of such Confidential Information and any copies thereof.
- 3.3 The Company shall, within 7 [seven] days of receipt of a written demand from Transnet:
- 3.3.1 return all written Confidential Information [including all copies]; and
 - 3.3.2 expunge or destroy any Confidential Information from any computer, word processor or other device whatsoever into which it was copied, read or programmed by the Company or on its behalf.
- 3.4 The Company shall on request supply a certificate signed by a director as to its full compliance with the requirements of clause 3.3.2 above.

4. ANNOUNCEMENTS

- 4.1 Neither party will make or permit to be made any announcement or disclosure of its prospective interest in the Tender without the prior written consent of the other party.
- 4.2 Neither party shall make use of the other party's name, or any information acquired through its dealings with the other party for publicity or marketing purposes without the prior written consent of the other party.

5. DURATION

The obligations of each party and its Agents under this Agreement shall survive the termination of any discussions or negotiations between the parties regarding the Tender and continue thereafter for a period of 5 [five] years.

6. PRINCIPAL

Each party confirms that it is acting as principal and not as nominee, agent or broker for any other person and that it will be responsible for any costs incurred by it or its advisers in considering or pursuing the Tender and in complying with the terms of this Agreement.

7. ADEQUACY OF DAMAGES

Nothing contained in this Agreement shall be construed as prohibiting the Disclosing Party from pursuing any other remedies available to it, either at law or in equity, for any such threatened or actual breach of this Agreement, including specific performance, recovery of damages or otherwise.

8. PRIVACY AND DATA PROTECTION

- 8.1 The Receiving Party undertakes to comply with South Africa’s general privacy protection in terms Section 14 of the Bill of Rights in connection with this Tender and shall procure that its personnel shall observe the provisions of such Act [as applicable] or any amendments and re-enactments thereof and any regulations made pursuant thereto.
- 8.2 The Receiving Party warrants that it and its Agents have the appropriate technical and organisational measures in place against unauthorised or unlawful processing of data relating to the Tender and against accidental loss or destruction of, or damage to such data held or processed by them.

9. GENERAL

- 9.1 Neither party may assign the benefit of this Agreement, or any interest hereunder, except with the prior written consent of the other, save that Transnet may assign this Agreement at any time to any member of the Transnet Group.
- 9.2 No failure or delay in exercising any right, power or privilege under this Agreement will operate as a waiver of it, nor will any single or partial exercise of it preclude any further exercise or the exercise of any right, power, or privilege under this Agreement or otherwise.
- 9.3 The provisions of this Agreement shall be severable in the event that any of its provisions are held by a court of competent jurisdiction or other applicable authority to be invalid, void or otherwise unenforceable, and the remaining provisions shall remain enforceable to the fullest extent permitted by law.
- 9.4 This Agreement may only be modified by a written agreement duly signed by persons authorised on behalf of each party.
- 9.5 Nothing in this Agreement shall constitute the creation of a partnership, joint venture or agency between the parties.
- 9.6 This Agreement will be governed by and construed in accordance with South African law and the parties irrevocably submit to the exclusive jurisdiction of the South African courts.

IMPORTANT NOTICE TO TENDERERS

- Transnet has appointed a Procurement Ombudsman to investigate any material complaint in respect of tenders exceeding R5,000,000.00 (five million S.A. Rand) in value. Should a Tenderer have any material concern regarding a tender process which meets this value threshold, a complaint may be lodged with Transnet’s Procurement Ombudsman for further investigation.
- It is incumbent on the Tenderer to familiarise himself/herself with the Terms of Reference for the Transnet Procurement Ombudsman, details of which are available for review at Transnet’s website www.transnet.net.
- An official complaint form may be downloaded from this website and submitted, together with any supporting documentation, within the prescribed period, to procurement.ombud@transnet.net
- For transactions below the R5,000,000.00 (five million S.A. Rand) threshold, a complaint may be lodged with the Chief Procurement Officer of the relevant Transnet Operating Division.
- All Tenderers should note that a complaint must be made in good faith. If a complaint is made in bad faith, Transnet reserves the right to place such a tenderer on its List of Excluded Bidders.

T2.2-18: Supplier Code of Conduct

Transnet SOC Limited aims to achieve the best value for money when buying or selling goods and obtaining services. This however must be done in an open and fair manner that supports and drives a competitive economy. Underpinning our process are several acts and policies that any supplier dealing with Transnet must understand and support. These are:

- The Transnet Procurement Policy – A guide for Tenderers.
- Section 217 of the Constitution - the five pillars of Public PSCM (Procurement and Supply Chain Management): fair, equitable, transparent, competitive, and cost effective.
- The Public Finance Management Act (PFMA).
- The Broad Based Black Economic Empowerment Act (BBBEE)
- The Prevention and Combating of Corrupt Activities Act (PRECCA); and
- The Construction Industry Development Board Act (CIDB Act).

This code of conduct has been included in this contract to formally appraise Transnet Suppliers of Transnet's expectations regarding behaviour and conduct of its Suppliers.

Prohibition of Bribes, Kickbacks, Unlawful Payments, and Other Corrupt Practices

Transnet is in the process of transforming itself into a self-sustaining State-Owned Enterprise, actively competing in the logistics industry. Our aim is to become a world class, profitable, logistics organisation. As such, our transformation is focused on adopting a performance culture and to adopt behaviours that will enable this transformation.

1. Transnet SOC Limited will not participate in corrupt practices. Therefore, it expects its suppliers to act in a similar manner.

- Transnet and its employees will follow the laws of this country and keep accurate business records that reflect actual transactions with, and payments to, our suppliers.
- Employees must not accept or request money or anything of value, directly or indirectly, from suppliers.
- Employees may not receive anything that is calculated to:
 - Illegally influence their judgement or conduct or to ensure the desired outcome of a sourcing activity.

- Win or retain business or to influence any act or decision of any person involved in sourcing decisions; or
- Gain an improper advantage.
- There may be times when a supplier is confronted with fraudulent or corrupt behaviour of Transnet employees. We expect our Suppliers to use our "Tip-offs Anonymous" Hot line to report these acts. (0800 003 056).

2. *Transnet SOC Limited is committed to the ideas of free and competitive enterprise.*

- Suppliers are expected to comply with all applicable laws and regulations regarding fair competition and antitrust practices.
- Transnet does not engage with non-value adding agents or representatives solely for the purpose of increasing BBBEE spend (fronting).

3. *Transnet's relationship with suppliers requires us to clearly define requirements, to exchange information and share mutual benefits.*

- Suppliers have their own business standards and regulations. Although Transnet cannot control the actions of our suppliers, we will not tolerate any illegal activities. These include, but are not limited to:
 - Misrepresentation of their product (origin of manufacture, specifications, intellectual property rights, etc).
 - Collusion.
 - Failure to disclose accurate information required during the sourcing activity (ownership, financial situation, BBBEE status, etc.).
 - Corrupt activities listed above; and
 - Harassment, intimidation, or other aggressive actions towards Transnet employees.
- Suppliers must be evaluated and approved before any materials, components, products, or services are purchased from them. Rigorous due diligence is conducted, and the supplier is expected to participate in an honest and straight forward manner.
- Suppliers must record and report facts accurately, honestly, and objectively. Financial records must be accurate in all material respects.

T2.2-19 Service Provider Integrity Pact

Important Note: All potential tenderers must read this document and certify in the RFP Declaration Form that that have acquainted themselves with and agree with the content.

The contract with the successful tenderer will automatically incorporate this Integrity Pact and shall be deemed as part of the final concluded contract.

INTEGRITY PACT

Between

TRANSNET SOC LTD

Registration Number: 1990/000900/30

("Transnet")

and

The Contractor (hereinafter referred to as the "Tenderer/Service Providers/Contractor")

PREAMBLE

Transnet values full compliance with all relevant laws and regulations, ethical standards, and the principles of economical use of resources, fairness, and transparency in its relations with its Tenderers/Service Providers/Contractors.

To achieve these goals, Transnet and the Tenderer/Service Provider/Contractor hereby enter into this agreement hereinafter referred to as the "Integrity Pact" which will form part of the Tenderer's/Service Provider's/Contractor's application for registration with Transnet as a vendor.

The general purpose of this Integrity Pact is to agree on avoiding all forms of dishonesty, fraud, and corruption by following a system that is fair, transparent, and free from any undue influence prior to, during and subsequent to the currency of any procurement and/or reverse logistics event and any further contract to be entered into between the Parties, relating to such event.

All Tenderers/Service Providers/Contractor's will be required to sign and comply with undertakings contained in this Integrity Pact, should they want to be registered as a Transnet vendor.

1 OBJECTIVES

1.1 Transnet and the Tenderer/Service Provider/Contractor agree to enter into this Integrity Pact, to avoid all forms of dishonesty, fraud and corruption including practices that are anti-competitive in nature, negotiations made in bad faith and under-pricing by following a system that is fair, transparent and free from any influence/unprejudiced dealings prior to, during and subsequent to the currency of the contract to be entered into with a view to:

- a) Enable Transnet to obtain the desired contract at a reasonable and competitive price in conformity to the defined specifications of the works, goods, and services; and
- b) Enable Tenderers/Service Providers/Contractors to abstain from bribing or participating in any corrupt practice to secure the contract.

2 COMMITMENTS OF TRANSNET

Transnet commits to take all measures necessary to prevent dishonesty, fraud, and corruption and to observe the following principles:

2.1 Transnet hereby undertakes that no employee of Transnet connected directly or indirectly with the sourcing event and ensuing contract, will demand, take a promise for or accept directly or through intermediaries any bribe, consideration, gift, reward, favour or any material or immaterial benefit or any other advantage from the Tenderer, either for themselves or for any person, organisation or third party related to the contract in exchange for an advantage in the tendering process, Tender evaluation, contracting or implementation process related to any contract.

