Joint ventures are eligible to submit tenders provided that: <ol style="list-style-type: none">every member of the joint venture is registered with the CIDB;the lead partner has a contractor grading designation in the civil engineering class of construction work; andthe combined contractor grading designation calculated in accordance with the Construction Industry Development Regulations is equal to or higher than a contractor grading designation determined in accordance with the sum tendered for a civil engineering class of construction work.

PORT ST JOHNS LOCAL MUNICIPALITY
REHABILITATION OF MILITARY ROAD IN WARD 6
BID NO: PSJLM-ENG-2022/23 - 20

- F.2.1 The following tenderers who are registered with the CIDB, or are capable of being so registered prior to the evaluation of submissions, are eligible to submit tenders:
- a) contractors who have a contractor grading designation equal to or higher than a contractor grading designation determined in accordance with the sum tendered for a civil engineering class of construction work;

Joint ventures are eligible to submit tenders provided that:

- 1. every member of the joint venture is registered with the CIDB;
- 2. the lead partner has a contractor grading designation in the civil engineering class of construction work; and
- 3. the combined contractor grading designation calculated in accordance with the Construction Industry Development Regulations is equal to or higher than a contractor grading designation determined in accordance with the sum tendered for a civil engineering class of construction work.

- F.2.1 Only those tenderers who are registered with the CIDB, or are capable of being so prior to the evaluation of submissions, in a civil engineering class of construction work and are registered with the CIDB as having a track record, are eligible to submit tenders.

REHABILITATION OF MILITARY ROAD IN WARD 6
BID NO: PSJLM-ENG-2022/23 - 20

Annexure: Standard Conditions of Tender

CIDB Standard Conditions of Tender

development through partnership

Gazette No 38960 of 10 July 2015

(July 2015 edition)

F.1 General

F.1.1 Actions

F.1.1.1 The employer and each tenderer submitting a tender offer shall comply with these conditions of tender. In their dealings with each other, they shall discharge their duties and obligations as set out in F.2 and F.3, timeously and with integrity, and behave equitably, honestly and transparently, comply with all legal obligations and not engage in anticompetitive practices.

F.1.1.2 The employer and the tenderer and all their agents and employees involved in the tender process shall avoid conflicts of interest and where a conflict of interest is perceived or known, declare any such conflict of interest, indicating the nature of such conflict. Tenderers shall declare any potential conflict of interest in their tender submissions. Employees, agents and advisors of the employer shall declare any conflict of interest to whoever is responsible for overseeing the procurement process at the start of any deliberations relating to the procurement process or as soon as they become aware of such conflict, and abstain from any decisions where such conflict exists or recuse themselves from the procurement process, as appropriate.

- Note:*
- 1) *A conflict of interest may arise due to a conflict of roles which might provide an incentive for improper acts in some circumstances. A conflict of interest can create an appearance of impropriety that can undermine confidence in the ability of that person to act properly in his or her position even if no improper acts result.*
 - 2) *Conflicts of interest in respect of those engaged in the procurement process include direct, indirect or family interests in the tender or outcome of the procurement process and any personal bias, inclination, obligation, allegiance or loyalty which would in any way affect any decisions taken.*

F.1.1.3 The employer shall not seek and a tenderer shall not submit a tender without having a firm intention and the capacity to proceed with the contract.

F.1.2 Tender Documents

The documents issued by the employer for the purpose of a tender offer are listed in the Tender data.

F.1.3 Interpretation

F.1.3.1 The tender data and additional requirements contained in the tender schedules that are included in the returnable documents are deemed to be part of these conditions of tender.

F.1.3.2 These conditions of tender, the tender data and tender schedules which are only required for tender evaluation purposes, shall not form part of any contract arising from the invitation to tender.

F.1.3.3 For the purposes of these conditions of tender, the following definitions apply:

- a) **conflict of interest** means any situation in which:
 - i) someone in a position of trust has competing professional or personal interests which make it difficult to fulfil his or her duties impartially;
 - ii) an individual or organisation is in a position to exploit a professional or official capacity in some way for their personal or corporate benefit; or
 - iii) incompatibility or contradictory interests exist between an employee and the organisation which employs that employee.
- b) **comparative offer** means the price after the factors of a non-firm price and all unconditional discounts it can be utilised to have been taken into consideration;
- c) **corrupt practice** means the offering, giving, receiving or soliciting of anything of value to influence the action of the employer or his staff or agents in the tender process;

PORT ST JOHNS LOCAL MUNICIPALITY
REHABILITATION OF MILITARY ROAD IN WARD 6
BID NO: PSJLM-ENG-2022/23 - 20

- d) **fraudulent practice** means the misrepresentation of the facts in order to influence the tender process or the award of a contract arising from a tender offer to the detriment of the employer, including collusive practices intended to establish prices at artificial levels;
- e) **organization** means a company, firm, enterprise, association or other legal entity, whether incorporated or not, or a public body; and
- f) **functionality** means the measurement according to the predetermined norms of a service or commodity designed to be practical and useful, working or operating, taking into account quality, reliability, viability and durability of a service and technical capacity and ability of a tenderer.

F.1.4 Cancellation and Re-Invitation of Tenders

Each communication between the employer and a tenderer shall be to or from the employer's agent only, and in a form that can be readily read, copied and recorded. Communications shall be in the English language. The employer shall not take any responsibility for non-receipt of communications from or by a tenderer. The name and contact details of the employer's agent are stated in the tender data.

F.1.5 The employer's right to accept or reject any tender offer

F.1.5.1 An organ of state may, prior to the award of the tender, cancel a tender if:

- a) due to changed circumstances, there is no longer a need for the services, works or goods requested; or
- b) funds are no longer available to cover the total envisaged expenditure; or (c) no acceptable tenders are received.

F.1.5.2 The decision to cancel a tender must be published in the CIDB website and in the government Tender Bulletin for the media in which the original tender invitation was advertised.

F.1.6 Procurement procedures

F.1.6.1 General

Unless otherwise stated in the tender data, a contract will, subject to F.3.13, be concluded with the tenderer who in terms of F.3.11 is the highest ranked or the tenderer scoring the highest number of tender evaluation points, as relevant, based on the tender submissions that are received at the closing time for tenders.

F.1.6.2 Competitive negotiation procedure

F.1.6.2.1 Where the tender data require that the competitive negotiation procedure is to be followed, tenderers shall submit tender offers in response to the proposed contract in the first round of submissions. Notwithstanding the requirements of F.3.4, the employer shall announce only the names of the tenderers who make a submission. The requirements of F.3.8 relating to the material deviations or qualifications which affect the competitive position of tenderers shall not apply.

F.1.6.2.2 All responsive tenderers, or not less than three responsive tenderers that are highest ranked in terms of the evaluation method and evaluation criteria stated in the tender data, shall be invited in each round to enter into competitive negotiations, based on the principle of equal treatment and keeping confidential the proposed solutions and associated information. Notwithstanding the provisions of F.2.17, the employer may request that tenders be clarified, specified and fine-tuned in order to improve a tenderer's competitive position provided that such clarification, specification, fine-tuning or additional information does not alter any fundamental aspects of the offers or impose substantial new requirements which restrict or distort competition or have a discriminatory effect.

F.1.6.2.3 At the conclusion of each round of negotiations, tenderers shall be invited by the employer to make a fresh tender offer, based on the same evaluation criteria, with or without adjusted weightings. Tenderers shall be advised when they are to submit their best and final offer.

F.1.6.2.4 The contract shall be awarded in accordance with the provisions of F.3.11 and F.3.13 after tenderers have been requested to submit their best and final offer.

PORT ST JOHNS LOCAL MUNICIPALITY
REHABILITATION OF MILITARY ROAD IN WARD 6
BID NO: PSJLM-ENG-2022/23 - 20

F.1.6.3 Proposal procedure using the two stage-system

F.1.6.3.1 Option 1

Tenderers shall in the first stage submit technical proposals and, if required, cost parameters around which a contract may be negotiated. The employer shall evaluate each responsive submission in terms of the method of evaluation stated in the tender data, and in the second stage negotiate a contract with the tenderer scoring the highest number of evaluation points and award the contract in terms of these conditions of tender.

F.1.6.3.2 Option 2

F.1.6.3.2.1 Tenderers shall submit in the first stage only technical proposals. The employer shall invite all responsive tenderers to submit tender offers in the second stage, following the issuing of procurement documents.

F.1.6.3.2.2 The employer shall evaluate tenders received during the second stage in terms of the method of evaluation stated in the tender data, and award the contract in terms of these conditions of tender.

F.2 Tenderer's obligations

F.2.1 Eligibility

F.2.1.1 Submit a tender offer only if the tenderer satisfies the criteria stated in the tender data and the tenderer, or any of his principals, is not under any restriction to do business with employer.

F.2.1.2 Notify the employer of any proposed material change in the capabilities or formation of the tendering entity (or both) or any other criteria which formed part of the qualifying requirements used by the employer as the basis in a prior process to invite the tenderer to submit a tender offer and obtain the employer's written approval to do so prior to the closing time for tenders.

F.2.2 Cost of tendering

F.2.2.1 Accept that, unless otherwise stated in the tender data, the employer will not compensate the tenderer for any costs incurred in the preparation and submission of a tender offer, including the costs of any testing necessary to demonstrate that aspects of the offer comply with requirements.

F.2.2.2 The cost of the tender documents charged by the employer shall be limited to the actual cost incurred by the employer for printing the documents. Employers must attempt to make available the tender documents on its website so as not to incur any costs pertaining to the printing of the tender documents.

F.2.3 Check documents

Check the tender documents on receipt for completeness and notify the employer of any discrepancy or omission.

F.2.4 Confidentiality and copyright of documents

Treat as confidential all matters arising in connection with the tender. Use and copy the documents issued by the employer only for the purpose of preparing and submitting a tender offer in response to the invitation.

F.2.5 Reference documents

Obtain, as necessary for submitting a tender offer, copies of the latest versions of standards, specifications, conditions of contract and other publications, which are not attached but which are incorporated into the tender documents by reference.

F.2.6 Acknowledge addenda

Acknowledge receipt of addenda to the tender documents, which the employer may issue, and if necessary apply for an extension to the closing time stated in the tender data, in order to take the addenda into account.

F.2.7 Clarification meeting

Attend, where required, a clarification meeting at which tenderers may familiarize themselves with aspects of the proposed work, services or supply and raise questions. Details of the meeting(s) are stated in the tender data.

F.2.8 Seek clarification

Request clarification of the tender documents, if necessary, by notifying the employer at least five working days before the closing time stated in the tender data.

PORT ST JOHNS LOCAL MUNICIPALITY
REHABILITATION OF MILITARY ROAD IN WARD 6
BID NO: PSJLM-ENG-2022/23 - 20

F.2.9 Insurance

Be aware that the extent of insurance to be provided by the employer (if any) might not be for the full cover required in terms of the conditions of contract identified in the contract data. The tenderer is advised to seek qualified advice regarding insurance.

F.2.10 Pricing the tender offer

F.2.10.1 Include in the rates, prices, and the tendered total of the prices (if any) all duties, taxes (except Value Added Tax (VAT), and other levies payable by the successful tenderer, such duties, taxes and levies being those applicable 14 days before the closing time stated in the tender data.

F.2.10.2 Show VAT payable by the employer separately as an addition to the tendered total of the prices.

F.2.10.3 Provide rates and prices that are fixed for the duration of the contract and not subject to adjustment except as provided for in the conditions of contract identified in the contract data.

F.2.10.4 State the rates and prices in Rand unless instructed otherwise in the tender data. The conditions of contract identified in the contract data may provide for part payment in other currencies

F.2.11 Alterations to documents

Do not make any alterations or additions to the tender documents, except to comply with instructions issued by the employer, or necessary to correct errors made by the tenderer. All signatories to the tender offer shall initial all such alterations.

F.2.12 Alternative tender offers

F.2.12.1 Unless otherwise stated in the tender data, submit alternative tender offers only if a main tender offer, strictly in accordance with all the requirements of the tender documents, is also submitted as well as a schedule that compares the requirements of the tender documents with the alternative requirements that are proposed.

F.2.12.2 Accept that an alternative tender offer may be based only on the criteria stated in the tender data or criteria otherwise acceptable to the employer.

F.2.12.3 An alternative tender offer may only be considered in the event that the main tender offer is the winning tender.

F.2.13 Submitting a tender offer

F.2.13.1 Submit one tender offer only, either as a single tendering entity or as a member in a joint venture to provide the whole of the works, services or supply identified in the contract data and described in the scope of works, unless stated otherwise in the tender data.

F.2.13.2 Return all returnable documents to the employer after completing them in their entirety, either electronically (if they were issued in electronic format) or by writing legibly in non-erasable ink.

F.2.13.3 Submit the parts of the tender offer communicated on paper as an original plus the number of copies stated in the tender data, with an English translation of any documentation in a language other than English, and the parts communicated electronically in the same format as they were issued by the employer.

F.2.13.4 Sign the original and all copies of the tender offer where required in terms of the tender data. The employer will hold all authorized signatories liable on behalf of the tenderer. Signatories for tenderers proposing to contract as joint ventures shall state which of the signatories is the lead partner whom the employer shall hold liable for the purpose of the tender offer.

F.2.13.5 Seal the original and each copy of the tender offer as separate packages marking the packages as "ORIGINAL" and "COPY". Each package shall state on the outside the employer's address and identification details stated in the tender data, as well as the tenderer's name and contact address.

F.2.13.6 Where a two-envelope system is required in terms of the tender data, place and seal the returnable documents listed in the tender data in an envelope marked "financial proposal" and place the remaining returnable documents in an envelope marked "technical proposal". Each envelope shall state on the outside the employer's address and identification details stated in the tender data, as well as the tenderer's name and contact address.

F.2.13.7 Seal the original tender offer and copy packages together in an outer package that states on the outside only the employer's address and identification details as stated in the tender data.

F.2.13.8 Accept that the employer will not assume any responsibility for the misplacement or premature opening

PORT ST JOHNS LOCAL MUNICIPALITY
REHABILITATION OF MILITARY ROAD IN WARD 6
BID NO: PSJLM-ENG-2022/23 - 20

of the tender offer if the outer package is not sealed and marked as stated.

F.2.13.9 Accept that tender offers submitted by facsimile or e-mail will be rejected by the employer, unless stated otherwise in the tender data.

F.2.14 Information and data to be completed in all respects

Accept that tender offers, which do not provide all the data or information requested completely and in the form required, may be regarded by the employer as non-responsive.

F.2.15 Closing time

F.2.15.1 Ensure that the employer receives the tender offer at the address specified in the tender data not later than the closing time stated in the tender data. Accept that proof of posting shall not be accepted as proof of delivery.

