

1. Formal Technical Evaluation Criteria

The formal tender is for the supply of SAP 0403029 COND, ACSR HARE 14.16D UNGRS D3136.

The technical evaluation will be conducted in accordance with the requirements, criteria and process as listed in *240-130900871 Technical evaluation standard for Overhead Phase Conductors* and *240-152844641 Phase Conductor Standard for Eskom Overhead Lines*.

The evaluation criterion is attached hereto. Scoring of the tender will be normalized to the number of items required in this tender.

Eskom reserves the right not to perform a technical/functional evaluation on a product that has been added to the TEAP product database as this product has previously been found to be technically compliant.

2. Technical Submission/Tender Returnable

All documentation to be submitted as required in 240-130900871.

The following documents shall be completed and submitted as required:

- 2.1. Annex A – Phase Conductor Gatekeepers. All documents to be submitted
- 2.2. Annex B – Conductor Schedule Summary.
- 2.3. Annex C – Analysis sheet of ACSR and AAAC manufacturers
- 2.4. Annex D – Phase Conductor A/B Schedules (page 42 of 60)
