1. BACKGROUND OF THE RAF

1.1 The Road Accident Fund (RAF) is a schedule 3A public entity established in terms of the Road Accident Fund Act, 1996 (Act No. 56 of 1996), as amended. Its mandate is the provision of compulsory social insurance cover to all users of South African roads, to rehabilitate and compensate persons injured as a result of the negligent driving of motor vehicles in a timely and caring manner, and to actively promote the safe use of our roads.

2. SPECIAL INSTRUCTION TO BIDDERS

- 2.1 The service provider must be an eligible, registered Service Provider in terms of the applicable laws of the Country and included in the National Treasury Central Supplier Database.
- 2.2 It is expected of bidders to have their Tax matters in order when the proposals are submitted.
- 2.3 Companies or Director that are included on the National Treasury register for Restricted Suppliers and/ or Tender Defaulters will be automatically disqualified from the process.
- 2.4 The RAF reserves the right to use the bidder's proposal in any other procurement method where required and may result in an award

3. BACKGROUND

- 3.1 RAF has, for a number of years, relied on an external service provider to provide Contact Centre services through a combination of technology platforms and specialist third-party service providers.
- 3.2 The Road Accident Fund requires a hosted Telviva Telephony, Nice and Callbi Speech Analytics service to support continued Contact Centre operations for a period of 12 months.
- 3.3 As part of the RAF transition plan, the service provider must support the current solution as provided by Telviva, facilitate and provide:
 - Telviva Hardware & Software (Queuematics, Call Cabinet) subscription rental
 - Nice – Workforce Management subscription licensing
 - Callbi Speech Analytics subscription rental
 - Infrastructure Hosting of Telviva, Nice & Callbi Solutions

4. SCOPE OF WORK

4.1 To provide a hosted Telviva Telephony solution integrated with Digital Customer Engagement systems to

- Provide customer services and satisfaction, and support by responding timeously to queries and enquiries
- Provide a digital customer experience which is integrated with the omnichannel platform
- Provide license fees, maintenance, and support of the Telviva Telephony
- Provide license fees, maintenance, and support of Nice – Workforce Management
- Provide license fees, maintenance, and support of Callbi Speech Analytics
- Provide integration support to back-end systems, including the telephony systems

4.2. Support and maintenance

- Interested bidders must propose a sample of a maintenance and support contract. The proposed contract must support software updates, patches, and regular system maintenance. Further technical assistance should be easily reachable via phone, email, or client web portal and provide prompt service.
- The bidder is expected to provide technical assistance, respond to technical issues, and provide reliable information on the implementation methodology and solution features.
- The bidder must respond and resolve calls logged within the following timeframes:

Category	Response	Resolution
Priority 1 - Urgent	15 minutes	1 hour
Priority 2 – High	30 minutes	2 hours
Priority 3 – Medium	45 minutes	6 hours
Priority 4 – Low	60 minutes	+10 hours

Priority 1 – Urgent means malfunction and/or degraded services of the solution which limits access to the systems; or the solutions are unusable; or disables or prevents access to the solution itself, or renders any strategic element of the solution unusable, with data loss or corruption, license issues; or the above refers to 100% of users affected and/or any administrator

Priority 2 – High means the malfunction and/or degraded services of the service which affects 50% or less users and/or any administrator as per priority 1 above; or the error has a serious impact on any activity. The system is still usable but will not execute commands promptly.

Priority 3 – Medium means calls that are affecting the solution which do not fall into priority 1 or 2 above but need to be resolved within 3 hours.

Priority 4 – Low means the solution service requests that can take longer than five (5) hours (e.g., projects, developments, procurement)
