- 53. Upon submission in accordance with the requirements of submission of Tenders, all Tenders submitted become the property of the GMA. Bidders will retain all ownership rights in any intellectual property contained in the Tender.
- 54. Each Bidder, by submission of their Tender, is deemed to have licensed the GMA to reproduce the whole, or any portion, of their Tender for the purposes of enabling the GMA to evaluate the Tender.
- 55. Further, in submitting a Tender, the Bidder accepts that the GMA shall, in accordance with the requirements of Treasury Regulation No. 16A.6.3(d) and the National Treasury Instruction Note on *Enhancing Compliance Monitoring and Improving Transparency and Accountability in Supply Chain Management*, publish (on the internet or otherwise):

STATUS OF TENDER

- 57. Each Tender constitutes an irrevocable offer by the Bidder to the GMA to provide the Services required and otherwise to satisfy the requirements of the Specification as set out in this RFP Part B.

- a. The Board approval of the Bidder or any related governing body of the Bidder being obtained;

 - c. the Bidder (or any other party) obtaining any regulatory approval or consent;
 - d. the Bidder obtaining the consent or approval of any third party; or

59. The GMA may, in its absolute discretion, disregard any tender that is, or is stated to be, subject to any one or more of the conditions detailed above (or any other relevant conditions).
60. The GMA reserves the right to accept a Tender in part or in whole or to negotiate with a Bidder in accordance with the clause 88 (Unreasonable disadvantage) of this RFP Part A.

TENDER RESPONSE

COMPLIANCE WITH SPECIFICATION

61. Under Part C of this RFP, a Bidder must submit a tabulated statement showing its level of compliance to the Specification contained in this RFP Part B.
62. In particular, Bidders must state if they will not comply with the Specification or will only comply with the Specification subject to conditions. Full details of the non-compliance (including the nature and extent of the non-compliance and any reasons for such non-compliance) must be stated in the space provided in the tabulated statement.
63. No response is required in respect of a particular section of the Specification where Bidders will comply with the Specification. Only sections that Bidders have not complied with, or will only comply with subject to conditions, should be noted in the tabulated statement.
64. The GMA is prepared to contemplate minor variations or departures from the Specification proposed by Bidders.
65. However, Bidders should note that significant or substantive variations or departures from the Specifications will not be viewed favourably unless the Bidder is able to clearly demonstrate to the satisfaction of the GMA the necessity for such variations or departures.

Note to Bidders: *The GMA will assume that a Bidders Response complies in all relevant respects with the Specification unless the Bidder states otherwise. Failure to notify the GMA of any non-compliance may result in a Bidders Response being disregarded.*

66. For the purposes of clauses 70,71 and 72:

- **Yes/Complies** means that in all respects the Bidders Response meets or otherwise satisfies all specified outputs, characteristics or performance standards.
- **Will comply subject to conditions** means that the specified outputs, characteristics or performance standards can only be met by the Bidder subject to certain conditions.
- **No/Will not comply** means that the specified outputs, characteristics or performance standards is not met by the Bidders Response.

GENERAL

67. Indefinite responses such as “noted”, “to be discussed” or “to be negotiated” are not acceptable.
68. Where the Bidder is unwilling to accept a specified condition, the non-acceptance must be clearly and expressly stated. Prominence must be given to the statement detailing the non-acceptance. It is not sufficient that the statement appears only as part of an attachment to the Tender or be included in a general statement of the Bidders usual operating conditions.
69. An incomplete Tender may be disqualified or assessed solely on the information completed or received with the Tender.

ALTERNATIVE TENDER

70. A Bidder may submit an alternative proposal. An alternative proposal will only be accepted if:
- a. The Bidder also provides a conforming Bidders Response; and
 - b. The alternative proposal is clearly identified as an “Alternative Tender”.
71. An Alternative Tender may:
- a. Not comply with the Specifications for the relevant Services due to inherent design or capability in the operation of the Services; or
 - b. Provide the Services in a manner different to that specified in this RFP Part B.

