80 points are allocated for price and 20 points will be awarded based on the specific goals.

Points for price will be calculated for all shortlisted service providers in accordance with the following formula:

$$Ps = 80 \left( 1 - \frac{Pt - P \min}{P \min} \right)$$

Where:

Ps = Points scored for the price of the quotation under consideration

Pt = Price of the quotation under consideration

Pmin = Price of lowest acceptable quotation

Preference points for the specific goals will be allocated as follows:
