Should any dispute, disagreement or claim arise between the parties, the parties shall try to resolve the dispute by mutual consultation and negotiation, and attempt to resolve the dispute within seven (7) days from date of the written invitation.

- If the dispute is not resolved through negotiations-
 - a. the parties shall submit the dispute for resolution to the Arbitration Foundation of South Africa (AFSA) administered mediation, upon the terms set by the AFSA Secretariat
 - b. the dispute shall be finally resolved in accordance with the rules of AFSA by an arbitrator.
 - c. each party will be responsible for their legal costs which may arise.

1.52 LIMITATION OF LIABILITY

Except in cases of criminal negligence or wilful misconduct, and in the case of infringement

- the supplier shall not be liable to the purchaser, whether in contract, tort, or otherwise, for any indirect or consequential loss or damage, loss or use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the supplier to pay penalties and/or damages to the purchaser; and
- the aggregate liability of the supplier to the purchaser, whether under the contract, in tort or otherwise, shall not exceed the total contract price, provided that this limitation shall not apply to the cost of repairing or replacing defective equipment.

1.53 GOVERNING LANGUAGE

The contract shall be written in English. All correspondence and other documents pertaining to the contract that is exchanged by the parties shall also be written in English.

1.54 APPLICABLE LAW

The contract shall be interpreted in accordance with South African laws.

1.55 NOTICES

Every written acceptance of a bid shall be posted to the supplier concerned by registered or certified mail and any other notice to him shall be posted by ordinary mail to the address furnished in his bid or to the address notified later by him in writing and such posting shall be deemed to be proper service of such notice.

The time mentioned in the contract documents for performing any act after such aforesaid notice has been given, shall be reckoned from the date of posting of such notice

1.56 TAXES AND DUTIES

A foreign supplier shall be entirely responsible for all taxes, stamp duties, license fees, and other such levies imposed outside the purchaser's country.

A local supplier shall be entirely responsible for all taxes, duties, license fees, etc., incurred until delivery of the contracted goods to the purchaser.

- No contract shall be concluded with any bidder whose tax matters are not in order. Prior to the award of a bid the Department must be in possession of a tax clearance certificate, submitted by the bidder. This certificate must be an original issued by the South African Revenue Services.

PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL PROCUREMENT REGULATIONS 2022

This preference form must form part of all tenders invited. It contains general information and serves as a claim form for preference points for specific goals.

NB: BEFORE COMPLETING THIS FORM, TENDERERS MUST STUDY THE GENERAL CONDITIONS, DEFINITIONS AND DIRECTIVES APPLICABLE IN RESPECT OF THE TENDER AND PREFERENTIAL PROCUREMENT REGULATIONS, 2022

1. GENERAL CONDITIONS

1. The following preference point systems are applicable to invitations to tender:
 - a. the 80/20 system for requirements with a Rand value of up to R50 000 000 (all applicable taxes included); and
 - b. the 90/10 system for requirements with a Rand value above R50 000 000 (all applicable taxes included).
 2. **To be completed by the organ of state**
 - The applicable preference point system for this tender is the 90/10 preference point system.
 3. Points for this tender (even in the case of a tender for income-generating contracts) shall be awarded for:
 - a. price; and
 - b. specific Goals.
 4. To be completed by the organ of state:
 - The maximum points for this tender are allocated as follows:
- | DESCRIPTION | POINTS |
|--|------------|
| PRICE | 80 |
| SPECIFIC GOALS | 20 |
| TOTAL POINTS FOR PRICE AND SPECIFIC GOALS | 100 |
5. Failure on the part of a tenderer to submit proof or documentation required in terms of this tender to claim points for specific goals with the tender, will be interpreted to mean that preference points for specific goals are not claimed.
 6. The organ of state reserves the right to require of a tenderer, either before a tender is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the organ of state.

2. DEFINITIONS

a. Tender

- means a written offer in the form determined by an organ of state in response to an invitation to provide goods or services through price quotations, competitive tendering process or any other method envisaged in legislation.

b. Price

- means an amount of money tendered for goods or services, and includes all applicable taxes less all unconditional discounts.

MOSES KOTANE LOCAL MUNICIPALITY

TENDER NUMBER 013/MKLM/2024/2025

c. Rand value

- means the total estimated value of a contract in Rand, calculated at the time of bid invitation, and includes all applicable taxes.

d. Tender for income-generating contracts

- means a written offer in the form determined by an organ of state in response to an invitation for the origination of income-generating contracts through any method envisaged in legislation that will result in a legal agreement between the organ of state and a third party that produces revenue for the organ of state, and includes, but is not limited to, leasing and disposal of assets and concession contracts, excluding direct sales and disposal of assets through public auctions; and

e. The Act

- means the Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000).

3. FORMULAE FOR PROCUREMENT OF GOODS AND SERVICES POINTS AWARDED FOR PRICE

THE 80/20 OR 90/10 PREFERENCE POINT SYSTEMS

A maximum of 80 or 90 points is allocated for price on the following basis:

$$\begin{array}{ccc} \text{80/20} & \text{or} & \text{90/10} \\ P_s = 80 \left(1 - \frac{P_t - P_{min}}{P_{min}} \right) & \text{or} & P_s = 90 \left(1 - \frac{P_t - P_{min}}{P_{min}} \right) \end{array}$$

Where

P_s = Points scored for price of tender under consideration

P_t = Price of tender under consideration

P_{min} = Price of lowest acceptable tender

4. FORMULAE FOR DISPOSAL OR LEASING OF STATE ASSETS AND INCOME GENERATING PROCUREMENT POINTS AWARDED FOR PRICE

- A maximum of 80 or 90 points is allocated for price on the following basis:

$$\begin{array}{ccc} \text{80/20} & \text{or} & \text{90/10} \\ P_s = 80 \left(1 + \frac{P_t - P_{max}}{P_{max}} \right) & \text{or} & P_s = 90 \left(1 + \frac{P_t - P_{max}}{P_{max}} \right) \end{array}$$

Where

P_s = Points scored for price of tender under consideration

P_t = Price of tender under consideration

P_{max} = Price of highest acceptable tender

5. POINTS AWARDED FOR SPECIFIC GOALS

5.1 In terms of Regulation 4(2); 5(2); 6(2) and 7(2) of the Preferential Procurement Regulations, preference points must be awarded for specific goals stated in the tender.

- for the purposes of this tender the tenderer will be allocated points based on the goals stated in table 1 below as may be supported by proof/ documentation stated in the conditions of this tender:

5.2 In cases where organs of state intend to use Regulation 3(2) of the Regulations, which states that, if it is unclear whether the 80/20 or 90/10 preference point system applies, an organ of state must, in the tender documents, stipulate in the case of—

- a. an invitation for tender for income-generating contracts, that either the 80/20 or 90/10 preference point system will apply and that the highest acceptable tender will be used to determine the applicable preference point system; or
- b. any other invitation for tender, that either the 80/20 or 90/10 preference point system will apply and that the lowest acceptable tender will be used to determine the applicable preference point system,
- c. then the organ of state must indicate the points allocated for specific goals for both the 90/10 and 80/20 preference point system.

TABLE 1

- a. Specific goals for the tender and points claimed are indicated per the table below.
- b. Note to organs of state: Where either the 90/10 or 80/20 preference point system is applicable, corresponding points must also be indicated as such.
- c. Note to tenderers: The tenderer must indicate how they claim points for each preference point system.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

MOSES KOTANE LOCAL MUNICIPALITY

TENDER NUMBER 013/MKLM/2024/2025

MBD 9

CERTIFICATE OF INDEPENDENT BID DETERMINATION

1. This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
2. Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging). ² Collusive bidding is a *per se* prohibition meaning that it cannot be justified under any grounds.
3. Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. takes all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
4. This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
5. In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

I, the undersigned, in submitting the accompanying bid.

