1. BACKGROUND

Following the granting of an LPG licence through a Section 79 Directive to TNPA Saldanha, SFF had a pre-feasibility study done for the proposed development of an LPG Import/Export Facility at the Port of Saldanha, along with a pipeline conveying the LPG to a gas storage and supply facility at the Saldanha Tank Farm. The work included obtaining EIA approval, which was approved on the 5th November 2019 (Authorisation register number 14/12/16/3/3/2/1069).

In December 2022 SFF acquired a controlling share in the Avedia Energy facility. The LPG pipeline will now route to the Avedia facility instead of the SFF Crude Oil Tank Farm. This requires the amendment of the approved EIA (in line with The National Environmental Management Act) to reflect the new destination and route of the LPG Pipeline (Refer to Annexure 1 for an illustration of the change in the LPG pipeline route).

2. SCOPE OF WORK:

2.1. Legal Requirement

As the change in destination of the LPG pipeline is a change of Scope, a Part 2 EIA Amendment is required according to the National Environment Management Act (Environmental Impact Regulations, Section 31).

The process of a Part 2 amendment is detailed in section 32 of the Environmental Impact Regulations, (summarized below):

- 2.1.1. Applicant to submit a Part 2 amendment application
- 2.1.2. Within 90 days of receipt by the competent authority of the application, submit to the competent authority- a report, reflecting-
 - 2.1.2.1. an assessment of all impacts related to the proposed change
 - 2.1.2.2. advantages and disadvantages associated with the proposed change and
 - 2.1.2.3. measures to ensure avoidance, management and mitigation of impacts associated with such proposed change and
 - 2.1.2.4. any changes to the EMP (Environmental Management Program)
- 2.1.3. The report must have been subjected to a public participation process, which had been agreed to by the competent authority, and which was appropriate to bring the proposed change to the attention of potential and registered interested and affected parties, including organs of state, which have jurisdiction in respect of any aspect of the relevant activity, and the competent authority
- 2.1.4. The final report must reflect the incorporation of comments received, including any comments of the competent authority
- 2.1.5. The competent authority must within 107 days of receipt of the report contemplated in regulation 32, in writing, decide the application.

2.2. Deliverables and Timeline

The Environmental Assessment Practitioner (EAP) will ensure compliance with the legal requirements listed in 3.1 above. In doing so, its actions will include, but not necessarily be limited to:

- 2.2.1. The EAP will submit a Part 2 application to the competent authority within 7 calendar days of being appointed
- 2.2.2. Within 30 calendar days after application submission, the EAP will submit to the competent authority a report containing the requirements listed in paragraphs 3.1.2.1, 3.1.2.2, 3.1.2.3 and 3.1.2.4.
- 2.2.3. The EAP will diligently manage the public participation process to last no longer than the time agreed with the competent authority.

- 2.2.4. The EAP will issue a final report containing all comments received, including those of the competent authority.
- 2.2.5. The EAP will effectively liaise with the competent authority to expedite approval of the EIA Amendment.

2.3. Exclusions

The results of the Public Participation Process (PPP) will only be unknown once the process has been completed. Usually the work of experts are required to address these results of the PPP. As these are unknown at this stage, the work of experts should be excluded at this stage.

ANNEXURE 4

Certificate of Independent Bid Determination (SBD 9)

- 3.1. This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 3.2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3.3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
- a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 3.4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 3.5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
