Document title :	Minimum SHE Requirements for Construction Related RFQ projects		
Revision	00	Author:	OHS: Projects
Effective Date	January 2017	Pages:	01

1. SCOPE OF WORK

Refurbishment of Analyser Building at Olifantsvlei WWTW

PURPOSE

The aim of the SHE specification is to ensure that any contractor which is appointed by Johannesburg Water to conduct any work complies with the SHE requirements of the SHE specification and any other legislative requirement applicable to the contract scope.

2. APPLICABILITY

This document is applicable to all contractors and suppliers conducting contractual activities for and on behalf of Johannesburg Water.

3. APPOINTMENTS

The contractor and its appointed sub-contractor must make the relevant legislative and non-statutory appointments, which must be maintained valid for the entire contract duration.

All appointees shall be suitably trained and found to be competent for the responsibilities there are assigned for.

Copies of all relevant appointments and the relevant competence certificates must be kept in the relevant SHE file.

Appoint:

1. Hand tool Inspector
2. Hazardous Chemicals Agent
3. Risk Assessor
4. Construction Supervisor
5. Portable Electrical Tool Inspector
6. Ladder Inspector
7. First Aider
8. Fire Fighting Equipment Inspector
9. Incident Investigators
10. Emergency coordinator

4.INSURANCE

The contractor and all its appointed sub-contractor(s) shall be registered with an appropriate compensation commissioner and have a valid letter of good standing from commissioner. The contractor is responsible for ensuring the Letter of Good Standing is valid for the entire duration of the project/contract. A copy of the letter of Good Standing must be kept in the SHE file.

Document title :	Minimum SHE Requirements for Construction Related RFQ projects		
Revision	00	Author:	OHS: Projects
Effective Date	January 2017	Pages:	01

5. COSTING FOR SHE REQUIREMENTS

The contractor is responsible for ensuring that SHE costing is taken into consideration for the entire project/contract as this will ensure they comply with the SHE legislative requirements

6. INDUCTION

An initial induction shall be done with key personnel to familiarize them with the requirements on site and for compiling the SHE file.

Once labourers are appointed JW will conduct an induction on SHE requirements, and the contractor is also required to conduct their company specific induction

7. SUBMISSION OF SAFETY FILE

- Once appointed the contractor can submit their safety file for approval.
- Approval will be granted when the critical items have been sufficiently addressed.

8. RISK ASSESSMENT

- Every Contractor who has been appointed contractually to conduct work for Johannesburg water shall do compile a baseline risk assessment prior to starting with work, subject to the approval of the Client.
- Thereafter the task based risk assessments will be done daily with every task being done.

9. SAFE WORKING PROCEDURES / METHOD STATEMENTS

The following method statements / safe working procedures must be compiled:

- Incident investigation, emergency plan, waste management plan, PPE procedure, hand tool procedure, hazardous chemical substance procedure.
- Method statement for the entire works

10. WORKING AT HEIGHTS (ladder)

- A competent person must compile a fall protection plan for all tasks which will be done at elevated position.
- The requirements as per the Construction regulations for working at heights shall be complied with by the contractor at all times.
- The fall protection plan shall be specific to the work that will be conducted at elevated position and proper provision must be made for rescue of employees at heights.
- Fall protection plan must include fall risk assessment detailing proper controls to be implemented.
- All employees who their duties entail working at heights must be declared medically fit by an Occupational Health Practitioner for working at heights.

Document title :	Minimum SHE Requirements for Construction Related RFQ projects			
Revision	00	Author:	OHS: Projects	
Effective Date	January 2017	Pages:	01	

- Employees who will be working at heights must be trained by a competent service provider for working at heights and must be trained on use of fall prevention/arrest devices to be used at heights.
- Employees working at height must be trained on the latest approved fall protection plan before work commences at height.

11. HAZARDOUS CHEMICAL AGENTS (paint)

The employer must control the chemical exposure of an employee by -

- limiting the amount of an HCA used, which may contaminate the working environment;
- limiting the number of employees who will be exposed or may be exposed;
- limiting the period during which an employee will be exposed or may be exposed;
- using a substitute for an HCA;
- introducing engineering control measures for the control of exposure, which may include –
 - process separation, automation or enclosure.
 - the installation of local extraction ventilation systems to processes, equipment and tools for the control of emissions of an airborne HCA;
 - use of wet methods; and
 - separate workplaces for different processes; and

Introducing appropriate work procedures which an employee must follow where materials are used or processes are carried out which could give rise to exposure of an employee, and which procedures must include written instructions to ensure –

- that an HCA is safely handled, used and disposed of;
- that process machinery, installations, equipment, tools and
- local extraction and general ventilation systems are safely
- used and maintained;
- that machinery and work areas are kept clean; and
- that early corrective action may be readily identified.

12. HOT WORKS PRECAUTIONARY MEASURES (welding)

- Care to be taken when using and storing materials used for ignition purposes, i.e. matches, lighters.
- Hot-work equipment is in good repair and adequately secured. Gas welding and cutting equipment carries a "Hot Work Checklist" (see Appendix 2).
- All combustible material of a portable nature shall be removed from the site of operations and floors swept clean of combustible materials. Flammable substances such as paints and adhesives must be removed from the Hot Work area.

Document title :	Minimum SHE Requirements for Construction Related RFQ projects		
Revision	00	Author:	OHS: Projects
Effective Date	January 2017	Pages:	01

- All combustible material remaining in the vicinity shall be either a) thoroughly drenched with water or b) cover with damp sand or c) covered with non-combustible sheets – whichever is suitable.
- Combustible floors, walls, ceilings protected by wetting down and covering with damp sand or covered or screened by sheets of non-combustible material – whichever is suitable.
- Where work is above floor level, non-combustible curtains or sheets suspended beneath the work to collect sparks.
- All gaps in walls and floors through which sparks could pass covered with sheets of non-combustible materials.
- Means for fire extinguishing must be in close proximity to the “Hot Work” operation. If a fire point is not in the immediate vicinity, then portable fire extinguishing equipment must be available at the site of operations.
- Ensure that the correct Personal Protective Equipment is worn in relation to the task being carried out.
- Smoke/heat detectors that could be affected by the “Hot Work” operation must either be a) isolated by Electricians or b) “Bagged off”.

13. MEDICAL SCREENING REQUIREMENTS

- The contractor shall ensure that a medical surveillance programme is implemented for all employees.
- The medical examination shall be conducted in line with the employee job profile/job description.
- A valid medical fitness certificate must be submitted together with the SHE File for approval for all employees who will be doing work for Johannesburg Water.
- Any employee(s) who are declared conditionally fit must be provided with employment which does not aggravate their medical condition as to endanger themselves or other employees.
- The following tests shall be done:
 - Audiograms.
 - A cardio-respiratory examination
 - Lung function tests.
 - Eye/ sight tests.
 - A general physical examination.
 - A review of previous medical history.
 - Blood pressure tests
 - Glucose tests
 - Vaccinations (Hepatitis A & Typhoid)

Document title :	Minimum SHE Requirements for Construction Related RFQ projects		
Revision	00	Author:	OHS: Projects
Effective Date	January 2017	Pages:	01

14. HAZARDOUS BIOLOGICAL AGENTS (working in unhygienic areas, exposure to sewer)

Employers shall ensure that any employee at risk of being exposed or exposing others to HBA is comprehensively informed and trained, on both practical aspects and theoretical knowledge with regard to –

- the contents and scope of HBA regulation;
- the potential risks to health caused by the exposure;
- the measures to be taken by the employer to protect an employee against any risk of being exposed;
- the importance of good housekeeping at the workplace and personal hygiene requirements;
- the precautions to be taken by an employee to protect him- or herself against the health associated with the exposure, including the wearing and use of protective clothing and respiratory protective equipment;
- the necessity, correct use, maintenance and potential of safety equipment,
- facilities and engineering control measures provided;
- the necessity of medical surveillance;
- the safety working procedures regarding the use, handling, labelling, and disposal of HBA at the workplace;
- the procedures to be followed in the event of exposure, spillage, leakage, injury or any similar emergency situation, and decontaminating or disinfecting contaminated areas.