2.2 Transnet will, during the registration and tendering process treat all Tenderers/ Service Providers/Contractor with equity, transparency, and fairness. Transnet will, before and during the registration process, provide to all Tenderers/ Service Providers/Contractors the same information and will not provide to any Tenderers/Service Providers/Contractors confidential/additional information through which the Tenderers/Service Providers/Contractors could obtain an advantage in relation to any tendering process.

2.3 Transnet further confirms that its employees will not favour any prospective Tenderers/Service Providers/Contractors in any form that could afford an undue advantage to a particular Tenderer during the tendering stage and will further treat all Tenderers/Service Providers/Contractors participating in the tendering process in a fair manner.

2.4 Transnet will exclude from the tender process such employees who have any personal interest in the Tenderers/Service Providers/Contractors participating in the tendering process.

3 OBLIGATIONS OF THE TENDERER / SERVICE PROVIDER

3.1 Transnet has a 'Zero Gifts' Policy. No employee is allowed to accept gifts, favours, or benefits.

a) Transnet officials and employees shall not solicit, give or accept, or from agreeing to solicit, give, accept or receive directly or indirectly, any gift, gratuity, favour, entertainment, loan, or anything of monetary value, from any person or juridical entities in the course of official duties or in connection with any operation being managed by, or any transaction which may be affected by the functions of their office.

b) Transnet officials and employees shall not solicit or accept gifts of any kind, from vendors, suppliers, customers, potential employees, potential vendors, and suppliers, or any other individual or organisation irrespective of the value.

c) Under no circumstances should gifts, business courtesies or hospitality packages be accepted from or given to prospective suppliers participating in a tender process at the respective employee's Operating Division, regardless of retail value.

d) Gratuities, bribes, or kickbacks of any kind must never be solicited, accepted, or offered, either directly or indirectly. This includes money, loans, equity, special privileges, personal favours, benefit, or services. Such favours will be considered to constitute corruption.

3.2 The Tenderer/Service Provider/Contractor commits itself to take all measures necessary to prevent corrupt practices, unfair means and illegal activities during any stage of its Tender or during any ensuing contract stage in order to secure the contract or in furtherance to secure it and in particular the Tenderer/Service Provider/Contractor commits to the following:

a) The Tenderer/Service Provider/Contractor will not, directly or through any other person or firm, offer, promise or give to Transnet or to any of Transnet's employees involved in the tendering process or to any third person any material or other benefit or payment, in order to obtain in exchange an advantage during the tendering process; and

b) The Tenderer/Service Provider/Contractor will not offer, directly or through intermediaries, any bribe, gift, consideration, reward, favour, any material or immaterial benefit or other advantage, commission, fees, brokerage or inducement to any employee of Transnet, connected directly or indirectly with the tendering process, or to any person, organisation or third party related to the contract in exchange for any advantage in the tendering, evaluation, contracting and implementation of the contract.

3.3 The Tenderer/Service Provider/Contractor will not collude with other parties interested in the contract to preclude a competitive Tender price, impair the transparency, fairness and progress of the tendering process, Tender evaluation, contracting and implementation of the contract. The Tenderer / Service Provider further commits itself to delivering against all agreed upon conditions as stipulated within the contract.

3.4 The Tenderer/Service Provider/Contractor will not enter into any illegal or dishonest agreement or understanding, whether formal or informal with other Tenderers/Service Providers/Contractors. This applies to certifications, submissions or non-submission of documents or actions that are restrictive or to introduce cartels into the tendering process.

3.5 The Tenderer/Service Provider/Contractor will not commit any criminal offence under the relevant anti-corruption laws of South Africa or any other country. Furthermore, the Tenderer/Service Provider/Contractor will not use for illegitimate purposes or for restrictive purposes or personal gain, or pass on to others, any information provided by Transnet as part of the business relationship, regarding plans, technical proposals, and business details, including information contained or transmitted electronically.

3.6 A Tenderer/Service Provider/Contractor of foreign origin shall disclose the name and address of its agents or representatives in South Africa, if any, involved directly or indirectly in the registration or tendering process. Similarly, the Tenderer / Service Provider / Contractor of South African nationality shall furnish the name and address of the foreign principals, if any, involved directly or indirectly in the registration or tendering process.

3.7 The Tenderer/Service Provider/Contractor will not misrepresent facts or furnish false or forged documents or information in order to influence the tendering process to the advantage of the Tenderer/Service Provider/Contractor or detriment of Transnet or other competitors.

3.8 Transnet may require the Tenderer/Service Provider/Contractor to furnish Transnet with a copy of its code of conduct. Such code of conduct must address the compliance programme for the implementation of the code of conduct and reject the use of bribes and other dishonest and unethical conduct.

3.9 The Tenderer/Service Provider/Contractor will not instigate third persons to commit offences outlined above or be an accessory to such offences.

3.10 The Tenderer/Service Provider/Contractor confirms that they will uphold the ten principles of the United Nations Global Compact (UNGC) in the fields of Human Rights, Labour, Anti-Corruption and the Environment when undertaking business with Transnet as follows:

a) Human Rights

- Principle 1: Businesses should support and respect the protection of internationally proclaimed human rights; and
- Principle 2: make sure that they are not complicit in human rights abuses.

b) Labour

- Principle 3: Businesses should uphold the freedom of association and the effective recognition of the right to collective bargaining.
- Principle 4: the elimination of all forms of forced and compulsory labour.
- Principle 5: the effective abolition of child labour; and
- Principle 6: the elimination of discrimination in respect of employment and occupation.

c) Environment

- Principle 7: Businesses should support a precautionary approach to environmental challenges.
- Principle 8: undertake initiatives to promote greater environmental responsibility; and
- Principle 9: encourage the development and diffusion of environmentally friendly technologies.

d) Anti-Corruption

- Principle 10: Businesses should work against corruption in all its forms, including extortion and bribery.

4 INDEPENDENT TENDERING

4.1 For the purposes of that Certificate in relation to any submitted Tender, the Tenderer declares to fully understand that the word "competitor" shall include any individual or organisation, other than the Tenderer, whether affiliated with the Tenderer, who:

- a) has been requested to submit a Tender in response to this Tender invitation.
- b) could potentially submit a Tender in response to this Tender invitation, based on their qualifications, abilities, or experience; and
- c) provides the same Goods and Services as the Tenderer and/or is in the same line of business as the Tenderer.

4.2 The Tenderer has arrived at his submitted Tender independently from, and without consultation, communication, agreement, or arrangement with any competitor. However, communication between partners in a joint venture or consortium will not be construed as collusive tendering.

4.3, without limiting the generality of paragraph 5 above, there has been no consultation, communication, agreement, or arrangement with any competitor regarding:

- a) prices.
- b) geographical area where Goods or Services will be rendered [market allocation].
- c) methods, factors, or formulas used to calculate prices.
- d) the intention or decision to submit or not to submit, a Tender.
- e) the submission of a Tender which does not meet the specifications and conditions of the RFP; or
- f) tendering with the intention of not winning the Tender.

4.4 In addition, there have been no consultations, communications, agreements, or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the Goods or Services to which his/her tender relates.

4.5 The terms of the Tender as submitted have not been, and will not be, disclosed by the Tenderer, directly or indirectly, to any competitor, prior to the date and time of the official Tender opening or of the awarding of the contract.

4.6 Tenderers are aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to Tenders and contracts, Tenders that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No 89 of 1998 and/or may be reported to the National Prosecuting Authority [NPA] for criminal investigation and/or may be restricted from conducting business with the public sector for a period not exceeding 10 [ten] years in terms of the Prevention and Combating of Corrupt Activities Act No 12 of 2004 or any other applicable legislation.

4.7 Should the Tenderer find any terms or conditions stipulated in any of the relevant documents quoted in the Tender unacceptable, it should indicate which conditions are unacceptable and offer alternatives by written submission on its company letterhead, attached to its submitted Tender. Any

such submission shall be subject to review by Transnet's Legal Counsel who shall determine whether the proposed alternative(s) are acceptable or otherwise, as the case may be.

5 DISQUALIFICATIONS FROM TENDERING PROCESS

5.1 If the Tenderer/Service Provider/Contractor has committed a transgression through a violation of section 3 of this Integrity Pact or in any other form such as to put its reliability or credibility as a Tenderer/Service Provider/Contractor into question, Transnet may reject the Tenderer's / Service Provider's / Contractor's application from the registration or tendering process and remove the Tenderer/Service Provider/Contractor from its database, if already registered.

5.2 If the Tenderer/Service Provider/Contractor has committed a transgression through a violation of section 3, or any material violation, such as to put its reliability or credibility into question. Transnet may after following due procedures and at its own discretion also exclude the Tenderer/Service Provider /Contractor from future tendering processes. The imposition and duration of the exclusion will be determined by the severity of the transgression. The severity will be determined by the circumstances of the case, which will include amongst others the number of transgressions, the position of the transgressors within the company hierarchy of the Tenderer/Service Provider/Contractor and the amount of the damage. The exclusion will be imposed for up to a maximum of 10 (ten) years. However, Transnet reserves the right to impose a longer period of exclusion, depending on the gravity of the misconduct.

5.3 If the Tenderer/Service Provider/Contractor can prove that it has restored the damage caused by it and has installed a suitable corruption prevention system or taken other remedial measures as the circumstances of the case may require, Transnet may at its own discretion revoke the exclusion or suspend the imposed penalty.