(Bid Number and Description)

in response to the invitation for the bid made by-

(Name of Municipality / Municipal Entity)

do hereby make the following statements that I certify to be true and complete in every respect,

I certify, on behalf of: _____ that:
(Name of Bidder)

1. I have read and I understand the contents of this Certificate;
2. I understand that the accompanying bid will be disqualified if this Certificate is found not to be true and complete in every respect;
3. I am authorized by the bidder to sign this Certificate, and to submit the accompanying bid, on behalf of the bidder;
4. Each person whose signature appears on the accompanying bid has been authorized by the bidder to determine the terms of, and to sign, the bid, on behalf of the bidder;
5. For the purposes of this Certificate and the accompanying bid, I understand that the word "competitor" shall include any individual or organization, other than the bidder, whether or not affiliated with the bidder, who:
 - a. has been requested to submit a bid in response to this bid invitation;
 - b. could potentially submit a bid in response to this bid invitation, based on their qualifications, abilities or experience; and
 - c. provides the same goods and services as the bidder and/or is in the same line of business as the bidder
6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However, communication between partners in a joint venture or consortium³ will not be construed as collusive bidding.
 - In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
 - a. prices;
 - b. geographical area where product or service will be rendered (market allocation)
 - c. methods, factors or formulas used to calculate prices;
 - d. the intention or decision to submit or not to submit, a bid;
 - e. the submission of a bid which does not meet the specifications and conditions of the bid; or
 - f. bidding with the intention not to win the bid.

7. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.
8. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.

Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.

- Bidders submitting as a Joint Venture (JV) are required to register for consolidated VAT. This ensures that all members are jointly and liable for any VAT liabilities and must maintain a joint bank account. Failure to comply will result in the suspension of the payment process
9. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No 12 of 2004 or any other applicable legislation.

SPECIFICATION

1. INTRODUCTION

The Moses Kotane Local Municipality (MKLM) is classified as Category B4 Local Municipality which is mainly rural with communal tenure. Such a municipality is at most one or two small towns in their area. It is one of the five local municipalities constituting the Bojanala Platinum District Municipality classified as Category C1.

Moses Kotane Local Municipality is bordered by:

- Thabazimbi Local Municipality in the North, which is situated in Waterberg District Municipality of the Limpopo province,
- Madibeng Local Municipality in the east (Bojanala Platinum District Municipality, NW)
- Rustenburg Local Municipality (Bojanala Platinum District Municipality, NW) and
- Kgetlengrevier Local Municipality in the south (Bojanala Platinum District Municipality, NW)

The Municipality covers an area of approximately 5220km² and is mostly rural in nature, comprising of 107 villages and 2 two formal towns of Mogwase and Madikwe. The N4 Corridor which is the east-west bound road connecting Rustenburg and Pretoria runs to the south of Moses Kotane local municipality. The R510 north-south bound road connects the Moses Kotane Local Municipality to North

2. PROBLEM STATEMENT

The MKLM undertook a diagnostic exercise during the 2020/21 financial year and identified a myriad of gaps impacting on provisioning of infrastructure and basic services to communities. This exercise culminated in the prioritisation of projects which are due to be implemented in the next three financial years through grant, sectorial and municipal funded mechanisms (eg. MIG, DWS, RBIG, PIG) by the Municipality.

The following challenges have been identified;

a. Infrastructure Planning

- Inability to plan, develop and manage infrastructure projects;
- Outdated or non-existent sector plans

TENDER NUMBER 013/MKLM/2024/2025

SPECIFICATION

b. Infrastructure Asset Management

- Ageing infrastructure
- Poor Infrastructure Asset Management
- Poor rate of cost recovery for infrastructure services
- High water and electricity losses due to illegal connections, dilapidated infrastructure, poor distribution systems, lack of demand management systems etc
- Lack of capacity, systems and procedures to operate and maintain infrastructure

c. Bulk Infrastructure Provision

- Insufficient water resources to serve all communities
- Inadequate bulk infrastructure, with most treatment works not functioning optimally

d. Access to Basic Services

- High backlogs in terms of access to water and sanitation.
- Inadequate tracking of backlog eradication has meant that the backlog status is not known definitively.

e. Project & Contract Management

- Lack of contract management capacity;
- Inability to effectively plan for delivery of infrastructure projects;
- Incapacity to manage the execution of projects to ensure highest quality of delivery, aligned with set standards, procedures and set outcomes;
- Under-spending on capital budgets and overspending on operational budgets as well as inappropriate use of conditional infrastructure grants for purposes other than those intended.
- Appointment of related support services and suppliers without following due processes in terms of the Municipal Finance Management Act,

From this exercise, the MKLM hereby responds accordingly by requesting the services of professional and related infrastructure service providers to offer technical support in engineering, and related services towards improving the management of their infrastructure development, operations & maintenance, and PM Unit.

3. OBJECTIVES

This Terms of Reference (ToR) therefore seeks to outline the services required of suitable qualified Professional Services Providers (PSP's) as well as other related services to the MKLM Panel to provide support in Engineering and related services to the Moses Kotane Local Municipality for a period of 3 (three) years.

The Service Providers must have the **capacity** and **capabilities** to primarily deal with the challenges identified in the municipality, based on grant funded capital projects. The Service Providers should be able to propose solutions and execute them in a practical and hands-on manner. In addition to this, there should be a focus on building the internal capacity of the municipality as well as transferring knowledge and skills to appropriate municipal employees where possible.

The overall objective is therefore to support municipalities thus ensuring effective scoping and delivery of multiple infrastructure projects as set out within the Integrated Development Plans (IDP's) of the municipality. It will be the responsibility of the PSP to collect and collate the base information required to allow them to discharge their obligations in terms of the agreements to be entered into between the municipality and the PSP. In awarding these contracts, MKLM intends to enter into an individual specific contract or Service Level Agreement (SLA) with each successful Service Provider.

Please Note - PSP is defined as an Engineering Consultancy firm, as registered with CESA, SABTACO, ECSA (as applicable), who will provide services as defined in this Terms of Reference.

The decision on the number of consulting firms appointed will remain firmly with the Municipality, based on its needs.

Related Services Provider is defined as a supplier of a service or goods that facilitates the execution of the Infrastructure project and categorised as a secondary or support service to the Project. This will include Surveyors; Geohydrologists, Geotechnologist, Environmentalists, Training academies, OHS Specialist

Providers for Related Services must have the applicable minimum qualifications and experience as per their related field of work.

e. Must have excellent problem solving and mediation skills.

f. Must have excellent communication and negotiating skills

g. Ability to absorb complex information and assess the requirements readily.

h. Understanding of the basic legal framework governing the local government sector.

6 EXPECTED OUTPUTS AND OUTCOMES

The overall expected outcomes of the MKLM are as follows;

6.1 To have more realistic project cost planning during municipal budgeting process

6.2 To significantly reduce service delivery backlogs.

6.3 To have more control in terms of project cost management at municipal level

6.4 To improve efficiency and value for money during implementation of municipal project

6.5 To reduce a lengthy procurement duration by cutting down time on producing specifications and tender documents.

6.6 To have a support unit at the departmental level that can assist the municipality on approval issues that forms a core centre of project implementation challenges.

6.7 To enable the municipalities and sector departments to realize the increased spending on their allocations.

7 PSP'S AND RELATED SERVICE PROVIDERS

The MKLM hereby invites interested and suitable qualified PSP's and related service providers to provide support to the municipality for the following services:

SPECIFICATION

Non-responsive ← No Yes → Proceed to Stage 2

Second Stage: Functionality Evaluation

The Tenderer that complies with **ALL** of the requirement on the first stage will be tested for functionality.

The criteria will be used to determine functionality and minimum points of 80 out of 100 points must be achieved to be regarded as responsive. All tenderers that meet the above requirements will then be evaluated against criteria as set in stage 3. All tenders that fail to achieve minimum of 80 points for functionality assessments will be regarded as non-responsive.

Non-responsive ← No Yes → Proceed to Stage 3

Stage 3 – Registration to the Panel of Service Providers

Registration in the Panel of Service Providers ranked according to the rate and HDI (functionality will take pre-eminence where necessary).

The selection of Service Providers for inclusion on the MKLM Panel is solely at the discretion of the Municipality with strategic advice and input from other stakeholders. MKLM will base the selection of its Service Providers based mainly on the following consideration points amongst others:

- Previously demonstrated relevant technical experience and competence in Engineering, infrastructure field programmes and project delivery;
- Quality: Focus on quality in terms of programme and project management as well as evaluation of work by other service providers forming part of the project delivery;
- Propensity and innovations in terms of capacity building on a municipal level with low capacity for skill absorption.

MOSES KOTANE LOCAL MUNICIPALITY

TENDER NUMBER 013/MKLM/2024/2025

SPECIFICATION

Applications will be scored according to the evaluation criteria. Applicants that score less than 80% in respect of functionality will be regarded as submitting a non-responsive application and will be disqualified.