15. TOOLBOX TALKS

- The contractor shall ensure they conduct toolbox talks with their employees on a weekly basis and records of these must be kept in the SHE file.
- The objective of toolbox talks should be to communicate relevant site information to assist in improvement of occupational health and safety performance.
- Employees must acknowledge the receipt of toolbox talks and this record must also be kept in the SHE file.

14. PERSONAL PROTECTIVE EQUIPMENT (PPE)

- Contractor must issue their employees SABS approved PPE. A copy of the PPE issue register signed by the employee issued with the PPE must be kept in the SHE file.
- Contractor supervisor are required to conduct continuous inspections of the PPE issued to their employees to ensure that they are still in good condition to be used by the employee or they still comply with manufacture requirements.

Document title :	Minimum SHE Requirements for Construction Related RFQ projects		
Revision	00	Author:	OHS: Projects
Effective Date	January 2017	Pages:	01

- The contractor is responsible for ensuring that employees are trained on the safe use of the PPE issued to them, how to maintain it and the limitations of the PPE.
- NO SHORTS OR DRESSES WILL BE ALLOWED ON SITE

15. WORKPLACE SIGNAGE

- Appropriate symbolic signage must be displayed where it is required by legislation.
- Appropriate warning, mandatory and information signs must be placed where required.
- All signs must comply to SANS/SABS requirements.
- Contractors shall use mandatory and prescribed symbolic safety signs at their lay down and site areas.

16. INCIDENT REPORTING AND INVESTIGATION

- All incidents shall be reported to the Client before the end of the shift or within 24hrs of occurrence.
- Section 24 incidents shall be reported to DOL using the prescribed format.
- The contractor shall develop an incident management procedure and communicate with all employees.

17. NOTIFICATION OF CONSTRUCTION WORK

- The contractor shall notify the DOL in the prescribed format of the intended work prior to work.

18. COMPLIANCE MONITORING

- Weekly inspections and monthly audits will be conducted on site.

19. PROJECT COMPLETION

- Upon completion of the project the SHE file shall be returned to the Client for retention and close out.

HEALTH, SAFETY & ENVIRONMENTAL (SHE) SPECIFICATION: BASELINE RISK ASSESSMENT

PROJECT NUMBER:	RFQJWxxxxNM22
PROJECT LOCATION:	Olifantsvlei WWTW
PROJECT DESCR:	Refurbishment of analyser building (paint, tiling, install wooden door, install ceiling).

POSSIBLE RISKS FOR THIS PROJECT

Task	Hazard	Risk	Consequence	Rating	Controls
OHS requirements	✓ No safety file	✓ Contravening the Construction Regulations and clients OHS requirements	✓ Contractor will not be allowed to commence work without proper OHS document	High	✓ Compile a safety file according to the OHS specification that will be given to you by the client. ✓ Comply with the requirements of the Construction Regulations
Site Access	✓ Unauthorized entry	✓ Injuries or theft	✓ Injury to unauthorized persons resulting in JW legal liability	High	✓ All persons on site must undergo JW induction ✓ Access to be granted by works management
	✓ Exposure to chemical exposure	✓ Inhalation of toxic fumes and skin burns	✓ Adverse health effects or even fatality	Moderate	✓ Contractor to be inducted on no-go areas
Manual handling (Ergonomics)	✓ Improper manual loading and offloading procedure	✓ Musculoskeletal injuries (e.g., back strain)	✓ Moderate to severe injury	High	✓ Manual handling training ✓ Request assistance while carrying heavy loads
	✓ Repetitive handling tasks	✓ Repetitive strain injuries (RSI)	✓ Long-term musculoskeletal problem	High	✓ Rotate tasks to reduce repetition ✓ Take interval breaks
	✓ Awkward postures	✓ Injury due to twisting	✓ Moderate injury or strain	High	✓ Manual handling training
	✓ Heavy loads	✓ Back, shoulder, or knee injury	✓ Moderate to severe injury	High	✓ Assess the weight of the load before lifting