6 TRANSNET'S LIST OF EXCLUDED TENDERERS (BLACKLIST)

6.1 The process of restriction is used to exclude a company/person from conducting future business with Transnet and other organs of state for a specified period. No Tender shall be awarded to a Tenderer whose name (or any of its members, directors, partners, or trustees) appear on the Register of Tender Defaulters kept by National Treasury, or who have been placed on National Treasury's List of Restricted Suppliers. Transnet reserves the right to withdraw an award, or cancel a contract concluded with a Tenderer should it be established, at any time, that a tenderer has been restricted with National Treasury by another government institution.

6.2 All the stipulations on Transnet's restriction process as laid down in Transnet's Supply Chain Policy and Procurement Procedures Manual (CPM included) are included herein by way of reference. Below follows a condensed summary of this restriction procedure.

6.3 On completion of the restriction procedure, Transnet will submit the restricted entity's details (including the identity number of the individuals and registration number of the entity) to National Treasury for placement on National Treasury's Database of Restricted Suppliers for the specified period of exclusion. National Treasury will make the final decision on whether to restrict an entity from doing business with any organ of state for a period not exceeding 10 years and place the entity concerned on the Database of Restricted Suppliers published on its official website.

6.4 The decision to restrict is based on one of the grounds for restriction. The standard of proof to commence the restriction process is whether a "prima facie" (i.e., on the face of it) case has been established.

6.5 Depending on the seriousness of the misconduct and the strategic importance of the Goods/Services, in addition to restricting a company/person from future business, Transnet may decide to terminate some or all existing contracts with the company/person as well.

6.6 A Service Provider or Contractor to Transnet may not subcontract any portion of the contract to a banned company.

6.7 Grounds for blacklisting include: If any person/Enterprise which has submitted a Tender, concluded a contract, or, in the capacity of agent or subcontractor, has been associated with such Tender or contract:

- a) Has, in bad faith, withdrawn such Tender after the advertised closing date and time for the receipt of Tenders.
- b) has, after being notified of the acceptance of his Tender, failed or refused to sign a contract when called upon to do so in terms of any condition forming part of the Tender documents;
- c) has carried out any contract resulting from such Tender in an unsatisfactory manner or has breached any condition of the contract;
- d) has offered, promised or given a bribe in relation to the obtaining or execution of the contract;
- e) has acted in a fraudulent or improper manner or in bad faith towards Transnet or any Government Department or towards any public body, Enterprise or person;

f) has made any incorrect statement in a certificate or other communication about the Local Content of his Goods or his B-BBEE status and is unable to prove to the satisfaction of Transnet that:

(i) he made the statement in good faith honestly believing it to be correct; and
(ii) before making such statement he took all reasonable steps to satisfy himself of its correctness;

g) caused Transnet damage, or to incur costs in order to meet the contractor's requirements and which could not be recovered from the contractor;

h) has litigated against Transnet in bad faith.

6.8 Grounds for blacklisting include a company/person recorded as being a company or person prohibited from doing business with the public sector on National Treasury's database of Restricted Service Providers or Register of Tender Defaulters.

6.9 Companies associated with the person/s guilty of misconduct (i.e., entities owned, controlled, or managed by such persons), any companies subsequently formed by the person(s) guilty of the misconduct and/or an existing company where such person(s) acquires a controlling stake may be considered for blacklisting. The decision to extend the blacklist to associated companies will be at the sole discretion of Transnet.

7 PREVIOUS TRANSGRESSIONS

7.1 The Tenderer/Service Provider/Contractor hereby declares that no previous transgressions resulting in a serious breach of any law, including but not limited to, corruption, fraud, theft, extortion and contraventions of the Competition Act 89 of 1998, which occurred in the last 5 (five) years with any other public sector undertaking, government department or private sector company that could justify its exclusion from its registration on the Tenderer's/Service Provider's/Contractor's database or any tendering process.

7.2 If it is found to be that the Tenderer/Service Provider/Contractor made an incorrect statement on this subject, the Tenderer/Service Provider/Contractor can be rejected from the registration process or removed from the Tenderer/Service Provider/Contractor database, if already registered, for such reason (refer to the Breach of Law Returnable Form contained in the document.)

8 SANCTIONS FOR VIOLATIONS

8.1 Transnet shall also take all or any one of the following actions, wherever required to:

- a) Immediately exclude the Tenderer/Service Provider/Contractor from the tendering process or call off the pre-contract negotiations without giving any compensation the Tenderer/Service Provider/Contractor. However, the proceedings with the other Tenderer/ Service Provider/Contractor may continue.
- b) Immediately cancel the contract, if already awarded or signed, without giving any compensation to the Tenderer/Service Provider/Contractor.
- c) Recover all sums already paid by Transnet.
- d) Encash the advance bank guarantee and performance bond or warranty bond, if furnished by the Tenderer/Service Provider/Contractor, to recover the payments, already made by Transnet, along with interest.
- e) Cancel all or any other contracts with the Tenderer/Service Provider/Contractor; and
- f) Exclude the Tenderer/ Service Provider/Contractor from entering any Tender with Transnet in future.

9 CONFLICTS OF INTEREST

9.1 A conflict of interest includes, inter alia, a situation in which:

- a) A Transnet employee has a personal financial interest in a tendering / supplying entity; and
- b) A Transnet employee has private interests or personal considerations or has an affiliation or a relationship which affects, or may affect, or may be perceived to affect his / her judgment in action in the best interest of Transnet, or could affect the employee's motivations for acting in a particular manner, or which could result in, or be perceived as favouritism or nepotism.

9.2 A Transnet employee uses his / her position, or privileges or information obtained while acting in the capacity as an employee for:

- a) Private gain or advancement; or
- b) The expectation of private gain, or advancement, or any other advantage accruing to the employee must be declared in a prescribed form.

Thus, conflicts of interest of any Tender committee member or any person involved in the sourcing process must be declared in a prescribed form.

9.3 If a Tenderer/Service Provider/Contractor has or becomes aware of a conflict of interest i.e., a family, business and / or social relationship between its owner(s)/

member(s)/director(s)/partner(s)/shareholder(s) and a Transnet employee/ member of Transnet's Board of Directors in respect of a Tender which will be considered for the Tender process, the Tenderer/Service Provider/ Contractor:

- a) must disclose the interest and its general nature, in the Request for Proposal ("RFX") declaration form; or
- b) must notify Transnet immediately in writing once the circumstances has arisen.

9.4 The Tenderer/Service Provider/Contractor shall not lend to or borrow any money from or enter into any monetary dealings or transactions, directly or indirectly, with any committee member or any person involved in the sourcing process, where this is done, Transnet shall be entitled forthwith to rescind the contract and all other contracts with the Tenderer/Service Provider/Contractor.

10 DISPUTE RESOLUTION

10.1 Transnet recognises that trust and good faith are pivotal to its relationship with its Tenderer / Service Provider / Contractor. When a dispute arises between Transnet and its Tenderer / Service Provider / Contractor, the parties should use their best endeavours to resolve the dispute in an amicable manner, whenever possible. Litigation in bad faith negates the principles of trust and good faith on which commercial relationships are based. Accordingly, following a blacklisting process as mentioned in paragraph 6 above, Transnet will not do business with a company that litigates against it in bad faith or is involved in any action that reflects bad faith on its part. Litigation in bad faith includes, but is not limited to the following instances:

- a) Vexatious proceedings: these are frivolous proceedings which have been instituted without proper grounds.
- b) Perjury: where a Tenderer / Service Provider / Contractor make a false statement either in giving evidence or on an affidavit;
- c) Scurrilous allegations: where a Tenderer / Service Provider / Contractor makes allegations regarding a senior Transnet employee which are without proper foundation, scandalous, abusive or defamatory; and
- d) Abuse of court process: when a Tenderer / Service Provider / Contractor abuses the court process in order to gain a competitive advantage during a Tender process.

11 GENERALS

11.1 This Integrity Pact is governed by and interpreted in accordance with the laws of the Republic of South Africa.

11.2 The actions stipulated in this Integrity Pact are without prejudice to any other legal action that may follow in accordance with the provisions of the law relating to any civil or criminal proceedings.

11.3 The validity of this Integrity Pact shall cover all the tendering processes and will be valid for an indefinite period unless cancelled by either Party.

11.4 Should one or several provisions of this Integrity Pact turn out to be invalid the remainder of this Integrity Pact remains valid.

11.5 Should a Tenderer/Service Provider/Contractor be confronted with dishonest, fraudulent, or corruptive behaviour of one or more Transnet employees, Transnet expects its Tenderer/Service Provider/Contractor to report this behaviour directly to a senior Transnet official/employee or alternatively by using Transnet's "Tip-Off Anonymous" hotline number 0800 003 056, whereby your confidentiality is guaranteed.

The Parties hereby declare that each of them has read and understood the clauses of this Integrity Pact and shall abide by it. To the best of the Parties' knowledge and belief, the information provided in this Integrity Pact is true and correct.

I duly authorised by the tendering entity, hereby certify that the tendering entity are fully acquainted with the contents of the Integrity Pact and further agree to abide by it in full.

SUPPLIER DECLARATION FORM

Please Note: This Supplier Declaration Form is only to be completed by the successful bidder who is awarded the contract.

Transnet Vendor Management has received a request to load / change your company details onto the Transnet vendor master database. Please return the completed Supplier Declaration Form (SDF) together with the required supporting documents as per Appendix V to the Transnet Official who is intending to procure your company's services / products, to enable us to process this request. Please only submit the documentation relevant to your request.

Please Note: Effective **1 April 2016** all organisations, institutions and individuals who wish to provide goods and/or services to organs of the State must be registered on the National Treasury's Central Supplier Database (CSD). This needs to be done via their portal at <https://secure.csd.gov.za/> **before applying to Transnet.**

General Terms and Conditions:

Please Note: Failure to submit the relevant documentation will delay the vendor creation / change process.

