C1.1 Form of Offer & Acceptance

Section 1.01 Offer

The Employer, identified in the Acceptance signature block, has solicited offers to enter into a contract for the procurement of:

Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems for a period of 36 months at Duvha Power Station on as an when required basis.

The tenderer, identified in the Offer signature block, has examined the documents listed in the Tender Data and addenda thereto and by submitting this Offer has accepted the Conditions of Tender.

By the representative of the tenderer, deemed to be duly authorised, signing this part of this Form of Offer and Acceptance the tenderer offers to perform all of the obligations and liabilities of the *Contractor* under the contract including compliance with all its terms and conditions according to their true intent and meaning for an amount to be determined in accordance with the *conditions of contract* identified in the Contract Data.

Options A	The offered total of the Prices exclusive of VAT is	R [●]
	Sub total	R [●]
	Value Added Tax @ 15% is	R [●]
	The offered total of the amount due inclusive of VAT is ¹	R [●]
	(in words) [●]	

This Offer may be accepted by the Employer by signing the Acceptance part of this Form of Offer and Acceptance and returning one copy of this document including the Schedule of Deviations (if any) to the tenderer before the end of the period of validity stated in the Tender Data, or other period as agreed, whereupon the tenderer becomes the party named as the *Contractor* in the *conditions of contract* identified in the Contract Data.

¹ This total is required by the *Employer* for budgeting purposes only. Actual amounts due will be assessed in terms of the *conditions of contract*.

Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems for a period of 36 months at Duvha Power Station on as an when required basis.

Acceptance

By signing this part of this Form of Offer and Acceptance, the Employer identified below accepts the tenderer's Offer. In consideration thereof, the Employer shall pay the Contractor the amount due in accordance with the *conditions of contract* identified in the Contract Data. Acceptance of the tenderer's Offer shall form an agreement between the Employer and the tenderer upon the terms and conditions contained in this agreement and in the contract that is the subject of this agreement.

The terms of the contract, are contained in:

Part C1	Agreements and Contract Data, (which includes this Form of Offer and Acceptance)
Part C2	Pricing Data
Part C3	Scope of Work: Service Information

And drawings and documents (or parts thereof), which may be incorporated by reference into the above listed Parts.

Deviations from and amendments to the documents listed in the Tender Data and any addenda thereto listed in the Returnable Schedules as well as any changes to the terms of the Offer agreed by the tenderer and the Employer during this process of offer and acceptance, are contained in the Schedule of Deviations attached to and forming part of this Form of Offer and Acceptance. No amendments to or deviations from said documents are valid unless contained in this Schedule.

The tenderer shall within two weeks of receiving a completed copy of this agreement, including the Schedule of Deviations (if any), contact the Employer's agent (whose details are given in the Contract Data) to arrange the delivery of any, guarantees, proof of insurance and any other documentation to be provided in terms of the *conditions of contract* identified in the Contract Data at, or just after, the date this agreement comes into effect. Failure to fulfil any of these obligations in accordance with those terms shall constitute a repudiation of this agreement.

Notwithstanding anything contained herein, this agreement comes into effect on the date when the tenderer receives one fully completed and signed original copy of this document, including the Schedule of Deviations (if any).

Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems for a period of 36 months at Duvha Power Station on as an when required basis.

Section 1.02 Schedule of Deviations to be completed by the Employer prior to contract award

Note:

1. This part of the Offer & Acceptance would not be required if the contract has been developed by negotiation between the Parties and is not the result of a process of competitive tendering.
2. The extent of deviations from the tender documents issued by the Employer prior to the tender closing date is limited to those permitted in terms of the Conditions of Tender.
3. A tenderer's covering letter must not be included in the final contract document. Should any matter in such letter, which constitutes a deviation as aforesaid be the subject of agreement reached during the process of Offer and Acceptance, the outcome of such agreement shall be recorded here and the final draft of the contract documents shall be revised to incorporate the effect of it.

