

ANNEXURE A

SUBMISSION FOR SUPPLY AND INSTALLATION OF BUS WINDSCREENS AND SIDE WINDOWS SPECIFICATION

1. Objective of the Proposed Project

To source a service provider that will supply, delivery and perform installation of bus windcreens, side windows, conduct chip repairs accessories on “as and when required basis”.

2. Scope of Works and Areas of Focus

The Supply, Delivery and Installation of Bus Windows and chip repair to be done at Autopax depots (Pretoria, Johannesburg & Cape Town Depots), on all Autopax operational routes country wide and cross-border.

The products are for both Man and Mercedes Benz buses with the following chassis:

MAN HB4 26.310 LL FOC (Lions Explorer)

MB OD500 RSD 2436 (MB OD500 RSD 2436 (Marcopolo Paradiso-1200 and Marcopolo Andare-1000)

3. Detail Specification

- The products are for both Man and Mercedes Benz buses with the following chassis.
- Delivery turnaround time of one day at the Autopax depots and two days at the Satellite location should be adhered to from time of order placement.

- All relevant products must conform to the OEM specifications and SABS standards. The successful bidder will be required to provide proof thereof.
- The Service Provider must be able meet our stock demands both during peak and off-peak periods. Our peak periods are December, Easter and during closing of schools.
- Submit a company quality assurance certificates confirming that all re-bonded windscreen and side window have be quality tested.
- Supply bus laminated windshields and toughened side windows for Marcopolo body Vehicle Paradiso and Andare buses
- Supply bus laminated windshields and toughened side windows for MAN Lion Explorer buses
- All Automotive glass to be installed by the service provider or a nominated subcontractor at the autopax premises, on autopax operational routes.
- Stock to be made available by the service provider to enable a turnaround of 2 hours from time of request to start of installations at premises or on road.
- Proper maintenance of the glass fitment to guarantee long and undisturbed operations of the buses.
- All auxiliary spares to be provided for in the fitment process.
- All removed glass to be recycled by the service provider.
- All call outs fees and travelling costs to be factored in

The successful bidder shall:

- Supply and install automotive glass that complies with the following standards:
- SANS 1191 (SABS Laminated Automotive glass)
- ECE R43 (European E Mark)
- All fitters to be properly trained in the fitment of automotive glass and proof of such must be provided at any time before or during the tenure of the contract.

- To act responsibly and ultimate accountable when working on the vehicles in-order to avoid damage to assets by omission or carelessness.
- Maintain the area in a good working order without any trace of glass after installations.