		✓ Loss of balance, dropped load	✓ Moderate to severe injury	Moderate	✓ Assess the weight of the load before lifting
	✓ Handling corrosive or contaminated material	✓ Chemical burns, infection, or illness	✓ Adverse health effects	High	✓ Use of proper PPE
Exposure to Hazardous Chemical Substances (HCS) i.e. paint, tile cement, etc	✓ Improper storage or disposal of HCS	✓ Environmental contamination	✓ Legal battles, soil contamination and costly remedial processes	High	✓ Employees receive the necessary information and training to be able to use, handle and store hazardous chemical substances safely. ✓ Assess the risks associated with the use of chemicals. ✓ Keep records of SDS. ✓ Appoint HCA Coordinator. ✓ Keep SDS in a ventilated environment. ✓ Provide breathing apparatus.
	✓ Spill or leak during use or transportation	✓ Ground or water contamination, slip hazard	✓ Environmental damage, ✓ Injury	Moderate	✓ Suppliers provide the necessary information in the form of material Safety Data Sheets (SDS) regarding hazardous chemical substances ✓ Ensure the safe use, handling and storage of these substances, ✓ This SDS must be available on site and communicated to employees exposed. ✓ Clean spillages immediately. ✓ Keep spill kit.
	✓ Inhalation of fumes or vapours	✓ Respiratory irritation, dizziness, long-term health effects	✓ Short or long-term respiratory issues	High	✓ Work in well-ventilated areas (open doors and windows) ✓ Avoid confined space painting unless assessed ✓ Use appropriate RPE (e.g., half-face respirator with organic vapors filters)

	✓ Skin contact	✓ Chemical burns, dermatitis, allergic reactions	✓ Skin damage or chronic ✓ Dermatitis	Moderate	✓ Follow instruction as per SDS provided for such chemical
	✓ Eye contact	✓ Irritation, chemical burns, vision damage	✓ Moderate to severe eye injury	Moderate	✓ Follow instruction as per SDS provided for such chemical
	✓ Fire/explosion	✓ Ignition from smoking or lighting next to chemicals	✓ Fire, ✓ Explosion, injury, ✓ Property damage		✓ No open flames near chemical areas
	✓ Poor labelling or identification	✓ Uninformed exposure or misuse	✓ Increased risk of improper handling	Moderate	✓ All containers clearly labelled with hazard symbols ✓ Chemical inventory required
Working on Heights (Work in fall risk positions)	✓ Fall from height	✓ Injuries or fatalities	✓ Broken bones, head injury, fatality	Moderate	✓ Designate a competent person to be responsible for the preparation of a fall protection plan. ✓ Ensure that the Fall protection plan is implemented,
	✓ . Untrained persons	✓ Incorrect setup or misuse	✓ Fall, injury, or equipment damage	Moderate	✓ Only trained and competent persons trained for working from height ✓ Appoint ladder inspector
	✓ Objects falling from height	✓ Injuries to persons working below	✓ Head injury or lacerations	Moderate	✓ Wear hard hats and post “work overhead” warning signs
	✓ Employees not medically fit to work at height	✓ Fear of height ✓ Falls	✓ Injuries or fatalities	Moderate	✓ Employees must undergo medical fitness through a OHP and be declared fit to carry out work at height ✓ Fall Protection Plan, Risk Assessment and Safe working Procedures must be communicated to all workers working in a fall risk position.
	✓ Working at height – The use of a ladder	✓ Falls from height due to	✓ Legal liability ✓ Injuries	High	✓ Work from a stable platform and ladder

		inadequate measures			<ul style="list-style-type: none"> ✓ Provide fall arrest equipment to prevent the person falling from the platform or ladder. ✓ Appoint ladder inspector. ✓ Inspect ladders before use. ✓ Develop SOP for ladders. ✓ Do not paint ladder so that damages can be visible.
Supply and installation of ceiling	✓ Poor manual handling of boards	✓ Musculoskeletal injuries (e.g., back/shoulder strain)	✓ Bodily injuries	Moderate	✓ Manual handling training
	✓ Falling ceiling boards or tools	✓ Head injury or cuts	✓ Minor to serious injuries	Moderate	<ul style="list-style-type: none"> ✓ Wear hard hats and other appropriate PPE for the task at hand ✓ Installation Safe Work Procedure or method statement required
	✓ Dust from cutting boards	✓ Respiratory irritation or long-term illness	✓ Adverse health risk	Moderate	<ul style="list-style-type: none"> ✓ Wear dust masks or respiratory protective equipment / (Filter Face Piece 2 or higher) ✓ Cut boards in well-ventilated areas or outdoors
	<ul style="list-style-type: none"> ✓ The use of drilling machine ✓ Welding ✓ The use of electricity 	<ul style="list-style-type: none"> ✓ Exposure to electricity ✓ Damaged electrical cable ✓ Inadequate isolation ✓ Damaged drill and welding machine ✓ The use of equipments in an unsafe manner ✓ Welding sparks ✓ Drill shavings 	<ul style="list-style-type: none"> ✓ Injuries or fatalities ✓ Cuts ✓ Shock, ✓ Eye injuries ✓ Burns, or ✓ Fatality 	High	<ul style="list-style-type: none"> ✓ Inspect areas before work and identify all electrical connections ✓ Request isolation from a competent electrician ✓ Appoint competent portable electrical tool inspector. ✓ Inspect portable electrical tools. ✓ Remove damaged electrical tools from site. ✓ Develop SOP for portable electrical tools.