10.1	The <i>Service Manager</i> is (name): TBC

² Available from Engineering Contract Strategies Tel 011 803 3008 Fax 086 539 1902 www.ecs.co.za

Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems for a period of 36 months at Duvha Power Station on as an when required basis.

	Address	Roshland Office Park Lower Germiston Road Rosherville
	Tel	011 629 4000
	Fax	
	e-mail	TBC
11.2(2)	The Affected Property is	Duvha Power Station
11.2(13)	The <i>service</i> is	Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems for a period of 36 months at Duvha Power Station on as an when required basis.
11.2(14)	The following matters will be included in the Risk Register	Standing time, Inclement weather, Strikes, and Absenteeism, Occupational Health and Safety Issues.
11.2(15)	The Service Information is in	Part 3: Scope of Work and all documents and drawings to which it refers.
12.2	The <i>law of the contract</i> is the law of	the Republic of South Africa
13.1	The <i>language of this contract</i> is	English
		Each instruction, certificate, submission, proposal, record, acceptance, notification, reply and other communication which this contract requires is communicated in a form which can be read, copied and recorded. Writing is in the <i>language of this contract</i> .
13.3	The <i>period for reply</i> is	• 3 working days for instructions and communications in writing
14	The Service Manager	
14.1		The Service Manager's acceptance of a communication from the Contractor or of the work does not change the Contractor's responsibility to Provide the Service or his/her liability for his/her plan or his/her design
14.2		The Service Manager, after notifying the Contractor, may delegate any of his actions and may cancel any delegation. A reference to an action of the Service Manager in this contract includes an action by his/her delegate.

Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems for a period of 36 months at Duvha Power Station on as an when required basis.

14.3		The Service Manager may give an instruction to the Contractor which changes the Service Information
14.4		The Employer may replace the Service Manager after he/she has notified the Contractor of the name of the replacement
15.	Employer provides right of access and things	
15.1		The Employer provides things which he is to provide as stated in the Service Information/scope of work.
16	Early warning	
16.1		The Contractor and the Service Manager give an early warning by notifying the other as soon as either becomes aware of any matter which could • increase the total of the Prices, • interfere with the timing of the service or • impair the effectiveness of the service. Note: any delay with regards to the Service rendered, should be communicated to the Service Manager to avoid penalties from being charge against the Service Provider.
16.2		Either the Service Manager or the Contractor may instruct the other to attend a risk reduction meeting. Each may instruct other people to attend if the other agrees. Note: both parties work in mutual agreement for the benefit of both parties and the project to reduce Risks
16.3		The Service Manager revises the Risk Register to record the decisions made at each risk reduction meeting and issues the revised Risk Register to the Contractor. If a decision needs a change to the Service Information, the Service Manager instructs the change at the same time as s/he issues the revised Risk Register.
17	Ambiguities and inconsistencies	
17.1		The Service Manager or the Contractor notifies the other as soon as either becomes aware of an ambiguity or inconsistency in or between the documents which are part of this contract. The Service Manager gives an instruction resolving the ambiguity or inconsistency.
18	Illegal and impossible requirements	

Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems for a period of 36 months at Duvha Power Station on as an when required basis.

The Contractor notifies the Service Manager as soon as he/she considers that the Service Information requires him/her to do anything which is illegal or impossible. If the Service Manager agrees, he/she gives an instruction to change the Service Information appropriately.

NOTE:

- The Contractor only accepts instructions from the Service manager.
- Searching for defects and repairing defects on WORK completed is not a compensation event but is seen as rework
- No person executes or Instructs Work that is an Illegal act in Terms of the Law of the Country
- Instructs or execute work that is an UNSAFE act.
- Instructs or execute work that will benefit any party unlawfully.