F.2.15.2 Accept that, if the employer extends the closing time stated in the tender data for any reason, the requirements of these conditions of tender apply equally to the extended deadline.

F.2.16 Tender offer validity

F.2.16.1 Hold the tender offer(s) valid for acceptance by the employer at any time during the validity period stated in the tender data after the closing time stated in the tender data.

F.2.16.2 If requested by the employer, consider extending the validity period stated in the tender data for an agreed additional period with or without any conditions attached to such extension.

F.2.16.3 Accept that a tender submission that has been submitted to the employer may only be withdrawn or substituted by giving the employer's agent written notice before the closing time for tenders that a tender is to be withdrawn or substituted.

F.2.16.4 Where a tender submission is to be substituted, submit a substitute tender in accordance with the requirements of F.2.13 with the packages clearly marked as "SUBSTITUTE".

F.2.17 Clarification of tender offer after submission

Provide clarification of a tender offer in response to a request to do so from the employer during the evaluation of tender offers. This may include providing a breakdown of rates or prices and correction of arithmetical errors by the adjustment of certain rates or item prices (or both). No change in the competitive position of tenderers or substance of the tender offer is sought, offered, or permitted.

Note: *Sub-clause F.2.17 does not preclude the negotiation of the final terms of the contract with a preferred tenderer following a competitive selection process, should the Employer elect to do so.*

F.2.18 Provide other material

F.2.18.1 Provide, on request by the employer, any other material that has a bearing on the tender offer, the tenderer's commercial position (including notarized joint venture agreements), preferencing arrangements, or samples of materials, considered necessary by the employer for the purpose of a full and fair risk assessment. Should the tenderer not provide the material, or a satisfactory reason as to why it cannot be provided, by the time for submission stated in the employer's request, the employer may regard the tender offer as non-responsive.

F.2.18.2 Dispose of samples of materials provided for evaluation by the employer, where required.

F.2.19 Inspections, tests and analysis

Provide access during working hours to premises for inspections, tests and analysis as provided for in the tender data.

F.2.20 Submit securities, bonds, policies

If requested, submit for the employer's acceptance before formation of the contract, all securities, bonds, guarantees, policies and certificates of insurance required in terms of the conditions of contract identified in the contract data.

F.2.21 Check final draft

Check the final draft of the contract provided by the employer within the time available for the employer to issue the contract.

F.2.22 Return of other tender documents

If so instructed by the employer, return all retained tender documents within 28 days after the expiry of the validity period stated in the tender data.

F.2.23 Certificates

Include in the tender submission or provide the employer with any certificates as stated in the tender data.

F.3 The employer's undertakings

F.3.1 Respond to requests from the tenderer

F.3.1.1 Unless otherwise stated in the tender Data, respond to a request for clarification received up to five working days before the tender closing time stated in the Tender Data and notify all tenderers who drew procurement documents.

F.3.1.2 Consider any request to make a material change in the capabilities or formation of the tendering entity (or both) or any other criteria which formed part of the qualifying requirements used to prequalify a tenderer to submit a tender offer in terms of a previous procurement process and deny any such request if as a consequence:

- a) an individual firm, or a joint venture as a whole, or any individual member of the joint venture fails to meet any of the collective or individual qualifying requirements;
- b) the new partners to a joint venture were not prequalified in the first instance, either as individual firms or as another joint venture; or
- c) in the opinion of the Employer, acceptance of the material change would compromise the outcome of the prequalification process.

F.3.2 Issue Addenda

If necessary, issue addenda that may amend or amplify the tender documents to each tenderer during the period from the date that tender documents are available until three days before the tender closing time stated in the Tender Data. If, as a result a tenderer applies for an extension to the closing time stated in the Tender Data, the Employer may grant such extension and, shall then notify all tenderers who drew documents.

F.3.3 Return late tender offers

Time: 11H00

Location Port St Johns Local Municipality offices Erf 257 Main Road, Port St. John's

Tenders will be opened immediately after the closing time for tenderes

F.3.4 Opening of tender submissions

F.3.4.1 Unless the two-envelope system is to be followed, open valid tender submissions in the presence of tenderers' agents who choose to attend at the time and place stated in the tender data. Tender submissions for which acceptable reasons for withdrawal have been submitted will not be opened.

F.3.4.2 Announce at the meeting held immediately after the opening of tender submissions, at a venue indicated in the tender data, the name of each tenderer whose tender offer is opened and, where applicable, the total of his prices, number of points claimed for its BBBEE status level and time for completion for the main tender offer only.

F.3.4.3 Make available the record outlined in F.3.4.2 to all interested persons upon request.

F.3.5 Two-envelope system

F.3.5.1 Where stated in the tender data that a two-envelope system is to be followed, open only the technical proposal of valid tenders in the presence of tenderers' agents who choose to attend at the time and place stated in the tender data and announce the name of each tenderer whose technical proposal is opened.

F.3.5.2 Evaluate functionality of the technical proposals offered by tenderers, then advise tenderers who remain

PORT ST JOHNS LOCAL MUNICIPALITY
REHABILITATION OF MILITARY ROAD IN WARD 6
BID NO: PSJLM-ENG-2022/23 - 20

in contention for the award of the contract of the time and place when the financial proposals will be opened. Open only the financial proposals of tenderers, who score in the functionality evaluation more than the minimum number of points for functionality stated in the tender data, and announce the score obtained for the technical proposals and the total price and any points claimed on BBBEE status level. Return unopened financial proposals to tenderers whose

technical proposals failed to achieve the minimum number of points for functionality.

F.3.6 Non-disclosure

Not disclose to tenderers, or to any other person not officially concerned with such processes, information relating to the evaluation and comparison of tender offers, the final evaluation price and recommendations for the award of a contract, until after the award of the contract to the successful tenderer.

F.3.7 Grounds for rejection and disqualification

Determine whether there has been any effort by a tenderer to influence the processing of tender offers and instantly disqualify a tenderer (and his tender offer) if it is established that he engaged in corrupt or fraudulent practices.

F.3.8 Test for responsiveness

F.3.8.1 Determine, after opening and before detailed evaluation, whether each tender offer properly received:

- a) complies with the requirements of these Conditions of Tender,
- b) has been properly and fully completed and signed, and
- c) is responsive to the other requirements of the tender documents.

F.3.8.2 A responsive tender is one that conforms to all the terms, conditions, and specifications of the tender documents without material deviation or qualification. A material deviation or qualification is one which, in the Employer's opinion, would:

- a) detrimentally affect the scope, quality, or performance of the works, services or supply identified in the Scope of Work,
- b) significantly change the Employer's or the tenderer's risks and responsibilities under the contract, or
- c) affect the competitive position of other tenderers presenting responsive tenders, if it were to be rectified

Only bidders who score **70%** or more on stage 2 will be evaluated further and therefore eligible for award.
The maximum score for functionality shall be 100, distributed as follows:

21.1 The successful bidder will be informed in writing that its bid has been accepted (notification of award).

22 SIGNATURE OF CONTRACT (S)

22.1 Within 7 days of receipt of the contract already signed by the Contracting Authority, the selected bidder shall sign and date the contract and return it to the Contracting Authority.

22.2 Failure of the selected bidder to comply with this requirement may constitute grounds for the annulment of the decision to award the contract. In such a case, the Contracting Authority may award the bid to another bidder or cancel the bid procedure.

22.3 The other candidates will be informed that their bids were not accepted, by means of a standard letter.

23. CANCELLATION OF THE BIDS PROCEDURE

23.1 In the event of cancellation of the bid procedure, bidders will be notified of the cancellation by the Contracting Authority. If the bid procedure is cancelled before the envelopes of any bid has been opened, the unopened and sealed envelopes will be returned to the bidders unless there is no other means but to open the envelop to get the address.

24. CANCELATION MAY OCCUR WHEN:

24.1 The bid procedure has been unsuccessful, i.e., no qualitatively or financially worthwhile bid has been received or there is no response at all;

24.2 The economic or technical data of the project have been fundamentally altered.

24.3 In no event shall the Contracting Authority be liable for any damages whatsoever including, without limitation, damages for loss of profits, in any way connected with the cancellation of a bid even if the Contracting Authority has been advised of the possibility of damages.

The tender will be adjudicated on the basis of the Preferential Procurement Policy Framework Act (Act No.5, 2000), and the regulations pertaining thereto (2017), as well as the **Port St Johns Local Municipality's** Supply Chain Management policy. **80/20** preference point system will be used as per the Port St Johns LM SCM policy.

PREFERENTIAL PROCUREMENT POLICY FRAMEWORK ACT (PPFA) POINTS WILL BE AWARDED AS FOLLOWS AS PER THE SUPPLY CHAIN MANAGEMENT POLICY

- | | |
|--|-----------|
| • Price | 80 Points |
| • B-BBEE Points Status Level Contributor | 20 Points |

NB: Calculation of Points for Price **(P_s)**

Reject a non-responsive tender offer, and not allow it to be subsequently made responsive by correction or withdrawal of the non-conforming deviation or reservation.

F.3.9 Arithmetical errors, omissions and discrepancies

F.3.9.1 Check the highest ranked tender or tenderer with the highest number of tender evaluation points after the evaluation of tender offers in accordance with F.3.11 for:

- a) the gross misplacement of the decimal point in any unit rate;
- b) omissions made in completing the pricing schedule or bills of quantities; or
- c) arithmetic errors in:
 - i) line item totals resulting from the product of a unit rate and a quantity in bills of quantities or schedules of prices; or
 - ii) the summation of the prices.

F.3.9.2 The employer must correct the arithmetical errors in the following manner:

- a) Where there is a discrepancy between the amounts in words and amounts in figures, the amount in words shall govern.
- b) If bills of quantities or pricing schedules apply and there is an error in the line item total resulting from the product of the unit rate and the quantity, the line item total shall govern and the rate shall be corrected. Where there is an obviously gross misplacement of the decimal point in the unit rate, the line item total as quoted shall govern, and the unit rate shall be corrected.
- c) Where there is an error in the total of the prices either as a result of other corrections required by this

PORT ST JOHNS LOCAL MUNICIPALITY
REHABILITATION OF MILITARY ROAD IN WARD 6
BID NO: PSJLM-ENG-2022/23 - 20

checking process or in the tenderer's addition of prices, the total of the prices shall govern and the tenderer will be asked to revise selected item prices (and their rates if bills of quantities apply) to achieve the tendered total of the prices.

Consider the rejection of a tender offer if the tenderer does not correct or accept the correction of the arithmetical error in the manner described above.

F.3.10 Clarification of a tender offer

Obtain clarification from a tenderer on any matter that could give rise to ambiguity in a contract arising from the tender offer.

F.3.11 Evaluation of tender offers

F.3.11.1 General

Appoint an evaluation panel of not less than three persons. Reduce each responsive tender offer to a comparative offer and evaluate them using the tender evaluation methods and associated evaluation criteria and weightings that are specified in the tender data.

F.3.11.2 Method 1: Price and Preference

In the case of a price and preference:

- a) Score tender evaluation points for price
- b) Score points for BBBEE contribution
- c) Add the points scored for price and BBBEE.

F.3.11.3 Methods 2: Functionality, Price and Preference

In the case of a functionality, price and preference:

- 1) Score functionality, rejecting all tender offers that fail to achieve the minimum number of points for functionality as stated in the Tender Data.
- 2) No tender must be regarded as an acceptable tender if it fails to achieve the minimum qualifying score for functionality as indicated in the tender invitation.
- 3) Tenders that have achieved the minimum qualification score for functionality must be evaluated further in terms of the preference points system prescribed in paragraphs 4 and 4 and 5 below.

80/20 system for requirements with a Rand value equal to or above R 30 000 and up to R 50 million (all applicable taxes included);

t be an independent structure from the bid committees

F.3.19.7 The information must be published on the employer's website.

F.3.19.8 Records of such disclosed information must be retained for audit purposes.

TAX CLEARANCE REQUIREMENTS

It is a condition of bid that the taxes of the successful bidder must be in order, or that satisfactory arrangements have been made with South African Revenue Service (SARS) to meet the bidder's tax obligations.

1. In order to meet this requirement bidders are required to complete in full the attached form TCC 001 "Application for a Tax Clearance Certificate" and submit it to any SARS branch office nationally. The Tax Clearance Certificate Requirements are also applicable to foreign bidders / individuals who wish to submit bids.
2. SARS will then furnish the bidder with a Tax Clearance Certificate that will be valid for a period of 1 (one) year from the date of approval.
3. The original Tax Clearance Certificate must be submitted together with the bid. Failure to submit the original and valid Tax Clearance Certificate will result in the invalidation of the bid. Certified copies of the Tax Clearance Certificate will not be acceptable.
4. In bids where Consortia / Joint Ventures / Sub-contractors are involved, each party must submit a separate Tax Clearance Certificate.
5. Copies of the TCC 001 "Application for a Tax Clearance Certificate" form are available from any SARS branch office nationally or on the website www.sars.gov.za.
6. Applications for the Tax Clearance Certificates may also be made via eFiling. In order to use this provision, taxpayers will need to register with SARS as eFilers through the website www.sars.gov.za.

MBD 6.2

DECLARATION CERTIFICATE FOR LOCAL PRODUCTION AND CONTENT

This Municipal Bidding Document (MBD) must form part of all bids invited. It contains general information and serves as a declaration form for local content (local production and local content are used interchangeably).

Before completing this declaration, bidders must study the General Conditions, Definitions, Directives applicable in respect of Local Content as prescribed in the Preferential Procurement Regulations, 2011 and the South African Bureau of Standards (SABS) approved technical specification number SATS 1286:201x.

1. General Conditions

- 1.1. Preferential Procurement Regulations, 2011 (Regulation 9.(1) and 9.(3) make provision for the promotion of local production and content.
- 1.2. Regulation 9.(1) prescribes that in the case of designated sectors, where in the award of bids local production and content is of critical importance, such bids must be advertised with the specific bidding condition that only locally produced goods, services or works or locally manufactured goods, with a stipulated minimum threshold for local production and content will be considered.
- 1.3. Regulation 9.(3) prescribes that where there is no designated sector, a specific bidding condition may be included, that only locally produced services, works or goods or locally manufactured goods with a stipulated minimum threshold for local production and content, will be considered.
- 1.4. Where necessary, for bids referred to in paragraphs 1.2 and 1.3 above, a two stage bidding process may be followed, where the first stage involves a minimum threshold for local production and content and the second stage price and B-BBEE.
- 1.5. A person awarded a contract in relation to a designated sector, may not sub-contract in such a manner that the local production and content of the overall value of the contract is reduced to below the stipulated minimum threshold.
- 1.6. The local content (LC) as a percentage of the bid price must be calculated in accordance with the SABS approved technical specification number SATS 1286: 201x as follows:

$$LC = 1 - \left(\frac{x}{y} \right) \times 100$$

Where

x imported content
y bid price excluding value added tax (VAT)

Prices referred to in the determination of x must be converted to Rand (ZAR) by using the exchange rate published by the South African Reserve Bank (SARB) at 12:00 on the date, one week (7 calendar days) prior to the closing date of the bid as required in paragraph 4.1 below.