Evaluation on Functionality

The applicants need to score minimum of targeted 80 points to be considered for placement on MKLM Panel

9 REPORTING

It will be required from successful PSP's and related Service Providers to submit monthly reports in accordance to MKLM reporting framework which will be made available after appointment.

MOSES KOTANE LOCAL MUNICIPALITY

TENDER NUMBER 013/MKLM/2024/2025

SPECIFICATION

1. INTRODUCTION

The Moses Kotane Local Municipality (MKLM) is classified as Category B4 Local Municipality which is mainly rural with communal tenure. Such a municipality is at most one or two small towns in their area. It is one of the five local municipalities constituting the Bojanala Platinum District Municipality classified as Category C1.

Moses Kotane Local Municipality is bordered by:

- Thabazimbi Local Municipality in the North, which is situated in Waterberg District Municipality of the Limpopo province,
- Madibeng Local Municipality in the east (Bojanala Platinum District Municipality, NW)
- Rustenburg Local Municipality (Bojanala Platinum District Municipality, NW) and
- Kgetlengvler Local Municipality in the south (Bojanala Platinum District Municipality, NW)

The Municipality covers an area of approximately 5220km² and is mostly rural in nature, comprising of 107 villages and 2 two formal towns of Mogwase and Madikwe. The N4 Corridor which is the east-west bound road connecting Rustenburg and Pretoria runs to the south of Moses Kotane local municipality. The R510 north-south bound road connects the Moses Kotane Local Municipality to North

2. PROBLEM STATEMENT

The MKLM undertook a diagnostic exercise during the 2013/14 financial year and identified a myriad of gaps impacting on provisioning of infrastructure and basic services to communities. This exercise culminated in the prioritisation of projects which are due to be implemented in the next three financial years through grant, sectorial and municipal funded mechanisms (e.g. MIG, DWS, RBIG) by the Municipality.

MOSES KOTANE LOCAL MUNICIPALITY

TENDER NUMBER 013/MKLM/2024/2025

SPECIFICATION

The following challenges have been identified;

a. Infrastructure Planning

- Inability to plan, develop and manage infrastructure projects;
- Outdated or non-existent sector plans

b. Infrastructure Asset Management

- Ageing infrastructure
- Poor Infrastructure Asset Management
- Poor rate of cost recovery for infrastructure services
- High water and electricity losses due to illegal connections, dilapidated infrastructure, poor distribution systems, lack of demand management systems etc
- Lack of capacity, systems and procedures to operate and maintain infrastructure

c. Bulk Infrastructure Provision

- Insufficient water resources to serve all communities
- Inadequate bulk infrastructure, with most treatment works not functioning optimally

d. Access to Basic Services

- High backlogs in terms of access to water and sanitation.
- Inadequate tracking of backlog eradication has meant that the backlog status is not known definitively.

e. Project & Contract Management

- Lack of contract management capacity;
- Inability to effectively plan for delivery of infrastructure projects;
- Incapacity to manage the execution of projects to ensure highest quality of delivery, aligned with set standards, procedures and set outcomes;
- Under-spending on capital budgets and overspending on operational budgets as well as inappropriate use of conditional infrastructure grants for purposes other than those intended.
- Appointment of related support services and suppliers without following due processes in terms of the Municipal Finance Management Act,

MOSES KOTANE LOCAL MUNICIPALITY

TENDER NUMBER 013/MKLM/2024/2025

SPECIFICATION

From this exercise, the MKLM hereby responds accordingly by requesting the services of professional and related infrastructure service providers to offer technical support in engineering, and related services towards improving the management of their infrastructure development, operations & maintenance, and PM Unit.

3. Objectives

- This Terms of Reference (ToR) therefore seeks to outline the services required of suitable qualified Professional Services Providers (PSP's) as well as other related services to the MKLM Panel to provide support in Engineering and related services to the Moses Kotane Local Municipality for a period of 3 (three) years.
- The Service Providers must have the **capacity** and **capabilities** to primarily deal with the challenges identified in the municipality, based on grant funded capital projects. The Service Providers should be able to propose solutions and execute them in a practical and hands-on manner. In addition to this, there should be a focus on building the internal capacity of the municipality as well as transferring knowledge and skills to appropriate municipal employees where possible.
- The overall objective is therefore to support municipalities thus ensuring effective scoping and delivery of multiple infrastructure projects as set out within the Integrated Development Plans (IDP's) of the municipality. It will be the responsibility of the PSP to collect and collate the base information required to allow them to discharge their obligations in terms of the agreements to be entered into between the municipality and the PSP. In awarding these contracts, MKLM intends to enter into an individual specific contract or Service Level Agreement (SLA) with each successful Service Provider.
- **Important to Note - PSP is defined as an Engineering Consultancy firm, as registered with CESA, SABTACO, ECSA (as applicable), who will provide services as defined in this Terms of Reference.**
- **The decision on the number of consulting firms appointed will remain firmly with the Municipality, based on its needs.**
- **Related Services Provider is defined as a supplier of a service or goods that facilitates the execution of the Infrastructure project and catagorised as a secondary or support service to the Project. This will include Surveyors; Geohydrologists, Geotechnologist, Environmentalists, Training academies; OHS Specialist**

MOSES KOTANE LOCAL MUNICIPALITY

TENDER NUMBER 013/MKLM/2024/2025

SPECIFICATION

- Providers for Related Services must have the applicable minimum qualifications and experience as per their related field of work.

4. Scope of Work

4.1 Engineering (REF: CE)

The successful **PSP** will undertake the following activities and any other activities related to **engineering** services to the MKLM as follows; -

- Delivering **Engineering Services** diligently in accordance with South African Policies, Acts, Regulations and Industry Guidelines following MKLM and Municipal Norms and Practices;
- Assessment of **Engineering** Infrastructure planning, development, implementation and Operation & Maintenance requirement of municipality in consultation with relevant municipal leadership and/ or officials and sectoral stakeholders and municipal Infrastructure Development Plan (IDP), Sector Development Framework (SDF), District, Provincial and National Policies and Strategies.
- Supporting/assisting municipalities in preparing Project Business Plans in accordance to government and/ or non-government Funders conditions and securing necessary Funds as applicable.
- Supporting/assisting municipality in managing **Engineering** Infrastructure Life Cycle covering Pre-feasibility and Feasibility Studies, Design and Development, Implementation and Operation and Maintenance including procurement of various services providers and emanated contract management; and projects cost, quality and time management.
- Supporting/assisting municipality in implementation and management of infrastructure in compliance with various organizational and funders progress reporting, monitoring and evaluation requirements.
- Supporting/assisting municipality in reviewing and / or developing and implementing sector master plans.
- Complete any other assignment, as and when required, according to the MKLM representatives' request.
- Provide construction monitoring services for projects the PSP is involved

The stages for professional fees will be in accordance with the Engineering Council of SA (ECSA) as follows: -

MOSES KOTANE LOCAL MUNICIPALITY

TENDER NUMBER 013/MKLM/2024/2025

SPECIFICATION

- a. The intention hereof, is to appoint suitably vetted service providers who will facilitate the implementation of the Infrastructure projects by providing services and goods at discounted rates. This will ultimately assist the execution of the projects as Service Providers will be recommended for use with appointed Contractors.
- b. All services provided under the abovementioned list of ancillary service providers, must also submit the complete list of requirements (as applicable), in order to be considered for appointment.
- c. These Service providers must list all of the services offered, together with corresponding pricing or value proposition for each consecutive year. These will be considered based on the need, merit, pricing and applicability. Submission of your tender does not automatically imply that your services will be utilized on Infrastructure projects during this period. Your appointment under this section will be governed on needs as identified by the Municipality.
- d. All conditions as set out for the appointment of the Engineering Service Providers, will also apply for the support services as listed above (as applicable). Tenderers must indicate the applicable reference number on the cover sheet of the tender.

4.3. Engineering Services

The Engineering PSP will be expected to conduct the following: -

- a. Feasibility studies to estimate materials, time and labour costs
- b. Visit construction sites to monitor progress.
- c. Preparing tender and contract documents, including bills of quantities with the architect and/or the client;
- d. Preparation of project specifications;
- e. Undertaking costs analysis for repair and maintenance project work;
- f. Assisting in establishing the client's requirements and undertaking feasibility studies;
- g. Performing risk and value management and cost control;
- h. Preparing and analysing costings for tenders;
- i. Advising on procurement strategy;
- j. Identifying, analysing and developing responses to commercial risks;
- k. Providing advice on contractual claims;
- l. Analyzing outcomes and writing detailed progress reports;

SPECIFICATION

- m. Valuing completed work and arranging payments;
- n. Preparations of As-Built drawings and issuing of O&M Manuals

4.4. Capacity Building and Skills Transfer

- a. In undertaking the tasks above, capacity building of existing or identified municipal employees will be critical. Evidently the PSP must build capacity building initiatives into their proposals to bridge the skills gaps experienced by municipalities;
- b. The PSP is required to strengthen the overall capacity of the Infrastructure/Planning/Engineering/PMU's by timeously providing professional advice on matters regarding the projects in which they are involved in.