Where applicable, the respective Transnet Operating Division processing your application may request further or additional information from your company.

The Service Provider warrants that the details of its bank account ("the nominated account") provided herein, are correct and acknowledges that payments due to the Supplier will be made into the nominated account. If details of the nominated account should change, the Service Provider must notify Transnet in writing of such change, failing which any payments made by Transnet into the nominated account will constitute a full discharge of the indebtedness of Transnet to the Supplier in respect of the payment so made. Transnet will incur no liability for any payments made to the incorrect account or any costs associated therewith. In such an event, the Service Provider indemnifies and holds Transnet harmless in respect of any payments made to an incorrect bank account and will, on demand, pay Transnet any costs associated herewith.

Transnet expects its suppliers to timeously renew their Tax Clearance and B-BBEE certificates (where applicable), as EMEs and QSEs (QSE's with more than 51% ownership) are only expected to supply an affidavit as per (Appendix D and E). These affidavits must be resubmitted on an annual basis as failure to do so may result in the supplier's account being suspended.

In addition, please note of the following very important information:

1. **If your annual turnover is less than R10 million**, then in terms of the DTI codes, you are classified as an Exempted Micro Enterprise (EME). If your company is classified as an EME, please include in your submission, a certified signed letter from your Auditor / Accountant confirming your company's most recent annual turnover is less than R10 million and percentage of black ownership and black female ownership in the company AND / OR B-BBEE certificate and detailed scorecard from an accredited rating agency (e.g. permanent SANAS Member), or a sworn Affidavit should you feel you will be able to attain a better B-BBEE score. (Appendix D).

2. **If your annual turnover is between R10 million and R50 million**, then in terms of the DTI codes, you are classified as a Qualifying Small Enterprise (QSE) and you claim a specific B-BBEE level based on any 4 of the 7 elements of the B-BBEE scorecard, please include your B-BBEE certificate in your submission as confirmation of your status. Or if the Supplier is a QSE with More than 51% black owned, they can submit an affidavit (Appendix E).

Please Note: B-BBEE certificate and detailed scorecard should be obtained from an accredited rating agency (e.g., permanent SANAS Member).

3. **If your annual turnover exceeds R50 million**, then in terms of the DTI codes, you are classified as a Large Enterprise and you claim a specific B-BBEE level based on all seven elements of the B-BBEE generic scorecard. Please include your B-BBEE certificate in your submission as confirmation of your status.

Please Note: B-BBEE certificate and detailed scorecard should be obtained from an accredited rating agency (e.g. permanent SANAS Member).

4. **The supplier to furnish proof to the procurement department as required in the Fourth Schedule of the Income Tax Act. 58 of 1962** whether a supplier of service is to be classified as an "employee", "personal service provider" or "labour broker". Failure to do so will result in the supplier being subject to employee's tax.

5. **No payments can be made to a vendor until the** vendor has been registered / updated, and no vendor can be registered / updated until the vendor application form, together with its supporting documentation, has been received and processed. No payments can be made to a vendor until the vendor has met / comply with the procurement requirements.

6. From 01 May 2015 only B-BBEE certificates issued by SANAS accredited verification agencies will be valid.

Similarly, Transnet requires the Respondent to process any personal information disclosed by Transnet in the bidding process in the same manner.

8. Transnet shall, at all times, ensure compliance with any applicable laws put in place and maintain sufficient measures, policies and systems to manage and secure against all forms of risks to any information that may be shared or accessed pursuant to this Supplier Declaration Form (physically, through a computer or any other form of electronic communication).
9. Transnet shall notify the Respondent in writing of any unauthorised access to information, cybercrimes or suspected cybercrimes, in its knowledge and report such crimes or suspected crimes to the relevant authorities in accordance with applicable laws, after becoming aware of such crimes or suspected crime. The Respondent must take all necessary remedial steps to mitigate the extent of the loss or compromise of personal information and to restore the integrity of the affected personal information as quickly as is possible.
10. The Respondent may, in writing, request Transnet to confirm and/or make available any personal information in its possession in relation to the Respondent and if such personal information has been accessed by third parties and their identity thereof in terms of the POPIA.
11. The Respondent may further request that Transnet correct (excluding critical/mandatory or evaluation information), delete, destroy, withdraw consent or object to the processing of any personal information relating to the Respondent in Transnet's possession in terms of the provision of the POPIA and utilizing Form 2 of the POPIA Regulations.
12. In submitting any information or documentation requested in this Supplier Declaration Form, the Respondent is hereby consenting to the processing of their personal information for the purpose of this Supplier Declaration Form and further confirming that they are aware of their rights in terms of Section 5 of POPIA.

Respondents are required to provide consent below:

YES		NO

Z7.1 The *Employer* and the *Contractor* are required to process information obtained for the duration of the Agreement in a manner that is aligned to the Protection of Personal Information Act.

Z8 BBBEE Clauses

Z8.1

Insert additional clause 27.7.

27.7.1. The *Employer* encourages its *Contractors* to constantly strive to improve their B-BBEE Contributor Status Levels. To this end, the *Contractor* is to maintain and/or improve its B-BBEE Improvement Plan over the Contract period as per Returnable Schedule

27.2.2. The *Contractor* shall, for the duration of the Works, comply with the B-BBEE Improvement Plan. The accepted *Contractor's* B-BBEE Improvement Plan constitutes an offer to perform all its B-BBEE commitments and will constitute a binding agreement.

27.7.3. Breach of B-BBEE Improvement Plan commitments provide the *Employer* cause to terminate the contract.

27.7.6. The performance of the *Contractor* as compared to with the accepted B-BBEE Improvement Plan, shall be measured on an annual basis within 60 (sixty) days after the Anniversary Date for the duration of the Contract Period. To this end, the *Contractor* shall grant the *Employer* a right of access and provide the underlying data supporting the achievement by the *Contractor* of the targets specified in the accepted B-BBEE Improvement Plan, which underlying data shall be auditable.

27.7.7. The *Contractor* shall ensure that it has the relevant internal mechanisms and procedures in place to allow the *Employer* to measure and verify the *Contractor's* compliance with the accepted B-BBEE Improvement Plan. Without limiting the generality of the foregoing, the *Contractor* shall be obliged to provide the *Employer* with written quarterly status reports specifying the progress made by the *Contractor* in relation to the accepted B-BBEE Improvement Plan.

27.7.10. To the extent of that the *Contractor* has not complied with the accepted B-BBEE Improvement Plan, the *Employer* shall be entitled to levy penalties which shall be determined with reference to the actual aggregate amounts paid by the *Employer* to the *Contractor* in respect of the preceding 12 (twelve) calendar month intervals, such interval period shall commence from the Contract Date as follows:

27.7.11. Penalties will be levied based on the failure of the *Contractor* to achieve the targets specified in the accepted B-BBEE Improvement Plan rather than the failure of any constituent of the *Contractor* to contribute to the achievement of the targets in the accepted B-BBEE improvement plan.

27.7.12. In order to guarantee that the *Contractor* meet its obligations in terms of the accepted B-BBEE Improvement Plan and specifically during intervalthe *Employer* shall be entitled to retain 5% (five percent) of every payment due by the *Employer* to the *Contractor* ("B-BBEE Retention Amount").

27.7.13. The B-BBEE Retention amount shall be retained by the *Employer* as guarantee for the remaining obligations of the *Contractor* in terms of the accepted B-BBEE Improvement Plan.

27.7.14 The B-BBEE Retention Amount shall be deducted as part of the Retention in X16.1. The Retention in X16.1 shall be reduced to accommodate the B-BBEE Retention Amount. As

such total Retention for the *works* shall not exceed 10%.

27.7.15. Should the *Contractor's* obligations:

- be met in terms of the accepted B-BBEE Improvement Plan, the B-BBEE Retention amount shall be released within 30 (thirty) days of the date of verification of compliance by the *Contractor* of its obligations in terms of the accepted B-BBEE Improvement Plan, at which time the monies shall be paid over to the *Contractor*.
- not be met, unless such failure is an attributable occurrence of an event which:
 - stops the *Contractor* Providing the *works* or

C1.2 Contract Data

PART TWO - DATA PROVIDED BY THE *CONTRACTOR*

The tendering *Contractor* is advised to read both the NEC3 Engineering and Construction Contract - June 2005 (with amendments June 2006 and April 2013) and the relevant parts of its Guidance Notes (ECC3-GN) to understand the implications of this Data which the tenderer is required to complete. An example of the completed Data is provided on pages 156 to 158 of the ECC3 Guidance Notes.

Completion of the data in full, according to Options chosen, is essential to create a complete contract.

THE CONDITIONS OF CONTRACT

How the contract prices work and assesses it for progress payments

Clause 11 in NEC3 Engineering and Construction Contract, June 2005, (with amendments June 2006 and April 2013) (ECC) Option A states:

Identified and defined terms 11
11.2

(20) The Activity Schedule is the *activity schedule* unless later changed in accordance with this contract.

(22) Defined Cost is the cost of the components in the Shorter Schedule of Cost Components whether work is subcontracted or not excluding the cost of preparing quotations for compensation events.

(27) The Price for Work Done to Date is the total of the Prices for

- each group of completed activities and
- each completed activity which is not in a group.

A completed activity is one which is without Defects which would either delay or be covered by immediately following work.

(30) The Prices are the lump sums for each of the activities on the Activity Schedule unless later changed in accordance with this contract.

Measurement and Payment

1.2.1 The Activity Schedule provides the basis of all valuations of the Price for Work Done to Date, payments in multiple currencies, price adjustments for inflation and general progress monitoring.