1.7. A bid will be disqualified if:

- the bidder fails to achieve the stipulated minimum threshold for local production and content indicated in paragraph 3 below; and.

PORT ST JOHNS LOCAL MUNICIPALITY
REHABILITATION OF MILITARY ROAD IN WARD 6
BID NO: PSJLM-ENG-2022/23 - 20

- this declaration certificate is not submitted as part of the bid documentation.

2. Definitions

- 2.1. **“bid”** includes advertised competitive bids, written price quotations or proposals;
- 2.2. **“bid price”** price offered by the bidder, excluding value added tax (VAT);
- 2.3. **“contract”** means the agreement that results from the acceptance of a bid by an organ of state;
- 2.4. **“designated sector”** means a sector, sub-sector or industry that has been designated by the Department of Trade and Industry in line with national development and industrial policies for local production, where only locally produced services, works or goods or locally manufactured goods meet the stipulated minimum threshold for local production and content;
- 2.5. **“duly sign”** means a Declaration Certificate for Local Content that has been signed by the Chief Financial Officer or other legally responsible person nominated in writing by the Chief Executive, or senior member / person with management responsibility (close corporation, partnership or individual).
- 2.6. **“imported content”** means that portion of the bid price represented by the cost of components, parts or materials which have been or are still to be imported (whether by the supplier or its subcontractors) and which costs are inclusive of the costs abroad, plus freight and other direct importation costs, such as landing costs, dock duties, import duty, sales duty or other similar tax or duty at the South African port of entry;
- 2.7. **“local content”** means that portion of the bid price which is not included in the imported content, provided that local manufacture does take place;
- 2.8. **“stipulated minimum threshold”** means that portion of local production and content as determined by the Department of Trade and Industry; and
- 2.9. **“sub-contract”** means the primary contractor’s assigning, leasing, making out work to, or employing another person to support such primary contractor in the execution of part of a project in terms of the contract.
3. **The stipulated minimum threshold(s) for local production and content for this bid is/are as follows:**

<u>Description of services, works or goods</u>	<u>Stipulated minimum threshold</u>
_____	_____ %
_____	_____ %
_____	_____ %

4. Does any portion of the services, works or goods offered have any imported content?

YES / NO

PORT ST JOHNS LOCAL MUNICIPALITY
REHABILITATION OF MILITARY ROAD IN WARD 6
BID NO: PSJLM-ENG-2022/23 - 20

- 4.1 If yes, the rate(s) of exchange to be used in this bid to calculate the local content as prescribed in paragraph 1.6 of the general conditions must be the rate(s) published by the SARB for the specific currency at 12:00 on the date, one week (7 calendar days) prior to the closing date of the bid.

The relevant rates of exchange information is accessible on www.reservebank.co.za.

Indicate the rate(s) of exchange against the appropriate currency in the table below:

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *per se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However communication between partners in a joint venture or consortium³ will not be construed as collusive bidding.
7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
- (a) prices;
 - (b) geographical area where product or service will be rendered (market allocation)
 - (c) methods, factors or formulas used to calculate prices;
 - (d) the intention or decision to submit or not to submit, a bid;
 - (e) the submission of a bid which does not meet the specifications and conditions of the bid;
 - or
 - (f) bidding with the intention not to win the bid.
8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.
9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.
10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No 12 of 2004 or any other applicable legislation.

Acceptance

By signing this part of this form of offer and acceptance, the employer identified below accepts the tenderer's offer. In consideration thereof, the employer shall pay the contractor the amount due in accordance with the conditions of contract identified in the contract data. Acceptance of the tenderer's offer shall form an agreement between the employer and the tenderer upon the terms and conditions contained in this agreement and in the contract that is the subject of this agreement.

The terms of the contract, are contained in:

Part C1: Agreements and contract data, (which includes this agreement)
Part C2: Pricing data
Part C3: Scope of work.
Part C4: Site information

and drawings and documents or parts thereof, which may be incorporated by reference into Parts 1 to 4 above.

Deviations from, and amendments to, the documents listed in the tender data, and any addenda thereto as listed in the tender schedules as well as any changes to the terms of the offer agreed by the tenderer and the employer during this process of offer and acceptance, are contained in the schedule of deviations attached to, and forming part of, this agreement. No amendments to, or deviations from, said documents are valid unless contained in this schedule.

The tenderer shall, within two weeks after receiving a completed copy of this agreement, including the schedule of deviations (if any), contact the employer's agent (whose details are given in the contract data) to arrange the delivery of any bonds, guarantees, proof of insurance and any other documentation to be provided in terms of the conditions of contract identified in the contract data. Failure to fulfil any of these obligations in accordance with those terms shall constitute a repudiation of this agreement.

Notwithstanding anything contained herein, this agreement comes into effect on the date when the tenderer receives one fully completed original copy of this document, including the schedule of deviations (if any). Unless the tenderer (now contractor) within five working days of the date of such receipt notifies the employer in writing of any reason why he cannot accept the contents of this agreement, this agreement shall constitute a binding contract between the parties.

- 3.1 any reference in this Performance Guarantee to the Contract is made for the purpose of convenience and shall not be construed as any intention whatsoever to create an accessory obligation or any intention whatsoever to create a suretyship;
- 3.2 its obligation under this Performance Guarantee is restricted to the payment of money.
4. Subject to the Guarantor's maximum liability referred to in 1, the Guarantor hereby undertakes to pay the Employer the sum certified upon receipt of the documents identified in 4.1 to 4.3:
- 4.1 a copy of a first written demand issued by the Employer to the Contractor stating that payment of a sum certified by the Engineer in an Interim or Final Payment Certificate has not been made in terms of the Contract, and failing such payment within seven (7) calendar days, the Employer intends to call upon the Guarantor to make payment in terms of 4.2;
- 4.2 a first written demand issued by the Employer to the Guarantor at the Guarantor's physical address with a copy to the Contractor stating that a period of seven (7) calendar days has elapsed since the first written demand in terms of 4.1, and the sum certified has still not been paid;
- 4.3 a copy of the aforesaid payment certificate which entitles the Employer to receive payment in terms of the Contract of the sum certified in 4.
5. Subject to the Guarantor's maximum liability referred to in 1, the Guarantor undertakes to pay to the Employer the Guaranteed Sum or the full outstanding balance upon receipt of the first written demand from the Employer to the Guarantor at the Guarantor's physical address calling upon this Performance Guarantee, such demand stating that:
- 5.1 the Contract has been terminated due to the Contractor's default and that this Performance Guarantee is called upon in terms of 5; or
- 5.2 a provisional of final sequestration or liquidation court order has been granted against the Contractor and that the Performance Guarantee is called up in terms of 5; and
- 5.3 the aforesaid written demand is accompanied by a copy of the notice of termination and/or the provisional/final sequestration and/or the provisional liquidation court order.
6. It is recorded that the aggregate amount of the payments required to be made by the Guarantor in terms of 4 and 5 shall not exceed the Guarantor's maximum liability in terms of 1.
7. Where the Guarantor has made payment in terms of 5, the Employer shall upon the date of issue of the Final Payment Certificate submit an expense account to the Guarantor showing how all monies received in terms of this Performance Guarantee have been expended and shall refund to the Guarantor any resulting surplus. All monies refunded to the Guarantor in terms of this Performance Guarantee shall bear the interest at the prime overdraft rate of the Employer's bank compounded monthly and calculated from the date payment was made by the Guarantor to the Employer until the date of refund.

8. Payment by the Guarantor in terms of 4 or 5 shall be made within seven (7) calendar days upon receipt of the first written demand to the Guarantor.
9. Payment by the Guarantor in terms of 5 will only be made against the return of the original Performance Guarantee by the Employer.
10. The Employer shall have the absolute right to arrange his affairs with the Contractor in any manner which the Employer may deem fit and the Guarantor shall not have the right to claim his release from this Performance Guarantee on account of any conduct alleged to be prejudicial to the Guarantor.
11. The Guarantor chooses the physical address as stated above for the service of all notices for all purposes in connection herewith.
12. This Performance Guarantee is neither negotiable nor transferable and shall expire in terms of 2, where after no claims will be considered by the Guarantor. The original of this Guarantee shall be returned to the Guarantor after it has expired.
13. This Performance Guarantee, with the required demand notices in terms of 4 or 5, shall be regarded as a liquid document for the purposes of obtaining a court order.
14. Where this Performance Guarantee is issued in the Republic of South Africa, the Guarantor hereby consents in terms of Section 45 of the Magistrate's Courts Act No 32 of 1944, as amended, to the jurisdiction of the Magistrate's Court of any district having the jurisdiction in terms of Section 28 of the said Act, notwithstanding that the amount of the claim may exceed the jurisdiction of the Magistrate's Court.

t	=	ton (1000 kg)
W/day	=	Work day

3. Unless otherwise stated, items are measured net in accordance with the drawings, and no allowance is made for waste.
4. The prices and rates in these Bills of Quantities are fully inclusive prices for the work described under the items. Such prices and rates cover all costs and expenses that may be required in and for the execution of the work described in accordance with the provisions of the Scope of Work, and shall cover the cost of all general risks, liabilities, and obligations set forth or implied in the Contract Data, as well as overhead charges and profit. These prices will be used as a basis for assessment of payment for additional work that may have to be carried out.
5. It will be assumed that prices included in these Bills of Quantities are based on Acts, Ordinances, Regulations, By-laws, International Standards and National Standards that were published 28 days before the closing date for tenders. (Refer to www.stanza.org.za or www.iso.org for information on standards)
7. Where the Scope of Work requires detailed drawings and designs or other information to be provided, all costs associated therewith are deemed to have been provided for and included in the unit rates and sum amount tendered such items

7. An item against which no price is entered will be considered to be covered by the other prices or rates in the Bills of Quantities. A single lump sum will apply should a number of items be grouped together for pricing purposes.
8. The quantities set out in these Bills of Quantities are approximate and do not necessarily represent the actual amount of work to be done. The quantities of work accepted and certified for payment will be used for determining payments due and not the quantities given in the Bills of Quantities.
9. Reasonable compensation will be received where no pay item appears in respect of work required in the Bills of Quantities in terms of the Contract and which is not covered in any other pay item.
10. The short descriptions of the items of payment given in these Bills of Quantities are only for the purposes of identifying the items. More details regarding the extent of the work entailed under each item appear in the Scope of Work.
11. Descriptions in the Bills of Quantities are abbreviated and comply generally with those in COLTO Standard Specifications.

C2.2 Bills of Quantities

SQ1 PREAMBLE TO SCHEDULE OF QUANTITIES

SQ1.1 General

SQ1.1.1 The General Conditions of Contract, the Special Conditions of Contract, the Specifications (including the Project Specification), and the Drawings are to be read in conjunction with the Schedule of Quantities.

SQ1.1.2 (a) The Schedule comprises items covering the Contractor's profit and costs of general liabilities and of the construction of temporary and permanent works.

(b) The Tenderer is at liberty to insert a rate of his own choosing for each item in the Schedule and his attention is drawn to the fact that the Contractor has the right, under various circumstances, to payment for additional works carried out and that the Engineer is obliged to base his assessment of the rates to be paid for such additional work on the rates inserted in the schedules by the Contractor.

(c) Clause 8 of each standardised specification and the measurement and payment clause of each particular specification, read together with the relevant clauses of the Project Specification, set out what ancillary or associated activities are included in the rates for the operations specified.

SQ1.1.3 Descriptions in the schedule of quantities are abbreviated and the schedule has been drawn up generally in accordance with the latest issue of Civil Engineering Quantities*. Should any requirement of the measurement and payment clause of the applicable standardised specifications, or the Project Specification, or the particular specifications, conflict with the terms of the schedule or, when relevant, Civil Engineering Quantities*, the requirements of the standard project, or particular specification, as applicable, shall prevail.

SQ1.1.4 Unless otherwise stated, items are measured nett in accordance with the Drawings, and no allowance has been made for waste.

SQ1.1.5 The prices and rates to be inserted in the Schedule of Quantities are to be the full inclusive prices to the Employer, excluding VAT, for the work described under the several items. Such prices shall cover all costs and expenses that may be required in and for the construction of the work described, and shall cover the cost of all general risks, liabilities, and obligations set forth or implied in the documents on which the tender is based.

SQ1.1.6 A price or rate is to be entered against each item in the Schedule of Quantities, whether the quantities are stated or not. An item against which no price is entered will be considered to be covered by the other prices or rates in the schedule.

SQ1.1.7 The Tenderer shall price each item in the Schedule of Quantities in **ink (preferably black)**.

SQ 2 TENDERED SUM

The Tenderer shall base his tendered rates and prices in the Schedule of Quantities on fulfilling and complying with all the requirements of the Tender Document. The Tender Sum stated in the Tender shall be computed from these rates and prices.

3 Procurement

3.1 Preferential procurement procedures

The works shall be executed in accordance with the conditions attached to preferences granted in accordance with the preference schedule.

3.2 Scope of mandatory subcontract work

The Tenderer is also to refer to the mandatory requirements regarding use of local labour and labour intensive construction methods.

4 Applicable SANS Standards for Construction Works

The following SANS specifications are also referred to in this document and the Contractor is advised to obtain them from Standards South Africa (a division of SABS) in Pretoria.

SANS 10396: 2003: Implementing Preferential Construction Procurement Policies using Targeted Procurement Procedures

SANS 1914-1 (2002): Targeted Construction Procurement

SANS 1921-1 (2004): Construction and Management Requirements for Works Contracts Part 1: General Engineering and Construction Works

SANS 1921-6 (2004): Construction and Management Requirements for Works Contracts Part 6: HIV / AIDS Awareness

5. Applicable National and International Standards

The Standard Specification for Road and Bridge Works for State Authorities 1998, prepared by the Committee of Land Transport Officials, (COLTO), as amended, shall apply to this Contract.

6. Particular / Generic specifications

The following Project Specifications and Particular Specifications apply:

PS 1 GENERAL DESCRIPTION

The works comprise construction of 5.0m wide gravel road.

PS 2 DESCRIPTION OF SITE AND ACCESS

The location map shows the locations of the various aspects. Access to the site is, in the main, via the existing surfaced roads.