4.5. Procurement Processes

The PSP's should provide support, guidance and facilitation to enable the municipality to manage procurement processes carried out in the targeted municipality for the purpose of implementing approved projects, **as and when required to do so.**

Such procurement will be managed and implemented within the existing supply chain policies and mandate of the targeted municipality, provincial government, national government, relevant legislation and professional good practice guidelines.

5. COMPETENCY REQUIREMENTS FROM PSP'S AND RELATED SERVICE PROVIDERS (INDIVIDUALS)

Engineering – Proof of Professional Registration as a Professional Engineer/Technologist with ECSA is a prerequisite for main members of the firm, with the following expertise:

- a. Must have a minimum of a Tertiary qualification (not less than a Degree) in Engineering from a recognized institution. Please note that the academic qualifications will undergo a verification check. A post graduate qualification will be an added advantage
- b. Must have a minimum of 6 years post-graduation experience including 3 years programme and project management experience, with at least 3 years' experience in South African local government environment and infrastructure development projects.
- c. Ability to interact with respective stakeholders (especially executive management) in all three spheres of

- e. Must have excellent problem solving and mediation skills.
- f. Must have excellent communication and negotiating skills
- g. Ability to absorb complex information and assess the requirements readily.
- h. Understanding of the basic legal framework governing the local government sector.

6. EXPECTED OUTPUTS AND OUTCOMES

The overall expected outcomes of the MKLM are as follows;

- a. To have more realistic project cost planning during municipal budgeting process
- b. To significantly reduce service delivery backlogs.
- c. To have more control in terms of project cost management at municipal level
- d. To improve efficiency and value for money during implementation of municipal project
- e. To reduce a lengthy procurement duration by cutting down time on producing specifications and tender documents.
- f. To have a support unit at the departmental level that can assist the municipality on approval issues that forms a core centre of project implementation challenges.
- g. To enable the municipalities and sector departments to realize the increased spending on their allocations.

7. PSP's and related service providers

The MKLM hereby invites interested and suitable qualified PSP's and related service providers to provide support to the municipality for the following services:

Stage 3 – Registration to the Panel of Service Providers

Registration in the Panel of Service Providers ranked according to the rate and HDI (functionality will take pre-eminence where necessary).

The selection of Service Providers for inclusion on the MKLM Panel is solely at the discretion of the Municipality with strategic advice and input from other stakeholders. MKLM will base the selection of its Service Providers based mainly on the following consideration points amongst others:

- (a) Previously demonstrated relevant technical experience and competence in Engineering, infrastructure field programmes and project delivery;
- (b) Propensity and innovations in terms of capacity building on a municipal level with low capacity for skill absorption.

Applications will be scored according to the evaluation criteria as indicated below. Applicants that score less than 80% in respect of functionality will be regarded as submitting a non-responsive application and will be disqualified.

SPECIFICATION

1. INTRODUCTION

The Moses Kotane Local Municipality (MKLM) is classified as Category B4 Local Municipality which is mainly rural with communal tenure. Such a municipality is at most one or two small towns in their area. It is one of the five local municipalities constituting the Bojanala Platinum District Municipality classified as Category C1.

Moses Kotane Local Municipality is bordered by:

- Thabazimbi Local Municipality in the North, which is situated in Waterberg District Municipality of the Limpopo province,
- Madibeng Local Municipality in the east (Bojanala Platinum District Municipality, NW)
- Rustenburg Local Municipality (Bojanala Platinum District Municipality, NW) and
- Kgetlengvler Local Municipality in the south (Bojanala Platinum District Municipality, NW)

The Municipality covers an area of approximately 5220km² and is mostly rural in nature, comprising of 107 villages and 2 two formal towns of Mogwase and Madikwe. The N4 Corridor which is the east-west bound road connecting Rustenburg and Pretoria runs to the south of Moses Kotane local municipality. The R510 north-south bound road connects the Moses Kotane Local Municipality to North

2. PROBLEM STATEMENT

The MKLM undertook a diagnostic exercise during the 2020/21 financial year and identified a myriad of gaps impacting on provisioning of infrastructure and basic services to communities. This exercise culminated in the prioritisation of projects which are due to be implemented in the next three financial years through grant, sectorial and municipal funded mechanisms (e.g. MIG, DWS, RBIG, PIG) by the Municipality.

The following challenges have been identified;

a. Infrastructure Planning

- Inability to plan, develop and manage infrastructure projects;
- Outdated or non-existent sector plans

b. Infrastructure Asset Management

- Ageing infrastructure
- Poor Infrastructure Asset Management

MOSES KOTANE LOCAL MUNICIPALITY

TENDER NUMBER 013/MKLM/2024/2025

SPECIFICATION

- Poor rate of cost recovery for infrastructure services
 - High water and electricity losses due to illegal connections, dilapidated infrastructure, poor distribution systems, lack of demand management systems etc
 - Lack of capacity, systems and procedures to operate and maintain infrastructure
- c. *Bulk Infrastructure Provision*
- Insufficient water resources to serve all communities
 - Inadequate bulk infrastructure, with most treatment works not functioning optimally
- d. *Access to Basic Services*
- High backlogs in terms of access to water and sanitation.
 - Inadequate tracking of backlog eradication has meant that the backlog status is not known definitively.
- e. *Project & Contract Management*
- Lack of contract management capacity;
 - Inability to effectively plan for delivery of infrastructure projects;
 - Incapacity to manage the execution of projects to ensure highest quality of delivery, aligned with set standards, procedures and set outcomes;
- f. *Under-spending* on capital budgets and overspending on operational budgets as well as inappropriate use of conditional infrastructure grants for purposes other than those intended.
- g. Appointment *of* related support services and suppliers without following due processes in terms of the Municipal Finance Management Act,
- From this exercise, the MKLM hereby responds accordingly by requesting the services of professional and related infrastructure service providers to offer technical support in engineering, and related services towards improving the management of their infrastructure development, operations & maintenance, and PM Unit.

SPECIFICATION

3. OBJECTIVES

This Terms of Reference (ToR) therefore seeks to outline the services required of suitable qualified Professional Services Providers (PSP's) as well as other related services to the MKLM Panel to provide support in Engineering and related services to the Moses Kotane Local Municipality for a period of 3 (three) years.

The Service Providers must have the **capacity** and **capabilities** to primarily deal with the challenges identified in the municipality, based on grant funded capital projects. The Service Providers should be able to propose solutions and execute them in a practical and hands-on manner. In addition to this, there should be a focus on building the internal capacity of the municipality as well as transferring knowledge and skills to appropriate municipal employees where possible.

The overall objective is therefore to support municipalities thus ensuring effective scoping and delivery of multiple infrastructure projects as set out within the Integrated Development Plans (IDP's) of the municipality. It will be the responsibility of the PSP to collect and collate the base information required to allow them to discharge their obligations in terms of the agreements to be entered into between the municipality and the PSP. In awarding these contracts, MKLM intends to enter into an individual specific contract or Service Level Agreement (SLA) with each successful Service Provider.

Important to note - PSP is defined as an Engineering Consultancy firm, as registered with CESA, SABTACO, ECSA (as applicable), who will provide services as defined in this Terms of Reference.

The decision on the number of consulting firms appointed will remain firmly with the Municipality, based on its needs.

Related Services Provider is defined as a supplier of a service or goods that facilitates the execution of the Infrastructure project and catagorised as a secondary or support service to the Project. This will include Surveyors; Geohydrologists, Geotechnologist, Environmentalists, Training academies, OHS Specialist

Providers for Related Services must have the applicable minimum qualifications and experience as per their related field of work.