	✓ Sharp tools /blades used during cutting	✓ Incorrect use of tools ✓ Using the wrong tool for the task ✓ Inadequate PPE ✓ Employees that are not wearing the correct PPE.	✓ Bodily injuries Cuts & lacerations ✓	Moderate	✓ Use the right tool for the job. ✓ Properly store away all sharp tools. ✓ Use only approved tools. ✓ Do not use homemade tools. ✓ Wear cut resistant hand gloves.
	✓ Noise from power tools	✓ Nuisance noise	✓ Hearing damage	Moderate	✓ Wear ear protection
Tiling floor with non-slip tiles	✓ Manual handling of tiles, adhesive, and grout	✓ Back strain, musculoskeletal injuries	✓ Bodily injuries	Moderate	✓ Use correct lifting techniques ✓ Manual handling training
	✓ Poor housekeeping	✓ Tripping over tools or loose tiles	✓ Bodily injuries	Moderate	✓ Practice good housekeeping at all the times
	✓ Cutting tiles (manual or powered tools)	✓ Cuts, lacerations, dust inhalation	✓ Minor to moderate injury or respiratory irritation	Moderate	✓ Use tile cutters with guards ✓ Wet-cutting methods where possible ✓ Wear dust masks, safety goggles, and gloves ✓ Use tools as per manufacturer's guidelines
	✓ Noise from power tools	✓ Nuisance noise	✓ Hearing damage	Moderate	✓ Wear ear protection
Fabricate steel frame and mount steel diamond plate	✓ Hot work (welding, cutting, grinding)	✓ Burns, fire, eye damage, fume inhalation	✓ Serious injury or long-term health issues	High	✓ Fire extinguisher on site ✓ Wear flame-resistant PPE and welding helmet
	✓ Manual handling of steel sections or plate	✓ Poor ergonomics ✓ Inadequate lifting technic	✓ Bodily injuries ✓ Back strain, ✓ crush injuries, cuts	Moderate	✓ Use mechanical aids where possible ✓ Manual handling training ✓ Introduce working in buddy systems
	✓ Lifting and positioning of frame	✓ Dropped load, crush injury, entrapment	✓ injury or fatality	High	✓ Use appropriate lifting equipment (chain blocks, slings) ✓ Lifting plan and trained banksman

					✓ Inspect lifting gear before use
	✓ Cutting and grinding steel	✓ Lacerations, flying sparks, eye injury	✓ Bodily injuries	High	✓ Use guards and correct discs ✓ Wear safety goggles or face shields ✓ Only trained personnel to use grinders
	✓ Welding fume exposure	✓ Respiratory illness	✓ Adverse Health effects	Moderate	✓ Welding in open or well-ventilated spaces
	✓ Trips/slips on worksite (tools, steel offcuts, sparks)	✓ Falls, twisted ankles, injury	✓ injuries	Moderate	✓ Maintain good housekeeping
Supply and install wooden doors	✓ Inadequate fixing of frame or plate	✓ Collapse, trip hazard, structural failure	✓ Injury, rework, equipment damage	High	✓ Use appropriate anchors/bolts ✓ Inspected and signed off by supervisor
	✓ Incorrect installation (e.g., misaligned hinges, uneven door)	✓ Door malfunction, injury risk, rework	✓ injury or project delay	Moderate	✓ Use correct fixings ✓ Level and plumb doors before fixing ✓ Supervisor inspection before handover
	✓ Manual handling of doors	✓ Back strain, crush injury, finger trapping	✓ Injures	Moderate	✓ Manual handling training
	✓ Use of power tools	✓ Lacerations, electric shock, eye injuries	✓ Bodily injuries	Moderate	✓ Use tools with guards and proper PPE ✓ Inspect tools before use
	✓ Pinch points (hinges, closers, door edges)	✓ Finger injuries or bruising	✓ Injuries	Moderate	✓ Wear gloves when installing ✓ Keep hands clear during fixing/closing
	✓ Dust from cutting or sanding wood	✓ Respiratory irritation, eye irritation	✓ Adverse health effects	Moderate	✓ Wear full appropriate PPE and sand in well-ventilated areas