1.2.2 The amount due at each assessment date is based on **completed activities and/or milestones** as indicated on the Activity Schedule.

1.2.3 The Activity Schedule work breakdown structure provided by the *Contractor* is based on the Activity Schedule provided by the *Employer*. The activities listed by the *Employer* are the minimum activities acceptable and identify the specific activities which are required to achieve Completion. The activity schedule work breakdown structure is compiled to the satisfaction of the *Project Manager* with any additions and/or amendments deemed necessary.

1.2.4 The *Contractor's* detailed Activity Schedule summates back to the Activity Schedule provided by the *Employer* and is in sufficient detail to monitor completion of activities related to the Accepted Programme in order that payment of completed activities may be assessed.

-
- 1.2.5 The short descriptions in the Activity Schedule are for identification purposes only. All work described in the Works Information is deemed included in the activities.
 - 1.2.6 The Activity Schedule is integrated with the Prices, Accepted Programme and where required the forecast rate of payment schedule.
 - 1.2.7 Activities in multiple currencies are separately identified on both the Activity Schedule and the Accepted Programme for each currency.
 - 1.2.8 The tendered total of the prices as stated in the Contract Data is obtained from the Activity Schedule summary. The tendered total of the prices includes for all direct and indirect costs, overheads, profits, risks, liabilities and obligations relative to the Contract.

C2.2 Activity Schedule

The Tenderer details his Activity Schedule below or refers to his Activity Schedule and attaches it to this schedule.

The details given below serve as guidelines only and the Tenderer may split or combine the activities to suit his particular methods.

PART A - SCOPE OF WORK

ADMIN BLOCK A.

1.1 AIR-COOLED ROOF-TOP CHILLED WATER AIR-CONDITIONING SYSTEM

- 1.1.1 Design, supply, and installation of a new Air-cooled roof top air-conditioning chiller unit for the main admin Block-A building. The new chiller unit is required to replace the existing water-cooled basement Chiller unit.
- 1.1.2 The new Air -cooled roof top chiller units must be integrated to the existing chilled water air-conditioning system including piping, existing ducting, existing circulation pumps, existing air handling units and all other usable existing auxiliary equipment. All corroded existing pipe shall be replaced.
- 1.1.3 The scope of work covers the provision for the completion of detailed and approved HVAC air-conditioning design for including drawings, and system layout. The designs must cover the complete HVAC air-conditioning system, design including the integration of the new air-cooled chiller unit to the existing air-conditioning system. The new chiller unit is required to replace the existing basement Chiller unit and shall not be less than 1250KW and shall be selected to meet the required cooling capacity for the entire building.
- 1.1.4 The HVAC system is for the admin block A. This administration building is approximately 14m (w) x 70m (l), each office space is approximately 2.6m high per floor, there are 7 floors, wwhich consist of 73 offices, 11 boardrooms on various size, and 6 open plans.
- 1.1.5 The existing control panel must be integrated/upgraded or replaced to a compatible centralized control panel for the new air -cooled roof top chiller unit.
- 1.1.6 The scope of work shall include all piping, electrical installation and shall be commissioned, along with training of staff (training for 10 maintenance personnel) before hand over, with all relevant as-installed Drawings and Operating Manuals.

ADMIN BLOCK - B BUILDING.

1.2 VRV /OR VRF AIR-CONDITIONING SYSTEM

Auditorium and Recreational Hall

- 1.2.1 This option is for the design, supply, and installation of a new Variable Refrigerant Volume (VRV) / or Variables Refrigerant Flow (VRF) air conditioning system for Auditorium and Recreational Hall. The new VRV/or VRF shall be selected to meet the full air-conditioning requirements for the Auditorium and Recreational Hall which is approximately as follows:
- Auditorium is approximately 15m x 15m x 4.5m (h)
 - Recreational hall is approximately 15m x 15m x 3.5m (h).
- 1.2.2 The scope of work shall include all piping, electrical installation and shall be commissioned, along with client training of staff before being handed over, with all relevant as-installed Drawings and Operating Manuals.
- 1.2.3 The scope of work covers the provision for the completion of detailed and approved air-condition design for VRV/OR VRF system, including drawings, and system layout. The designs must cover the complete air-conditioning system design including the possibility of integrating the new VRV/VRF to the existing constant volume low velocity supply air plant located in the basement plantroom.

Admin Block B – Office block

- 1.2.4 This option is for the design, supply, and installation of a new Variable Refrigerant Volume (VRV) / or Variables Refrigerant Flow (VRF) air conditioning system for Durban admin Block B Office building. The new VRV/or VRF shall be selected to meet the full air-conditioning requirements for admin block B offices which includes 24 offices, 2 boardrooms, 4 open plan offices.
- 1.2.5 The scope of work shall include all piping, electrical installation and shall be commissioned, along with client training of staff before being handed over, with all relevant as-installed Drawings and Operating Manuals.
- 1.2.6 The scope of work covers the provision for the completion of detailed and approved air-condition design for VRV/OR VRF system, including drawings, and system layout. The designs must cover the complete air-conditioning system design including the possibility of integrating the new VRV/VRF to the existing system.

PART -B

1.3 DESCRIPTION OF EXISTING CHILLED WATER SYSTEM – ADMIN BLOCK A

1.3.

1. The existing chilled water system is for the administration block A, approximately 14m (w) x 70m (l), each office space is approximately 2.6m high per floor, there are 7 floors utilized as offices.
2. The next floor (top floor) has 2 rooms housing the elevators (there are 3 elevators in this office block), additional room, the remainder of the floor is open roof top.
3. Currently the ventilation is provided for office space, extraction in toilets, electrical substation, plant rooms and lift motor room.
4. The plant has the following design parameters:
 - Site conditions:
Altitude is at sea level, outside design conditions – summer 20⁰C db. – 250CWG
 - Inside control conditions
Temperature is 23⁰C, Humidity is 55% RH
5. The existing chiller unit has a cooling capacity of 1055 kw, condense water on is 29.4⁰C, condenser water off is 35⁰C, chilled water on 12.2⁰C and chilled water off 5.6⁰C.
6. The chilled water generating plant serves via the central air handling units (primary circulation) and the induction units (secondary circulation)
7. The plant is located within the basement plant room and comprise of the following components:
 - A single packaged condensing set incorporating a shell and tube condenser, compressor, shall and tube evaporator and associated components, controls, and safety devices, etc.
 - Duplicate primary chilled water pumps and pipework circuit.
 - Duplicate condenser water pumps and pipework circuit.
8. In association with the water chilling plant, the duplicate cooling towers are located on the roof of the administration block A.
9. The perimeter areas are served by a non-changeover induction system from a secondary chilling water supply and a medium pressure primary air supply plant within the basement plant room. The air-handling plant incorporates the components such as dampened fresh air intake, primary and secondary fresh air filters, cooling coil and double inlet double width (D.I.D.W.) centrifugal fan.

-
10. The air handling plant duct attenuators and zone electric duct heaters are included within the distribution system.
 11. The secondary chilled water reverse return system and primary air duct distributions are run within the horizontal services voids at the building primer to serve the induction units located in the alternate window modules.
 12. The exhaust air from the perimeter zone is conveyed via the horizontal services voids to reduce the buildup of temperature and moisture within the voids connecting the vertical ducts to two centrifugal exhaust fans at seventh floor level.
 13. The interior areas of the building are served from a constant volume low pressure air supply plant within the basement plant room connecting to the ductwork distribution system run within the ceiling space to terminal ceiling diffusers.
 14. The air-handling plant incorporates components such as dampered fresh air intake, return air connection and axial fan, primary and secondary air filters, cooling coil and D.I.D.W centrifugal fan.
 15. Existing pipe work as per attached drawing

1.3.2. Existing electrical equipment: Four (4) electrical panels exist, they are as follows:

- i. Main power supply (1200 A, 400V AC 3 phase supply).
- ii. Control panel (Delta brand)
 - Plant room vent fan control switch (Auto/off/Manual)
 - Plant control
 - After hours remote
 - Internal zone AHU
 - Chiller control

1.4 DESCRIPTION OF EXISTING CHILLED WATER SYSTEM – ADMINISTRATION BLOCK B.

1.4.1 The Administration block B comprised of Auditorium, Recreational Hall and 2 story office building block, toilets, and boardrooms.

- The auditorium is approximately 15m x 15m x 4.5m (h)
- The recreational hall is approximately 15m x 15m x 3.5m (h).

1.4.2 **The auditorium** is served from an independent constant volume low velocity supply air plant located in the basement plantroom. The air handling plant incorporates the following components:

- Dampered fresh and return air connections.
- Primary and secondary air.
- Direct expansion cooling coil.
- Encased Double Inlet Double Width (D.I.D.W.) centrifugal fan(s).

1.4.3 Associated with the air handling plant, the duct attenuators, and a main duct electric heater are incorporated within the air distribution system terminating with ceiling grilles.

1.4.4 The associated water-cooled condensing set is served by the main condenser system located on the roof of the building.

1.4.5 The return / exhaust air from the auditorium is via the ceiling mounted registers, axial fan and ductwork to the plantroom for re-circulation and discharging to atmosphere. Pressurization to this room is achieved via the door mounted relief louvres.

1.4.6 The **Recreational Hall** is served from an independent constant volume low velocity supply air plant located in the basement plantroom. The air handling plant incorporates the following components:

- Dampered fresh and return air connections.
- Primary and secondary air.
- Direct expansion cooling coil.
- Encased Double Inlet Double Width (D.I.D.W.) centrifugal fan(s).

1.4.7 Associated with the air handling plant, the duct attenuators, and a main duct electric heater are incorporated within the air distribution system terminating with ceiling diffusers.