SPECIFICATION

4.4 Capacity Building and Skills Transfer

- a. In undertaking the tasks above, capacity building of existing or identified municipal employees will be critical. Evidently the PSP must build capacity building initiatives into their proposals to bridge the skills gaps experienced by municipalities;
- b. The PSP is required to strengthen the overall capacity of the Infrastructure/Planning/Engineering/PMU's by timeously providing professional advice on matters regarding the projects in which they are involved in.

4.5 Procurement Processes

The PSP's should provide support, guidance and facilitation to enable the municipality to manage procurement processes carried out in the targeted municipality for the purpose of implementing approved projects, **as and when required to do so.**

Such procurement will be managed and implemented within the existing supply chain policies and mandate of the targeted municipality, provincial government, national government, relevant legislation and professional good practice guidelines.

- COMPETENCY REQUIREMENTS FROM PSP'S AND RELATED SERVICE PROVIDERS (INDIVIDUALS)

Engineering – Proof of Professional Registration as a Professional Engineer/Technologist with ECSA is a prerequisite for main members of the firm, with the following expertise:

- a. Must have a minimum of a Tertiary qualification (not less than a Degree) in Engineering from a recognized institution. Please note that the academic qualifications will undergo a verification check. A post graduate qualification will be an added advantage
- b. Must have a minimum of 6 years post-graduation experience including 3 years programme and project management experience, with at least 3 years' experience in South African local government environment and infrastructure development projects.
- c. Ability to interact with respective stakeholders (especially executive management) in all three spheres of government.
- d. Must have excellent problem solving and mediation skills.

- e. Must have excellent communication and negotiating skills
- f. Ability to absorb complex information and assess the requirements readily.
- g. Understanding of the basic legal framework governing the local government sector.

- EXPECTED OUTPUTS AND OUTCOMES

The overall expected outcomes of the MKLM are as follows;

- a. To have more realistic project cost planning during municipal budgeting process
- b. To significantly reduce service delivery backlogs.
- c. To have more control in terms of project cost management at municipal level
- d. To improve efficiency and value for money during implementation of municipal project
- e. To reduce a lengthy procurement duration by cutting down time on producing specifications and tender documents.
- f. To have a support unit at the departmental level that can assist the municipality on approval issues that forms a core center of project implementation challenges.
- g. To enable the municipalities and sector departments to realize the increased spending on their allocations.

- PSP'S AND RELATED SERVICE PROVIDERS

The MKLM hereby invites interested and suitable qualified PSP's and related service providers to provide support to the municipality for the following services:

FIRST STAGE: LEGAL COMPLIANCE EVALUATION

The Tenderer must comply with the submission of **ALL** of the following requirements to be regarded as responsive:

Submission of the following documents:

- Certified Copy of the Identity Document
- Tax pin/Tax clearance certificate
- Certified Copies of the original Qualifications – As per the require field of interest
- Certified Proof of Professional Registration as a Professional Engineer/Technologist (ECSA)
- Minimum 6 years' post qualification experience
- Adequately detailed CV's of key personnel.
- Company Profile indicating similar works performed in the past 3 years – With clear referral

SECOND STAGE: FUNCTIONALITY EVALUATION

The Tenderer that complies with **ALL** of the requirement on the first stage will be tested for functionality.

The criteria will be used to determine functionality and minimum points of 80 out of 100 points must be achieved to be regarded as responsive. All tenderers that meet the above requirements will then be evaluated against criteria as set in stage 3. All tenders that fail to achieve minimum of 80 points for functionality assessments will be regarded as non-responsive.

Stage 3 – Registration to the Panel of Service Providers

Registration in the Panel of Service Providers ranked according to the rate and HDI (functionality will take pre-eminence where necessary).

The selection of Service Providers for inclusion on the MKLM Panel is solely at the discretion of the Municipality with strategic advice and input from other stakeholders. MKLM will base the selection of its Service Providers based mainly on the following consideration points amongst others:

- Previously demonstrated relevant technical experience and competence in Engineering, infrastructure field programmes and project delivery;
- Propensity and innovations in terms of capacity building on a municipal level with low capacity for skill absorption.

Applications will be scored according to the evaluation criteria as indicated below. Applicants that score less than 80% in respect of functionality will be regarded as submitting a non-responsive application and will be disqualified.

4.3.2 Fee Range for Project Categories

The fee expressed as a percentage of the **cost of the works** will differ for different types of work due to different amounts of effort and engineering input required of the same **cost of the works**. For some types of projects the input can be high relative to the **cost of the works** while for other project types the input and corresponding percentage can be lower. The fees for a specific type of work can also vary considerably depending on the amount of effort required for a particular project relative to other projects of a similar type. However, an appropriate fee for full consultancy services, as set out in Section 3.2 above, should generally lie within the range shown below with the middle of the range representing the norm.

It is convenient to express the guideline professional fee in relation to a fixed works cost to establish a common reference point and to subsequently adjust this fee depending on the **cost of the works**. The Table below shows the typical range of fees appropriate for different categories of **works** with a works cost of R10 million, expressed as a percentage of the **cost of the works**. The table must be read in conjunction with Fig 4-1 in Clause 4.3.4.

3. OBJECTIVES

This Terms of Reference (ToR) therefore seeks to outline the services required of suitable qualified Professional Services Providers (PSP's) as well as other related services to the MKLM Panel to provide support in Engineering and related services to the Moses Kotane Local Municipality for a period of 3 (three) years.

The Service Providers must have the **capacity** and **capabilities** to primarily deal with the challenges identified in the municipality, based on grant funded capital projects. The Service Providers should be able to propose solutions and execute them in a practical and hands-on manner. In addition to this, there should be a focus on building the internal capacity of the municipality as well as transferring knowledge and skills to appropriate municipal employees where possible.

The overall objective is therefore to support municipalities thus ensuring effective scoping and delivery of multiple infrastructure projects as set out within the Integrated Development Plans (IDP's) of the municipality. It will be the responsibility of the PSP to collect and collate the base information required to allow them to discharge their obligations in terms of the agreements to be entered into between the municipality and the PSP. In awarding these contracts, MKLM intends to enter into an individual specific contract or Service Level Agreement (SLA) with each successful Service Provider.

Important to note - PSP is defined as an Engineering Consultancy firm, as registered with CESA, SABTACO, ECSA (as applicable), who will provide services as defined in this Terms of Reference.

The decision on the number of consulting firms appointed will remain firmly with the Municipality, based on its needs.

Related Services Provider is defined as a supplier of a service or goods that facilitates the execution of the Infrastructure project and categorised as a secondary or support service to the Project. This will include Surveyors; Geohydrologists, Geotechnologist, Environmentalists, Training academies, OHS Specialist

Providers for Related Services must have the applicable minimum qualifications and experience as per their related field of work.

monitoring and evaluation phases, and be able to give feedback to project stakeholders.

- e. Must have excellent problem solving and mediation skills.
- f. Must have excellent communication and negotiating skills
- g) Ability to absorb complex information and assess the requirements readily.
- h. Understanding of the basic legal framework governing the local government sector.

6 EXPECTED OUTPUTS AND OUTCOMES

The overall expected outcomes of the MKLM are as follows;

- a. To have more realistic project cost planning during municipal budgeting process
- b. To significantly reduce service delivery backlogs.
- c. To have more control in terms of project cost management at municipal level
- d. To improve efficiency and value for money during implementation of municipal project
- e. To reduce a lengthy procurement duration by cutting down time on producing specifications and tender documents.
- f. To have a support unit at the departmental level that can assist the municipality on approval issues that forms a core center of project implementation challenges.
- g. To enable the municipalities and sector departments to realize the increased spending on their allocations.

7 PSP'S AND RELATED SERVICE PROVIDERS

The MKLM hereby invites interested and suitable qualified PSP's and related service providers to provide support to the municipality for the following services:

Second Stage: Functionality Evaluation

The Tenderer that complies with **ALL** of the requirement on the first stage will be tested for functionality.

The criteria will be used to determine functionality and minimum points of 70 out of 100 points must be achieved to be regarded as responsive. All tenderers that meet the above requirements will then be evaluated against criteria as set in stage 3. All tenders that fail to achieve minimum of 70 points for functionality assessments will be regarded as non-responsive.

Non-responsive ← No Yes → Proceed to Stage 3

Stage 3 – Registration to the Panel of Service Providers

Registration in the Panel of Service Providers ranked according to the rate and HDI (functionality will take pre-eminence where necessary).