19	The Contractor's main responsibilities	Data required by this section of the core clauses is also provided by the Contractor in Part 2 and terms in italics used in this section are identified elsewhere in this Contract Data
19.1		The <i>Contractor</i> Provides the Service in accordance with the Service Information/Scope of work
19.2	The <i>Contractor</i> submits a first plan for acceptance within	1 weeks of the Contract Date
Section 2	Time	
20.1	The Starting date is	TBC on award
20.2.	The Service period is	Thirty-Six (36) Months
20.3	Instructions to stop or not to start work	The Service Manager may instruct the Contractor to stop or not to start any work and may later instruct him/her that he may re-start or start it. • Due to a delay in approvals • Due to a fault of the Contractor • Etc...
Section 3	Testing and Defects	
30.1	People	The <i>Contractor</i> either employs each key person named to do the job stated in the Contract Data or employs a replacement person who has been accepted by the <i>Service Manager</i> . The <i>Contractor</i> submits the name, relevant qualifications, and experience of a proposed

Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems for a period of 36 months at Duvha Power Station on as an when required basis.

replacement person to the *Service Manager* for acceptance. A reason for not accepting the person is that his/her relevant qualifications and experience are not as good as those of the person who is to be replaced.

30.2

The *Service Manager* may, having stated his/her reasons, instruct the *Contractor* to remove an employee. The *Contractor* then arranges that, after one day, the employee has no further connection with the work included in this contract.

NOTE:

- Removal may include, not executing the duties as per the Service information diligently
 - Not reporting unsafe conditions
 - Being under the influence of a substance such as alcohol or drugs
 - Provoke violence
 - AWOL
 - Theft
 - Misconduct as per the Conditions of Service of the Supplier and Employer
 - Nonadherence to Employers Cardinal lifesaving rules
-

31.

Working with the *Employer* and Others

31.1

The *Contractor* co-operates with Others in obtaining and providing information which they need in connection with the service. He co-operates with Others and shares the Affected Property with them as stated in the Service Information.

NOTE: all work is done through an Authorized method.

31.2

The *Employer* and the *Contractor* provide facilities and other things as stated in the Service Information. Any cost incurred by the *Employer* as a result of the *Contractor* not providing the facilities and other things, he/she is to provide is assessed by the *Service Manager* and paid by the *Contractor*.

32

Subcontracting

32.1

The *Contractor* submits the name of each proposed Subcontractor to the *Service Manager* for acceptance. A reason for not accepting the Subcontractor is that his/her appointment will not

Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems for a period of 36 months at Duvha Power Station on as an when required basis.

		allow the <i>Contractor</i> to Provide the Service. The <i>Contractor</i> does not appoint a proposed Subcontractor until the <i>Service Manager</i> has accepted him
32.2		Reasons for not accepting a Subcontractor: They will not allow the <i>Contractor</i> to Provide the Service, or They do not include a statement that the parties to the subcontract shall act in a spirit of mutual trust and co-operation.
33.	Other Responsibilities	
33.1		The <i>Contractor</i> obtains approval from Others where necessary. • Overtime • Modifications • Access for work (PTW) • Excavation permits • Modifications • Change in Service Information
33.2		The <i>Contractor</i> obeys an instruction which is in accordance with this contract and is given to him/her by the <i>Service Manager</i> .
33.3		The <i>Contractor</i> acts in accordance with the health and safety requirements stated in the Service Information • Conduct monthly Safety audits as per the requirements of the Employers' Safety department • Conform to the requirements of the Department of Labour • Work in accordance to OHSACT and Regulations, ACT 85 of 1993. • Submit a clear criminal check for all the employees which is not older than 30 days • The rules and regulations of the Employer.
Section 4 Payment		
40.1	The <i>assessment interval</i> is	The first assessment date is decided by the <i>Service Manager</i> to suit the procedures of the Parties and is not later than the <i>assessment</i>

Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems for a period of 36 months at Duvha Power Station on as an when required basis.

interval after the starting date. Later assessment dates occur at the end of each *assessment interval* until four weeks after the end of the *service period*.

Between the 25th and 26th day of each successive month.