INNOVATIVE SOLUTIONS

72. Bidders are encouraged to offer options or solutions which may, in an innovative way, contribute to the GMA's ability to carry out its operations in a more cost-effective manner.
73. These options or solutions may be related to:
- a. The outputs, functional, performance and technical aspects of the requirement; or

- b. Opportunities for more advantageous commercial arrangements.
- 74. Any such options or solutions will be considered by the GMA on a “commercial in confidence” basis if so requested by the Bidder.
- 75. Where a Bidder submits an offer which meets the requirements of this RFP in an alternative and practical manner, the Tender must also include any supplementary material (including such pricing and costing details as may be necessary to enable the GMA to fully assess the financial impact of the alternative proposal), which demonstrates in detail that such an alternative will fully achieve and/or exceed all the specified requirements, together with references as to why the additional features may be advantageous.
- 76. The GMA reserves the right to consider such offers on their merits or not to consider them at all.

CONTRACT DISCLOSURE REQUIREMENTS

DISCLOSURE OF INFORMATION

- 77. The Conditions of Tendering include a provision for the disclosure of contract information (refer to this RFP Part A dealing with “Use of Tenders”).
- 78. If a Bidder wishes to withhold the disclosure of specific contract information, the Bidder must clearly outline how the release of this information will expose trade secrets, business strategy or unique methodologies that may expose the business unreasonably to disadvantage.

TRADE SECRETS

- 79. In considering whether specific information should be categorised as a trade secret, Bidders should assess:
 - a. The extent to which it is known outside of the Bidders business;
 - b. the extent to which it is known by the persons engaged in the Bidders business;
 - c. any measures taken to guard its secrecy;
 - d. its value to the Bidders business and to any competitors;
 - e. the amount of money and effort invested in developing the information; and
 - f. the ease or difficulty with which others may acquire or develop this information.

UNREASONABLE DISADVANTAGE

- 80. In determining whether disclosure of specific information will expose a Bidders business unreasonably to disadvantage, the following should be considered:
 - a. Whether the information is generally available to competitors; and

- b. Whether it could be disclosed without causing substantial harm to the competitive position of the business.

The GMA will consider these applications in the Tender evaluation and negotiations (if any) with Bidders.

EVALUATION OF TENDERS

EVALUATION PROCESS

- 81. Following the Closing Time, the GMA intends to evaluate the Tenders received.
- 82. Tenders will be evaluated against the Evaluation Criteria specified under the section “Evaluation Criteria Format”.
- 83. Without limiting the GMA's rights in the RFP, the GMA may at any time during the Tendering Process choose to:
 - a. Shortlist one or more Bidders; and
 - b. accept one or more of the Tenders.
- 84. Unless the Evaluation Criteria explicitly require, the GMA may, but is not in any way bound to, shortlist, to select as successful, or to accept the Tender offering the lowest price.
- 85. Should the GMA choose to include a short-listing stage in its evaluation process, the GMA is not, at any time, required to notify Bidders or any other person or organisation interested in submitting a Tender.
- 86. A Bidders Response will not be deemed to be unsuccessful until such time as the Bidder is formally notified of that fact by the GMA. The commencement of negotiations by the GMA with one or more other Bidders is not to be taken as an indication that any particular Bidders Response has not been successful.

EVALUATION CRITERIA FORMAT

- 87. The evaluation criteria is weighted to reflect the importance of project requirements noted in the Specifications:

RFP – PART B

TERMS OF REFERENCE

1. PURPOSE

The purpose of this Request for Proposal ("RFP") is to source a service provider to conduct integrated Gautrain brand valuation study inclusive of financial and reputational valuation based on empirical research, for a period of two (2) financial years (2024/25 and 2026/27).