The selection of Service Providers for inclusion on the MKLM Panel is solely at the discretion of the Municipality with strategic advice and input from other stakeholders. MKLM will base the selection of its Service Providers based mainly on the following consideration points amongst others:

- Previously demonstrated relevant technical experience and competence in Engineering, infrastructure field programmes and project delivery;
- Propensity and innovations in terms of capacity building on a municipal level with low capacity for skill absorption.

Important to note Fee category N projects are not appropriate to determine fees based on the cost of the works and fees will be based on value delivered or time and cost as agreed between the client and consulting engineer.

4.3.2 Fee Range for Project Categories

The fee expressed as a percentage of the **cost of the works** will differ for different types of work due to different amounts of effort and engineering input required of the same **cost of the works**. For some types of projects the input can be high relative to the **cost of the works** while for other project types the input and corresponding percentage can be lower. The fees for a specific type of work can also vary considerably depending on the amount of effort required for a particular project relative to other projects of a similar type. However, an appropriate fee for full consultancy services, as set out in Section 3.2 above, should generally lie within the range shown below with the middle of the range representing the norm.

It is convenient to express the guideline professional fee in relation to a fixed works cost to establish a common reference point and to subsequently adjust this fee depending on the **cost of the works**. The Table below shows the typical range of fees appropriate for different categories of **works** with a works cost of R10 million, expressed as a percentage of the **cost of the works**. The table must be read in conjunction with Fig 4-1 in Clause 4.3.4.

TECHNICAL SPECIFICATIONS

1. INTRODUCTION

The Moses Kotane Local Municipality (MKLM) is classified as Category B4 Local Municipality which is mainly rural with communal tenure. Such a municipality is at most one or two small towns in their area. It is one of the five local municipalities constituting the Bojanala Platinum District Municipality classified as Category C1.

Moses Kotane Local Municipality is bordered by:

- Thabazimbi Local Municipality in the North, which is situated in Waterberg District Municipality of the Limpopo province,
- Madibeng Local Municipality in the east (Bojanala Platinum District Municipality, NW)
- Rustenburg Local Municipality (Bojanala Platinum District Municipality, NW) and
- Kgetlengvler Local Municipality in the south (Bojanala Platinum District Municipality, NW)

The Municipality covers an area of approximately 5220km² and is mostly rural in nature, comprising of 107 villages and 2 two formal towns of Mogwase and Madikwe. The N4 Corridor which is the east-west bound road connecting Rustenburg and Pretoria runs to the south of Moses Kotane local municipality. The R510 north-south bound road connects the Moses Kotane Local Municipality to North

2. PROBLEM STATEMENT

The MKLM undertook a diagnostic exercise during the 2020/21 financial year and identified a myriad of gaps impacting on provisioning of infrastructure and basic services to communities. This exercise culminated in the prioritisation of projects which are due to be implemented in the next three financial years through grant, sectorial and municipal funded mechanisms (eg. MIG, DWS, RBIG, PIG) by the Municipality.

The following challenges have been identified;

a. Infrastructure Planning

- Inability to plan, develop and manage infrastructure projects;
- Outdated or non-existent sector plans

b. Infrastructure Asset Management

- Ageing infrastructure

MOSES KOTANE LOCAL MUNICIPALITY

TENDER NUMBER 013/MKLM/2024/2025

SPECIFICATION

- Poor Infrastructure Asset Management
- Poor rate of cost recovery for infrastructure services
- High water and electricity losses due to illegal connections, dilapidated infrastructure, poor distribution systems, lack of demand management systems etc
- Lack of capacity, systems and procedures to operate and maintain infrastructure

c. Bulk Infrastructure Provision

- Insufficient water resources to serve all communities
- Inadequate bulk infrastructure, with most treatment works not functioning optimally

d. Access to Basic Services

- High backlogs in terms of access to water and sanitation.
- Inadequate tracking of backlog eradication has meant that the backlog status is not known definitively.

e. Project & Contract Management

- Lack of contract management capacity;
- Inability to effectively plan for delivery of infrastructure projects;
- Incapacity to manage the execution of projects to ensure highest quality of delivery, aligned with set standards, procedures and set outcomes;

f. Under-spending on capital budgets and overspending on operational budgets as well as inappropriate use of conditional infrastructure grants for purposes other than those intended.

g. Appointment of related support services and suppliers without following due processes in terms of the Municipal Finance Management Act,

- From this exercise, the MKLM hereby responds accordingly by requesting the services of professional and related infrastructure service providers to offer technical support in engineering, and related services towards improving the management of their infrastructure development, operations & maintenance, and PM Unit.

3. OBJECTIVES

This Terms of Reference (ToR) therefore seeks to outline the services required of suitable qualified Professional Services Providers (PSP's) as well as other related services to the MKLM Panel to provide support in Engineering and related services to the Moses Kotane Local Municipality for a period of 3 (three) years.

The Service Providers must have the **capacity** and **capabilities** to primarily deal with the challenges identified in the municipality, based on grant funded capital projects. The Service Providers should be able to propose solutions and execute them in a practical and hands-on manner. In addition to this, there should be a focus on building the internal capacity of the municipality as well as transferring knowledge and skills to appropriate municipal employees where possible.

The overall objective is therefore to support municipalities thus ensuring effective scoping and delivery of multiple infrastructure projects as set out within the Integrated Development Plans (IDP's) of the municipality. It will be the responsibility of the PSP to collect and collate the base information required to allow them to discharge their obligations in terms of the agreements to be entered into between the municipality and the PSP. In awarding these contracts, MKLM intends to enter into an individual specific contract or Service Level Agreement (SLA) with each successful Service Provider.

Important to note - PSP is defined as an Engineering Consultancy firm, as registered with CESA, SABTACO, ECSA (as applicable), who will provide services as defined in this Terms of Reference.

The decision on the number of consulting firms appointed will remain firmly with the Municipality, based on its needs.

Related Services Provider is defined as a supplier of a service or goods that facilitates the execution of the Infrastructure project and catagorised as a secondary or support service to the Project. This will include Surveyors; Geohydrologists, Geotechnologist, Environmentalists, Training academies, OHS Specialist

Providers for Related Services must have the applicable minimum qualifications and experience as per their related field of work.

- e. Must have excellent problem solving and mediation skills.
- f. Must have excellent communication and negotiating skills
- g. Ability to absorb complex information and assess the requirements readily.
- h. Understanding of the basic legal framework governing the local government sector.

6 EXPECTED OUTPUTS AND OUTCOMES

The overall expected outcomes of the MKLM are as follows;

- a. To have more realistic project cost planning during municipal budgeting process
- b. To significantly reduce service delivery backlogs.
- c. To have more control in terms of project cost management at municipal level
- d. To improve efficiency and value for money during implementation of municipal project
- e. To reduce a lengthy procurement duration by cutting down time on producing specifications and tender documents.
- f. To have a support unit at the departmental level that can assist the municipality on approval issues that forms a core center of project implementation challenges.
- g. To enable the municipalities and sector departments to realize the increased spending on their allocations.

7 PSP'S AND RELATED SERVICE PROVIDERS

The MKLM hereby invites interested and suitable qualified PSP's and related service providers to provide support to the municipality for the following services:

EVALUATION FLOW DIAGRAM - RESPONSIVENESS OF TENDER

FIRST STAGE: LEGAL COMPLIANCE EVALUATION

The Tenderer must comply with the submission of **ALL** of the following requirements to be regarded as responsive:

Submission of the following documents:

- Certified Copy of the Identity Document
- Tax pin/Tax clearance certificate
- Certified Copies of the original Qualifications – As per the require field of interest
- **Certified Proof of Professional Registration as a Professional Engineer/Technologist (ECSA)**
 - Minimum 6 years' post qualification experience
 - Adequately detailed CV's of key personnel.
 - Company Profile indicating similar works performed in the past 3 years – With clear referral
 - Completed supplier information form (Attached)
 - Completed and signed Terms of Reference.

Second Stage: Functionality Evaluation

The Tenderer that complies with **ALL** of the requirement on the first stage will be tested for functionality.

The criteria will be used to determine functionality and minimum points of 80 out of 100 points must be achieved to be regarded as responsive. All tenderers that meet the above requirements will then be evaluated against criteria as set in stage 3. All tenders that fail to achieve minimum of 80 points for functionality assessments will be regarded as non-responsive.

