A risk analysis may be conducted on the bidders,

The Employer's choice of qualifying tender documents for nomination will be entirely at the discretion of the Employer and it is final. The Employer is not bound to accept any specific tender document, and any form of announcement will be communicated with the successful bidder.

**The tenderer will be required to achieve a minimum score of 70% in the technical evaluation to be considered further in the evaluation process.**

Shortlisted bidders may be requested to attend interviews should there be any need for clarity.

Unsuccessful bidders will have the opportunity to query the award or decision within 21 days from the day of notification.

Bidders are to note that MINE HEALTH AND SAFETY COUNCIL does not bind itself to accept the lowest priced bid.

**FORMULA FOR SCORING TENDER PRICE**

The following formula will be used to calculate the points for price.

$$P_s = X \left[ 1 - \frac{(P_t - P_{min})}{P_{min}} \right]$$

Where

**P<sub>s</sub>** = Points scored for comparative price of tender under consideration

**P<sub>t</sub>** = Comparative price of tender under consideration

**P<sub>min</sub>** = Comparative price of lowest acceptable tender

**X** = Points assigned to price

**POINTS AWARDED FOR SPECIFIC GOALS**

The points allocated to a tenderer will be in accordance with the **Preferential Procurement Regulations, 2022**.

**Notes:**

- “B-BBEE status level of contributor” means the B-BBEE status received by a measured entity based on its overall performance using the relevant scorecard contained in the Codes of Good Practice on Black Economic Empowerment, issued in terms of section 9(1) of the Broad-Based Black Economic Empowerment Act (Act No.53 of 2003).
- Tenderers must submit their original and valid B-BBEE status level verification certificate or a certified copy thereof, substantiating their B-BBEE rating. Certificates issued by either verification agencies accredited by the South African Accreditation System (SANAS) or certified sworn affidavits are accepted. **Copies must bear an original certification stamp. Failure to submit a B-BBEE status level certificate or sworn affidavit will result in the bidder scoring 0 points for B-BBEE”.**
- The submission of such certificates must comply with the requirements of instructions and guidelines issued by the National Treasury and be in

		<p>accordance with notices published by the Department of Trade and Industry in the Government Gazette.</p> <ul style="list-style-type: none"> <li>• A trust, consortium or joint venture will qualify for points for their B-BBEE status level as a legal entity, provided that the entity submits their B-BBEE status level certificate.</li> <li>• A trust, consortium or joint venture will qualify for points for their B-BBEE status level as an unincorporated entity, provided that the entity submits their consolidated B-BBEE scorecard as if they were a group structure and that such a consolidated B-BBEE scorecard is prepared for every separate tender.</li> </ul> <p><b>TOTAL PREFERENCE POINTS</b>                  The total preference points for a tender are calculated with the formula <math>PP = P_s + P_{bee}</math> where  <b>PP</b> is the total number of preference points scored by the tenderer  <b>P<sub>s</sub></b> is the points scored for the comparative price of the tenderer, and  <b>P<sub>bee</sub></b> is the number of points awarded to the tenderer based on his certified B-BBEE status level</p>

**FORM A8: SBD 6.1**

**PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL PROCUREMENT REGULATIONS 2022**

This preference form must form part of all tenders invited. It contains general information and serves as a claim form for preference points for specific goals.

**NB: BEFORE COMPLETING THIS FORM, TENDERERS MUST STUDY THE GENERAL CONDITIONS, DEFINITIONS AND DIRECTIVES APPLICABLE IN RESPECT OF THE TENDER AND PREFERENTIAL PROCUREMENT REGULATIONS, 2022**

**1. GENERAL CONDITIONS**

- 1.1 The following preference point systems are applicable to invitations to tender:
- the 80/20 system for requirements with a Rand value of up to R50 000 000 (all applicable taxes included); and
  - the 90/10 system for requirements with a Rand value above R50 000 000 (all applicable taxes included).

**1.2 To be completed by the organ of state**

*(delete whichever is not applicable for this tender).*

- a) The applicable preference point system for this tender is the 90/10 preference point system.
- b) The applicable preference point system for this tender is the 80/20 preference point system.

Either the 90/10 or 80/20 preference point system will be applicable in this tender. The lowest/ highest acceptable tender will be used to determine the accurate system once tenders are received

- 1.3 Points for this tender (even in the case of a tender for income-generating contracts) shall be awarded for:
- (a) Price; and
  - (b) Specific Goals.