PS 3 DETAILS OF CONTRACT

PORT ST JOHNS LOCAL MUNICIPALITY
REHABILITATION OF MILITARY ROAD IN WARD 6
BID NO: PSJLM-ENG-2022/23 - 20

The Contract includes the following construction work:

- Erection of the Nameboard.
- Clearing and grubbing.
- Bulk earthworks (Cut to Fill exercise for surface preparation)
- Construction of gabion boxes
- Construction of concrete pipe culverts & dish drains
- Cleaning of the site and road reserve.

The above description is not necessarily complete and shall not limit the work to be carried out.

PS 4 CONSTRUCTION PROGRAMME

The time for completion on this Contract is as shown in the Contract Specific Data, and includes the allowance for inclement weather. All statutory holidays for the Civil Engineering Industry falling within the authorised Contract period, will be allowed as extensions to this period, but the Contractor will not be paid additional Time-Related charges for these days.

The Contractor shall submit a preliminary programme with his Bid indicating the main activities to be carried out.

Any work carried out prior to approved sureties and proof of insurances being submitted will be at the Contractor's risk. The start and completion dates of the Contract will however not be adjusted due to late submission of approved sureties.

The Contractor shall submit to the Engineer within 14 days of receiving the Letter of Acceptance from the Employer, a detailed programme setting out clearly the sequence of work, and the resources which he intends to use, and a projected cashflow for the various sections of the work. The programme shall be submitted in the form of a bar chart. The quantity of work applicable to each bar item as well as the rate, at which the work will be completed, shall be shown on each bar.

If the programme is to be revised by reason of the Contractor falling behind his programme, he shall produce a revised programme showing modifications to the original programme necessary to ensure completion of the works or any part thereof within the time of completion as defined or any extended time granted. Any proposal to increase the tempo of work must be accompanied by positive steps to increase production by providing more labour and plant on site, or by using the available labour and plant in a more efficient manner.

Failure on the part of the Contractor to submit, or work according to the approved programme or revised programme, shall be sufficient reason for the Employer to take steps as provided for in Clause 58 of the General Conditions of Contract.

The approval by the Engineer of any programme shall have no contractual significance, other than that the Engineer would be satisfied if the work is carried out according to such programme, and that the Contractor undertakes to carry out the work in accordance with the programme. It shall not limit the right of the Engineer to instruct the Contractor to vary the programme should circumstances make this necessary.

PS 5 SITE FACILITIES AVAILABLE

PS 5.1 Source of Water Supply

PORT ST JOHNS LOCAL MUNICIPALITY
REHABILITATION OF MILITARY ROAD IN WARD 6
BID NO: PSJLM-ENG-2022/23 - 20

The Contractor shall make his own arrangements for the provision of water for domestic use, site works and that, which is required for compaction purposes.

The Contractor shall take note that no direct payment will be made for any costs incurred for the provision of a water supply point, nor for the cost of water drawn. Payment for the aforementioned shall be deemed to be covered by the rates and price tendered and paid for the various items of work included under the Contract.

The Contractor shall make himself thoroughly acquainted with the regulations relating to the use of water in the area and shall take adequate measures to prevent the wastage of water.

The Employer accepts no responsibility for a shortage of water at the allocated supply point due to any cause whatsoever, nor for additional costs incurred by the Contractor as a result of such shortage.

PS 5.2 Source of Power Supply

The Contractor shall make his own arrangements regarding the supply of electricity. The Contractor shall take note that no direct payment will be made for any costs incurred for the provision of a power supply point, nor for the cost of electricity drawn. Payment for the aforementioned shall be deemed to be covered by the rates and price tendered and paid for the various items of work included under the Contract.

PS 5.3 Location of Site Camp and Materials Storage Area

The Contractor shall establish his site camp and materials storage area at a mutually acceptable location as approved by the Engineer. The Contractor shall confine his camp and storage of materials to the areas designated or approved by the Engineer. The camp must be kept clean and tidy and, on completion of the construction works, the Contractor shall re-instate the areas to the Engineer's satisfaction.

PS 6 SITE FACILITIES REQUIRED

PS 6.1 Engineer's Site Facilities

An office for the Engineer is required. The type of office required for the Engineer is specified in relevant section of the project specifications. Site Meetings will be held in the Contractor's site office.

PS 6.2 Laboratory Facilities

Not required

PS 6.3 Sanitary Facilities for the Contractor's Staff

The Contractor shall supply chemical toilets for use by his employees and temporary workers and shall be entirely responsible for maintaining such toilets in a clean and sanitary condition to the satisfaction of the Engineer and the health authorities. The number of toilets shall be based on one toilet per fifteen personnel on site and the Contractor shall make his own arrangements and pay all charges for the removal of sewage. Under no circumstances will the Contractor's staff be allowed to use public toilet facilities.

PS 6.4 Telephone Facilities

The Engineer will use his own cellular and office telephones for this Contract. Accounts for use of the said telephones will be submitted to the Contractor for payment up to the maximum provisional sum allowed for in the Bill of Quantities.

PORT ST JOHNS LOCAL MUNICIPALITY
REHABILITATION OF MILITARY ROAD IN WARD 6
BID NO: PSJLM-ENG-2022/23 - 20

PS 6.5 Accommodation for Employees

The Contractor shall make his own arrangements for the accommodation of his employees.

PS 6.6 Security of Contractor's Site Camp

Security of the Contractor's site camp will be the Contractor's own responsibility and no additional payment will be made if additional security measures need to be taken during the Contract.

PS 7 FEATURES REQUIRING SPECIAL ATTENTION

PS 7.1 Construction Method

It is a requirement of this Contract that labour intensive construction methods be utilised wherever possible and the Contractor shall therefore be required to plan his activities to maximise the use of local labour and small Contractors. The principal Contractor is to negotiate with the small Contractors to conduct portions of the works as sub-contractors. The Client is to approve the appointment of each sub-contractor. It will be the principal Contractor's responsibility to empower and train the small contractors on the site. The Contractor is to take care that the elements of work which he intends to allow small contractors to perform will not impact negatively on the critical path of the Construction Programme. If there is non-performance by the sub-contractor, claims for extension of time will not be entertained in this regard. The rates tendered shall cover the full cost of complying with the above requirements. Details of the proposed utilisation of small sub-contractors are to be included in the Bid.

The Contractor shall take note that the resident community of the affected villages may have the expectation that work in their area will be undertaken using a workforce drawn from their area.

To avoid any problems in this regard the Contractor shall use the community facilitators employed, the Community Liaison Officer to timeously reach mutually acceptable employment agreements with any affected communities.

PS 7.2 Communication with Residents

A Project Steering Committee will be formed from the interested and affected parties to act as the communication channel between the Contractor and the residents. This Project Steering Committee will also be assisted by the Community Liaison Officer appointed by the Contractor.

The Contractor shall use the Labour Liaison Officer, and the Project Steering Committee to timeously reach mutually acceptable employment agreements with the affected communities.

PS 7.3 Machine and Hand Operations

Machine Operations:

The following are the anticipated construction methods to be used by the Contractor for the implementation of the project.

- Importation of materials from commercial sources
- Spreading of material obtained from commercial sources
- Compaction and processing of this material
- Hard rock excavation

Hand Operations:

PORT ST JOHNS LOCAL MUNICIPALITY
REHABILITATION OF MILITARY ROAD IN WARD 6
BID NO: PSJLM-ENG-2022/23 - 20

- Excavation
- Concrete work
- Spreading of pavement materials

The use of mechanical equipment for any other activities will be permitted only with approval of the Engineer.

PS 7.4 Empowering Emerging Sub-Contractors and Local Labour

It is the intention to make the maximum possible use of the local labour force, which is at present unemployed. Local is defined as the area within the boundaries of Ward 10 in Port St Johns.

The Contractor shall be expected to limit the use of non-local persons to this permanent core of key personnel only and shall submit with his Bid, a statement that details his intention with respect to the employment and training of local labour as well as listing the number of key personnel. Reference is made to the list of Returnable Documents. The statement will be taken into consideration in the adjudication of the tender. Of special relevance will be the Contractor's intentions with respect to the employment and training of potential small sub-contractors.

Subcontracting

a) Scope of mandatory sub-contract work / SMME

A maximum of thirty percent (30%) of the contract works must be targeted to local procurement comprising of local SMME sub-contractors.

The preferential procurement of 30% is scheduled in the bill of quantities of which a sub-contract tender will take place allowing for the SMME's to tender for the scope of works. The successful sub-contractor (SMME) will be appointed by the Municipality and be managed by the main contractor.

The main Contractor must indicate the type of work preferred for the Local SMME Sub-Contractor and indicate of Returnable Schedule 1P of the bid document.

The appointed local SMME sub-contractors should submit to the main contractor all the statutory documents such as active CIDB grading status, workmen's compensation certificate, valid tax clearance pin with VAT registration number (if applicable) etc. Should such documentation not be received and approved by the Employer's Agent then such sub-contracting shall be deemed as not accepted as meeting the requirements of clause a)

b) Preferred sub-contractors / suppliers

This is not applicable to this contract. Appointment of SMME Sub-Contractors will be conducted by the Municipality.

c) Sub-contracting procedures / Local SMME Sub- Contractors

The main contractor will be given the details of appointed local SMME sub-contractors by the Employer. The employer shall ensure that the appointed local SMME sub-contractors meet the requirements as stated under clause a) above.

d) Attendance on sub-contractors

PORT ST JOHNS LOCAL MUNICIPALITY
REHABILITATION OF MILITARY ROAD IN WARD 6
BID NO: PSJLM-ENG-2022/23 - 20

The contractor is in terms of this contract the main contractor and shall provide management support to the sub-contractor who is employed under this contract. This management support shall include assistance in terms of planning the work execution, programming, assessing material, labour and plant needs and assisting with cost management.

The main contractor shall be responsible for all the duties for which the sub-contractor has been sub-contracted

PS 7.5 Public Safety

The Contractor shall, at all times, ensure that his operations do not endanger any member of the public. The Contractor shall take special precautions to prevent public access to any danger areas on the Works, e.g. by temporary barricading and/or fencing. All barricading and trench shoring are to be in terms as specified in the Occupational Health and Safety Act as well as per the Construction Regulations. No street crossing shall be left open over-night and temporary cross over access shall be provided to all stands affected.

PS 7.6 Sand and dust control

The Contractor shall, for the duration of the Contract, take appropriate measures to control the dust and soil movement which may arise due to his operations.

PS 7.7 Existing Services

The Contractor shall ensure that, prior to construction, all the necessary Record Drawings for all services have been obtained and verified by the relevant Service Providers in the Contractor's presence.

The Contractor shall take whatever precautions are required to protect existing services from damage during the period of the Contract. Any damage to, and resulting damage from activities resulting in loss, on services indicated on the drawings shall be for the Contractor's account.

PS 7.8 Control Testing

The Contractor is required to carry out his own control testing. The results of these control tests together with the location of the tests shall be submitted to the Engineer for approval. No payments will be made without this information.

The Engineer may order that additional tests be carried out from time to time. A provisional sum is allowed for these additional tests. The cost of any additional tests that might fail, together with the remedial work ordered by the Engineer will be for the account of the Contractor.

PS 8 SPOIL SITE

No indiscriminate spoiling of material will be allowed. All surplus or unsuitable material shall be spoiled at a site located by the Contractor and approved by the Engineer.

PS 9 CONSTRUCTION REGULATIONS, 2003

The Contractor shall be required to comply with the Occupational Health and Safety Act, 1993: Construction Regulations, 2003 (the regulations) as promulgated in Government Gazette No 25207 and Regulation Gazette No 7721 of 18 July 2003. Non-compliance with these regulations, in any way whatsoever, will be adequate reason for the suspension of the Works by the Engineer.

PORT ST JOHNS LOCAL MUNICIPALITY
REHABILITATION OF MILITARY ROAD IN WARD 6
BID NO: PSJLM-ENG-2022/23 - 20

The proposed type of work, materials to be used and potential hazards likely to be encountered on this Contract are detailed in the Project Specifications, the Bill of Quantities, the Drawings, and in the Employers' health and safety specification (regulation 4(1) of the Construction Regulations 2003), which is bound into the Contract document.

The Contractor shall, in terms of regulation 5(1), provide a comprehensive health and safety plan detailing his proposed compliance with the regulations, for approval by the Employer.

The Contractor shall at all times be responsible for full compliance with the approved plan as well as with the Construction Regulations and no extension of time will be considered for delays due to non-compliance with the abovementioned plan or regulations.

Payment items are included in the Schedule of Quantities to cover the Contractor's cost for compliance with the OHS Act and the abovementioned regulations.

PS 10 LABOUR INTENSIVE WORK

The guiding principles upon which this is based include:-

- Create employment opportunities for the local community
- Emphasis be given to the employment of women who are the single head of households and have dependants.
- Employment opportunities be given to local emerging Sub Contractors.

In line with the above, the following targets have been set in order to reach objectives and this contract will be subject to these targets:

- **Labour intensive methods of construction** are to be used with a minimum of **30%** of the project budget (i.e. contract award value) to be spent on local community labour.
- **Women** are to make up at least **20%** of the **Total Local Labour** employed on each project with an emphasis on “Women who are the single head of households and have dependants”.
- **Disabled persons** are to make up at least **1.5%** of the **Total Local Labour** employed.
- **Youth** (above school going age and below 36) are required to make up at least **15%** of the **Total Local Labour** employed.

The Contractor shall therefore be required to plan his activities to maximise the use of local labour. Local is defined as the area within the municipal boundaries of the project. The rates tendered shall cover the full cost of the all labour intensive work.

Furthermore, the Tenderer is required to complete the statement of intent relating to the use of local labour. This statement is required to indicate the methods which the contractor intends employing to achieve the employment targets. the contractor shall be expected to limit the use of non-local persons to his permanent core of key personnel only. The table ATTACHED IN the list of Returnable Documents should also be completed in full for tender purposes. The statement will be taken into consideration in the adjudication of the tender.

PS 11 FINISHING AND TIDYING

PORT ST JOHNS LOCAL MUNICIPALITY
REHABILITATION OF MILITARY ROAD IN WARD 6
BID NO: PSJLM-ENG-2022/23 - 20

The Contractor shall take note that progressive and systematic finishing and tidying will form an essential part of this Contract. On no account shall spoil, rubble, material, equipment or unfinished operations be allowed to accumulate in such a manner as to unnecessarily be a hindrance to or impede the activities of others. In the event of this occurring the Employer shall have the right to withhold payment for as long as may be necessary in respect of the relevant work in the area(s) concerned.

PS 12 RECORDING OF WEATHER

The Contractor shall erect an effective rainfall gauge on the site and record the daily rainfall figures in a book. Such book shall be handed to the employer's representative for his signature no later than 12 days after rain that is considered to justify an extension of time occurs.