Non-responsive ← No Yes → Proceed to Stage 3

Stage 3 – Registration to the Panel of Service Providers

Registration in the Panel of Service Providers ranked according to the rate and HDI (functionality will take pre-eminence where necessary)

The selection of Service Providers for inclusion on the MKLM Panel is solely at the discretion of the Municipality with strategic advice and input from other stakeholders. MKLM will base the selection of its Service Providers based mainly on the following consideration points amongst others:

- Previously demonstrated relevant technical experience and competence in Engineering, infrastructure field programmes and project delivery;
- Propensity and innovations in terms of capacity building on a municipal level with low capacity for skill absorption.

Important to note - Fee category N projects are not appropriate to determine fees based on the cost of the works and fees will be based on value delivered or time and cost as agreed between the client and consulting engineer.

4.3.2 Fee Range for Project Categories

The fee expressed as a percentage of the **cost of the works** will differ for different types of work due to different amounts of effort and engineering input required of the same **cost of the works**. For some types of projects the input can be high relative to the **cost of the works** while for other project types the input and corresponding percentage can be lower. The fees for a specific type of work can also vary considerably depending on the amount of effort required for a particular project relative to other projects of a similar type. However, an appropriate fee for full consultancy services, as set out in Section 3.2 above, should generally lie within the range shown below with the middle of the range representing the norm.

It is convenient to express the guideline professional fee in relation to a fixed works cost to establish a common reference point and to subsequently adjust this fee depending on the **cost of the works**. The Table below shows the typical range of fees appropriate for different categories of **works** with a works cost of R10 million, expressed as a percentage of the **cost of the works**. The table must be read in conjunction with Fig 4-1 in Clause 4.3.4.

SPECIFICATION

1. INTRODUCTION

The Moses Kotane Local Municipality (MKLM) is classified as Category B4 Local Municipality which is mainly rural with communal tenure. Such a municipality is at most one or two small towns in their area. It is one of the five local municipalities constituting the Bojanala Platinum District Municipality classified as Category C1.

Moses Kotane Local Municipality is bordered by:

- Thabazimbi Local Municipality in the North, which is situated in Waterberg District Municipality of the Limpopo province,
- Madibeng Local Municipality in the east (Bojanala Platinum District Municipality, NW)
- Rustenburg Local Municipality (Bojanala Platinum District Municipality, NW) and
- Kgetlengvler Local Municipality in the south (Bojanala Platinum District Municipality, NW)

The Municipality covers an area of approximately 5220km² and is mostly rural in nature, comprising of 107 villages and 2 two formal towns of Mogwase and Madikwe. The N4 Corridor which is the east-west bound road connecting Rustenburg and Pretoria runs to the south of Moses Kotane local municipality. The R510 north-south bound road connects the Moses Kotane Local Municipality to North

2. PROBLEM STATEMENT

The MKLM undertook a diagnostic exercise during the 2020/21 financial year and identified a myriad of gaps impacting on provisioning of infrastructure and basic services to communities. This exercise culminated in the prioritisation of projects which are due to be implemented in the next three financial years through grant, sectorial and municipal funded mechanisms (eg. MIG, DWS, RBIG, PIG) by the Municipality.

The following challenges have been identified;

a. Infrastructure Planning

- Inability to plan, develop and manage infrastructure projects;
- Outdated or non-existent sector plans

b. Infrastructure Asset Management

- Ageing infrastructure
- Poor Infrastructure Asset Management

SPECIFICATION

- Poor rate of cost recovery for infrastructure services
- High water and electricity losses due to illegal connections, dilapidated infrastructure, poor distribution systems, lack of demand management systems etc
- Lack of capacity, systems and procedures to operate and maintain infrastructure
- c. *Access to Basic Services*
 - Maintenance of Municipal Landfills
- d. *Project & Contract Management*
 - Lack of contract management capacity;
 - Inability to effectively plan for delivery of infrastructure projects;
 - Incapacity to manage the execution of projects to ensure highest quality of delivery, aligned with set standards, procedures and set outcomes;
- e. *Under-spending on capital budgets and overspending on operational budgets as well as inappropriate use of conditional infrastructure grants for purposes other than those intended.*
- f. *Appointment of related support services and suppliers without following due processes in terms of the Municipal Finance Management Act,*

From this exercise, the MKLM hereby responds accordingly by requesting the services of professional and related infrastructure service providers to offer technical support in engineering, and related services towards improving the management of their infrastructure development, operations & maintenance, and PM Unit.

3. OBJECTIVES

This Terms of Reference (ToR) therefore seeks to outline the services required of suitable qualified Professional Services Providers (PSP's) as well as other related services to the MKLM Panel to provide support in Engineering and related services to the Moses Kotane Local Municipality for a period of 3 (three) years.

The Service Providers must have the **capacity** and **capabilities** to primarily deal with the challenges identified in the municipality, based on grant funded capital projects. The Service Providers should be able to propose solutions and execute them in a practical and hands-on manner. In addition to this, there should be a focus on

building the internal capacity of the municipality as well as transferring knowledge and skills to appropriate municipal employees where possible.

The overall objective is therefore to support municipalities thus ensuring effective scoping and delivery of multiple infrastructure projects as set out within the Integrated Development Plans (IDP's) of the municipality. It will be the responsibility of the PSP to collect and collate the base information required to allow them to discharge their obligations in terms of the agreements to be entered into between the municipality and the PSP. In awarding these contracts, MKLM intends to enter into an individual specific contract or Service Level Agreement (SLA) with each successful Service Provider.

Important to note - PSP is defined as an Engineering Consultancy firm, as registered with CESA, SABTACO, ECSA (as applicable), who will provide services as defined in this Terms of Reference.

The decision on the number of consulting firms appointed will remain firmly with the Municipality, based on its needs.

Related Services Provider is defined as a supplier of a service or goods that facilitates the execution of the Infrastructure project and catagorised as a secondary or support service to the Project. This will include Surveyors; Geohydrologists, Geotechnologist, Environmentalists, Training academies, OHS Specialist

Providers for Related Services must have the applicable minimum qualifications and experience as per their related field of work.

8. SELECTION OF PSP'S AND RELATED SERVICE PROVIDERS

Evaluation Flow Diagram - Responsiveness of Tender

Second Stage: Functionality Evaluation
The Tenderer that complies with ALL of the requirement on the first stage will be tested for functionality.
The criteria will be used to determine functionality and minimum points of 80 out of 100 points must be achieved to be regarded as responsive. All tenderers that meet the above requirements will then be evaluated against

criteria as set in stage 3. All tenders that fail to achieve minimum of 80 points for functionality assessments will be regarded as non-responsive.

Stage 3 – Registration to the Panel of Service Providers

Registration in the Panel of Service Providers ranked according to the rate and HDI (functionality will take pre-eminence where necessary).

The selection of Service Providers for inclusion on the MKLM Panel is solely at the discretion of the Municipality with strategic advice and input from other stakeholders. MKLM will base the selection of its Service Providers based mainly on the following consideration points amongst others:

- Previously demonstrated relevant technical experience and competence in Engineering, infrastructure field programmes and project delivery;
- Propensity and innovations in terms of capacity building on a municipal level with low capacity for skill absorption.

Applications will be scored according to the evaluation criteria as indicated below. Applicants that score less than 80% in respect of functionality will be regarded as submitting a non-responsive application and will be disqualified.

The applicants need to score minimum of targeted 80 points to be considered for placement on MKLM Panel

9. REPORTING

It will be required from successful PSP's and related Service Providers to submit monthly reports in accordance to MKLM reporting framework which will be made available after appointment.

4.3.2 Fee Range for Project Categories

The fee expressed as a percentage of the **cost of the works** will differ for different types of work due to different amounts of effort and engineering input required of the same **cost of the works**. For some types of projects the input can be high relative to the **cost of the works** while for other project types the input and corresponding percentage can be lower. The fees for a specific type of work can also vary considerably depending on the amount of effort required for a particular project relative to other projects of a similar type. However, an appropriate fee for full consultancy services, as set out in Section 3.2 above, should generally lie within the range shown below with the middle of the range representing the norm.

It is convenient to express the guideline professional fee in relation to a fixed works cost to establish a common reference point and to subsequently adjust this fee depending on the **cost of the works**. The Table below shows the typical range of fees appropriate for different categories of **works** with a works cost of R10 million, expressed as a percentage of the **cost of the works**. TENDER NUMBER 013/MKLM/2024/2025

.3..1 INTRODUCTION

The Moses Kotane Local Municipality (MKLM) is classified as Category B4 Local Municipality which is mainly rural with communal tenure. Such a municipality is at most one or two small towns in their area. It is one of the five local municipalities constituting the Bojanala Platinum District Municipality classified as Category C1.