**1.4 To be completed by the organ of state:**

The maximum points for this tender are allocated as follows:

	POINTS
PRICE	80
SPECIFIC GOALS	20
Total points for Price and SPECIFIC	100

**GOALS**

- 1.5 Failure on the part of a tenderer to submit proof or documentation required in terms of this tender to claim points for specific goals with the tender, will be interpreted to mean that preference points for specific goals are not claimed.
- 1.6 The organ of state reserves the right to require of a tenderer, either before a tender is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the organ of state

**2. DEFINITIONS**

- (a) **“tender”** means a written offer in the form determined by an organ of state in response to an invitation to provide goods or services through price quotations, competitive tendering process or any other method envisaged in legislation;
- (b) **“price”** means an amount of money tendered for goods or services, and includes all applicable taxes less all unconditional discounts;
- (c) **“rand value”** means the total estimated value of a contract in Rand, calculated at the time of bid invitation, and includes all applicable taxes;
- (d) **“tender for income-generating contracts”** means a written offer in the form determined by an organ of state in response to an invitation for the origination of income-generating contracts through any method envisaged in legislation that will result in a legal agreement between the organ of state and a third party that produces revenue for the organ of state, and includes, but is not limited to, leasing and disposal of assets and concession contracts, excluding direct sales and disposal of assets through public auctions; and
- (e) **“the Act”** means the Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000).

**3. FORMULAE FOR PROCUREMENT OF GOODS AND SERVICES**

**3.1. POINTS AWARDED FOR PRICE**

**3.1.1 THE 80/20 PREFERENCE POINT SYSTEMS**

A maximum of 80 points is allocated for price on the following basis:

**80/20**

$$Ps = 80 \left( 1 - \frac{Pt - Pmin}{Pmin} \right)$$

Where

Ps = Points scored for price of tender under consideration

Pt = Price of tender under consideration

Pmin = Price of lowest acceptable tender

**3.2. FORMULAE FOR DISPOSAL OR LEASING OF STATE ASSETS AND INCOME**

**GENERATING PROCUREMENT**

**3.2.1. POINTS AWARDED FOR PRICE**

A maximum of 80 points is allocated for price on the following basis:

**80/20**

$$Ps = 80 \left( 1 + \frac{Pt - Pmax}{Pmax} \right)$$

Where

- Ps = Points scored for price of tender under consideration
- Pt = Price of tender under consideration
- Pmax = Price of highest acceptable tender

**4. POINTS AWARDED FOR SPECIFIC GOALS**

- 4.1. In terms of Regulation 4(2); 5(2); 6(2) and 7(2) of the Preferential Procurement Regulations, preference points must be awarded for specific goals stated in the tender. For the purposes of this tender the tenderer will be allocated points based on the goals stated in table 1 below as may be supported by proof/ documentation stated in the conditions of this tender:
- 4.2. In cases where organs of state intend to use Regulation 3(2) of the Regulations, which states that, if it is unclear whether the 80/20 or 90/10 preference point system applies, an organ of state must, in the tender documents, stipulate in the case of—
  - (a) an invitation for tender for income-generating contracts, that either the 80/20 or 90/10 preference point system will apply and that the highest acceptable tender will be used to determine the applicable preference point system; or
  - (b) any other invitation for tender, that either the 80/20 or 90/10 preference point system will apply and that the lowest acceptable tender will be used to determine the applicable preference point system,

then the organ of state must indicate the points allocated for specific goals for both the 90/10 and 80/20 preference point system.

**Table 1: Specific goals for the tender and points claimed are indicated per the table below.**

***(Note to organs of state: Where either the 80/20 preference point system is applicable, corresponding points must also be indicated as such.***

***Note to tenderers: The tenderer must indicate how they claim points for each preference point system.)***

**C1.4 Site Specific Health and Safety Specifications**

REFER to **ANNEXURE 2** for the Site Specific Health and Safety Specifications

**Part C2: PRICING DATA**

**C2.1 Pricing Instructions**

**1. Measuring System**

- 1.1) The Bills of Quantities have been prepared in accordance with the **Standard System of Measuring Building Work** (Seventh Edition, 2015), as issued by the Association of South African Quantity Surveyors (ASAQS).
- 1.2) All quantities are provisional and subject to re-measurement upon completion of the works.
- 1.3) Contractors shall not use the stated quantities for material ordering or procurement without prior confirmation. Any discrepancies between the Bills of Quantities and the construction drawings must be immediately reported to the Quantity Surveyor.
- 1.4) Definitions of key terms, such as "Unit," "Quantity," "Rate," "Amount," and "Sum," align with the Standardised Specifications and the relevant project documentation.
- 1.5) Short descriptions of payment items are indicative only; full scope details are provided in the drawings and specifications.

