FORM E: SPECIFICATION/SCOPE OF WORK/TERMS OF REFERENCE

1. INTRODUCTION & OVERVIEW

The Joburg Tourism Company (JTC) is a destination management organisation (DMO) of the City of Johannesburg, dedicated to promoting the destination's tourism growth. Its primary function is to promote Joburg as a hub for business and a playground for lifestyle, sport and leisure tourism. Its operations include coordinating city-wide tourism marketing programmes, tourism information gathering and analysis.

As a DMO, Joburg Tourism plays a leading role in facilitating strategic partnerships with various authorities, stakeholders and professionals to achieve a unified mission to create targeted communication that connects business and leisure travellers to Joburg, one experience at a time.

Johannesburg is competing with other leading and emerging destinations for the global tourism market share. The inherent risk of a potential threat in the decline of tourist/visitor numbers to Johannesburg thus requires aggressive marketing interventions to remain top-of-mind, maintain/grow market share, consistently build traveller confidence and attract new visitors. Amplifying destination marketing to promote Johannesburg as a diverse, year-round value-for-money business, lifestyle, sport and leisure destination to grow the number of visitors and tourist spend is, therefore, an imperative in the fulfilment of the DMO mandate.

Hence the entity is embarking on this call for proposals to appoint a suitably qualified, local tourism operator and or travel management company to conceptualise and implement domestic seasonal and experiential deals to achieve improved, positive brand awareness of destination Johannesburg – to drive destination consideration and increase the number of visitors into Joburg.

2. PROJECT BACKGROUND

Johannesburg is South Africa's economic hub and a cultural epicentre with a diverse urban tourism offering—history and heritage, culture and lifestyle, art and fashion districts, culinary hubs, township experiences, sports, entertainment, events, MICE, and outdoor and adventure including nature-based escapes nearby.

To stimulate domestic travel and improve the city’s competitive positioning, JTC intends to appoint a qualified local tour operator or travel management company to design, market, and deliver seasonal and experiential deals that convert awareness into bookings and increase visitor numbers, length of stay, and spend across the city and its regions.

3. OBJECTIVES

- Brand awareness: Increase positive brand awareness for destination Joburg across priority domestic segments.
- Destination consideration: Improve intent to travel to Johannesburg, measured via engagement and conversion.
- Visitor number growth: Increase the number of domestic visitors to Joburg and dispersed visitation to partner attractions/precincts.
- Value creation: Offer compelling, value-driven packaged and unpackaged deals that showcase authentic Joburg experiences and support local SMMEs.
- Data and insights: Generate actionable insights on buyer behaviour, channel performance, package resonance, and seasonality.

4. SCOPE OF WORK

The appointed service provider must deliver end-to-end design and implementation of seasonal and experiential deals, including:

4.1 Concept & Product Development

Develop seasonal e.g. Easter/Autumn, Winter, Extended Summer season (from Spring to Summer) and evergreen experiential concepts aligned to Joburg brand pillars or offerings such as:

- Heritage and culture,
- Arts and fashion,
- Gastronomy(culinary),
- Township experiences,
- Adventure and outdoors,
- Nightlife, lifestyle and entertainment,
- Sports and family,
- Couples, solo and groups
- Bleisure/MICE extenders.
- Medical tourism

Curate **thematically coherent packaged and unpackaged deals** with clear inclusions, optional add-ons, and tiered pricing. Ensure packages cater to diverse segments namely, families, youth, couples, seniors, groups, accessible travel, and LGBTQIA+ inclusive offerings.

Secure inventory and partnerships with local operators (hotels, guesthouses, attractions, tour guides, transport, events).

Implement quality assurance and safety standards; ensure all partners are licensed and compliant.

4.2 Pricing and Commercials

- Provide transparent net and retail pricing; incorporate promotional mechanics (early-bird, bundles, stay/pay).
- Structure commissionable rates for distribution partners and affiliates.
- Include dynamic pricing responsive to seasonal demand windows.
- Commit to affordability thresholds for domestic market access (e.g., entry-level packages from Rxxx pp/pn).

Note well:

The pricing and commercials have no bearing to the appointment of the service provider, however, JTC would like to see the pricing and commercialisation strategy used in promoting Joburg as a “value for money” destination.

4.3 Distribution and Sales enablement

- Make both packaged and unpackaged deals available via multi-channel distribution: own website, online travel agencies (OTAs), agency networks, call centre, social commerce, affiliates/influencers, with an interface on the Johannesburg Tourism digital touchpoints such as website, social media etc. where applicable.
- Provide bookable inventory with clear T&Cs, payment options, cancellation/refund policies, and customer support.
- Enable tracking and attribution across channels, promo codes, unique booking URLs).

4.4 Marketing and Communications

- Develop and execute integrated marketing plans per campaign: media mix (paid/owned/earned), digital content calendar, influencer strategy, PR, and partnerships.
- Adhere to Johannesburg Tourism brand guidelines (messaging hierarchy, logos, tone, inclusivity).
- Produce creative assets: campaign key visuals, short-form videos, carousels, social media reels and edits, banners, landing pages and sales toolkits.
- Localise messaging to South African domestic audiences; ensure multilingual options where relevant and possible.

4.5 Monitoring, reporting and insights

- Implement performance tracking dashboards and monthly reporting covering sales, traffic, engagement, conversion, geography and product-level insights.
- Conduct testing on creatives, landing pages and offers.
- Provide a final impact report per season and a consolidated post-campaign evaluation.