Moses Kotane Local Municipality is bordered by:

- Thabazimbi Local Municipality in the North, which is situated in Waterberg District Municipality of the Limpopo province,
- Madibeng Local Municipality in the east (Bojanala Platinum District Municipality, NW)
- Rustenburg Local Municipality (Bojanala Platinum District Municipality, NW) and
- Kgetlengvler Local Municipality in the south (Bojanala Platinum District Municipality, NW)

The Municipality covers an area of approximately 5220km² and is mostly rural in nature, comprising of 107 villages and 2 two formal towns of Mogwase and Madikwe. The N4 Corridor which is the east-west bound road connecting Rustenburg and Pretoria runs to the south of Moses Kotane local municipality. The R510 north-south bound road connects the Moses Kotane Local Municipality to North

.3..2 PROBLEM STATEMENT

The MKLM undertook a diagnostic exercise during the 2020/21 financial year and identified a myriad of gaps impacting on provisioning of infrastructure and basic services to communities. This exercise culminated in the prioritisation of projects which are due to be implemented in the next three financial years through grant, sectorial and municipal funded mechanisms (eg. MIG, DWS, RBIG, PIG) by the Municipality.

The following challenges have been identified;

a. Infrastructure Planning

- Inability to plan, develop and manage infrastructure projects;
- Outdated or non-existent sector plans

b. Infrastructure Asset Management

MOSES KOTANE LOCAL MUNICIPALITY

TENDER NUMBER 013/MKLM/2024/2025

SPECIFICATION

- Ageing infrastructure
 - Poor Infrastructure Asset Management
 - Poor rate of cost recovery for infrastructure services
 - High water and electricity losses due to illegal connections, dilapidated infrastructure, poor distribution systems, lack of demand management systems etc
 - Lack of capacity, systems and procedures to operate and maintain infrastructure
 - *Project & Contract Management*
 - Lack of contract management capacity;
 - Inability to effectively plan for delivery of infrastructure projects;
 - Incapacity to manage the execution of projects to ensure highest quality of delivery, aligned with set standards, procedures and set outcomes;
- d. Under-spending on capital budgets and overspending on operational budgets as well as inappropriate use of conditional infrastructure grants for purposes other than those intended.
- e. Appointment of related support services and suppliers without following due processes in terms of the Municipal Finance Management Act,
- From this exercise, the MKLM hereby responds accordingly by requesting the services of professional and related infrastructure service providers to offer technical support in engineering, and related services towards improving the management of their infrastructure development, operations & maintenance, and PM Unit.

.3..3 OBJECTIVES

This Terms of Reference (ToR) therefore seeks to outline the services required of suitable qualified Professional Services Providers (PSP's) as well as other related services to the MKLM Panel to provide support in Engineering and related services to the Moses Kotane Local Municipality for a period of 3 (three) years.

The Service Providers must have the **capacity** and **capabilities** to primarily deal with the challenges identified in the municipality, based on grant funded capital projects. The Service Providers should be able to propose solutions and execute them in a practical and hands-on manner. In addition to this,

MOSES KOTANE LOCAL MUNICIPALITY

TENDER NUMBER 013/MKLM/2024/2025

SPECIFICATION

there should be a focus on building the internal capacity of the municipality as well as transferring knowledge and skills to appropriate municipal employees where possible.

The overall objective is therefore to support municipalities thus ensuring effective scoping and delivery of multiple infrastructure projects as set out within the Integrated Development Plans (IDP's) of the municipality. It will be the responsibility of the PSP to collect and collate the base information required to allow them to discharge their obligations in terms of the agreements to be entered into between the municipality and the PSP. In awarding these contracts, MKLM intends to enter into an individual specific contract or Service Level Agreement (SLA) with each successful Service Provider.

- **Important to note - PSP is defined as an Engineering Consultancy firm, as registered with CESA, SABTACO, ECSA (as applicable), who will provide services as defined in this Terms of Reference.**
- **The decision on the number of consulting firms appointed will remain firmly with the Municipality, based on its needs.**
- **Related Services Provider is defined as a supplier of a service or goods that facilitates the execution of the Infrastructure project and catagorised as a secondary or support service to the Project. This will include Surveyors; Geohydrologists, Geotechnologist, Environmentalists, Training academies, OHS Specialist**
- **Providers for Related Services must have the applicable minimum qualifications and experience as per their related field of work.**

MOSES KOTANE LOCAL MUNICIPALITY

TENDER NUMBER 013/MKLM/2024/2025

SPECIFICATION

- The intention hereof, is to appoint suitably vetted service providers who will facilitate the implementation of the Infrastructure projects by providing services and goods at discounted rates. This will ultimately assist the execution of the projects as Service Providers will be recommended for use with appointed Contractors.
- All services provided under the abovementioned list of ancillary service providers, must also submit the complete list of requirements (as applicable), in order to be considered for appointment.
- These Service providers must list all of the services offered, together with corresponding pricing or value proposition for each consecutive year. These will be considered based on the need, merit, pricing and applicability. Submission of your tender does not automatically imply that your services will be utilized on Infrastructure projects during this period. Your appointment under this section will be governed on needs as identified by the Municipality.
- All conditions as set out for the appointment of the Engineering Service Providers, will also apply for the support services as listed above (as applicable). Tenderers must indicate the applicable reference number on the cover sheet of the tender.

4.9. Engineering Services

The Engineering PSP will be expected to conduct the following: -

- a. Feasibility studies to estimate materials, time and labour costs
- b. Visit construction sites to monitor progress.
- c. Preparing tender and contract documents, including bills of quantities with the architect and/or the client;
- d. Preparation of project specifications;
- e. Undertaking costs analysis for repair and maintenance project work;
- f. Assisting in establishing the client's requirements and undertaking feasibility studies;
- g. Performing risk and value management and cost control;
- h. Preparing and analysing costings for tenders;
- i. Advising on procurement strategy;
- j. Identifying, analysing and developing responses to commercial risks;

- k. Providing advice on contractual claims;
- l. Analyzing outcomes and writing detailed progress reports;
- m. Valuing completed work and arranging payments;
- n. Preparations of As-Built drawings and issuing of O&M Manuals
- o. Prepare specifications for existing municipal building for maintenance/refurbishment work to be done on as and when required basis.

4.10. Capacity Building and Skills Transfer

- a. In undertaking the tasks above, capacity building of existing or identified municipal employees will be critical. Evidently the PSP must build capacity building initiatives into their proposals to bridge the skills gaps experienced by municipalities;
- b. The PSP is required to strengthen the overall capacity of the Infrastructure/Planning/Engineering/PMU's by timeously providing professional advice on matters regarding the projects in which they are involved in.

4.11. Procurement Processes

The PSP's should provide support, guidance and facilitation to enable the municipality to manage procurement processes carried out in the targeted municipality for the purpose of implementing approved projects, **as and when required to do so.**

- Such procurement will be managed and implemented within the existing supply chain policies and mandate of the targeted municipality, provincial government, national government, relevant legislation and professional good practice guidelines.

EVALUATION CRITERIA

1. EVALUATION CRITERIA AND METHODOLOGY

- 1.1 The evaluation criteria for the assessment of the proposals will be based on both qualitative and financial aspects of the proposal.
- 1.2 Service Providers will be evaluated on functionality. The bidders that score points which exceed the minimum threshold provided on functionality will further be evaluated on price and on specific goals provided in terms of the Preferential Procurement Policy Framework, Act 5 of 2000 and Regulations of 2022.
- 1.3 The proposal documents will be evaluated individually on score sheet, by a representative evaluation panel according to the evaluation criteria indicated in the Terms of Reference. All bidders who score less than 70 points for functionality will not be considered further. Service Providers will be invited to do a presentation on their proposals at their own cost.
- 1.4 The Bidders doing the presentation will be evaluated individually by the evaluation panel on the score sheet, using the same evaluation criteria.

2. EVALUATION OF BIDS BASED ON FUNCTIONALITY CRITERIA AS PER TENDER SUBMISSION

The bidder's tender submission will be assessed as follows-

- Points for each similar project completed successfully
- Key personnel, qualification and experience
- EPWP (labour intensive construction)
- Skills transfer to municipalities
- Financial capacity
- Overall maximum points are 100, minimum requirement points of 80 will be considered further evaluation.

3. SELECTION CRITERIA DEPENDING-