**2. General Pricing Notes**

- 2.1) For the purposes of this Bill of Quantities, the following words shall have the meanings hereby assigned to them:

Unit: The unit of measurement for each item of work as defined in the Standardized, Project or Particular Specifications

Quantity: The number of units of work for each item

Rate: The payment per unit of work at each which the Tenderer tenders to do

the work Amount: The quantity of an item multiplied by the tendered rate of the (same) item

Sum: An amount tendered for an item, the extent of which is described in the Bill of Quantities, the Specifications or elsewhere, but of which the quantity of work is not measured in units

- 2.2) All units of measurements are in metric units with standard abbreviations used (e.g., mm, m<sup>2</sup>, m<sup>3</sup>, t).
- |                    |   |   |
|--------------------|---|---|
| mm                 | = | Millimetre  |
| m                  | = | Metre   |
| km                 | = | Kilometre   |
| m <sup>2</sup>     | = | square metre  |
| ha                 | = | Hectare   |
| m <sup>3</sup>     | = | cubic metre   |
| m <sup>3</sup> -km | = | cubic metre-kilometre   |
| No.                | = | Number  |
| Sum                | = | lump Sum  |
| l                  | = | Litre   |
| kW                 | = | Kilowatt  |
| kN                 | = | Kilonewton  |
| kg                 | = | Kilogram  |

| MN-m               | = | meganewton-metre  |
| MPa                | = | Megapascal  |
| PC Sum             | = | Prime Cost Sum (Cost of material supplied excluding vat, profit and labour, but including transport and delivery costs) |
| Prov Sum           | = | Provisional Sum   |
| CAND               | = | Number of candidates  |
| Month              | = | Month   |
| MEET               | = | Number of meetings  |
- 2.3) The short descriptions of the items of payment given in the bill of quantities are only for the purposes of identifying the items. Detail regarding the extent of the work entailed under each item is provided in the Scope and the drawings.
- 2.4) Unless otherwise stated, items are measured net in accordance with the drawings and no allowance is made for waste.
- 2.5) The prices and rates to be inserted in the Bills of Quantities are to be the full inclusive for the work described under the several items. Such prices and rates shall cover all costs and expenses that may be required in and for the execution of the work described, and shall cover the cost of all general risks, liabilities and obligations set forth or implied in the documents on which the tender is based, as well as overhead charges and profit. Reasonable prices shall be inserted as these will be used as a basis for assessment of payment for additional work that may have to be carried out. Rates and prices must be comprehensive and inclusive of all obligations under the contract, such as overheads, profit, general risks, and liabilities.
- 2.6) A price or rate is to be inserted against each item, whether the quantities are stated or not. An item against which no price is entered will be considered to be included in other rates.
- 2.7) Except where rates only are required, insert all amounts to be included in the total tendered price in the “amount” column and show the corresponding total tendered price.

- 2.8) Prices should assume compliance with all relevant Acts, Ordinances, Regulations, By Laws, and Standards effective 28 days prior to the tender closing date. (Refer to [www.stanza.org.za](http://www.stanza.org.za) or [www.iso.org](http://www.iso.org) for information on standards).
- 2.9) The quantities contained in the Bill of Quantities may not be final and do not necessarily represent the actual amount of work to be done. The Bills of Quantities is not a substitute for construction documents for procurement purposes. Any ordering of materials, based on the Bills of Quantities, is at the Contractor's risk. Contractors are advised to verify all quantities and ensure their adequacy for execution planning.
- 2.10) The quantities of work as measured and accepted and certified for payment in accordance with the conditions of contract, and not the quantities stated in the Bill of Quantities, will be used to determine payments to the Contractor. The validity of the Contract shall in no way be affected by difference between the quantities in the Bill of Quantities and the quantities certified for payment. The Ordering of materials is not to be based on the Bill of Quantities, but only on information issued for construction purposes.
- 2.11) All rates and sums are net of VAT, which will be calculated and included in the final summary. The Contractor must ensure compliance with all taxation laws relevant to the project.
- 2.12) This is a **Fixed Rate Contract with re-measurable quantities** and no escalation will be permitted
- 2.13) The Contractor is responsible for ensuring that rates are reasonable, as these may serve as the basis for valuing variations or additional work.

### 3. Structure of Bills of Quantities

The Bills of Quantities are divided into the following

Sections No. 1: Preliminaries

- Section A: Principal Building Agreement
- Section B: JBCC Preliminaries
- Section C: Special Preliminaries
- Section D: OHS Requirements

Section No. 2: Acoustics, Wallpaper, Glazing and Signage

- Bill No. 1: Acoustic finishes
- Bill No. 2: Wallpaper finishes
- Bill No. 3: Signage
- Bill No. 4: Provisional Sums

**FINAL SUMMARY -TO BE CARRIED TO FORM OF TENDER/OFFER & ACCEPTANCE**

### 4. Details of the Agreement

- 4.1) The agreement is based on the **JBCC** Principal Building Agreement (Edition 6.2 - May 2018). The additions, deletions and alterations to the JBCC Principal Building Agreement are stated in the contract Data.