1.4.8 The associated water-cooled condensing set is served by the main condenser system located on the roof of the building.

1.4.9 The return / exhaust air from the auditorium is via the ceiling mounted grilles and ductwork to the plantroom. The return / exhaust from the **Recreational Hall** is via ceiling mounted registers, axial fan, and ductwork to the plantroom for re-circulation and discharging to atmosphere.

1.4.10 The Boltimor Model FCT AZ cooling tower, situated at the roof of Admin B block, has the capacity of 6.85m³/s.

1.5 Existing electrical equipment

The existing electrical panel are as follows:

- i. Main power supply (1200 A, 400V AC 3 phase supply).
- ii. Breakers
 - 1 x 70A breaker for auditorium compressor unit supply
 - 1 x 45A breaker for Recreational Hall compressor unit supply

PART C – TECHNICAL SPECIFICATION REQUIREMENT

- 1.6 AIR-COOLED ROOF-TOP CHILLED WATER AIR- CONDITIONING SYSTEM

ADMIN BLOCK A.

Item No.	Required
1	Design, supply, and installation of a new Air-cooled roof top air-conditioning chiller unit for the Durban main centre admin Block-A building. The as-built structural and general layout drawings for existing chiller plant are labelled as ANNEXURE A.
	Specific Specification.
2	The new chiller unit is required to replace the existing basement Chiller unit and shall not be less than 1250KW and shall be selected to meet the required cooling capacity for the entire building.
3	The new Air -cooled roof top chiller units must be integrated to the existing chilled water air-conditioning system including piping, existing ducting, existing circulation pumps, existing air handling units and all other usable existing auxiliary equipment.
4	The project is a design and construct projects, all tenders shall make provision for the completion of detailed and approved HVAC air-conditioning designs including drawings, and system layout. The designs must cover the complete HVAC air-conditioning system, and including the integration of the new air-cooled chiller unit to the existing air-conditioning system. The design shall cover future upgrade to enable variable/adjustable diffusers between cold and warm air from in each room. The final design to be signed off by a profession Engineer/ Air-conditioning designer accredited ECSA and SAQUA
5	An air-cooled roof-top chilled water air-conditioning system shall be installed for this project. The chiller unit shall be selected to meet the legislative and compliance requirements covered under Part D
6	All companies tendering for this contract shall have the suitable qualified air-cooled roof top air-conditioning chiller unit Installers as covered under Part D and Clause 7 (Key Personnel) of this document, would be in possession of relevant certification.
	Existing Piping:
7	All usable existing piping shall be integrated to the new air-cooled roof top chilled water unit. All corroded existing pipe shall be replaced. All Piping not required for this contract shall be removed from the building and securely stored, in a place of Transnet choosing. No sections of piping or brackets shall be left if not used.

	Services Shaft Piping.
8	The existing vertical Mains, and branch pipework in the services shaft, leading top all the floors, shall remain in situ. A suitable weatherproof enclosure shall also be installed at roof level, which shall prevent rain and water ingress into the shat. Details of this enclosure shall be approved by the Transnet Project Manager, before installation.
	Ductwork:
9	All the existing Ductwork shall be intergraded to the new roof-top air-cooled water chilled air- conditioning system.
	Electrical Equipment:
10	The supplier shall supply and install all electrical cables, control panel and wiring required for the complete installation of the new roof top air cooled chiller unit. The power cables and all components shall be correctly sized. The electrical protection equipment shall be correctly selected. The surge protection shall ensure that all areas that vulnerable to surges, are adequately protected.
11	The existing control panel must be integrated/upgraded or replaced to a compatible centralized control panel for the new air -cooled roof top chiller unit.
	Commissioning.
12	A full and detailed commissioning programme shall be drawn-up, to facilitate the full testing and commissioning of all the Plant. The commissioning shall be witnessed and certified by the project manager. A full commissioning report, with signed acceptance certificates for all Mechanical and electrical plant and equipment shall form part of the hand-over documentation.
	Training
13	Provision shall be made for the complete training of 10 maintenance staff, to assure that a thorough understanding of how the systems operate is understood by all. This training may involve multiple site visits after the system has been in operation. The training shall cover the aspects of service and maintenance of the equipment
	Guarantee and Warranties Period.
14	The contractor shall allow for a guarantee period, of one calendar year after the installation has been accepted by Transnet. This guarantee will include for the entire installation and controls, associated with this contract, and shall include for parts and labour.
	Documentation required before any work commence:
15	Detailed air-conditioning system design including all piping, ducting, and electrical drawings regarding electrical control panel and wiring to equipment.
	Documentation on day of commissioning:
16	2 Hard copies with a disc containing documentation in PDF Format for each of:
a.	Operating Manual.
b.	Maintenance Manual.
c.	Electrical Schematics.
d.	Mechanical Drawings.
e.	Parts List.
f.	Hard Copy of PLC Program.
g.	Hard copy of Parameters of all systems including PLC, CNC, and Drives.

h.	Setup guides for Software on Computer.
i.	Passwords for all software.,
j.	Backup of PLC Program.
k.	Electrical COC for electrical installation.
	General:
17	No metal or material belonging to TE shall be removed from the premises. (To be handed over to TE).
18	Damage to any existing services shall be repaired by the supplier.
19	All workmen ship shall be of a high standard in all aspects.
20	Area to be cleaned and neat on completion.
21	Rubble to be removed on regular bases and be dump at suitable dumping site.

1.7 ADMIN BLOCK B

1.7.1 VRV AND VRF AIR-CONDITIONING SYSTEM

(RECREATIONAL HALL AND AUDITORIUM)

Item No.	Required
1	<p>Design, supply and installation of a new VRV/or VRF air-conditioning system for the Durban main centre admin Block-B Recreational Hall and Auditorium.</p> <p>The scope of work shall include all piping, electrical installation and shall be commissioned, along with client training of staff before being handed over, with all relevant as-installed Drawings and Operating Manuals.</p> <p>The as-built structural and general layout drawings for existing chiller plant are labelled as ANNEXURE A.</p>
2	<p>The scope of work covers the provision for the completion of detailed and approved air-condition design for VRV/OR VRF system, including drawings, and system layout. The designs must cover the complete air-conditioning system design including the possibility of integrating the new VRV/VRF to the existing constant volume low velocity supply air plant located in the basement plantroom.</p> <p>The final design to be signed off by a profession Engineer/ Air-conditioning designer accredited ECSA and SAQUA.</p>
	Specific Specification.
3	A VRF or VRV system shall be installed for this project.
4	All companies tendering for this contract shall have the suitable qualified air-cooled roof top air-conditioning chiller unit Installers as covered under Part D and Clause 7 (Key Personnel) of this document, would be in possession of relevant certification.
	Existing Piping:
5	Currently there exists, an entire chilled Water System within the building confines, as this piping shall no longer be utilised, the bulk of the piping system shall be left in situ. The branches should be removed, along with the upper sections of the piping leading out of the services shaft and brackets shall also be removed from the building.
	Obsolete Pipework, Brackets, and Insulation,
6	All Piping not required for this contract shall be removed from the building and securely stored, in a place of Transnet choosing. No sections of piping or brackets shall be left if not used.
	Services Shaft Piping.
7	The existing vertical Mains, and branch pipework in the services shaft, leading top to the Recreational Hall and Auditorium a, shall remain in situ. While the new VRV/VRF lines will be mounted on Trays adjacent to the existing pipes.
	Evaporator Units:
8	The evaporator units must be integrated to the existing ducting and diffusers installed in the recreational hall and auditorium.
	Fresh Air Filter Section.
9	The VAV/or VRF evaporator units shall include the introduction of fresh air in line with the requirement of an approved standard.

	<p>The air filter frame shall be suitable for the fitting of the filter media from the exposed end of the unit.</p> <p>The air filter section shall include a suitable filter media.</p>
	Supply air Ductwork:
10	All the supply air Duct work leading from the evaporator Units shall have the existing supply Aid Diffusers re-located to achieve maximum efficiency
	Electrical Equipment:
11	<p>The supplier shall make provision of the installation of all electrical cables and wiring required for the complete installation of the new VRV/or VFR air-conditioning system.</p> <p>The power cables and all components shall be correctly sized. The electrical protection equipment shall be correctly selected. The surge protection shall ensure that all areas that vulnerable to surges, are adequately protected.</p>
	Commissioning.
12	A full and detailed commissioning programme shall be drawn-up, to facilitate the full testing and commissioning of all the Plant. The commissioning shall be witnessed and certified by the project manager. A full commissioning report, with signed acceptance certificates for all Mechanical and electrical plant and equipment shall form part of the hand-over documentation.
	Controls.
13	As the units specified are complete with remote control panels, these units shall be installed as per Transnet instructions, a full test shall also be conducted as to the operation of the panels. Each of the units have a controller that shall be fitted in proximity to the unit in a predetermined location, these units control only the associated unit and can be pre-set to the agreed temperature. Once the units have been pre-set, the controller can be locked, with only designated personnel being afforded access. Thereby avoiding tampering.
	Training
14	Provision shall be made for the complete training of 10 maintenance staff, to assure that a thorough understanding of how the systems operate is understood by all. This training may involve multiple site visits after the system has been in operation. The training shall cover the aspects of service and maintenance of the equipment
	Guarantee and warranties Period.
15	The contractor shall allow for a guarantee period, of one calendar year after the installation has been accepted by Transnet. This guarantee will include for the entire installation and controls, associated with this contract, and shall include for parts and labour.
	Documentation required before any work commence:
16	Detailed air-conditioning system design including all piping, ducting, and electrical drawings regarding electrical control panel and wiring to equipment.
	Documentation on day of commissioning:
17	2 sets off hard copies with a disc containing documentation in PDF Format for each of:
a	Operating Manual.
b.	Maintenance Manual.
c.	Electrical Schematics.
d.	Mechanical Drawings.
e.	Parts List.
f.	Hard Copy of PLC Program.
g.	Hard copy of Parameters of all systems including PLC, CNC, and Drives.

h.	Setup guides for Software on Computer.
I.	Passwords for all software.,
j.	Backup of PLC Program.
k.	Electrical COC for electrical installation.
	General:
18	No metal or material belonging to TE shall be removed from the premises. (To be handed over to TE).
19	Damage to any existing services shall be repaired by the supplier.
20	All workmen ship shall be of a high standard in all aspects.
21	Area to be cleaned and neat on completion.
22	Rubble to be removed on regular bases and be dump at suitable dumping site.

