1. BACKGROUND

1.1 The Gauteng Department of e-Government is mandated to drive the digital transformation of the Gauteng Provincial Government.

The key areas of focus for the department are:

- Infrastructure - which includes the roll-out of the Gauteng Broadband Network, as well as driving the adoption of cloud services.
- Digitisation (e-Services) - which involves the transformation of manual processes into digital services.
- Governance - which encompasses provincial ICT policies, standards, and frameworks.
- ICT Sector Skills - under which various ICT training interventions are conducted for both employees and citizens in general;
- ICT Ecosystem Stimulation - which aims to create a vibrant ecosystem of ICT entrepreneurs through support programme.

1.2 In line with the Growing Gauteng Together 2030 Roadmap, the Gauteng Department of e-Government leads the implementation of the 4IR Strategy in the Gauteng Province and driving the digital transformation in a modernized way through digital platforms to create universal access for citizens, business and employees.

1.3 One of the most critical challenges is to build the skill base needed to drive and sustain change. The GPG ICT Skills strategy aims to identify the digital skills required to drive and sustain digital transformation and the development of an effective, inclusive and exiting provincial government digital ecosystem that every citizen of Gauteng can be proud of.

1.4 The Department of e-Government has further embarked on a digital transformation journey that includes the Township Economic Revitalization to ensure significant participation and meaningful inclusion of the people of the township into the mainstream economy through their township enterprises that are supported by Government and big business to make townships and SMME's self-sufficient and vibrant economic centers.

1.5 One of the e-Governments strategic objectives is to; "to stimulate the ICT economy through facilitating incubation and innovation as well as encouraging public-private partnership for the development and roll-out of e-Government services".

1.6 In stimulating the ICT Ecosystem, the department drives programmes aimed at empowering the youth of this province, especially those who fall within the following categories:

- Previously disadvantaged and/or township based.
- Women.
- People with disabilities.
- Interest in and have aptitude for technology.
- Entrepreneurially inclined.

It is off it's nature to impart knowledge, as well as their footprint in all our corridors of this province, makes the ideal partners for the journey we are embarking on.

2. OBJECTIVE

- 2.1 In line with the vision of the 6th administration of the Gauteng Provincial Government of Growing Gauteng Together (GGT2030), the Department of e-Government (e-Gov) is firmly committed to contributing towards Township Economic Renewal (TER). The scope of the support is mainly in the form of incubation, coaching, mentoring and skills development aimed at ICT SMMEs.
- 2.2 To achieve these goals, the Department of e-Government has set the building of a 4IR as one of its economic priorities, aiming to become a center of research and development, innovation and production and innovation in Africa. The 5th pillar of the Department of e-Government (e-Gov) is ICT Industry Stimulation and Skills Development. The work undertaken in this pillar is to create a pipeline of capable ICT SMMEs who can perform professional work for the Province.
- 2.3 In addition, the Department of eGovernment is coordinating the establishment of partnership with academic institutions in all five corridors of Gauteng. Those institutions will be an anchor for many of people, based in a physical location at the centre for ICT industry stimulation and skill development. The objective is to be a "default location" for new ICT ecosystem for GPG, building up a critical mass of layers of 4IR in each corridor. SBD 9**CERTIFICATE OF INDEPENDENT BID DETERMINATION**

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