- 4.2) The ASAQS Preliminaries published by the Association of South African Quantity Surveyors, August 2010, are forming part of the overall Preliminaries Bill of Quantities and the preliminaries specific variables are stated within the Preliminaries Bills of Quantities.
- 4.3) Where any item is not relevant to this specific contract, such item is marked N/A (signifying “not applicable”)

## 5. General Preambles for Trades (2017)

- 5.1) Tenderers are referred to the "Model Preambles for Trades" (Latest Edition) issued by the Association of South African Quantity Surveyors (ASAQS) shall be deemed to be incorporated herein. Any supplementary preambles shall have precedence and in all cases of variance between Bill descriptions and the General or Supplementary Preambles the Bill descriptions shall prevail.

The Tenderer must study the General Preambles and the Supplementary Preambles to all Trades before pricing this document and the tender sum shall cover all costs and charges that may be considered necessary by the tenderer for the carrying out and observance of the provisions of the General Preambles and the Supplementary Preambles to all Trades.

- 5.2) Descriptions in the Bills of Quantities are abbreviated and comply generally with those in the “General Preambles for Trades 2017”.

## 6. Drawings and Scope of Work

- 6.1) The drawings referenced in the Scope of Work for these Bills of Quantities are included in the tender documentation.
- 6.2) It is the Tenderer’s responsibility to ensure their tender aligns with the Scope of Work and all referenced drawings.
- 6.3) The Tenderer must note that this is a fixed rate contract, and that the Tenderer is not entitled to adjust the rates/prices for escalation.

## 7. Tender Submission and Compliance

- 7.1) The Tenderer is deemed to have inspected the site and understood the conditions affecting the execution of works.
- 7.2) Submission of the tender indicates full acceptance of these Pricing Instructions and the associated contract documents.

## 8. Additional Instructions

- 8.1) The Tenderer must not change any of the quantities on the Bill of Quantities

- 8.2) Any ambiguities or contradictions in the Bills of Quantities must be brought to the attention of the MHSC before tender submission.
  
- 8.3) Prime Cost (PC) Sums and Provisional Sums included must be verified with the MHSC for approval before commencement of the respective works.
  
- 8.4) Reference to any particular trademark, name, patent, design, type, specific origin or producer is purely to establish a standard for requirements. Products or articles of an equivalent standard may be substituted, subject to the MHSC approval.

**C2.2 Notes to Tenderer – Bill of Quantities**

- 1 These Bills of Quantities contain pages numbered consecutively in each Bill. Before the Tenderer submits his tender he should check the number of pages, and if any are found missing or duplicated, or the Bills of Quantities contain any obvious errors, he should apply to the MHSC at once and have same rectified, as no liability whatsoever will be admitted by the MHSC in respect of errors in tender due to the foregoing.
- 2 The Bills of Quantities form part of and must be read in conjunction with the Specification which document contains the full descriptions of the work to be done and material and equipment to be used and unless otherwise described in the Bills of Quantities, reference should be made to the Specification for the full meaning of descriptions of work to be done and materials and equipment to be used in this service.
- 3 Tenders shall be submitted for initial consideration on the declaration of the total value of the sectional Bills. The Bills priced in detail must be made available within 7 days upon request after the closing date of tenders.
- 4 The total tender price in the tender form shall constitute the contract price of the successful Tenderer. Tenderers are advised to check their item extensions and total additions, as no claim for arithmetical errors will be considered
- 5 No alteration, erasure or addition is to be made in the text of the Bills of Quantities. Should any alteration, erasure or addition be made, it will not be recognised but the original wording of the Bills of Quantities will be adhered to.
- 6 The Priced Bills of Quantities of the successful Tenderer will be checked and the Employer reserves the right to call for adjustments to any individual price and to rectify any discrepancy whilst the total tender price, as submitted, remains unaltered.
- 7 The responsibility for the accuracy of the quantities written into the Bills remains with the person who prepared the Bills. The Tenderer shall be relieved of responsibility of measuring quantities at the tender stage, and the tender sum submitted shall be in respect of the quantities set out in the Bills, although he will be required to make his assessment of items such as brackets, fixings, etc, from details stated in the Bills and shall include in the item prices for such small installation materials as are required for the complete installation in accordance with the Specification.
- 8 The successful Tenderer and the Employer or his Agent may agree that the total of any Bill or Bills, including any variations by way of additions thereto or deductions therefrom, represents a fair and accurate quantification of the items set out in the Bills and the parties may agree final payment on that basis. In the event of any dispute as to the quantities, then the disputed item or items shall be adjusted where necessary.
- 9 The quantities in these Bills of Quantities are provisional and subject to re-measurement and not to be used for ordering materials.
- 10 Variations in the scope and extent of the work included in the Bills shall be allowed to meet the Employer's requirements and shall be measured and costed at rates entered in the Bills, where appropriate, and shall form an addition to or deduction from the total of the Bills.
- 11 Any items or variation for which rates have not been included in the Bills shall be agreed and priced as non-scheduled items in accordance with Section 32.0 of the JBCC Contract Series 2004.
- 12 The rules governing the extent and costing of the variation where applicable shall apply as stated in the JBCC Contract Series 2004, in alignment with the employer supply chain management policy.