1.7.2 VRV AND VRF AIR-CONDITIONING SYSTEM

ADMIN BLOCK B – OFFICE BLOCK

Item No.	Required
1	<p>This option is for the design, supply, and installation of a new Variable Refrigerant Volume (VRV)/ or Variables Refrigerant Flow (VRF) air conditioning system for Durban admin Block B Office building. The new VRV/or VRF shall be selected to meet the full air-conditioning requirements for admin block B offices which includes 24 offices, 2 boardrooms, 4 open plan offices.</p> <p>The scope of work shall include all piping, electrical installation and shall be commissioned, along with client training of staff before being handed over, with all relevant as-installed Drawings and Operating Manuals.</p> <p>The as-built structural and general layout drawings for existing chiller plant are labelled as ANNEXURE A.</p>

The designs must cover the complete air-conditioning system design including the possibility of integrating the new VRV/VRF to the existing system.</p> <p>The final design to be signed off by a profession Engineer/ Air-conditioning designer accredited ECSA and SAQUA</p>
	Specific Specification.
3	A VRF /or VRV system with induced fresh air shall be installed for this project.
4	All companies tendering for this contract shall have the suitable qualified air-cooled roof top air-conditioning chiller unit Installers as covered under Part D and Clause 7 (Key Personnel) of this document, would be in possession of relevant certification.
	Existing Piping:
5	Currently there exists, an entire chilled Water System within the building confines, as this piping shall no longer be utilised, the bulk of the piping system shall be left in situ. The branches should be removed, along with the upper sections of the piping leading out of the services shaft and brackets shall also be removed from the building.
	Obsolete Pipework, Brackets, and Insulation,
6	All Piping not required for this contract shall be removed from the building and securely stored, in a place of Transnet choosing. No sections of piping or brackets shall be left if not used.
	Services Shaft Piping.
7	The existing vertical Mains, and branch pipework in the services shaft, leading top all the floors, shall remain in situ. While the new VRV/VRF lines will be mounted on Trays adjacent to the existing pipes. A suitable weatherproof enclosure shall also be installed at roof level, which shall prevent rain and water ingress into the shat. Details of this enclosure shall be approved by the Transnet Project Manager, before installation.
	Evaporator Units:
8	All the above-mentioned Evaporator Units shall be suspended from the soffit of the slab by means of mechanical fixings; these fixings_ shall consist of galvanized mild steel threaded Drop Rods, suspended by expansion rawl plug type fixings, not smaller than 8 mm in Diameter.
	Fresh Air Filter Section.

9	<p>The VAV/or VRF evaporator units shall include the introduction of fresh air in line with the requirement of an approved SANS standard.</p> <p>All evaporator units shall be fitted with a galvanised Sheet Steel Filter-Box, this box shall be custom made for an air-tight fit to the evaporator unit intake. This filter frame shall be suitable for the fitting of the filter media from the exposed end of the unit, with the exception of the filter boxes which shall be fitted to the Fresh Air Supply evaporator units, these Fresh Air Units are enclosed on either side with ductwork, the filter media panel, shall be withdrawn from the side of the filter box, the filter box accommodate the filter cells into the air-Stream in the duct, allowing an air-tight seal,</p> <p>The air filter section shall include a suitable filter media.</p>
	Supply air Ductwork:
10	All the supply air Ductwork leading from the evaporator Units shall have the existing supply Aid Diffusers re-located to achieve maximum efficiency.
	Electrical Equipment:
11	<p>The supplier shall make provision of the installation of all electrical cables and wiring required for the complete installation of the new VRV/or VFR air-conditioning system.</p> <p>The power cables and all components shall be correctly sized. The electrical protection equipment shall be correctly selected. The surge protection shall ensure that all areas that vulnerable to surges, are adequately protected.</p>
	Commissioning.
12	A full and detailed commissioning programme shall be drawn-up, to facilitate the full testing and commissioning of all the Plant. The commissioning shall be witnessed and certified by the project manager. A full commissioning report, with signed acceptance certificates for all Mechanical and electrical plant and equipment shall form part of the hand-over documentation.
	Controls.
13	As the units specified are complete with remote control panels, these units shall be installed as per Transnet instructions, a full test shall also be conducted as to the operation of the panels. Each of the units have a controller that shall be fitted in proximity to the unit in a predetermined location, these units control only the associated unit and can be pre-set to the agreed temperature. Once the units have been pre-set, the controller can be locked, with only designated personnel being afforded access. Thereby avoiding tampering.
	Training
14	Provision shall be made for the complete training of 10 maintenance staff, to assure that a thorough understanding of how the systems operate is understood by all. This training may involve multiple site visits after the system has been in operation. The training shall cover the aspects of service and maintenance of the equipment
	Guarantee and warranties Period.
15	The contractor shall allow for a guarantee period, of one calendar year after the installation has been accepted by Transnet. This guarantee will include for the entire installation and controls, associated with this contract, and shall include for parts and labour.
	Documentation required before any work commence:

16	Detailed air-conditioning system design including all piping, ducting, and electrical drawings regarding electrical control panel and wiring to equipment.
	Documentation on day of commissioning:
17	2 sets off hard copies with a disc containing documentation in PDF Format for each of:
a.	Operating Manual.
b.	Maintenance Manual.
c.	Electrical Schematics.
d.	Mechanical Drawings.
e.	Parts List.
f.	Hard Copy of PLC Program.
g.	Hard copy of Parameters of all systems including PLC, CNC, and Drives.
h.	Setup guides for Software on Computer.
i.	Passwords for all software.,
j.	Backup of PLC Program.
k.	Electrical COC for electrical installation.
	General:
17	No metal or material belonging to TE shall be removed from the premises. (To be handed over to TE).
18	Damage to any existing services shall be repaired by the supplier.
19	All workmen ship shall be of a high standard in all aspects.
20	Area to be cleaned and neat on completion.
21	Rubble to be removed on regular bases and be dump at suitable dumping site.

2. PART D - COMPLIANCE REQUIREMENTS

The following **Legislation(s), Standards and Guidelines shall be complied with: -**

- SANS 10400-O:2011 The Application of the National Building Regulations, Part of Lighting and Ventilation (Clause 4.3.2, Artificial Ventilation & Table 2 — Air requirements for different types of occupancies).
- American Society of Heating, Refrigeration and Air-conditioning Engineers (ASHRAE), 2010.
- Guidelines for ventilation to prevent the spread of the SARS-CoV-2 virus (version 1: 15 August 2021).
- SANS 1424 – 2008: Filters for use in air-conditioning and general ventilation.
- EN779 Standard F8 Synthetic Air Filter Media Roll.
- ISO 16890: Air Filters for General Ventilation (ePM1 70-80% filtration).
- The Occupational Health and Safety Act – Act 85 of 1993.
- SANS 347 Categorization and conformity assessment criteria for all pressure equipment
- SANS 10147-2014 Refrigeration systems, including plants associated with air-conditioning systems.
- ASTM 8743 and 888. With a Copper Alloy Number of C12200

Unless otherwise stated, evaluation criteria will be adjudicated with respect to the contract specific Scope of Work as specified in **Part C3**. In this regard, the following definitions apply to the evaluation criteria prompt for judgement:

4. T2.2-03: EVALUATION SCHEDULE: PREVIOUS EXPERIENCE

The experience of the tendering entity or joint venture partners in the case of an incorporated joint venture or consortium, as opposed to the key staff members/ experts, in similar projects completed over the last five years will be evaluated.

Tenderers should very briefly describe their experience in this regard and attach this to this schedule. Proof of participation/ case studies and contact details of clients of the relevant projects must also be provided.

The description should be put in tabular form with the following headings:

Employers, contact person and telephone number, where applicable	Description of Event	Detail of work undertaken nature of work & nature	Date undertaken
---	-----------------------------	--	------------------------

The scoring of the tenderer's experience will be as follows:

Score	Previous Experience
0	The Tenderer failed to address the question / issue. Has not submitted the required information.
03	The Tenderer's previous experience presented has no relevance to the scope of this project and did not address any of the required categories. Tenderers generally have experience in one (1) project relating to the scope of works. The tenderer has limited or poor evidence of previous experience.
05	The Tenderer's previous experience presented has some relevance to the project but lacks detail i.e., Description of previous projects, value, and references. Tenderers generally have experience in two (2) projects relating to scope of <i>works</i> . The tenderer lacks convincing evidence of knowledge of previous experience, specific to the <i>works</i> .
07	The Tenderer's previous experience presented demonstrates sufficient knowledge and experience to successfully execute this project scope. Tenderers generally have experience in three (3) projects relating to the scope of works. The tenderer has reasonable and relevant previous experience to the requirements of the <i>works</i> .
10	The Tenderer's previous experience presented demonstrates a real understanding and substantial evidence of the ability meet the stated project requirements. Tenderers generally have experience in four (4) projects relating to the scope of works. The tenderer has extensive previous experience in relation to the <i>works</i> .
15	The Tenderer's previous experience presented demonstrates real confidence extensive understanding in all the categories as required. Tenderers generally have experience in more than five (5) projects relating to the scope of works. The tenderer has comprehensive previous experience in projects of a similar nature.