PS 14 UNAUTHORISED PERSONS

The Contractor shall keep unauthorized persons from the works at all times Under no circumstances may any person except guards be allowed to sleep on the building site.

PS 15 MANAGEMENT MEETINGS

The Contractor is to allow in his rates to attend the following management meetings

- 1 Site Meeting per month
- 2 Community Meetings per month
- 1 Health and Safety audit meeting per month
- 1 Health and Safety monitoring meeting per month

PS 16 FORMS FOR CONTRACT ADMINISTRATION

The Contractor will be required to keep, as a minimum, the following records on site for the duration of the Contract

- Site Diary
- Site Request book
- Site Instruction book
- Occupational Health & Safety file

PS 17 ELECTRONIC PAYMENTS

Port St Johns Local Municipality will decide on the method of payment.

PS 18 DAILY RECORDS

The Contractor will be required to keep, as a minimum, the following daily records on site for the duration of the Contract

- Plant on site
- Personnel on site
- Weather conditions
- Safety issues
- Work activities conducted

PS 19 PAYMENT CERTIFICATES

The Contractor is required to submit the following information with payment certificates to expedite verification and certification by employer.

PORT ST JOHNS LOCAL MUNICIPALITY
REHABILITATION OF MILITARY ROAD IN WARD 6
BID NO: PSJLM-ENG-2022/23 - 20

- Proof of payment of local labour
- Proof of payment of suppliers
- Proof of ownership of materials on site

PS 20 PERMITS

No permits are required to carry out the normal construction activities

PS 21 PROOF OF COMPLIANCE WITH THE LAW

Requirements for compliance with CIDB registration and a SARS Certificate of Good Standing are to be provided with the Bid.

C3.2 STANDARDIZED SPECIFICATIONS

PART B: MATTERS RELATING TO THE STANDARD SPECIFICATIONS

B1 PROJECT SPECIFICATIONS REFERRING TO THE STANDARD SPECIFICATIONS AND ADDITIONAL SPECIFICATIONS

1. In certain clauses the Standard Specifications allow a choice to be specified in the project specifications between alternative materials or methods of construction and for additional requirements to be specified to suit a particular contract. Details of such alternatives or additional requirements applicable to this contract are contained in this part of the project specifications. It also contains some additional specifications required for this particular contract.
2. The number of each clause and each payment item in this part of the project specifications consists of the prefix B followed by a number corresponding to the number of the relevant clause or payment item in the standard specifications. PART B2: PROJECT SPECIFICATIONS

1. SECTION 1100: DEFINITIONS AND TERMS

Add the following:

“The COLTO Standard Specification for Roads and Bridges has been written for all contractors, Employers and Engineers. Similarly, the works and the site are not defined and the general nature of the entities and elements that collectively constitute construction under a contract are characterized by the use of lower case letters throughout.

These project specifications continue to use lowercase spellings in order to avoid the appearance of the capitalised and non-capitalised words to describe or prescribe the same elements of work required on this project. However, for the purposes of this contract, the following definitions shall apply:

Contractor

The Contractor and the contractor is the same person who will only be formally identified by the completed Agreement.

Employer

The Employer and employer is the same persona.

Engineer

The Engineer and engineer is the same persona.

Site

The site is bound by the limits of construction as shown in the drawings or the title of the project and extends to also include the following:

- All areas necessary for the accommodating traffic as prescribed in Section 1500 of the specification and the drawings.
- All borrow pits defined in the applications approved by the relevant Department of Minerals.
- All haul roads constructed by the contractor for purposes of access.
- Site used for storage of material and equipment for use in the permanent works.
- Areas required for temporary access roads only when approved by the Engineer.
- Boreholes for construction water as well as access roads to those boreholes (to be expropriated by the Employer).

Works

The works is described in Part A of this document.”

B 1115 : GENERAL CONDITIONS OF CONTRACT

Replace Clause 1115 with the following:

“The General Conditions applicable to this Contract are The *General Conditions of Contract for Construction Works (second edition 2010)* as published by the South African Institution of Civil Engineers and approved by the Institution of Municipal Engineering in Southern Africa, the South African Association of Consulting Engineers and the South African Federation of Civil Engineering Contractors.

Accordingly, all reference in the Standard Specifications to any other General Conditions of Contract (GCC) has to be amended. The Standard Specifications have been scrutinized and clauses which refer to another GCC identified. These are tabulated below together with the relevant equivalent clause in the *General Conditions of Contract for Construction Works (Third edition 2015)*. The context of the reference to the GCC is also noted.

Whilst every effort has been made to include all of the affected clauses in the table, there may be some omissions. In every case, however, The *General Conditions of Contract for Construction Works (third edition 2015)* shall apply and the Contractor shall be responsible for interpretation of the equivalent clause

2. SECTION 1200: GENERAL REQUIREMENTS AND PROVISIONS

B1204: PROGRAMME OF WORK

(a) General requirements

Add the following as a continuation of the first paragraph:

“A Gantt chart programme shall be provided, showing the various activities in such detail as the Engineer may require.

A realistic preliminary programme for the completion of the works within the required time period shall be submitted with the tender.

In drawing up the programme the contractor shall make allowance for the following:

- (i) All special non-working days defined in Contract Data.
- (ii) The expected delays defined: Extension of time resulting from inclement weather.
- (iii) The following restricted working conditions:
 - Limitations in terms of weather conditions especially hot conditions that may make seal work impossible.
 - The centre line and barrier lines shall be completed before any section is opened to traffic.

The contractor shall clearly indicate the following:

- (i) A work breakdown structure that identifies all major activities
- (ii) Scheduled start and end dates for each activity
- (iii) Proposed production rates
- (iv) Linkages between activities that clearly identify sequence, floats and dependencies
- (v) The critical path activities
- (vi) Intended working hours and resource allocations (plant and labour)
- (vii) Key dates in respect of information required or due delivery

This initial programme shall realistically account for the forecast cash flow within the defined contract period, and as provided on Form F: Schedule of estimated monthly expenditure. If an alternative contract period is offered, the contractor shall submit a separate programme with the alternative tender.”

Add the following new subclause:

“(c) Programme revisions

The programme will be reviewed at the monthly site meetings at which the contractor shall provide sufficient detail that will allow the comparison of completed work per activity against the original approved programme. Failure to comply with these requirements entitles the Engineer to use a programme based on his own assumptions to evaluate claims for extension of time for completion of the works, or for additional compensation. The contractor shall indicate what resources and programme changes he intends to implement in order to remedy any activity that may have fallen behind. The engineer may demand from the contractor a major revision of the programme. Such a revision shall be submitted for approval within fourteen days of the demand.”

B1205: WORKMANSHIP AND QUALITY CONTROL

Add the following after the title:

“The contractor shall implement a quality assurance system in accordance with ISO 9001 and appoint a quality manager who shall ensure that members of the contractor’s staff comply with the requirements of the quality system. The quality system and the methods used to implement it shall be described in a quality plan produced by the contractor.

The quality manager shall be resident on site full time. No construction activities shall take place on site before the engineer approves the quality plan”.

Delete the second, third, fourth and fifth paragraphs and replace with the following:

“The contractor shall submit the quality assurance system he proposes using to the engineer, for his approval, within two weeks of the site handover. Once accepted by the engineer the contractor shall not deviate from it unless written notification of proposed changes have similarly been submitted and approved. The system shall record the lines and levels of responsibility and indicate the method by which testing procedures will be conducted.”

BID NO: PSJLM-ENG-2022/23 - 20

Should a combined laboratory be implemented the acceptance control requirements of the engineer will be incorporated into the quality assurance system of the contractor.

Add the following at the end of this clause:

“The engineer shall for the purpose of acceptance control and products and workmanship, assess test results and measurements in accordance with provisions of Section 8200 of the standard specifications (quality control scheme 1). Where small quantities of work are involved, a lot shall mean a full day’s production for a specific item of work subject to acceptance control testing”.

B1207: NOTICES, SIGNS AND ADVERTISEMENTS

Delete the third paragraph and replace with the following:

“All signboards erected in accordance with the drawings or as approved advertisements for the contractor’s establishment, shall be removed at the same time as the disestablishment of the contractor’s camp. Payment under sub-item 13.01 for the final instalment of 15% of the tendered lump sum shall not be made unless all the advertisements, notices and temporary signs have been removed. A typical signboard layout is shown in Volume 4, Book of Drawings.

B1209: PAYMENT

- (b) Rates to be inclusive

Add the following to the first paragraph:

“VAT shall be excluded from the rates.”

- (c) The meanings of certain phrases in payment clauses

B1210: CERTIFICATE OF PRACTICAL COMPLETION OF THE WORKS

Add the following new paragraphs after item (b):

“Notwithstanding that there might be natural or programmed sections of the works that will result in them being completed in their entirety before other sections, no consideration shall be given to the issuing of practical completion certificates for portions of the works. The use of any completed roadway or portions of the work, whether for unhindered use by the public or for accommodation of traffic while other portions are being constructed, shall not constitute use or occupation by the employer.
In addition to the listed specified items of work and regardless of the degree of beneficial occupation by the employer, the works shall be considered for practical completion only if the following criteria also have been met:

- (i) The estimated cost to complete the outstanding work is less than 2% of the tendered value of work plus the cost of any variation or extra work orders, but excluding CPA and VAT.
- (ii) The written list of outstanding items of work can be completed within 28 days of the list having been accepted in writing by the contractor.
- (iii) Any information in the contractor's possession, which is required by the engineer and has been requested in writing, has been supplied.”

B1214: CONTRACTOR'S ACTIVITIES IN RESPECT OF PROPERTY OUTSIDE THE ROAD RESERVE AND OF SERVICES MOVED, DAMAGED OR ALTERED

Add the following as last paragraph to sub-clause (d):

“All such statements or certificates shall be submitted to the Engineer before the final certificate.”

Under subclause (e) replace the opening paragraph with:

“Should the contractor use land not provided by the employer for the purpose of his own establishment, engineer's offices and laboratory, or storing of equipment or materials required for construction or disposal, it shall be subject to the following:”

and add the following subclause:

The lease agreements shall also provide for the contract being terminated by contractor’s default or liquidation and the resulting possibility for them to be taken over by a succeeding contractor.
- (vii) That copies of lease agreements shall be submitted to the engineer prior to signature by the signing parties, and copies lodged with the engineer after signing. Notwithstanding the engineer’s approval of the conditions of a lease the contractor shall be solely responsible for adhesion to the terms of the agreements.”
- (viii) Adherence to the principles of the environmental management plan and legal obligations”.

B1215: EXTENSION OF TIME RESULTING FROM INCLEMENT WEATHER

Change the existing heading of clause 1215 to read as above and wherever the expression ‘abnormal rainfall’ or ‘rainy weather’ is encountered replace it with ‘inclement weather’.

In the 1st line of the 1st paragraph change ‘clause 45’ to read ‘subclause 42.2’

Make the following changes to Method (ii) (Critical-path method):

In line six of the second paragraph delete ‘five-day working week’ and replace with ‘23 day working month, and:

Add the following final paragraphs:

‘Extension of time resulting from abnormal rainfall or other forms of inclement weather shall be calculated according to the requirements of Method (ii) (Critical-path method).

The number of days per month on which work is expected not to be possible as a result of normal rainfall for which the Contractor shall make provision, is given in Table 1. In his tendered rates, prices and programme the Contractor shall allow at least for the number of lost working days listed for each month. Only the number of days as a result of adverse weather conditions exceeding the number of days listed in Table 1 will qualify for consideration of extension of time.

TOTAL	31 days

The Engineer will certify a day lost due to inclement weather only if:

- (i) no work on the critical path according to the latest approved programme for completion of the works could be carried out during that specific working day or,
- (ii) if only 30% or less of the work force and plant planned for the specific day, could work.

The total extension for the contract will be the sum of the monthly extensions. Extension of time for parts of a month shall be calculated pro rata.

The Contractor shall submit to the Engineer claims for all time lost due to inclement weather within 1 working day of the claim day. A record of inclement weather shall be kept by the Contractor. The onus is on the Contractor to prove these claims.

If approved extensions of time extend the completion date beyond the start of the contractor's holiday in December, the holiday period shall not be considered as working days. Any remaining extension of time at this date shall be calculated from the first statutory working day in January the following year, provided that the contractor has shown in his programme that he intends to close during the traditional Christmas/New Year break."

B1216: INFORMATION FURNISHED BY THE EMPLOYER

“Although the information provided here will assist the contractor in selecting the necessary machinery and construction water requirements, it is still the responsibility of the contractor to ensure that he

familiarise himself with the condition on site. No claims relating to the improper use of equipment or the compaction of sand will be entertained.”

B1219: WATER

Add the following after the last paragraph:

“The salt content of some of the road building materials is very high. In the case where the contractor proposes the use of alternative water sources, the sum of the salt contents of the water and the material will be considered by the engineer before any approval for the use thereof is granted. It is assumed that water will be sourced from boreholes identified and managed by the contractor. No additional payment will be made for the sourcing, transport, storage, distribution and application of construction water on this project.

Water from boreholes must conform to amongst others the following requirements:

Total soluble salt (maximum) : 4 500 mg/litre

All water sources shall be tested for suitability for the use for which it is intended.

B1229: SABS CEMENT SPECIFICATIONS

Add the following to this clause:

“Where reference is made in this specification or the standard specifications to the cement specifications, e.g. SABS 471: Portland cement and rapid hardening Portland cement, it shall be replaced with the new specification:

Add the following as a final paragraph at the end of this section on payment

“ Payment of the rate per month for sub-item (d) shall include full compensation for all the contractor’s obligations relevant to health and safety legislation.

The tendered rate shall apply in the same manner as pay sub-item B13.01(c) but shall not form part of the calculation of the restrictions imposed on Form to tender CONTRACTOR’S ESTABLISHMENT ON SITE.

A contractor who tenders zero for this pay item shall not be relieved of his statutory obligations. A nil rate offered shall be deemed not as an omission but as deliberate notice that costs have been included in the tendered rates for individual items of work or in the other preliminary and general pay items.”

5. SECTION 1500: ACCOMMODATION OF TRAFFIC

B1502: GENERAL REQUIREMENTS

Add the following new sub-clauses:

“(j) Public traffic

The contractor shall plan and conduct his activities in such a way as to bring about the least possible disruption to the travelling public on the roads on which he works.

(k) Non-compliance with the conditions for the accommodation of traffic

Failure or refusal on the part of the contractor to take the necessary steps to ensure the safety and convenience of the public traffic in accordance with these specifications or as required by statutory authorities or ordered by the engineer, the engineer shall have the right to stop any operation where the traffic accommodation measures are not to specification or as ordered, until he is satisfied that the conditions have been complied with.”