40.2		The <i>Service Manager</i> corrects any wrongly assessed amount due in a later payment certificate. Any amounts due, discovered to be wrongly accessed will be paid to the Contractor or recovered from the Contractor in the following month, including the proportions of CPA where applicable. Interest rate is as per 51.4
41.1	The <i>currency of this contract</i> is the	South African Rand
41.2	The period within which payments are made is	4 weeks.
41.3	The <i>interest rate</i> is	the publicly quoted prime rate of interest (calculated on a 365-day year) charged by from time to time by the Standard Bank of South Africa Limited (as certified, in the event of any dispute, by any manager of such bank, whose appointment it shall not be necessary to prove) for amounts due in Rands and
Section 5	Compensation events	There is no reference to Contract Data in this section of the core clauses and terms in italics used in this section are identified elsewhere in this Contract Data
Section 6	Risks and insurance	
60.1	These are additional <i>Employer's</i> risks	Unrests /Protests by Local Communities, Late payments of employees Theft, Substance abuse by employees, Criminal conducts, Ill health, Absenteeism, Work related injuries.
Section7	Optional Statements and Clarifications	
70.1	Use of Equipment Plant and Materials	The Contractor may not remove any items, equipment related to the Service that has been paid for by the Employer, at any stage of the Contract term.

Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems for a period of 36 months at Duvha Power Station on as an when required basis.

71.0	The <i>Employer</i> provides these insurances from the Insurance Table	as stated for "Format TSC3" available on http://www.eskom.co.za/Tenders/InsurancePoliciesProcedures/Pages/EIMS_Policies_From_1_April_2014_To_31_March_2015.aspx (See Annexure A for basic guidance).
71.1	The <i>Employer</i> provides these additional insurances	as stated for "Format TSC3" available on http://www.eskom.co.za/Tenders/InsurancePoliciesProcedures/Pages/EIMS_Policies_From_1_April_2014_To_31_March_2015.aspx (See Annexure A for basic guidance)
71.2	The <i>Contractor</i> provides these additional insurances:	Any other insurance that the contractor deems necessary in addition to that provided by the employer.
71.3	The minimum amount of cover for insurance against loss and damage caused by the <i>Contractor</i> to the <i>Employer's</i> property is	the amount of the deductibles relevant to the event described in the "Format TSC3" insurance policy available on http://www.eskom.co.za/Tenders/InsurancePoliciesProcedures/Pages/EIMS_Policies_From_1_April_2014_To_31_March_2015.aspx
71.4	The insurance against loss of or damage to the <i>works</i> , Plant and Materials is to include cover for Plant and Materials provided by the <i>Employer</i> for an amount of	None
71.5	The minimum amount of cover for insurance in respect of loss of or damage to property (except the <i>Employer's</i> property, Plant and Materials and Equipment) and liability for bodily injury to or death of a person (not an employee of the <i>Contractor</i>) arising from or in connection with the <i>Contractor's</i> Providing the Service for any one event is:	Any amount that the <i>Contractor</i> deems necessary in addition to that provided by the <i>Employer</i> .
71.6	The minimum limit of indemnity for insurance in respect of death of or bodily injury to employees of the <i>Contractor</i> arising out of and in the course of their employment in connection with this contract for any one event is:	As prescribed by the Compensation for Occupational Injuries and Diseases Act No. 130 of 1993 and the <i>Contractor's</i> common law liability for people falling outside the scope of the Act with a limit of Indemnity of not less than R500 000 (Five hundred thousand Rands)..

Core clause 9 Termination

Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems for a period of 36 months at Duvha Power Station on as an when required basis.

X18.4	The <i>Contractor's</i> total liability to the <i>Employer</i> , for all matters arising under or in connection with this contract, other than the excluded matters, is limited to	The total of the Prices other than for the additional excluded matters. The <i>Contractor's</i> total liability for the additional excluded matters is not limited. The additional excluded matters are amounts for which the <i>Contractor</i> is liable under this contract for • Defects due to his design, plan and specification, • Defects due to manufacture and fabrication outside the Affected Property, • Loss of or damage to property (other than the <i>Employer's</i> property, Plant and Materials), • Death of or injury to a person and • Infringement of an intellectual property right.
X18.5	The <i>end of liability date</i> is	12 months after the service period/contract end date.
X19	Task Order	
X19.1(2)		A Task Order is the <i>Service Manager's</i> instruction to carry out a Task
19.2		A Task Order includes • a detailed description of the work in the Task, • a priced list of items of work in the Task in which items taken from the Price List are identified, • the starting and completion dates for the Task, • the amount of delay damages for the late completion of the Task and • the total of the Prices for the Task when Option A or C is used or the forecast total of the Prices for the Task if Option E is used. The <i>Service Manager</i> consults the <i>Contractor</i> about the contents of a Task Order before he issues it. When a Task Order is issued • the priced list of items for the Task is inserted in the Price List, and • the work involved is added to the Service Information. • An instruction to carry out a Task is not a compensation event.

Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems for a period of 36 months at Duvha Power Station on as an when required basis.

X19.5	The <i>Contractor</i> submits a Task Order programme to the <i>Service Manager</i> within	2 days of receiving the Task Order
X20	Key Performance Indicators	Page 48 of this document
X20.1	The <i>incentive schedule</i> for Key Performance Indicators is in	Not Applicable
X20.2	A report of performance against each Key Performance Indicator is provided at intervals of	Monthly
Z	The <i>additional conditions of contract</i> are	• The penalty of 5% of task order value will be deducted should the contractor fail to meet any of the KPI as stated in page 48 of this document • Z1 to Z11 always apply.

Z1 Cession delegation and assignment

- Z1.1 The *Contractor* does not cede, delegate or assign any of its rights or obligations to any person without the written consent of the *Employer*.
- Z1.2 Notwithstanding the above, the *Employer* may on written notice to the *Contractor* cede and delegate its rights and obligations under this contract to any of its subsidiaries or any of its present divisions or operations which may be converted into separate legal entities as a result of the restructuring of the Electricity Supply Industry.

Z3 Change of Broad Based Black Economic Empowerment (B-BBEE) status

- Z3.1 Where a change in the *Contractor's* legal status, ownership or any other change to his business composition or business dealings results in a change to the *Contractor's* B-BBEE status, the *Contractor* notifies the *Employer* within seven days of the change.
- Z3.2 The *Contractor* is required to submit an updated verification certificate and necessary supporting documentation confirming the change in his B-BBEE status to the *Service Manager* within thirty days of the notification or as otherwise instructed by the *Service Manager*.
- Z3.3 Where, as a result, the *Contractor's* B-BBEE status has decreased since the Contract Date the *Employer* may either re-negotiate this contract or alternatively, terminate the *Contractor's* obligation to Provide the Service.
- Z3.4 Failure by the *Contractor* to notify the *Employer* of a change in its B-BBEE status may constitute a reason for termination. If the *Employer* terminates in terms of this clause, the procedures on termination are P1, P2 and P4 as stated in clause 92, and the amount due is A1 and A3 as stated in clause 93.

Z4 Ethics

- Z4.1 For the purposes of this Z-clause, the following definitions apply:

Affected Party means, as the context requires, any party, irrespective of whether it is the Contractor or a third party, such party's employees, agents, or Subcontractors or

Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems for a period of 36 months at Duvha Power Station on as an when required basis.

Subcontractor's employees, or any one or more of all of these parties' relatives or friends,

Coercive Action means, to harm or threaten to harm, directly or indirectly, an Affected Party or the property of an Affected Party, or to otherwise influence or attempt to influence an Affected Party to act unlawfully or illegally,

Collusive Action means, where two or more parties co-operate to achieve an unlawful or illegal purpose, including to influence an Affected Party to act unlawfully or illegally,

Committing Party means, as the context requires, the Contractor, or any member thereof in the case of a joint venture, or its employees, agents, or Subcontractors or the Subcontractor's employees,

Corrupt Action means, the offering, giving, taking, or soliciting, directly or indirectly, of a good or service to unlawfully or illegally influence the actions of an Affected Party,

Fraudulent Action means, any unlawfully or illegally intentional act or omission that misleads, or attempts to mislead, an Affected Party, in order to obtain a financial or other benefit or to avoid an obligation or incurring an obligation,

Obstructive Action means, a Committing Party unlawfully or illegally destroying, falsifying, altering or concealing information or making false statements to materially impede an investigation into allegations of Prohibited Action and

Prohibited Action means, any one or more of a Coercive Action, Collusive Action Corrupt Action, Fraudulent Action or Obstructive Action.