- 13 Note: Amendment to Clause 32.6 of Section 32.0 : In addition Contractors shall submit to the Employer within 14 days, details of expenses incurred as a result of a written site instruction or construction drawing revision.
- 14 The tenderer is advised that any expenses incurred as a result of any verbal instruction not confirmed in writing or subsequent drawing revision issued for Construction shall be at the Contractors risk. All claims in this respect shall be nil and void.
- 15 Unless a separate rate for the supply and for the installation of any item is specifically called for, the supply and installation costs of any item shall be fully included in unit price.
- 16 The description of each item shall, unless otherwise stated herein, be held to include making, conveying and delivering, costs unloading, storing, unpacking, hoisting, scaffolding, setting, fitting and all necessary materials and equipment for fixing in position, cutting and waste, patterns, models and templates, plant, temporary works, return of packings, establishment charges, profit and all other obligations arising out of the conditions of contract.
- 17 Tenderers shall make allowance for extra over supports and fixings of all cable trays, ladder racks and all wireways and include all cost in the rates quoted. Tenderers may submit an additional set of rates for extra over height allowance in the form as an addendum to the Bill of Quantities. An estimate of the quantities for extra over supports shall be tendered and priced accordingly. The sum total of which will be included in the Tenderers price.
- 18 "All measurements are nett, unless otherwise stated, and Contractors must allow in the rate for wastage"
- 19 Where a schedule for quantities and point rates is included they shall form part of the tender price, but Tenderers shall note that this item must be regarded as provisional and any work undertaken in accordance with the said rates is subject to a written instruction by the Engineer to this effect. All work priced on a "point rate" shall be claimed on a separate schedule.
- 20 "Contractors shall price the Preliminary & General under all of the three groups, viz :"
  - 20.1 "A fixed amount. An amount varied in proportion to the final contract value as compared to the tender price."
  - 20.2 "An amount varied in proportion to the final contract period as compared to the originally specified contract period"
  - 20.3 "An amount varied in proportion to the final contract value as compared to the originally submitted contract value"
- 21 "The allocation of prices to the three categories listed above must be realistic and the Tenderer may be required to justify the allocation of the prices."
- 22 All claims for Preliminary and General shall be made in proportion to the above three categories and authorised by the Engineer
- 23 Prime Cost (PC) Sums: The Contractor shall take delivery of, unpack, clean, assemble, store, protect and install all PC items as directed by the Engineer and he shall be responsible for all such items until the sub-contract works is completed and handed over. Tenderers shall make due allowance for this in their tender price.
- 24 The Employer will call for separate pricing of the PC Sums detailed within the provisional bills of quantities and the successful Specialist supplier/manufacturer will be appointed as a nominated supplier by the Contractor. The Contractor shall allow for purchasing and attending to the timeous delivery, loading and off-loading and storage on site of PC Sum items.

- 25 Note that the PC Sum amounts as provided in the provisional bills of quantities document exclude Tenderer's discount and are therefore nett. Tenderers are to indicate at tender submission stage any profit and mark-up (if required) on the PC Sum amounts. Should a profit mark-up not be indicated it will be assumed to be nil.
- 26 Provisional Sums: All Provisional Sums shall only be expended as directed in writing, by the Engineer and any balance remaining shall be deducted from the amount of the contract sum.
- 27 All Provisional Sums shall be deemed to include for the supply and installation of specialist equipment or expertise by others. Only the material nett cost shall be subject to a percentage markup. All labour and travelling cost invoiced by the Specialist manufacturer/supplier will be as quoted and are nett.
- 28 It shall be a specific condition of tender that the tenderer shall affect payment in full of any invoice submitted by the Specialist manufacture/supplier and subsequently approved by the Engineer. Payment shall be made in accordance with the Specialist manufacturer/suppliers quoted terms of payment, subject to:
- 28.1 No retention may be deducted from any invoice, unless this has been qualified/accepted beforehand in writing by the engineer.
- 28.2 All materials have been accepted and signed for by the tenderer and that all are in good order and condition and comply with the specification(s).
- 28.3 Should the Contractor fail to affect payment on due date (subject to a written request for direct payment and presentation of the invoice due from the Specialist manufacturer/supplier) the Employer shall arrange at their discretion for direct payment to the Specialist manufacturer/supplier the value of which shall be deducted from the Contractors current interim claim assessment.
- 28.4 "The Contractor shall forfeit his markup on the total value of the invoices in question where direct payment is made on his behalf."
- 29 All items described as "Provisional" shall be measured as executed and paid for according to prices in the Bills of Quantities and any unexpended amounts shall be deducted from the amount of the contract sum. No work for which "Provisional" items are provided shall be commenced without written instructions from the Employer.
- 30 All claims for expenses incurred for Provisional Sums shall be supported with certified delivery notes and invoices from the Specialist manufacturer/supplier.
- 31 Within 21 days of receiving engineering drawings the Contractor shall agree with the Consulting Engineer all quantities. Thereafter any variations to engineering drawings will be based on the prices in the Bills of Quantities.
- 32 "No claims for daywork labour rates will be accepted on this contract."