B1503: TEMPORARY TRAFFIC CONTROL FACILITIES

Add the following after the second paragraph:

“The Contractor must ensure that the traffic control facilities are clean at all times.

Traffic control facilities will only be paid for once under item 15.03.

The Contractor will obtain approval from the engineer at the outset of the contract regarding the number of traffic control devices required before he places any orders in this regard.”

(b) Road signs and barricades

Add the following:

“All roads signs and barricades shall be new and shall comply with the requirements of the latest version of the South African Road Traffic Signs Manual (SARTSM).

(e) Warning devices

Add the following:

“All self-propelled vehicles and equipment used on site shall be provided with amber flashing lights (“Britax” or similar). These lights must be switched on when the vehicle or equipment are used within deviations, existing roads and access roads. The lights must be mounted onto the vehicle and must be visible from all sides. Payment for these lights shall be included in the rates covering the use of these vehicles.

The contractor shall provide the engineer with reflective safety jackets and amber flashing lights for their vehicles. This will become the property of the contractor at the end of the contract period.

B1800: DAY WORK

Add the following section to Series 1000: General of the standard specifications:

SERIES 1000: GENERAL

SECTION B1800: DAY WORK

CONTENTS

B1801	SCOPE
B1802	GENERAL REQUIREMENTS
B1803	LABOUR
B1804	MATERIALS
B1805	PLANT
B1806	MEASUREMENT AND PAYMENT

B1801 SCOPE

This section covers the evaluation and method of measurement and payment for work, ordered by the Engineer in writing, carried out on a day work basis, all in accordance with subclause 6(5) of the General and/or Special Conditions of Contract.

B1802 GENERAL REQUIREMENTS

Work will be classified as day work only if the Engineer considers no other rate in the schedule of quantities appropriate for payment purposes.

Only work ordered in writing by the Engineer to be executed as day work shall be measured and paid for at the rates tendered in the schedule of quantities.

PORT ST JOHNS LOCAL MUNICIPALITY
REHABILITATION OF MILITARY ROAD IN WARD 6

BID NO: PSJLM-ENG-2022/23 - 20

The Contractor shall keep and submit records of the work performed in accordance with the requirements of 6(5) of the General and/or Special Conditions of Contract.

B1803 LABOUR

The tendered rates for labour to be included as day work charges shall include the salaries and wages of gangers or charge hands working with their gangs but shall exclude the costs of the time of the foremen

or supervisors which will be deemed to have been included in the sums tendered for the relevant items in Section 1300 of the schedule of quantities.

Gross remuneration, as specified in subclause 6(5) of the General and/or Special Conditions of Contract, will be deemed to include the following:

- (a) Basic salary/wage
- (b) Overhead charges such as fringe benefits not reflected in basic salary and wages which may include:
 - normal annual bonus;
 - employer's contribution to medical aid;
 - group life assurance premiums;
 - employer's contribution to pension/provident fund;
 - all other costs as per letter of appointment;

and costs payable due to statutory requirements, which may include:

- Workmen's Compensation Fund contribution;
- Unemployment Insurance Fund contributions;
- District Council levies or the equivalent thereof;

The rates tendered for labour shall include for the actual cost of salaries and wages, all overhead charges, profit, liabilities, obligations, risks and incidentals for all workmen to execute work by day works.

B1804 MATERIALS

The nett cost price of materials (exclusive of VAT) actually delivered to the site to be included as day work charges shall include the costs of delivery to the usual points at which materials are received on the site.

Before ordering any material, the Contractor shall submit quotations to the Engineer for his approval, and shall submit such receipts or vouchers to the Engineer as may be necessary for proving the amount claimed.

The percentage tendered as an on-cost on the net cost price of materials shall include for all handling, overheads, profit, liabilities, obligations, risks, incidentals and other on-costs for the supply, delivery and distribution of material for day work to the individual site(s) where day work is in progress.

B1805 PLANT

The full inclusive hourly cost of operational plant which is available on site or which has been removed without written authorization of the Engineer, to be included as day work charges will be taken to be the tendered rate which, in the opinion of the Contractor, will be applicable in all respects to the situation and terms of the contract.

PORT ST JOHNS LOCAL MUNICIPALITY
REHABILITATION OF MILITARY ROAD IN WARD 6
BID NO: PSJLM-ENG-2022/23 - 20

The hourly rate tendered or agreed shall constitute the day work rate for the plant and will be deemed to include all costs for plant operators, consumable stores, fuel, maintenance, depreciation, ground-engaging tools and all other incidentals necessary to operate the plant for the purposes for which it was designed.

Failure on the part of the Contractor to state in the schedule of quantities the plant on which his tender is based, shall be considered as a firm agreement on the part of the Contractor that he waives all rights to distinguish between the different types and capacities of plant falling within the description and/or

category given, and the Engineer shall have the right to call upon the Contractor to supply any such plant to the site and perform the work as directed by him at the particular tendered rate.

Sixty percent (60 %) of the hourly rate tendered or agreed will be paid in respect of plant which is being employed for day work, but standing idle on the specific instructions of the Engineer, as full compensation for idle costs of day work plant.

For plant not on site, the costs of establishing items of plant on the site for day work on specific instruction of the Engineer will be negotiated with the Contractor at the time that such day work is contemplated.

B1806 MEASUREMENT AND PAYMENT

Item	Unit
B18.01 Labour charges	
(a) (description of employee/designation/skill indicated)	hour (h)
(b) (etc, for other designations/skills)	hour (h)

The unit of measurement shall be the hour of time worked by the particular employee on the designated work on instruction by the Engineer.

The day work rates submitted for labour in the schedule of quantities shall be the cost of labour for each skill level and shall apply only to the number of workers approved in writing by the Engineer.

The rates shall be for normal working hours and shall be increased pro rata for overtime at the standard rate applicable if the work performed outside working hours is approved in writing by the Engineer.

The tendered rates shall include full compensation for all costs for salaries and wages, use and maintenance of tools and equipment, holidays with pay and financial charges of any description incurred by the Contractor and his subcontractors as well as for all insurance, accommodation, travelling, travelling time, supervision, overheads, profit, obligations, risks and any other emoluments and incidentals necessary for labour to execute work as day work.

Item	Unit
B18.02 Material charges

(b) Handling cost in respect of subitem B18.02 (a)	Percentage (%)

PORT ST JOHNS LOCAL MUNICIPALITY
REHABILITATION OF MILITARY ROAD IN WARD 6

BID NO: PSJLM-ENG-2022/23 - 20

Expenditure under this item shall be made in accordance with clause 48(1) of the General Conditions of Contract. The provisional sum allowed shall include for the actual cost incurred for materials used in authorised day work. The actual costs for materials shall not be subject to contract price adjustment.

The tendered percentage is a percentage of the amount actually spent under subitem B18.02(a) and shall include full compensation for the handling costs of the Contractor, profit, overheads and incidentals in connection with materials used for day work on the instructions of the Engineer.

Payment for expenditure under this item will be made in full as and when the money is expended subject to written proof by the Contractor of payment of invoiced amounts.

Item	Unit
B18.03 Plant charges	
(a) (description of plant indicated)	hour (h)
(b) (etc for other plant)	hour (h)

The unit of measurement shall be the hour actually worked by each item of plant (vehicle, machine or equipment) on the designated work on instruction by the Engineer.

The Contractor and the Engineer will agree on the method of recording the working hours prior to the commencement of work. Any long period of idling at any one time which in the opinion of the Engineer or his representative is beyond that required for normal operating conditions will not be paid for as working time. Non-working hours for any reason shall not be measured by payment.

The tendered rates include full compensation for furnishing and using the plant, including the cost of plant operators, consumable stores, fuel, ground-engaging tools, maintenance and for all other incidentals necessary to execute the authorised day work as specified.

Where there is ambiguity between the power developed at the flywheel and mass of machine, the power shall govern the measurement category.

Item	Unit
B18.04 Other plant not specified above	Provisional Sum

The provisional sum provided to cover the cost of other plant shall be expended in accordance with clause 48(1) of the General Conditions of Contract.

SECTION B3200: SELECTION, STOCKPILING AND BREAKING DOWN THE MATERIALS FROM BORROW PITS, CUTTINGS AND EXISTING PAVEMENT LAYERS AND PLACING AND COMPACTING THE GRAVEL LAYERS

B3203: STOCKPILING THE MATERIAL

In the third paragraph, replace the second and third sentences with:

“A photographic record shall be kept of all stockpiling areas. Before any stockpiling may be done the area shall be cleared of topsoil to a sufficient depth that will subsequently allow for the complete rehabilitation of the site with a cover of topsoil that does not exceed 100mm in depth and is not less than 75mm in depth. If there is insufficient

topsoil; the contractor shall acquire whatever balance is needed to rehabilitate the area at his own cost. No make-up topsoil shall be taken from the road reserve. The topsoil shall be stored in an area that shall not be affected by construction activities nor impede the natural flow of water. The topsoil so windrowed or stockpiled and its surrounds shall be kept free of all undesirable vegetation. The contractor shall not commence his stockpiling activities without prior written approval from the engineer that the site has been adequately prepared.

After the stockpiled material has been removed, the site shall be reinstated as closely as possible to its original condition by ripping of the affected areas, re-landscaping if necessary, re-instatement of the topsoil and re-vegetation.”

SECTION B5600: ROAD SIGNS

B5601: SCOPE

Replace “South African Road Traffic Signs Manual” in the second paragraph with:

“SADC Road Traffic Signs Manual”

B5603: MANUFACTURING OF ROAD SIGN BOARDS AND SUPPORTS

(a) Road signboards

Add the following:

“The contractor shall make every effort to ensure that signboards are correct in all respect and before dispatching the boards from the manufacturer’s factory shall provide the engineer with a 100mm x 150mm colour photograph of each sign face for approval of the correctness of the legend. Such approval will not imply final acceptance of the board. If the contractor is in any doubt as to the correctness of the sign detail, the sign designer shall be contacted for verification.”

(a) (ii) Steel profile road signboards

Add the following:

“Chromadek section shall be assembled in accordance with the details of Standard Plans SP-B-12-Sheets 4 and 5 and SP-B-4-Sheets 33E and 34E.

Where the letter or legends cross the horizontal joints of the sign panels, the letter shall be cut on the joint and both ends folded around the radius.

Retro-reflective material to adjoining Chromadek panels on a sign shall be practical visual match of the specified colour.”

B5604: ROAD SIGN FACES AND PAINTING

Add the following subclause:

“(e) Application of retro-reflective material

All sign faces shall be faced with retro-reflective material. Painted front sign faces shall not be used.

Where applied to Chromadek sections, retro-reflective material shall be applied as specified for aluminium section in Clause 5603(d) of the Standard Specification, and of Clause B5603(a)(ii) of this project Specification.”

Drilling of holes, except for the fastening of overlays

Application of any form of adhesive

Cleaning with any chemicals that are not specifically approved by the manufacturer of the retro-reflective material

Covering the sign face with an impermeable material that does not allow free circulation of air.”

B5606: ERECTING ROAD SIGNS

(c) Erection

Add the following:

“After erection the signboard shall be thoroughly cleaned with a cleaning agent approved by the retro-reflective material’s manufacturer.

All vegetation obstructing the new or replaced sign board shall be removed and disposed of as instructed by the engineer.”

SECTION B5900: FINISHING THE ROAD AND ROAD RESERVE AND TREATING OLD ROADS

B5901: SCOPE

In the first line of the second paragraph, insert the following after ‘this section’

“...distinguishes between new construction and renewal construction. When construction is new, as in the case of new alignments for example, then this section....”

B5902: FINISHING THE ROAD AND ROAD RESERVE

Retain the existing paragraphs as new subclause-

“(a) New Construction”

Replace the sixth paragraph with:

“All materials resulting from the finishing operations shall be disposed of at approved spoil sites.”

Add the following:

“(b) Renewal Construction

After completing construction work within the site, the contractor shall ensure that all construction generated or related material that may have been swept, windrowed, stockpiled, stored or spread beyond the road surface is removed. This shall be done before any other rehabilitation work is undertaken, including shaping, top soiling and grassing. Should, during the removal of construction generated or related material, existing vegetation or

topsoil be disturbed or destroyed, the contractor shall, at his own cost, re-instate the road reserve to its original state. This shall include ripping, should the construction material have compacted the existing surface.

Culvert inlets and outlets, culvert barrels, and open drains shall be cleared of debris, soil, silt and other material generated from the construction activities.

The surfacing shall be cleared of all dirt, mud and foreign objects. Dragging, pushing or scraping material across the finished surfacing shall not be permitted.

All junctions, intersections, islands, kerbing and other elements making up the completed works shall be neatly finished off.

The contractor shall ensure that all undesirable plants have been removed from the road reserve and borrow pit areas.

All materials resulting from the finishing operations shall be disposed of at approved spoil sites.”

Particular Specification PCI:

Geocells

PCI-1 SCOPE

This specification covers a geocell geosynthetic generally specified for use insitu shuttering for concrete infill for roads, canals, spillways, down chutes and walkways and also used in conjunction with soil infill for erosion control and soil reinforcement.

PCI-2 MATERIALS

PCI-2.1 General

The geocell shall consist of laminated, polypropylene, slit-film woven tape strips that are stitched together, forming three-dimensional square cells. All geocell panels shall be supplied with a offset, half-height border tension strip surround.

PCI-2.2 Chemical and Biological Properties

The geocell geosynthetic shall be rot-proof and shall be resistant to bacteria, algae and fungi.

The geocell geosynthetic shall maintain at least 80 % of the original tensile strength after direct exposure to sunlight for 1 500 hours.

The geocell geosynthetic shall be able to withstand the aggressiveness of the soil and groundwater with a pH in the range of 2 to 10, and soil and groundwater containing salts with a conductivity of up to 1.0 S/m.

The geocell geosynthetic shall not be attractive to rodents and termites.

-2.3 Classification

- 2.3.1 Geocells

The geocells shall be classified into its function according to typical usage, namely:

Geocell

- Concrete infill and soil erosion control

Geocell HD

- Soil reinforcement

The minimum requirements for the application is listed hereafter in table -2.3.1.

TESTING

-4.1

General

The index tests to be carried out on the geocell geosynthetic shall relate to the material and the method of manufacture, and are used mainly to ascertain that the correct geocell geosynthetic is supplied, and that the material is equivalent to that selected and specified for use in the works. The Contractor will be required, on the request of the Engineer, to submit a certificate by an accredited ISO/IEC 17025 geosynthetics laboratory to prove compliance with the specified qualities without additional cost to the Employer.

-5 HANDLING AND PLACING

-5.1 General

Unless otherwise specified, the surface area shall be trimmed to provide a uniform surface prior to placing any geocell.