RISK ASSESSMENT MATRIX

Likelihood	Consequences				
	Insignificant (minor problem easily handled by normal day to day processes)	Minor (Some disruption possible e.g. Damage equal to R150k)	Moderate (significant time / resources required. E.g., damage equal to R500k)	Major (Operations severely damaged. E.g., damages equal to R1m)	Catastrophic (business survival is at risk. Damage equal to R5m – 10m)
Almost certain (90% chance)	High (H)	High (H)	Extreme (E)	Extreme (E)	Extreme (E)
Likely (between 50-90%)	Moderate (M)	High (H)	High (H)	Extreme (E)	Extreme (E)
Moderate (between 10-50%)	Low (L)	Moderate (M)	High (H)	Extreme (E)	Extreme (E)
Unlikely (between 3-10%)	Low (L)	Low (L)	Moderate (M)	High (H)	Extreme (E)
Rare (<3%)	Low (L)	Low (L)	Moderate (M)	High (H)	High (H)

Guide: How to submit a response on the E-tender Portal

- Submit on E tender portal, following the below:
 1. (<https://www.etenders.gov.za/>)
 2. Search/Click Browse Opportunities by organ of state (Johannesburg Water)/search by RFQ reference number .
 3. Click the + **sign** to expand the tender/ RFQ information.
 4. start the e submission process.
 5. Supplier login
 6. Use your CSD Credentials to Login. Contact CSD on (csd@treasury.gov.za) in case you forgot your login credentials. "My profile should show if you have logged in successfully".
 7. select supplier.
 8. check the submission checklist and attached the compulsory documents.
 9. confirm and proceed .

POPIA PRIVACY STATEMENT

Johannesburg Water SOC Limited

In terms of the Protection of Personal Information Act, 213 (Act 4 of 2013), also called the POPI Act or POPIA, Johannesburg Water SOC Limited, undertakes all reasonable measures to protect personal information and to keep it private and confidential.

1. Privacy Notice applies to:

Suppliers, vendors, contractors, service providers, etc whether appointed or prospective.

2. Definitions of personal information

According to the Act “personal information” means information relating to an identifiable living, natural person, and where it is applicable, an identifiable, existing juristic person. All addresses including residential, postal and email addresses.

3. About the Public Entity

Johannesburg Water (SOC) Limited, registration number 2000/029271/30

3.1 The information we collect

We collect information directly from you where you provide us with your personal details. Where possible, we will inform you what information you are required to provide to us and what information is optional.

3.2 How Johannesburg Water use your information

We will use your personal information only for the purposes for which it was collected and agreed with you. For example: to gather contact information, to confirm and verify your identity, for the evaluation and adjudication of bids and quotations for tenders, request for quotations, and other personal information for the procurement of goods and services by the Entity.

3.3 Disclosure of information

We may disclose your personal information to our Shareholder, the City of Johannesburg, and other Government agencies such as National Treasury, and the Auditor-General of South Africa. We have agreements in place to ensure that they comply with the privacy requirements as required by the Protection of Personal Information Act.

We may also disclose your information:

- Where we have a duty or a right to disclose in terms of law;
- Where we believe it is necessary to protect our rights.

3.4 Information Security

We are legally obliged to provide adequate protection for the personal information we hold and to stop unauthorised access and use of personal information. We will, on an ongoing basis, continue to review our security

POPIA PRIVACY STATEMENT

Johannesburg Water SOC Limited

controls and related processes to ensure that your personal information remains secure.

