2.	I would like to bring to your attention what appears to be a mix up in the tender documentation. The document currently refers to Scope L for the e tendering requirements. We believe that this may be an error that it refer to scope K. Similarly ,the documentation for scope K appears to relate to scope L Please verify whether the scope references have been inadvertently interchanged and advise if correction will be issued.	I Have checked the Invitation to tender and, can confirm that the labelling of the annexures do not correlate with page 3. There will be no need to issue an addendum as the entire completed and signed invitation to Tender (Including all Annexures) Page 1 to 52 will need to be submitted as a returnable as part of the Commercial Submission Pack.	15 July 2026
