Dear Sir/Madam

Request for Enquiry Number	E2941GXMPARN
Description / Project Title	The provision of Reserve Feed Water Tank (RFWT) Balance Main Flow Meter Installation Project at Arnot Power Station for a period of 3 years
Tender Questions Closing Date	19 June 2026 at 10H00

Item	Questions	Answers	Clarity Published Dates
1.	We kindly request for the extension for the tender mentioned above. We still awaiting letter of intent to support us from ABB as per your mandatory requirements.	The tender has been extended until 19 June 2026	04 June 2026
2.	Yes indeed I do see the extension as well as changes to the requirements. I see now 6EP is required, we would like to request that 6ME be considered as well because flowmeters also do fall under the scope of ME.	The flow meters are electrical components therefore only EP registered contractors are allowed to tender. The 5EP was corrected in the clarification meeting. Only tenderers with 6EP or higher will be acceptable. the grading is determined by the estimated value of the tender including VAT. Tenderers must familiarize themselves with CIDB	04 June 2026