When we contract with third parties, we impose appropriate security, privacy and confidentiality obligations on them to ensure that personal information that we remain responsible for, is kept secure. We will ensure that anyone whom we pass your personal information agrees to treat your information with the same level of protection as we are obliged to.

3.5 Your rights: Access to Information

You have the right to request a copy of the personal information we hold about you. To do this, simply contact us at informationofficer@jwater.co.za, and specify what information you require.

3.6 Correction of your personal information

You have the right to ask us to update, correct or delete your personal information. We will require a copy of your identification document to confirm your identity before making changes to personal information we may hold about you. We would appreciate it if you would keep your personal information accurate and up to date.

3.7 How to contact us

If you have any queries about this document; you need further information about our privacy practices; wish to withdraw consent; exercise preferences or access or correct your personal information, please contact us at the numbers listed on our website or send an email to informationofficer@jwater.co.za.

PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL PROCUREMENT REGULATIONS 2022

This preference form must form part of all tenders invited. It contains general information and serves as a claim form for preference points for specific goals.

1. GENERAL CONDITIONS

1.1 The following preference point systems are applicable to invitations to tender:

- the 80/20 system for requirements with a Rand value of up to R50 000 000 (all applicable taxes included); and

1.2 **To be completed by the organ of state**

a) The applicable preference point system for this tender is the 80/20 preference point system.

1.3 Points for this tender (even in the case of a tender for income-generating contracts) shall be awarded for:

- (a) Price; and
- (b) Specific Goals.

1.4 **To be completed by the organ of state:**

The maximum points for this tender are allocated as follows:

	POINTS
PRICE	80
SPECIFIC GOALS	20
Total points for Price and SPECIFIC GOALS	100

1.5 Failure on the part of a tenderer to submit proof or documentation required in terms of this tender to claim points for specific goals with the tender, will be interpreted to mean that preference points for specific goals are not claimed.

1.6 The organ of state reserves the right to require of a tenderer, either before a tender is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the organ of state.

2. DEFINITIONS

- (a) **“tender”** means a written offer in the form determined by an organ of state in response to an invitation to provide goods or services through price quotations, competitive tendering process or any other method envisaged in legislation;

- (b) **“price”** means an amount of money tendered for goods or services, and includes all applicable taxes less all unconditional discounts;
- (c) **“rand value”** means the total estimated value of a contract in Rand, calculated at the time of bid invitation, and includes all applicable taxes;
- (d) **“tender for income-generating contracts”** means a written offer in the form determined by an organ of state in response to an invitation for the origination of income-generating contracts through any method envisaged in legislation that will result in a legal agreement between the organ of state and a third party that produces revenue for the organ of state, and includes, but is not limited to, leasing and disposal of assets and concession contracts, excluding direct sales and disposal of assets through public auctions; and
- (e) **“the Act”** means the Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000).

3. FORMULAE FOR PROCUREMENT OF GOODS AND SERVICES

3.1. POINTS AWARDED FOR PRICE

3.1.1 THE 80/20 PREFERENCE POINT SYSTEMS

A maximum of 80 points is allocated for price on the following basis:

80/20

$$Ps = 80 \left(1 - \frac{Pt - P_{min}}{P_{min}} \right)$$

Where

- Ps = Points scored for price of tender under consideration
- Pt = Price of tender under consideration
- Pmin = Price of lowest acceptable tender

3.1.1. POINTS AWARDED FOR PRICE

A maximum of 80 points is allocated for price on the following basis:

80/20

$$Ps = 80 \left(1 + \frac{Pt - P_{max}}{P_{max}} \right) \text{ o}$$

Where

- Ps = Points scored for price of tender under consideration
- Pt = Price of tender under consideration
- Pmax = Price of highest acceptable tender

4. POINTS AWARDED FOR SPECIFIC GOALS

- 4.1. In terms of Regulation 4(2); 5(2); 6(2) and 7(2) of the Preferential Procurement Regulations, preference points must be awarded for specific goals stated in the tender. For the purposes of this tender the tenderer will be allocated points based on the goals stated in table 1 below as may be supported by proof/ documentation stated in the conditions of this tender:

Table 1: Specific goals for the tender and points claimed are indicated per the table below.