### C2.3 Priced Bill of Quantities

REFER to **ANNEXURE 3** for the Bill of Quantities that includes the following bills:

- Section 1 – Preliminaries:
  - Section A: Principal Building Agreement
  - Section B: JBCC Preliminaries
  - Section C: Special Preliminaries
  - Section D: OHS Requirements
  
- Section 2 - Acoustics, Wallpaper, Glazing and Signage
  - Bill No. 1: Acoustic finishes
  - Bill No. 2: Wallpaper finishes
  - Bill No. 3: Signage
  - Bill No. 4: Provisional Sums

**C3: Scope of Work****MHSC****SUPPLY AND INSTALLATION OF ACOUSTICS, GLAZING, SIGNAGE AND WALLPAPER FOR THE RENOVATION OF THE MHSC OFFICES****SCOPE OF WORK****1. EMPLOYER'S OBJECTIVES****SUPPLY AND INSTALLATION OF ACOUSTICS, WALLPAPER, GLAZING AND SIGNAGE**

The Mine Health and Safety Council (MHSC) intends to appoint a suitably qualified and experienced service provider to carry out **internal** fit-out/ Internal refurbishments/ outfitting/ Interior finishing/ Interior installations/ fit-out for offices of acoustics, wallpaper, glazing and signage at its new premises located at 2 Coombe Place, Rivonia, Sandton, 2128.

From inception to completion, the contractor will ensure that all aspects of the solutions align with the specified layout, design and finishes as outlined in the mechanical drawings, annexures and related documentation.

**Adherence to Design and Specification Standards**

The project must strictly adhere to the architectural designs, layout plans and finish specifications provided by the MHSC. The contractor will ensure all works are executed with the highest quality standards and comply with applicable building regulations, industry best practices and health and safety requirements.

**Project Timelines and Delivery**

The total duration of the overall renovation is three (3) months, commencing from the date of official site handover by the MHSC. The contractor must ensure that the works are completed within the stipulated project timeline and must fit into the schedule of the main construction work, that will be supplied by the Principal construction contractor.

Time management and efficient project scheduling for all the acoustics, wallpaper, glazing and signage installation works are critical to avoid delays and ensure the building is ready for occupation and operational use by the MHSC at the end of the 3-month period.

**Cost-Effective Solutions**

The employer aims to achieve a cost-effective renovation project without compromising on quality. The contractor must ensure that all works are executed within the awarded contract value, transparently in cost management and aligned with the Bill of Quantities.

**Sustainable and Safe Practices**

The renovation on internal fit-out/ Internal refurbishments/ outfitting/ Interior finishing/ Interior installations/ fit-out for offices of acoustics, wallpaper, glazing and signage must incorporate sustainable construction practices, minimising environmental impact through the use of eco-friendly materials and energy-efficient solutions where applicable. Where possible materials should be sourced locally to support local industries. Additionally, the project must be carried out in strict compliance with health and safety standards to safeguard all workers and stakeholders involved.

**Coordination and Communication**

The contractor must establish and maintain effective coordination and communication with the MHSC and the MHSC's engineering and design teams and other contractors throughout the duration of the project. Regular progress updates, meetings and reporting are required to ensure alignment with the employer's expectations and deliverables.

**Quality Assurance and Defect-Free Completion**

The contractor must be responsible for implementing a robust quality assurance and control process throughout the project. The objective is to ensure that the final product is delivered defect-free, meeting/exceeding the MHSC's expectations regarding functionality, durability and aesthetics.

**Handover and Post-Completion Support**

Upon completion, the contractor will ensure a smooth handover of the building, including the provision of all necessary documentation, such as guarantees and warranties, certificates of compliance, care and maintenance manuals and as-built drawings.

**2. OVERVIEW OF THE WORKS**

The MHSC requires the appointment of an experienced contractor to supply and install acoustics, wallpaper, glazing and signage for the renovation of the new MHSC property. The scope of works includes all activities necessary to ensure the complete fit-out works for an operationally-ready property in accordance with the specifications outlined in the architectural layouts and plans, designs, finishes specifications and scope of works.