5. T2.2-04: EVALUATION SCHEDULE: PROJECT ORGANOGRAM, MANAGEMENT & CV'S

Submit the following documents as a minimum with your tender document:

1. A comprehensive and detailed **organogram** that shows the structure and composition of their management structure involved in the *works*, inclusive of the key staff/professionals, identified in the Contract Data Part two.
2. Detailed CV's providing the following:
 - The roles and responsibilities for the *works* of each resource should be clearly stated.
 - Detailed experience in this specific construction activity and positions held, such as recent assignments inclusive of total duration that has a bearing on the scope of work.
 - The education, training (*inter alia* NEC3) and skills of the assigned staff in the specific sector, field, subject, etc. which is directly linked to the *works*. Qualifications (degrees, diplomas, grades) and membership of professional societies and relevant professional registrations to be attached.

The scoring of the Project Organogram, Management & CV's will be as follows:

Weight 05 Points	Relevant experience for the following: Site Management	Education, training, and skills adequacy for the following: NB: Weightings are as per general experience and qualifications sub- criterion	Knowledge of issues pertinent to the project for the following: NB: Weightings are as per general experience and qualifications sub-criterion
(Score 0)	The Tenderer has submitted no information or inadequate information to determine a score.		
(Score 01)	Key staff does not have relevant levels of experience.	Key staff does not have project specific education, skills, training, and experience.	Key staff has no experience of issues pertinent to the project.
(Score 02)	Key staff has limited levels of relevant experience.	Key staff has limited levels of project specific education, skills, training, and experience.	Key staff has limited knowledge of issues pertinent to the project.
(Score 03)	Key staff has reasonable levels of experience.	Key staff has reasonable levels of project specific education, skills,	Key staff has reasonable knowledge of issues pertinent to
(Score 04)	Key staff has extensive levels of relevant experience.	Key staff has extensive levels of project specific education, skills, training, and experience.	Key staff has extensive knowledge of issues pertinent to the project.
(Score 05)	Key staff has outstanding levels of relevant experience.	Key staff has outstanding levels of project specific education, skills, training and experience.	Key staff has outstanding knowledge of issues pertinent to the project.

7. T2.2-06: EVALUATION SCHEDULE: APPROACH PAPER/ METHODOLOGY & QUALITY CONTROL

The approach paper must respond to the scope of work and outline the proposed approach/ methodology including proposals for outsourcing (including details of the companies to be used), leading to the delivery of the design and construction monitoring deliverables listed in the scope of the works. The approach paper should articulate what value add the tenderer will provide in achieving the stated objectives for the project.

The tenderer must explain their understanding of the objectives of the assignment and the Employer's stated and implied requirements, highlight the issues of importance, and explain the technical approach they would adopt to address them. The approach should explain the methodologies to be adopted and should also include a project plan and programme which outlines processes, procedures, and associated resources indicating how risks will be managed and identifying what contribution can be made regarding value management.

Tenderers must attach their approach paper to this page. The approach paper should not be longer than 10 pages.

The scoring will be as follows:

Pts	Criterion: Approach, Methodology and Quality Control
0	No information provided, or submission of no substance/ irrelevant information provided
01	The technical approach and/ or methodology is poor/ is unlikely to satisfy project objectives or requirements. The Tenderer has misunderstood certain aspects.
05	The technical approach is tailored to address the specific project objectives and methodology. The approach does adequately deal with the critical characteristics of the project. The project plan and manner in which risk is to be managed etc is tailored to the key aspects of the programme
07	The approach is tailored to address the specific project objectives and methodology and is sufficiently flexible to accommodate changes that may occur during execution. The project plan and approach to managing risk etc is tailored to the critical characteristics of the project. The programme is good and has allowed for all critical aspects.
10	Besides meeting the good rating, the important issues are approached in an innovative and efficient way, indicating that the tenderer has excellent knowledge of working state of the art approaches. The programme is well throughout and makes allowance for all key issues

8. T2.2-07: EVALUATION SCHEDULE: PROGRAMME

Programme

The Tenderer details the programme for evaluation and attaches it to this schedule. In addition, the Tenderer is to provide an electronic copy of the programme in Primavera or any other compatible software.

The Tenderer's attention is drawn to core clause 31 of the NEC3 Engineering and Construction contract regarding the items to be shown on a programme.

The tenderer shall provide the proposed programme, at a minimum **Level 2/3** showing but not limited to the following:

- Ability to execute the works in terms of the *Employer's* requirements and within the required timeframe indicating, in a logical sequence, the order and timing of the construction that will take place in order to Provide the Works clearly indicating the capacity & capability to achieve the dates stated in the Contract Data.
- Dates when the *Contractor* will need access to any part of the Site; submission & approval process & timing for Health & Safety Files, Environmental Files and Quality Files. In addition the Programme must clearly demonstrate the procurement process for all long lead items if applicable.
- The *Contractor* indicates how he plans in achieving the following dates and clearly demonstrates them on the schedule - Start Date, Access Date, Planned Completion, Key Dates/Sectional Completion Dates & Completion Date. In addition, the Programme clearly demonstrates adequate provisions for Time Risk Allowance (TRA). Time Risk Allowances are not float, are owned by the Tenderer, can be included in the activity duration, and illustrated in the schedule in a code field or as an attachment.
- The Programme must clearly support and demonstrate alignment to the Approach Paper/Method Statement as contained in T2.1 List of Returnable.

9. HEALTH AND SAFETY REQUIREMENTS

- 9.1 All equipment and installation whether detailed in this specification or not shall comply with the requirements of the Occupational Health and Safety Act 85 of 1993 as amended and all other applicable legislation including specific set of regulations and local authority bylaws were applicable.
- 9.2 The contractor shall hold monthly safety meetings with staff and records of minutes shall be kept on file on site.
- 9.3 The contractor shall be available for monthly meetings with Transnet Management. A schedule for these meetings may be agreed upon.

10. SHE SPECIFICATION

- Prior to commencement of contract, the contractor shall be issued with a SHE specification to compile a SHE files in line with TE requirements.
- Prior to establishing on site, it is an explicit requirement of this contract that all the Contractor's personnel directly involved with this contract, including those of sub-contractors, attend a Safety induction course. Transnet will provide the course free of charge and attendance is compulsory for all personnel under the control of the Contractor who, during the duration of the contract, will be present on site whether on a full time or ad hoc basis.
- The contractor must allow for all additional charges because of these requirements as no claims for extras will be accepted in connection with the foregoing.

11. AS PART OF THE LEGISLATIVE AND TE SHE REQUIREMENTS.

- The successful contractor is required to conduct a Risk assessment to ascertain all potential risks associated with this project. The completed risk assessment is to potential risks associated with this project. The completed risk assessment is to be formally submitted to the Risk department via the project manager at least two weeks prior to the commencement of the actual project.
- A safety file and associated documents will be required from a successful tenderer, and such will be communicated by the Risk department.

12. REQUIREMENTS FOR PREVENTION OF COVID-19

- 12.1 COVID-19 Safety Plan.
- 12.2 Daily Screening questionnaire.
- 12.3 Return to work induction register- Induction Presentation/TE will also conduct the COVID-19 inductions.
- 12.4 COVID-19 Employee questionnaire checklist.
- 12.5 Fitness Certificates.
- 12.6 Risk Assessments register.
- 12.7 COVID-19 PPE issue register/sanitizer.

13. CONSTRUCTION INDUSTRY DEVELOPMENT BOARD (CIDB) REGISTRATION

The Tenderers to be appointed under this Project must be registered with the **CIDB Grading of minimum SME or Higher** registration, TRANSNET ENGINEERING Durban does not award Projects to any company without proof of this registration.

14. PENALTY CLAUSES & OTHER REQUIREMENTS

1. Due to the criticality of this project, penalties will be levied for late deliveries as per NEC Contract.

2. Testing

- All prescribed tests shall be carried out on equipment as well as the testing or the installation before commissioning.
- Transnet also reserves the right to carry out any check tests on the equipment and installation.
- Notwithstanding the successful completion of tests, the contractor will still be responsible for the efficient operation of the equipment and the installation.

3. Commissioning

- A testing period of 1 month (744 hours for 24/7 shifts and 248 hours for 8-hour shifts).
- No equipment will be accepted by Transnet without the satisfaction of the conditions above.
- The contractor shall be fully responsible for any damage caused to all supplied equipment to Transnet Engineering's assets during the installation, testing and commissioning. The supplier shall conduct a risk assessment as to identify anything that might hinder the installation of the required equipment.

4. Spares

- The successful tenderer shall supply Transnet Engineering with three sets of blown out diagrams and schematics of the complete machine as well as a detailed copies of the list of critical spares for all equipment including OEM numbers.
- The tenderers shall indicate the availability and required lead times for the spares considered to be critical for the successful operation of the equipment.

5. Guarantee and warranties Period.

- 12 months warranty shall be included on the quoted prize.
- The contractor shall undertake to repair all faults due to bad workmanship and/or faulty materials during a period of twelve calendar months, calculated from the date that the completed plant installation is accepted by Transnet Engineering.
- Any latent defects that become apparent during the guarantee period shall be rectified to the satisfaction of Transnet Engineering at the cost of the supplier.

- The contractor shall undertake work on the rectification of any defects that may arise during the guarantee period within 7 days of being notified of such defects.