-6 PROJECT REFERENCE

The supplier shall provide project reference in South Africa indicating successful application of geocell geosynthetic.

-7 MEASUREMENT AND PAYMENT

Measurement and payment shall be as specified in the relevant sections of the Standard Specifications, the Project Specifications and in the Schedule of Quantities, with typical payment item as follows:

-7.1 Geocell geosynthetic, state grade, material and method of manufacture (eg, laminated, polypropylene, slit-film woven tape) and width of panels.

The unit of measurement shall be the square metre of area covered with the specified geotextile placed in position.

[75; 100; 150 mm high]?

Unit: Square metre (m²)

The tendered rate shall include full compensation for procuring, furnishing, placing the material in position, including tensioning, jointing, pegging and protecting the geocell, for wastage as well as all tests which may be required to certify that the material complies with the specifications.

OHSА (OCCUPATIONAL HEALTH AND SAFETY ACT, NO 85 OF 1993) HEALTH AND SAFETY SPECIFICATION

1. SCOPE

This specification covers the health and safety requirements to be met by the Contractor to ensure a continued safe and healthy environment for all workers, employees and subcontractors under his control and for all other persons entering the site of works.

This specification shall be read with the Occupational Health and Safety Act (Act No 85 and amendment Act No 181) 1993, and the corresponding Construction Regulations 2003, and all other safety codes and specifications referred to in the said Construction Regulations.

This safety specification and the Contractor's own Safety Plan as well as the Construction Regulations 2003, shall be displayed on site or made available for inspection by all workers, employees, inspectors and any other persons entering the site of works.

2. DEFINITIONS

For the purpose of this contract the following shall apply:

- (a) **"Employer"** where used in the contract documents and in this specification, means the Employer as defined in the General Conditions of Contract and it shall have the exact same meaning as **"client"** as defined in the Construction Regulations 2003. **"Employer"** and **"client"** is therefore interchangeable and shall be read in the context of the relevant document.
- (b) **"Contractor"**, wherever used in the contract documents and in this specification, shall have the same meaning as **"Contractor"** as defined in the General Conditions of Contract.

In this specification the terms **"principal contractor"** and **"contractor"** are replaced with **"Contractor"** and **"subcontractor"** respectively.

- (c) **"Mandatory"**, wherever used in the contract, includes an agent, a contractor or a subcontractor for work, but without derogating from his status in his own right as an employer or user.

For the purpose of this contract the **Contractor** will, in terms of the agreement contemplated in Section 37(2) of OHSА 1993, be the mandatory, responsible to comply with all provisions of OHSА 1993 and the Construction Regulations 2003.

- (d) **"Engineer"** where used in this specification, means the Engineer as defined in the General Conditions of Contract. In terms of the Construction Regulations the Engineer may act as agent on behalf of the Employer (the client as defined in the Construction Regulations).

REHABILITATION OF MILITARY ROAD IN WARD 6
BID NO: PSJLM-ENG-2022/23 - 20

3. TENDERS

The Contractor shall submit the following with his tender:

- (a) a documented Health and Safety Plan as stipulated in Regulation 5 of the Construction Regulations. The Safety Plan must be based on the Construction Regulations 2003, the OHS Act, Clients Health and Safety Specifications and will be subject to approval by the Employer; The Health and Safety Plan must clearly states the policy of the company concerning the protection of the Health and Safety of his employees at work, the scope of the project and the review of the Health and Safety Plan.
- (b) a declaration to the effect that he has the competence and necessary resources to carry out the work safely in compliance with the Construction Regulations 2003;
- (c) a declaration to the effect that he made provision in his tender for the cost of the health and safety measures envisaged in the Construction Regulations.
- (d) Failure to submit the foregoing with his tender, will lead to the conclusion that the Contractor will not be able to carry out the work under the contract safely in accordance with the Construction Regulations and the OHS Act.

4. NOTIFICATION OF COMMENCEMENT OF CONSTRUCTION WORK

After award of the contract, but before commencement of construction work, the Contractor shall, in terms of Regulation 3, notify the Provincial Director of the Department of Labour in writing if the following work is involved:

- (a) the demolition of structures and dismantling of fixed plant of height of 3,0 m or more;
- (b) the use of explosives;
- (c) construction work that will exceed 30 days or 300 person-days;
- (d) excavation work deeper than 1,0 m; or
- (e) working at a height greater than 3,0 m above ground or landings.

The notification must be done in the form of the pro forma included as Annexure A in the Construction Regulations (a copy is attached to this safety specification as Annexure 3)

A copy of the notification form must be kept on site, available for inspection by inspectors, Employer, Engineer, employees and persons on site.

5. RISK ASSESSMENT

Before commencement of any construction work during the construction period, the Contractor shall have a risk assessment performed and recorded in writing by a competent person appointed in writing and the risk assessment shall form part of the health and safety plan to be applied on the site. (*Refer Regulation 7 of the Construction Regulations 2003*).

The risk assessment shall identify(all loss exposures), evaluate(the risk in each exposure) , develop(plan), implement(plan) and monitor the risks and hazards that may be expected during the execution of the work under the contract, and it shall include a documented plan of safe work procedures to mitigate, reduce or control the risks and hazards identified.

PORT ST JOHNS LOCAL MUNICIPALITY
REHABILITATION OF MILITARY ROAD IN WARD 6

BID NO: PSJLM-ENG-2022/23 - 20

The risk assessment shall be available on site for inspection by inspectors, Employer, Engineer, subcontractors, employees, trade unions and health and safety committee members, and must be monitored and reviewed periodically by the Contractor.

6. APPOINTMENT OF EMPLOYEES AND SUBCONTRACTORS

6.1 Health and Safety plan

The Contractor shall appoint his employees and any subcontractors to be employed on the contract, in writing, and he shall provide them with a copy of his documented Health and Safety Plan, or relevant sections thereof. The Contractor shall ensure that all subcontractors and employees are committed to the implementation of his Safety Plan. To this end the Employer, or the Engineer or Agent on his behalf, will, in terms of Regulations 4(1)(d) and 5(3)(c), carry out audits on a regular basis to ensure that the Contractor as well as any subcontractors in his employ, do implement the Contractor's Safety Plan as well as the Employer's Safety Specifications in accordance with the Construction Regulations.

6.2 Health and safety induction training

The Contractor shall ensure that all employees under his control, including subcontractors and their employees, undergo a health and safety induction training course by a competent person before commencement of construction work and ensure that all employees are informed regarding all hazards as stipulated in the risk assessment. No visitor or other person shall be allowed or permitted to enter the site of the works unless such person has undergone health and safety training pertaining to hazards prevalent on site. The Employer or the Engineer on his behalf, will carry out audits from time to time to ensure compliance by the Contractor.

The Contractor shall ensure that every employee on site shall at all times be in possession of proof of the health and safety induction training issued by a competent person prior to commencement of construction work.

7. APPOINTMENT OF SAFETY PERSONNEL

7.1 Construction Supervisor

The Contractor shall appoint a full-time **Construction Supervisor** with the duty of supervising the performance of the construction work. [Refer Regulation 6(1)].

He may also have to appoint one or more competent employees to assist the construction supervisor where justified by the scope and complexity of the works.

7.2 Construction safety officer

Taking into consideration the size of the project and the hazards or dangers that can be expected, the Contractor shall appoint in writing a full-time or part-time **Construction Safety Officer** if so decided by the Inspector of the Department of Labour. The Safety Officer shall have the necessary competence and resources to perform his duties diligently. [Refer Regulation 6(2)]

Provision will be made in the schedule of quantities to cover the cost of a dedicated construction safety officer appointed after award of the contract if so ordered by the Engineer.

7.3 Health and safety representatives

In terms of **Sections 17 and 18 of the Act (OHSA 1993)** the Contractor, being the employer in terms of the Act for the execution of the contract, shall appoint a **health and safety representative** whenever he has more than 20 employees in his employment on the site of the works. The health and safety representative must be selected from employees who are employed in a full-time capacity at a specific workplace.

PORT ST JOHNS LOCAL MUNICIPALITY
REHABILITATION OF MILITARY ROAD IN WARD 6

BID NO: PSJLM-ENG-2022/23 - 20

The number of health and safety representatives for a workplace shall be at least one for every 100 employees.

The function of the health and safety representative(s) will be to review the effectiveness of health and safety measures, to identify potential hazards and major incidents, to examine causes of incidents (in

collaboration with his employer, the Contractor), to investigate complaints by employees relating to health and safety at work, to make representations to the employer (Contractor) or inspector on general matters affecting the health and safety of employees, to inspect the workplace, plant, machinery etc. on a regular base, to participate in consultations with inspectors and to attend meetings of the health and safety committee.

7.4 Health and safety committee

In terms of **Sections 17 and 18 of the Act (OHSA 1993)** the Contractor (as employer), shall establish one or more **health and safety committee(s)** where there are two or more health and safety representatives at a workplace. The persons selected by the Contractor to serve on the committee shall be designated in writing.

The function of the health and safety committee shall be to hold meetings at regular intervals, but at least once every three months, to review the health and safety measures on the contract, to discuss incidents related to health and safety with the Contractor and the inspector, and to make recommendations regarding health and safety to the Contractor and to keep record of recommendations and reports made by the committee.

7.5 Competent persons

In accordance with the Construction Regulations the Contractor has to appoint in writing **competent persons** responsible for supervising construction work on each of the following work situations that may be expected on the site of the works.

- (a) Risk assessment and induction training as described in Regulation 7 of the Construction Regulations;
- (b) Fall protection as described in Regulation 8;
- (c) Formwork and support work as described in Regulation 10;
- (d) Excavation work as described in Regulation 11;
- (e) Demolition work as described in Regulation 12;
- (f) Scaffolding work as described in Regulation 14;
- (g) Suspended platform operations as described in Regulation 15;
- (h) Batch plant operations as described in Regulation 18;
- (i) Explosive powered tools in Regulation 19
- (j) Construction vehicle and mobile plant inspections on a daily basis by a competent person as described in Regulation 21(1);
- (k) Control of all temporary electrical installations on the construction site as described in Regulation 22.
- (l) Stacking and storage on construction sites as described in Regulation 26; and
- (m) Inspections of fire equipment as described in Regulation 27.
- (n) Use and temporary storage of flammable liquids on construction sites in Regulation 23.
- (o) Water Environments in Regulation 24.

PORT ST JOHNS LOCAL MUNICIPALITY

BID NO: PSJLM-ENG-2022/23 - 20

A competent person may be appointed for more than one part of the construction work with the understanding that the person must be suitably qualified and able to supervise at the same time the construction work on all the work situations for which he has been appointed.

The appointment of competent persons to supervise parts of the construction work does not relieve the Contractor from any of his responsibilities to comply with **all** requirements of the Construction Regulations.

8. RECORDS AND REGISTERS

In accordance with the Construction Regulations the Contractor is bound to keep records and registers related to health and safety on site for periodic inspection by inspectors, the Engineer, the Employer, trade union officials and subcontractors and employees. The following records and registers must be kept on site and shall be available for inspection at all times.

- (a) A copy of the OHSA (Occupational Health and Safety Act) No 85 of 1993 and Construction Regulations 2003 in order for Health and Safety Representatives and other employees to study (GAR 3) General Administrative Regulations.
- (b) A copy of the Client's Health and Safety Specification;
- (c) A copy of the Contractor's Health and Safety Plan (Regulation 4);
- (d) A copy of the Notification of Construction Work (Regulation 3);
- (e) A health and safety file in terms of Regulation 5(7) with inputs by the Construction Safety Officer [Regulation 6(7)];
- (f) A copy of the risk assessment described in Regulation 7;
- (g) A full protection plan and the corresponding records of evaluation and training of employees working from elevated positions as described in Regulation 8;
- (h) Drawings pertaining to the design of structures [Regulation 9(3)] and formwork and support work structures [Regulation 10(d)];
- (i) Pronouncement of the safety of excavations must be recorded in a register to be kept on site [Regulation 11(3)(h)];
- (j) A copy of the certificate of the system design for suspended platforms [Regulation 15(3)];
- (k) Suspended platforms must be registered and inspection and performance test must be recorded and kept on site [Regulation 15 (11)].
- (l) Medical Certificates of fitness must be recorded [Regulation 15(12)(a)]
- (m) A notice must be affixed around the base towers of material hoists to indicate the maximum mass load, which may be carried at any one time by material hoists [Regulation 7(5)].
- (n) Maintenance records of material hoists and inspection/examination results must be kept in a record book to be kept on site [Regulation 17(8)];
- (o) A record of any repairs to or maintenance of a batch plant must be kept on site [Regulation 18(9)];
- (p) A warning notice must be displayed in a conspicuous manner when and wherever an explosive powered tool is used [Regulation 19(2)];
- (q) A register for recording of findings by the competent person appointed to inspect construction vehicles and mobile plant [Regulation 21(1)(j)].
- (r) Electrical equipment checked and register kept [Regulation 22(d)]
- (s) Health and Safety Representatives Reports and endorsed by the supervisor must be kept on site [GAR 4.]
- (t) Health and Safety Committee minutes available and endorsed to be on site [GAR 4(a, b, c)].

9. CONTRACTOR'S RESPONSIBILITIES

For this contract the Contractor will be the mandatory of the Employer (Client), as defined in the Act (OHSA 1993), which means that the Contractor, as employer in his own right in respect of the contract, will be responsible for all the duties and obligations of an employer as set out in the Act (OHSA 1993) and the Construction Regulations 2003.

Before commencement of work under the contract, the Contractor shall enter into an agreement with the Employer (Client) to confirm his status as mandatory (employer) for the contract under consideration. A pro forma agreement is attached to this specification as Annexure 2. The pro forma agreement form must be signed by the contractor and returned to the employer (client) before commencement of work.

The Contractor's duties and responsibilities are clearly set out in the Construction Regulations 2003, and are not repeated in detail but some important aspects are highlighted hereafter, without relieving the Contractor of any of his duties and responsibilities in terms of the Construction Regulations. Safety reminders in the form of a checklist of some of the more important aspects of safety as related to personnel on site, must be displayed at a prominent position at the site (see Annexure 1: Safety on the Site of Works).

- (a) Contractor's position in relation to the Employer (Client) (*Regulation 4*)

Section 4 of the Regulations by implication requires that the Contractor shall at all times liaise closely with the Employer, or the Engineer on behalf of the Employer, to ensure that all requirements of the Act and the Regulations are met and complied with.

- (b) The Principal Contractor and Contractor (*Regulation 5*)

The Contractor for the contract under consideration is the equivalent of "Principal Contractor" as defined in Regulation 2(b) of the Construction Regulations, and he shall comply with all the provisions of Regulation 5.