There will be other contractors who undertake specialist installations that form an integral part of the renovation for the MHSC building. These installations include but are not limited to construction, electrical, HVAC and Information and Communication Technology (ICT) infrastructure, electronic services, etc.

The approximate size of the property is 2473m<sup>2</sup>, which includes 96 parking units. The works will be carried out in compliance with all relevant national building regulations, occupational health and safety standards and body corporate rules to ensure that the facility meets the highest standards of functionality, safety, and sustainability.

**3. PURPOSE OF THIS DOCUMENT**

This document outlines the minimum requirements for the proposed scope of works that the contractor must undertake to complete the project successfully. It serves as a guideline to ensure that all works are carried out in accordance with the client’s expectations, industry best practices and regulatory standards and details and specifications.

This document clarifies the deliverables, performance expectations and compliance obligations the contractor must adhere to throughout the project.

Furthermore, it establishes a clear framework for project execution, detailing aspects such as project management, quality assurance, risk mitigation, adherence to health and safety regulations and post-completion support. The contractor is expected to fully comply with these requirements to ensure that the project is delivered on time, within the contracted value and to the specified quality standards.

#### **4. SITE LOCATION**

The proposed renovation and fit-out works will be carried out at the new MHSC building, located at:

- Section 8, Tuscany Office Park
- 2 Coombe Place, Rivonia, Sandton, 2128, Gauteng

All works must be executed with minimal disruption to the surrounding office park environment while ensuring full compliance with local building regulations, safety standards and body corporate rules.

#### **5. BODY CORPORATE HOUSE RULES**

The contractor is required to strictly adhere to the body corporate's house rules throughout the duration of the project. This includes compliance with all specified guidelines and regulations regarding noise levels, working hours, use of shared/common areas and disposal of construction waste.

The contractor must ensure that all personnel and subcontractors are fully briefed and understand these rules to prevent any disruptions to the residents and other occupants of the complex. Failure to comply with the body corporate house rules may result in penalties or cessation of work as stipulated in the contract terms.

## 6. PROJECT SCOPE

The scope of works must be read in conjunction with the approved layouts, plans, designs and finishes, drawings, contract data and all related documentation. The contractor must ensure that all installation works align with the approved architectural designs, plans and specifications, ensuring consistency in design, material selection and overall project execution.

Any discrepancies, clarifications or required modifications must be formally communicated to the client and design team for signed approval before implementation.

### a) PROJECT MANAGEMENT

The contractor shall apply project management concepts to ensure the successful execution and completion of the project in alignment with the client's objectives, the contract value and the timeline. The contractor's responsibilities shall include but are not limited to the following:

- Enforcement of safety protocols on site, including barricading, signage, PPE, and controlled access.

**d) POST-INSTALLATION SUPPORT REQUIREMENTS**

The contractor shall provide comprehensive post-construction support to ensure a seamless transition into operational use. The requirements include but are not limited to the following:

**i. Handover Documentation**

- Prepare and deliver all necessary care and maintenance manuals, warranties, guarantees and compliance certificates.

**ii. Maintenance Guide**

- Develop and submit a detailed Maintenance Guide outlining recommended procedures for the upkeep of the materials (if any).
- Include schedules for routine maintenance and guidelines for troubleshooting common issues.

Provide a warranty and guarantee as per the specification document.

**e) QUALITY ASSURANCE & ISSUE RESOLUTION**

- Document and promptly resolve any non-conformances, ensuring all installations and finishes meet the agreed-upon quality standards before final handover.
- Address and rectify any defects or discrepancies identified during quality inspections.

**f) DOCUMENTATION**

The contractor shall be responsible for the preparation, submission and handover of all necessary project documentation to ensure compliance, operational efficiency and proper record-keeping. The required documentation includes but is not limited to the following:

**Project Documentation & Compliance**

- Provide all compliance certificates, warranties and guarantees.

**g) APPROVAL OF PRODUCTS BY CLIENT**

The contractor shall ensure that all products are approved by the client and its appointed oversight consultants before any work commences on-site. The contractor's responsibilities include but are not limited to the following:

**i. Conceptual Design Modifications**

- The client's initial specifications are conceptual and serve as a baseline for the final products

- If any deviation from the conceptual specifications is required, prior written approval must be obtained from the client

**ii. Contractor's Responsibility for Accuracy**

- Notwithstanding any approvals granted, the contractor remains fully responsible for ensuring that:
  - All dimensions, details and workmanship align with project requirements
  - The correct installation of the products is maintained (i.e. standardisation, conformity, etc).

The contractor shall ensure that all design-related modifications and approvals processes align with project specifications and client expectations as per the MHSC corporate identity manual.

