## **Request for Quotation (RFQ)**

This RFQ serves as an invitation to provide the quotation for the supply and delivery of upright/vertical industrial freezer suitable for the storage of frozen samples - pesticide residue analyses samples contained in at least 50 microdex plastic bags and HDP aqueous jars with caps of which a copy is available on [www.sabs.co.za](http://www.sabs.co.za), accessible through the link: [https://www.sabs.co.za/Procurement/proc\\_toc.asp](https://www.sabs.co.za/Procurement/proc_toc.asp)

The Bidder is requested to supply its quotation, in writing, by the date specified. Should the Bidder require any clarification, the clarification should be submitted by e-mail to the Procurement Specialist identified in this document.

By submitting a quotation in response to this RFQ or participating in this RFQ process, the Bidder accepts that it is subject to and bound by all the terms and conditions contained in this RFQ document.

### **Confidentiality**

This document may not be used for any purpose by the Bidder other than for developing their response to it, and all reasonable efforts must be taken by the Bidder to ensure confidentiality of any information provided. This document and any other information of a confidential nature provided to the Bidder during RFQ process are and will be covered by the non-disclosure agreement to be signed between the SABS and the Bidder.

### **No Contract**

Bidders shall note that this RFQ does not commit the SABS to any course of action resulting from the receipt of quotations and the SABS may, at its discretion reject any submission which does not conform to instructions and specifications which are contained herein or select a Bidder based upon its own unique set of criteria. The SABS also reserves the right not to select a bidder.

Nothing in this document shall be construed as a contract between the SABS and the Bidder, and no communication, whether verbal or written, by the SABS personnel or agents during the course of this process shall create such a contract in respect of the requirements specified in this RFQ.

### **No Obligation to Proceed**

The SABS reserves the right to discontinue the RFQ evaluation process at any time and will not be responsible for any losses incurred by the Bidder as a result of discontinuance of the RFQ process.

### **Validity of Proposals**

The Bidder's quotation shall remain valid for a period of **120 days** from the closing date. The SABS may at any time prior to the expiry of the bid validity period, extend the above validity period by sixty (60) days by written notice to the Bidders. In that event, the SABS will not require any consent from the Bidders, and bidders will not be required or permitted to amend any of their quotations.

The SABS retains the right, but is under no obligation, to request Bidders to extend the validity periods of their quotations, prior to expiry thereof, if it has already invoked the extension referred to above and it is in the SABS' interest to further extend the bid validity period. Such request shall be in writing. The Bidder is not obliged to extend the validity period. Also, bidders will not be required or permitted to amend any of their quotations.

### **PURPOSE OF THIS DOCUMENT**

Short description of the business being done, its context, and the reason for the project. Also describe the work that the SABS intends to do with the delivered product:

#### **INCLUDE THE AFTER-SALES REQUIREMENTS**

- To describe the technical specification and requirements for the replacement of Upright Freezer
- Current Upright Freezers are old and no longer functional to serve the Laboratory's work requirements. The current freezers exceeded their lifespan of more than 30+ years and replacement parts no longer available.
- To improve the laboratory's energy efficiency, new freezers are required.
- To eliminate the many electric tripping of the electricity feed in the lab.

### **APPLICABLE AND REFERENCE DOCUMENTS**

List any references that may be important to the complete understanding of this technical specification:

#### **ISO/IEC 17025:2018**

#### **OECD GLP Principles Documents**

SABS Chromatographic Services is a technique accredited Laboratory for the chromatography applications of Liquid chromatography (LCMSMS) and Gas Chromatography (GC/GCMS). The Laboratory conducts pesticide residue analyses,

especially on raw material, with specialization in agricultural commodities like fresh produce, maize, cereals, grains and grasses.

The main function of the freezer units is to store prepared but not-yet-analyzed samples; that are to be analyzed and quantitatively establish the pesticide residue levels of these samples – using Client Methods, Laboratory In-House Methods and International Published Methods.