Any subcontractors employed by the Contractor must be appointed in writing, setting out the terms of the appointment in respect of health and safety. An independent subcontractor shall however provide and demonstrate to the Contractor a suitable, acceptable and sufficiently documented health and safety plan before commencement of the subcontract. In the absence of such a health and safety plan the subcontractor shall undertake in writing that he will comply with the Contractor's safety plan, the health and safety specifications of the Employer and the Construction Regulations 2003.

REHABILITATION OF MILITARY ROAD IN WARD 6

BID NO: PSJLM-ENG-2022/23 - 20

(c) Supervision of construction work (*Regulation 6*)

The Contractor shall appoint the safety and other personnel and employees as required in terms of Regulation 6 and as set out in paragraph 7 above. Appointment of those personnel and employees does not relieve the Contractor from any of the obligations under Regulation 6.

(d) Risk assessment (*Regulation 7*)

The Contractor shall have the risk assessment made as set out in paragraph 7 above before commencement of the work, and it must be available on site for inspection at all times. The Contractor shall consult with the health and safety committee or health and safety

representative(s) etc. on a regular basis to ensure that all employees, including subcontractors under his control, are informed and trained by a competent person regarding health hazards and related work procedures.

No subcontractor, employee or visitor shall be allowed to enter the site of works without prior health and safety induction training, all as specified in Regulation 7.

(e) Fall protection (*Regulation 8*)

Fall protection, if applicable to this contract shall comply in all respects with Regulation 8 of the Construction Regulations.

(f) Structures (*Regulation 9*)

The Contractor will be liable for all claims arising from collapse or failure of structures if he failed to comply with all the specifications, project specifications and drawings related to the structures, unless it can be proved that such collapse or failure can be attributed to faulty design or insufficient design standards on which the specifications and the drawings are based.

In addition the Contractor shall comply with all aspects of Regulation 9 of the Construction Regulations.

(g) Formwork and support work (*Regulation 10*)

The Contractor will be responsible for the adequate design of all formwork and support structures by a competent person.

All drawings pertaining to formwork shall be kept on site and all equipment and materials used in formwork, shall be carefully examined and checked for suitability by a competent person.

The provisions of Regulation 10 of the Construction Regulations shall be followed in every detail.

(h) Excavation work (*Regulation 11*)

It is essential that the Contractor shall follow the instructions and precautions in the Standard Specifications and Project Specifications as well as the provisions of the Construction Regulations to the letter as unsafe excavations can be a major hazard on any construction site. The Contractor shall therefore ensure that all excavation work is carried out under the supervision of a competent person, that inspections are carried out by a Professional Engineer or Professional Technologist, and that all work is done in such a manner that no hazards are created by unsafe excavations and working conditions.

Supervision by a competent person will not relieve the Contractor from any of his duties and responsibilities under Regulation 11 of the Construction Regulations.

PORT ST JOHNS LOCAL MUNICIPALITY
REHABILITATION OF MILITARY ROAD IN WARD 6
BID NO: PSJLM-ENG-2022/23 - 20

(i) Demolition work (*Regulation 12*)

Whenever demolition work is included in a contract, the Contractor shall comply with all the requirements of Regulation 12 of the Construction Regulations. The fact that a competent person has to be appointed by the Contractor, does not relieve the Contractor from any of his responsibilities in respect of safety of demolition work.

The Contractor's attention is especially drawn to subsections (9) and (10) of Regulation 12, which read as follows:

"(9) Where the risk assessment indicates the presence of asbestos, the Contractor shall ensure that all asbestos-related work is conducted in accordance with the provisions of the 'Asbestos Regulations' promulgated by Government Notice R.155 of 10 February 2002, as amended.

(10) Where the risk assessment indicates the presence of lead, the Contractor shall ensure that all lead-related work is conducted in accordance with the provisions of the Lead Regulations' promulgated by Government Notice R.236 of 28 February 2002, as amended."

(j) Tunnelling (*Regulation 13*)

The Contractor shall comply with Regulation 13 wherever tunnelling of any kind is involved.

(k) Scaffolding (*Regulation 14*)

The Contractor shall ensure that all the provisions of Regulation 14 of the Construction Regulations are complied with. [Note : Reference in the Regulations to "Section 44 of the Act" should read "Section 43 of the Act"]

(l) Suspended platforms (*Regulation 15*)

Wherever suspended platforms will be necessary on any contract, the Contractor shall ensure that copies of the system design issued by a Professional Engineer are submitted to the Engineer for inspection and approval. The Contractor shall appoint competent persons as supervisors and competent scaffold erectors, operators and inspectors and ensure that all work related to suspended platforms are done in accordance with Regulation 15 of the Construction Regulations.

(m) Boatswain's chairs (*Regulation 16*)

Where boatswain's chairs are required on the construction site, the Contractor shall comply with Regulation 16.

(n) Material Hoists (*Regulation 17*)

Wherever applicable, the Contractor shall comply with the provisions of Regulation 17 to the letter.

(o) Batch plants (*Regulation 18*)

Wherever applicable, the Contractor shall ensure that all lifting machines, lifting tackle, conveyors, etc. used in the operation of a batch plant shall comply with, and that all operators, supervisors and employees are strictly held to the provisions of Regulation 18. The Contractor shall ensure that the General Safety Regulations (Government Notice R1031 of 30 May 1986), the Driven Machinery Regulations (Government Notice R295 of 26/2/1988) and the Electrical Installation Regulations (Government Notice R2271 of 11/10/1995) are adhered to by all involved.

In terms of the Regulations, records of repairs and maintenance shall be kept on site.

- (p) Explosive powered tools (*Regulation 19*)
The Contractor shall ensure that, wherever explosive-powered tools are required to be used, all safety provisions of Regulation 19 are complied with.
It is especially important that warning notices are displayed and that the issue and return of cartridges and spent cartridges be recorded in a register to be kept on site.
- (q) Cranes (*Regulation 20*)
Wherever the use of tower cranes becomes necessary, the provisions of Regulation 20 shall be complied with.
- (r) Construction vehicles and mobile plant (*Regulation 21*)
The Contractor shall ensure that all construction vehicles and plant are in good working condition and safe for use, and that they are used in accordance with their design and intended use. The vehicles and plant shall only be operated by workers or operators who have received appropriate training, all in accordance with all the requirements of Regulation 21.
All vehicles and plant must be inspected on a daily basis, prior to use, by a competent person and the findings must be recorded in a register to be kept on site.
- (s) Electrical installation and machinery on construction sites (*Regulation 22*)
The Contractor shall comply with the Electrical Installation Regulations (Government Notice R2920 of 23 October 1992) and the Electrical Machinery Regulations (Government Notice R1953 of 12 August 1993). Before commencement of construction, the Contractor shall take adequate steps to ascertain the presence of, and guard against dangers and hazards due to electrical cables and apparatus under, over or on the site.
All temporary electrical installations on the site shall be under the control of a competent person, without relieving the Contractor of his responsibility for the health and safety of all workers and persons on site in terms of Regulation 22.
- (t) Use of temporary storage of flammable liquids on construction sites (*Regulation 23*)
The Contractor shall comply with the provisions of the General Safety Regulations (Government Notice R1031 of 30 May 1986) and all the provisions of Regulation 23 of the Construction Regulations to ensure a safe and hazard-free environment to all workers and other persons on site.
- (u) Water environments (*Regulation 24*)
Where construction work is done over or in close proximity to water, the provisions of Regulation 24 shall apply.
- (v) Housekeeping on Construction sites (*Regulation 25*)
Housekeeping on all construction sites shall be in accordance with the provisions of the environmental Regulations for workplaces (Government Notice R2281 of 16 October 1987) and all the provisions of Regulation 25 of the Construction Regulations.
- (w) Stacking and storage on construction sites (*Regulation 26*)
The provisions for the stacking of articles contained in the General Safety Regulations (Government Notice R1031 of 30 May 1986) as well as all the provisions of Regulation 26 of the Construction Regulations shall apply.
- (x) Fire precautions on construction sites (*Regulation 27*)

The provisions of the Environmental Regulations for Workplaces (Government Notice R2281 of 16 October 1987) shall apply.

In addition the necessary precautions shall be taken to prevent the incidence of fires, to provide adequate and sufficient fire protection equipment, sirens, escape routes etc. all in accordance with Regulation 27 of the Construction Regulations.

- (y) Construction welfare facilities (Regulation 28)

The Contractor shall comply with the construction site provisions as in the Facilities Regulations (Government Notice R1593 of 12 August 1988) and the provisions of Regulation 28 of the Construction Regulations.

- (z) Non-compliance with the Construction Regulations 2003

The foregoing is a summary of parts of the Construction Regulations applicable to all construction projects.

The Contractor, as employer for the execution of the contract, shall ensure that all provisions of the Construction Regulations applicable to the contract under consideration are complied with to the letter.

Should the Contractor fail to comply with the provisions of the Regulations 3 to 28 as listed in Regulation 30, he will be guilty of an offence and will be liable, upon conviction, to the fines or imprisonment as set out in Regulation 30.

N.B The Contractor is advised in his own interest to make a careful study of the Act and the Construction Regulations as ignorance of the Act and the Regulations will not be accepted in any proceedings related to non-conformance to the Act and the Regulations.

10 MEASUREMENT AND PAYMENT

10.1 Principles

It is a condition of this contract that tenderers shall make provision in their tenders for the cost of all health and safety measures during the construction process. Special reference is made to the following:

- (a) Safety personnel

All safety personnel and competent persons referred to in clauses 7.1 to 7.5 will normally be members of the Contractor's personnel, and no additional payment will be made for the appointment of such safety personnel.

However provision will be made in the schedule of quantities for payment under the contract for a Construction Supervisor in terms of Clause 7.1 and for a dedicated Construction Safety Officer in terms of Clause 7.2 on the instruction of the Inspector of the Department of Labour.

- (b) Records and Registers,

Provision will be made in the schedule of quantities for payment to the Contractor for the keeping of health and safety-related records and registers as described in Clause 8.

10.2: Scheduled items

10.2.1 Appointment of dedicated safety personnel

(a) Construction Supervisor Unit: Lump sum

(b) Construction Health and Safety Officer Unit: Lump sum

10.2.2 Records and registers Unit: Lump sum

The lump sums tendered for sub-item 10.2.1(a) and (b) shall cover the cost to the Contractor for the provision of dedicated full-time officers for the duration of the contract.

The lump sum tendered for sub-item 10.2.2 shall cover the cost for providing and maintaining on site all the documents, files, records and registers as specified in Clause 8 of this specification.

Payment of the tendered lump sums will be made as follows:

(i) 50% of the lump sums will be paid once the appointments under 10.2.1 (a) and (b) have been made and approved by the Engineer, and when the required documents, files and registers under 10.2.2 are in place on site and approved by the Engineer.

(ii) The balance of the lump sums will be paid in equal monthly instalments up to the end of the contract period. Monthly payments will be withheld permanently for each month during which the Contractor failed to comply with the specifications.

Payment for these items do not absolve the Contractor from his responsibilities and liabilities in terms of Clause 9(y) of this specification and Regulation 30 of the Construction Regulations 2003.

ANNEXURE 1:

SAFETY ON THE SITE OF WORKS

The basic day-to-day requirements for safety on the site of works are listed below. Compliance with these aspects does not relieve the Contractor of any of his obligations and responsibilities detailed in Regulations 4 to 28 referred to paragraph 9 of the Safety Specification.

1. Fall protection

- (a) All unprotected openings in floors, slabs, hatchways and stairways must be adequately guarded, fenced or barricaded or similar means must be used to safeguard any person from falling through such openings;
- (b) Notices must be placed conspicuously at all openings where the possibility exists that a person might fall through such openings;
- (c) Where roof work is being performed on a construction site, the contractor shall ensure that:
 - (1) no employees are permitted to work on roofs during inclement weather conditions or if weather conditions are a hazard to the health and safety of the employees;
 - (2) prominent warning notices are to be placed where all covers to openings are not of sufficient strength to withstand any imposed loads and where fragile material exists;
 - (3) there is suitable and sufficient guard-rails or barriers and toe-boards or other similar means of protection to prevent, so far as is reasonably practicable, the fall of any person, material or equipment.
 - (4) people working at heights have medical certificates or ensure that there are physically or psychologically fit to work safely in such an environment

2. Formwork and support work

- (a) **Provision shall be made for safe access by means of secured ladders or staircases for all work to be carried out above the foundation bearing level;**
- (b) **All employees required to erect, move or dismantle formwork and support work structures must be adequately trained and instructed to perform these operations safely; and**
- (c) All formwork and support work structures are inspected by a competent person immediately before, during and after the placement of concrete or any other imposed load and thereafter on a daily basis

until the formwork and support work structure has been removed and the results have been recorded in a register and made available on site;

- (d) If, after erection, any formwork and support work structure is found to be damaged or weakened to such a degree that its integrity is affected, it shall be safely removed or reinforced immediately

3. Excavation work

The contractor shall:

- (a) take suitable and sufficient steps in order to prevent, any person from being buried or trapped by a fall or dislodgement of material in an excavation;
- (b) not require or allow any person to work in an excavation which has not been adequately shored or braced: Provided that shoring and bracing may not be necessary where the sides of the excavation are sloped to at least the maximum angle of repose of the material to be excavated;
- (c) take steps to ensure that the shoring or bracing contemplated in (b) is designed and constructed in such a manner rendering it strong enough to support the sides of the excavation in question;
- (d) ensure that no load, material, plant or equipment is placed or moved near the edge of any excavation where it is likely to cause its collapse and thereby endangering the safety of any person unless precautions such as the provision of sufficient and suitable shoring or bracing are taken to prevent the sides from collapsing;
- (e) provide convenient and safe means of access to every excavation in which persons are required to work and such access shall not be further than 6 m from the point where any worker within the excavation is working;
- (f) have every excavation, including all bracing and shoring, inspected:
 - (1) daily, prior to each shift;
 - (2) after every blasting operation;
 - (3) after an unexpected fall of ground;
 - (4) after substantial damage to supports; and
 - (5) after rain, by a competent person in order to pronounce the safety of the excavation.
- (g) where an excavation is accessible to the public or where the safety of persons may be endangered:
 - (1) adequately protect the excavation by a barrier or fence of at least one metre in height and as close to the excavation as is practicable; and
 - (2) provide warning illuminates or any other clearly visible boundary indicators at night or when visibility is poor;
- (h) place warning signs next to an excavation within which persons are working or carrying out inspections or tests.

4. Demolition work

- (a) The contractor shall not require or allow any person to work under unsupported overhanging material, which has not been adequately supported, shored or braced;
- (b) The contractor shall ensure that no material is dropped to any point, falling outside the exterior walls of the structure, unless the area is effectively protected.