Z4.2 A Committing Party may not take any Prohibited Action during the course of the procurement of this contract or in execution thereof.

Z4.3 The Employer may terminate the Contractor's obligation to Provide the Service if a Committing Party has taken such Prohibited Action and the Contractor did not take timely and appropriate action to prevent or remedy the situation, without limiting any other rights or remedies the Employer has. It is not required that the Committing Party had to have been found guilty, in court or in any other similar process, of such Prohibited Action before the Employer can terminate the Contractor's obligation to Provide the Service for this reason.

Z4.4 If the Employer terminates the Contractor's obligation to Provide the Service for this reason, the procedures and amounts due on termination are respectively P1, P2, P3 and P4, and A1 and A3

Z4.5 A Committing Party co-operates fully with any investigation pursuant to alleged Prohibited Action. Where the Employer does not have a contractual bond with the Committing Party, the Contractor ensures that the Committing Party co-operates fully with an investigation.

Z5 Confidentiality

Z5.1 The *Contractor* does not disclose or make any information arising from or in connection with this contract available to Others. This undertaking does not, however, apply to information which at the time of disclosure or thereafter, without default on the part of the *Contractor*, enters the public domain or to information which was already in the possession of the *Contractor* at the time of disclosure (evidenced by written records in existence at that time). Should the *Contractor* disclose information to Others in terms of clause 25.1, the *Contractor* ensures that the provisions of this clause are complied with by the recipient.

Z5.2 If the *Contractor* is uncertain about whether any such information is confidential, it is to be regarded as such until notified otherwise by the *Service Manager*.

Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems for a period of 36 months at Duvha Power Station on as an when required basis.

- Z5.3 In the event that the *Contractor* is, at any time, required by law to disclose any such information which is required to be kept confidential, the *Contractor*, to the extent permitted by law prior to disclosure, notifies the *Employer* so that an appropriate protection order and/or any other action can be taken if possible, prior to any disclosure. In the event that such protective order is not, or cannot, be obtained, then the *Contractor* may disclose that portion of the information which it is required to be disclosed by law and uses reasonable efforts to obtain assurances that confidential treatment will be afforded to the information so disclosed.
- Z5.4 The taking of images (whether photographs, video footage or otherwise) of the Affected Property or any portion thereof, in the course of Providing the Service and after the end of the *service period*, requires the prior written consent of the *Service Manager*. All rights in and to all such images vests exclusively in the *Employer*.
- Z5.5 The *Contractor* ensures that all his subcontractors abide by the undertakings in this clause.
- Z6 Waiver and estoppel: Add to core clause 12.3:**
- Z6.1 Any extension, concession, waiver or relaxation of any action stated in this contract by the Parties, the *Service Manager* or the *Adjudicator* does not constitute a waiver of rights, and does not give rise to an estoppel unless the Parties agree otherwise and confirm such agreement in writing.
- Z7 Health, safety and the environment: Add to core clause 27.4**
- Z7.1 The *Contractor* undertakes to take all reasonable precautions to maintain the health and safety of persons in and about the execution of the *service*. Without limitation the *Contractor*:
- accepts that the *Employer* may appoint him as the "Principal Contractor" (as defined and provided for under the Construction Regulations 2014 (promulgated under the Occupational Health & Safety Act 85 of 1993) ("the Construction Regulations") for the Affected Property;
 - warrants that the total of the Prices as at the Contract Date includes a sufficient amount for proper compliance with the Construction Regulations, all applicable health & safety laws and regulations and the health and safety rules, guidelines and procedures provided for in this contract and generally for the proper maintenance of health & safety in and about the execution of the *service*; and
 - undertakes, in and about the execution of the *service*, to comply with the Construction Regulations and with all applicable health & safety laws and regulations and rules, guidelines and procedures otherwise provided for under this contract and ensures that his Subcontractors, employees and others under the *Contractor's* direction and control, likewise observe and comply with the foregoing.
- Z7.2 The *Contractor*, in and about the execution of the *service*, complies with all applicable environmental laws and regulations and rules, guidelines and procedures otherwise provided for under this contract and ensures that his Subcontractors, employees and others under the *Contractor's* direction and control, likewise observe and comply with the foregoing.
- Z8 Provision of a Tax Invoice and interest. Add to core clause 51**
- Z8.1 Within one week of receiving a payment certificate from the *Service Manager* in terms of core clause 51.1, the *Contractor* provides the *Employer* with a tax invoice in accordance with the *Employer's* procedures stated in the Service Information, showing the amount due for payment equal to that stated in the payment certificate.
- Z8.2 If the *Contractor* does not provide a tax invoice in the form and by the time required by this

Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems for a period of 36 months at Duvha Power Station on as an when required basis.

contract, the time by when the *Employer* is to make a payment is extended by a period equal in time to the delayed submission of the correct tax invoice. Interest due by the *Employer* in terms of core clause 51.2 is then calculated from the delayed date by when payment is to be made.

Z8.3 The *Contractor* (if registered in South Africa in terms of the companies Act) is required to comply with the requirements of the Value Added Tax Act, no 89 of 1991 (as amended) and to include the *Employer's* VAT number 4330196330 on each invoice he submits for payment.

Z9 Notifying compensation events

Z9.1 Delete the last paragraph of core clause 61.3 and replace with:

If the *Contractor* does not notify a compensation event within eight weeks of becoming aware of the event, he is not entitled to a change in the Prices.

Z10 *Employer's* limitation of liability

Z10.1 The *Employer's* liability to the *Contractor* for the *Contractor's* indirect or consequential loss is limited to R0.00 (zero Rand)

Z10.2 The *Contractor's* entitlement under the indemnity in 82.1 is provided for in 60.1(12) and the *Employer's* liability under the indemnity is limited to compensation as provided for in core clause 63 and X19.11 if Option X19 Task Order applies to this contract.

Z11 Termination: Add to core clause 91.1, at the second main bullet point, fourth sub-bullet point, after the words "against it":

Z11.1 Or had a business rescue order granted against it.

Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems for a period of 36 months at Duvha Power Station on as an when required basis.

Article III. Annexure A: Insurance provided by the Employer

These notes are provided as guidance to tendering contractors and the Contractor about the insurance provided by the Employer. The Contractor must obtain its own advice. Details of the insurance itself are available from the internet web link given below.

1. Services provided in a TSC3 contract could include some element of construction or refurbishment as well as a continuous maintenance or operational service activity. If an event occurs which causes loss or damage, a claim could be made either against the *Employer's* "works" type policy which may be in place for the *Employer's* portion of the Affected Property concerned or against the *Employer's* assets policy which may be in place for the *Employer's* portion of the Affected Property concerned, or both.
2. The cover provided and the deductibles under the works policy are different to those under the assets policy. Each policy has a range of applicable deductibles depending on the location of the Affected Property and the nature of the insurable event.
3. The *Contractor* is required in terms of Contract Data for clause 83 to provide cover for the deductibles in the insurance provided by the *Employer*. This can be provided from his own resources on a 'self insured' basis or obtained by him from his own insurers. In order to assess the extent of this cover, tendering contractors and their brokers should consult the internet web link given below and scroll to '**Format TSC3**' to establish both the cover and the deductibles in relation to the service provided in terms of this contract.
4. Tendering contractors should note that cover provided by the *Employer* is only per the policies available on the internet web link listed below and may not be the cover required by the tendering contractor or as intended by each of the listed insurances in the left hand column of the Insurance Table in clause 83.2. In terms of clause 83.1 "the *Contractor* provides the insurances stated in the Insurance Table except any insurance which the *Employer* is to provide". Hence the *Contractor* provides insurance which the *Employer* does not provide and in cases where the *Employer* does provide insurance the *Contractor* insures for the difference between what the Insurance Table requires and what the *Employer* provides.
5. Further information and full details of all Eskom provided policies and procedures may be obtained from:

http://www.eskom.co.za/Tenders/InsurancePoliciesProcedures/Pages/EIMS_Policies_From_1_April_2014_To_31_March_2015.aspx

Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems for a period of 36 months at Duvha Power Station on as an when required basis.

