DESCRIPTION: SUPPLY, DELIVERY AND OFFLOADING OF UNIFORM AND EQUIPMENT**TERMS OF REFERENCE: PROPOSAL CALL/BRIEF****APPOINTMENT OF A SERVICE PROVIDER TO PROVIDE UNIFORMS FOR ENVIRONMENTAL MANAGEMENT INSPECTORS (EMIs)****1. BACKGROUND AND PURPOSE**

In response to the Constitutional duty placed on government to protect the environment, the National Environmental Management Act (Act 107 of 1998) [NEMA], as amended, was promulgated. NEMA's promulgation was the start of a new era in environmental management in South Africa. NEMA brought into place a new framework with principles to guide the management and protection of the environment. However, since its inception, in 1999, NEMA has been criticised as "having no teeth". This was not unjustified criticism, as the 'old' NEMA contained no specific enforcement powers and contained no criminal offences.

In 2003 the first amendment to NEMA was passed by the legislature. NEMA was amended by the addition of a new chapter, Chapter 7, to the legislation. The chapter provided for the administration and enforcement of certain national environment management legislation to ensure that offences committed in terms of the specified environmental legislation, are investigated and prosecuted. The amended NEMA also provides for the designation of Environmental Management Inspectors (EMIs) at National, Provincial and Local levels by the Minister or MEC, as well as their powers and functions in ensuring and monitoring compliance with specified environmental legislation.

From 2013, the MEC for the Gauteng Department of Agriculture and Rural Development [GDARD] designated EMIs at Local Authorities in terms of Section 31C of the NEMA. The mandate of the EMIs within the City requires special identification when interacting with the members of the community. Since designation, the number of EMIs at the CoJ has increased as new officials were appointed. In addition, the then Department of Environmental Affairs (now Department of Forestry, Fisheries and the Environment [DFFE]) has also reviewed the EMI Corporate Manual in 2016/2017 to better define the uniformity of uniforms to be worn by all EMIs across the country.

Based on this, there is a need to procure uniforms and other equipment in order to enable EMIs to be identifiable in line with the EMI Corporate Manual and to fulfill their mandate in terms of Section 31D of the NEMA.

1.1 Objective

To appoint a service provider to supply uniforms for EMIs with the correct specifications stipulated in the amended and approved EMI Corporate Manual as well as the City's approved Corporate Identity Manual.

2. SCOPE OF PROCUREMENT

The successful service provider will be expected to provide the following uniforms and PPE to the City:

MBD9: CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