**7. PROJECT DELIVERABLES**

The contractor shall deliver a fully installed acoustics, wallpaper, glazing and signage that meets all specified requirements. The project deliverables include but are not limited to the following:

**i. Acoustics, Wallpaper, Glazing, and Signage**

- Delivery of a defect-free, Acoustics, Wallpaper, Glazing and Signage installation that meets all design, quality and regulatory requirements and standards.
- All works completed in accordance with approved architectural plans and layouts, finishes and technical specifications.

**ii. Modern and Sustainable Workplace**

- The finishes must be delivered as a fully installed, modern and sustainable workplace.
- The finishes and signage must align with MHSC's operational requirements, ensuring efficiency, compliance and long-term durability.
- Sustainability and local sourcing where possible.

The contractor shall ensure that all deliverables are met within the agreed timeline, budget and quality standards.

## 8. TECHNICAL SPECIFICATIONS

### a) ACOUSTICS AND WALLPAPER

The contractor shall be responsible for the supply and finishing of all acoustics and wallpaper ensuring compliance with architectural specifications, manufacturer recommendations, and industry standards.

- **Supply and Installation:** Provide and install wallpaper and acoustic treatments in accordance with the Architect's specifications. This includes a diverse range of materials and techniques suited to the design and functional requirements of the space.
- **Wallpaper:** Specifically, supply and apply wallpaper as designated in the Architect's plans. Selections should meet aesthetic and durability criteria set forth in the project documents, ensuring alignment with the overall interior design theme.
- **Acoustic panelling, acoustic ceilings and baffles:** Install acoustic panelling, baffles and ceilings in areas identified by the Architect, adhering to specifications for sound absorption and noise reduction to enhance the acoustic environment of the space. Ensure that all materials and installation techniques comply with relevant standards and regulations for acoustic performance.

### b) SIGNAGE

The contractor shall be responsible for the supply, fabrication, and installation of all signage in accordance with the architect's specifications, safety regulations, and branding requirements.

- **General Signage Installation**
  - Supply and install signage as per the architect's details and specifications.
  - Professionally installed, tightly fixed and secured
- **Directional & Wayfinding Signage**
  - Provide directional and wayfinding signage throughout the facility to aid navigation.
  - Install parking directional signage and parking bay markings for organised vehicle movement.

- **Window Treatments & UV Protection**

- Supply and install thermal ultraviolet (UV)-rated vinyl treatments on external glazing as specified by the Architect.
- Ensure the window treatments provide heat reduction, glare control and energy efficiency while maintaining aesthetic integration with the building design.

- **Shopfront and door Vinyl Applications**

- Supply and install frosted shopfront vinyl treatments where required for privacy and aesthetics.
- Vinyl decals are to be applied to new and existing aluminium-glazed doors.

- **Glazing & Compliance**

- Low E glazing to be installed where required by regulations.
- Minimum safety glazing standards for all glazing applications.

**d) SITE ESTABLISHMENT & TEMPORARY WORKS REQUIREMENTS**

The contractor shall be responsible for the site setup, temporary facilities and preparatory works necessary for the successful execution of the project. The contractor's responsibilities include but are not limited to the following:

**Internal Site Survey**

- Conduct a detailed internal site survey to assess existing conditions and confirm levels, dimensions and alignments
- Verify and record any discrepancies between the existing site conditions and project drawings before commencing work

### **Provision of Temporary Works**

- Supply, install, and maintain all temporary works necessary for safe and efficient construction, including but not limited to:
  - Scaffolding, formwork and shoring as required
  - Weather protection and environmental controls as necessary

The contractor must ensure that all site establishment and temporary works are executed accurately, safely and fully compliant with project requirements and regulatory standards.

### **e) ALTERATIONS & REMOVAL WORKS**

The contractor shall undertake relevant alterations and preparatory works in accordance with the approved design specifications, structural requirements and environmental regulations. The scope of alterations includes but is not limited to the following:

#### **Site Preparation & Waste Management**

- Remove all debris and waste material from the site in compliance with environmental and municipal regulations
- Safe disposal of construction waste per regulatory requirements - rubble accumulation on-site is not permitted
- No old material may be re-used for new work unless specifically described in the architectural plans and layouts as set aside for reuse
- Old materials from the alterations that are not set aside for re-use will become the property of the contractor after approval from the principal agent on behalf of the client, for which credit must be allowed

#### **Surface Preparations & Finishing Works**

- Preparatory work on existing surfaces to accommodate new finishes and installations.
- Protect adjacent finishes and structures from damage and repair any damages at the contractor's expense

#### **Site Organisation & Safety Measures**

- Rubble on existing floors must not exceed 500mm in height to maintain site safety.
- The contractor must cover up and protect any work not removed or specified for re-use and make good any damages at their own expense.

The contractor shall ensure that all works are executed with precision, safety and full compliance to maintain structural integrity and achieve a high-quality refurbishment in line with the project's requirements.