Note to tenderers: The tenderer must indicate how they claim points for each preference point system.)

The specific goals allocated points in terms of this tender	Number of points allocated (80/20 system)	Number of points claimed (80/20 system)	Proof of documents per specific goals
Businesses located in region within COJ. COJ municipality or Gauteng province	20		Valid BBBEE Certificate issued by SANAS accredited verification agency or DTI/CIPC BBBEE Certificate for Exempted Micro Enterprises or Affidavit sworn under oath, and Proof of municipal account / valid lease agreement, letter from the Ward Council confirming the business address.

DECLARATION WITH REGARD TO COMPANY/FIRM

4.2. Name of company/firm.....

4.3. Company registration number:

4.4. TYPE OF COMPANY/ FIRM

- ☐ Partnership/Joint Venture / Consortium
- ☐ One-person business/sole propriety
- ☐ Close corporation
- ☐ Public Company
- ☐ Personal Liability Company
- ☐ (Pty) Limited
- ☐ Non-Profit Company
- ☐ State Owned Company

[TICK APPLICABLE BOX]

4.5. I, the undersigned, who is duly authorised to do so on behalf of the company/firm, certify that the points claimed, based on the specific goals as advised in the tender, qualifies the company/ firm for the preference(s) shown and I acknowledge that:

- i) The information furnished is true and correct;
- ii) The preference points claimed are in accordance with the General Conditions as indicated in paragraph 1 of this form;
- iii) In the event of a contract being awarded as a result of points claimed as shown in paragraphs 1.4 and 4.2, the contractor may be required to furnish documentary proof to the satisfaction of the organ of state that the claims are correct;
- iv) If the specific goals have been claimed or obtained on a fraudulent basis or any of the conditions of contract have not been fulfilled, the organ of state may, in addition to any other remedy it may have –
 - (a) disqualify the person from the tendering process;
 - (b) recover costs, losses or damages it has incurred or suffered as a result of that person's conduct;
 - (c) cancel the contract and claim any damages which it has suffered as a result of having to make less favourable arrangements due to such cancellation;
 - (d) recommend that the tenderer or contractor, its shareholders and directors, or only the shareholders and directors who acted on a fraudulent basis, be restricted from obtaining business from any organ of state for a period not exceeding 10 years, after the *audi alteram partem* (hear the other side) rule has been applied; and
 - (e) forward the matter for criminal prosecution, if deemed necessary.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.

- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.

- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.

- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

I, the undersigned, in submitting the accompanying bid:

(Bid Number and Description)

in response to the invitation for the bid made by:

(Name of Municipality / Municipal Entity)

do hereby make the following statements that I certify to be true and complete in every respect:

I certify, on behalf of: _____ that:

(Name of Bidder)

1. I have read and I understand the contents of this Certificate;
2. I understand that the accompanying bid will be disqualified if this Certificate is found not to be true and complete in every respect;
3. I am authorized by the bidder to sign this Certificate, and to submit the accompanying bid, on behalf of the bidder;
4. Each person whose signature appears on the accompanying bid has been authorized by the bidder to determine the terms of, and to sign, the bid, on behalf of the bidder;
5. For the purposes of this Certificate and the accompanying bid, I understand that the word "competitor" shall include any individual or organization, other than the bidder, whether or not affiliated with the bidder, who:
 - (a) has been requested to submit a bid in response to this bid invitation;
 - (b) could potentially submit a bid in response to this bid invitation, based on their qualifications, abilities or experience; and
 - (c) provides the same goods and services as the bidder and/or is in the same line of business as the bidder

6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However communication between partners in a joint venture or consortium³ will not be construed as collusive bidding.
7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
 - (a) prices;
 - (b) geographical area where product or service will be rendered (market allocation)
 - (c) methods, factors or formulas used to calculate prices;
 - (d) the intention or decision to submit or not to submit, a bid;
 - (e) the submission of a bid which does not meet the specifications and conditions of the bid; or
 - (f) bidding with the intention not to win the bid.
8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.
9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.

³ Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.

10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No 12 of 2004 or any other applicable legislation.
