## 1. BACKGROUND OF COUNCIL FOR MEDICAL SCHEMES

The Council for Medical Schemes is a statutory body established by the Medical Schemes Act (131 of 1998) to provide regulatory supervision of private health financing through medical schemes; and functions as a Schedule 3A Public Entity.

### VISION

To be an agile and transformative Regulator in order to **promote affordable** and **accessible** healthcare cover towards **universal health coverage**

### MISSION

The CMS regulates the medical schemes industry in a fair and transparent manner and achieves this by:

- **Protecting the public** and informing them about their rights, obligations and other matters in respect of medical schemes.
- Ensuring that **complaints raised by members** of the public are handled appropriately and speedily.
- Ensuring that all entities conducting the business of medical schemes, and other regulated entities, **comply with the Medical Schemes Act**.
- Ensuring the improved management and **governance** of medical schemes.
- **Advising the Minister of Health** of appropriate regulatory and policy interventions that will assist in attaining national health policy objectives.
- Ensuring collaboration with other **stakeholders** in executing our regulatory mandate.

## 2. SCOPE OF WORK

The Council for Medical Schemes (CMS) would like to invite suitable consultants to conduct focus group discussions or a survey on low-income earners who are currently not members of medical schemes. The CMS is in the process of finalizing the Low-Cost Benefit Option framework which is aimed at providing low-cost medical cover to low-income earners. Through these focus groups or survey, we want to understand what the key decision-making factors are when individuals consider purchasing medical cover. Specifically, we are interested in understanding the following:

1. What kind of medical cover do they have and what is the source of their coverage (employer subsidized or self-funded)?
2. How much of their take home income do they spend on healthcare?
3. Which healthcare services are they willing to pay for out of pocket? (e.g., Private GP/nurse, chronic medication, dentistry/optometry etc.).
4. What is the most important consideration when choosing medical cover (affordability, benefit design, adequacy of cover, reputation for paying claims)?
5. The focus group or survey or to uncover actual experience when dealing with a medical service provider by low-income earners who currently do not belong to schemes

## 2.2. Services required

Proposals are hereby invited for the provision of focus group discussion services across all nine Provinces of South Africa. The focus groups or survey should ideally not include more than 200 participants per province. Furthermore, the consultant is expected to cover the entire lifecycle of the project, including the following:

- i) Defining research scope and methodology
- ii) Developing focus group questions
- iii) Selecting the moderator
- iv) Recruiting participants
- v) Setting up the focus group