2. BACKGROUND INFORMATION OF THE GAUTRAIN MANAGEMENT AGENCY

2.1 The Gautrain Management Agency (GMA) was established in terms of the Gautrain Management Agency Act No. 5 of 2006 in order to manage, coordinate and oversee the Gautrain Rapid Rail Link Project and to act on behalf of the province in managing the relationship between the Province and the Concessionaire in terms of the Concession Agreement (CA) which was signed on 28 September 2006. The main objective of the GMA is to manage, coordinate and oversee the Gautrain. To do so, the GMA must:

- 2.1.1. Assist the Gauteng Provincial Government ("GPG") in implementing Gautrain and achieving its objectives.
- 2.1.2. act on behalf of GPG in managing the relationship between GPG and the Concessionaire in terms of the Concession Agreement ("the CA") and ensure that the interests of GPG are protected.
- 2.1.3. enhance the integration of Gautrain with other transport services and Public Transport Plans.
- 2.1.4. promote and maximize the Socio-Economic Development and BBBEE objectives of the GPG in relation to Gautrain.
- 2.1.5. liaise with and promote co-operation between government structures in all three spheres of Government in relation to Gautrain.
- 2.1.6. liaise with persons having an interest in Gautrain.
- 2.1.7. manage assets relating to Gautrain and promote their preservation and maintenance.
- 2.1.8. manage the finances of the Gautrain and the financial securities provided by the Concessionaire; and
- 2.1.9. monitor the policy and legislative environment of the Gautrain.

2.2 To achieve the above, the GMA has set its purpose as **"transforming spaces, people and the economy through mobility"**.

3. BACKGROUND OF THE PROJECT

- 3.1. The Gautrain brand was developed in 2006 before the construction of the Gautrain Project. Today the brand is amongst well-known brands in South Africa. The Gautrain has been operational for thirteen years and its identity is representative of the entire Service. The brand is applicable to all visual elements of the Gautrain system, trains, buses, midibuses, stations and parking.
- 3.2. Gautrain has changed the face of public transport in Gauteng, it is an effective transport service that moves people safely, efficiently and with speed. The Service connects the three large metropolitans of the Gauteng Province, Johannesburg, Tshwane and Ekurhuleni with a dedicated Air-Rail link (airport line) between OR Tambo International Airport and Sandton. The Gautrain brand represents Gauteng, the place of gold and its slogan, For People on the Move. Its pillars are pride, relationships and freedom.
- 3.3. Although Gautrain was designed a transport project, it is an economic development project with the aim of promoting Gauteng's economy. At this juncture, the Gautrain Management Agency needs to establish a benchmark integrated value (monetary and reputational) for Gautrain's brand. This benchmark is to be used to:
 - 3.3.1. Monitor and manage its application on various platforms;
 - 3.3.2. Monitor and manage potential brand risks;
 - 3.3.3. Quantitatively and qualitatively determine (and quantify the value of) potential partnerships with other brands; and
 - 3.3.4. Manage and measure its future evolution.
- 3.4. It is important to recognize that beyond a traditional brand valuation, the GMA wants to establish a set of protocols to assist the brand management of the Gautrain brand in future. The previous brand valuation studies have concluded that:
 - 3.4.1. The Gautrain is still being perceived as something new and exceptional.
 - 3.4.2. The study also indicated that there's a very strong performance in terms of Brand Identity and Brand Awareness, and strong performance across Brand Perception and Brand Association, however Brand Value was much lower than expected as the value of the Gautrain is between R291.5 million and R395.7 million, with a core

value of R342.3 million, this is due to a decline in expected revenue due to the COVID-19 pandemic resulting in reduced passenger volumes;

3.4.3. Being a relatively new brand, the Gautrain has performed well on a global scale in terms of customer satisfaction and travel time; and

3.4.4. Accurately assess the monetary value of the Gautrain brand - to set a benchmark for future brand development and for future brand and capital investment purposes.