C1.2 Contract Data

Part two - Data provided by the *Contractor*

Notes to a tendering contractor:

1. Please read both the both the NEC3 Term Service Contract April 2013 and the relevant parts of its Guidance Notes (TSC3-GN)³ in order to understand the implications of this Data which the tenderer is required to complete.
2. The number of the clause which requires the data is shown in the left-hand column for each statement however other clauses may also use the same data.
3. Where a form field like this [] appears, data is required to be inserted relevant to the option selected. Click on the form field **once** and type in the data. Otherwise complete by hand and in ink.

Completion of the data in full, according to Options chosen, is essential to create a complete contract.

	Section 3.02 Statement	Section 3.03 Data

PART 2: PRICING DATA

TSC3 Option A

Document reference	Title	No of pages
C2.1	Pricing assumptions: Option A	29-30(2 pages)
C2.2	The <i>price list</i>	31-33 (3 pages)

Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems for a period of 36 months at Duvha Power Station on as an when required basis.

C2.1 pricing assumptions: Option A

How work is priced and assessed for payment

Clause 11 in NEC3 Term Service Contract (TSC3) core clauses and Option a states:

Identified and defined terms 11.2

(12) The Price List is the *price list* unless later changed in accordance with this contract.

(17) The Price for Services Provided to Date is the total of

- The Price for each lump sum item in the Price List which the *Contractor* has completed and
- Where a quantity is stated for an item in the Price List, an amount calculated by multiplying the quantity which the *Contractor* has completed by the rate.
- A CPA on labour rates will apply when the for the second and third year

(19) The Prices are the amounts stated in the Price column of the Price List. Where a quantity is stated for an item in the Price List, the Price is calculated by multiplying the quantity by the rate.

This confirms that Option A is a priced contract where the Prices are derived from a list of items of service which can be priced as lump sums or as expected quantities of service multiplied by a rate or a mix of both.

Function of the Price List

Clause 54.1 in Option A states: "Information in the Price List is not Service Information". This confirms that instructions to do work or how it is to be done are not included in the Price List but in the Service Information. This is further confirmed by Clause 20.1 which states, "The *Contractor* Provides the Service in accordance with the Service Information". Hence the *Contractor* does **not** provide the Service in accordance with the Price List. The Price List is only a pricing document.

Link to the *Contractor's* plan

Clause 21.4 states "The *Contractor* provides information which shows how each item description on the Price List relates to the operations on each plan which he submits for acceptance". Hence when compiling the *price list*, the tendering contractor needs to develop his first clause 21.2 plan in such a way that operations shown on it can be priced in the *price list* and result in a satisfactory cash flow in terms of clause 11.2(17).

Preparing the *price list*

Before preparing the *price list*, both the *Employer* and tendering contractors should read the TSC3 Guidance Notes pages 14 and 15. In an Option A contract, either Party may have entered items into the *price list* either as a process of offer and acceptance (tendering) or by negotiation depending on the nature of the *service* to be provided. Alternatively the *Employer*, in his Instructions to Tenderers or in a Tender Schedule, may have listed some items that he requires the *Contractor* to include in the *price list* to be prepared and priced by him.

Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems for a period of 36 months at Duvha Power Station on as an when required basis.

It is assumed that in preparing or finalising the *price list* the *Contractor*:

- Has taken account of the guidance given in the TSC3 Guidance Notes relevant to Option A;
- Understands the function of the Price List and how work is priced and paid for;
- Is aware of the need to link operations shown in his plan to items shown in the Price List;
- Has listed and priced items in the *price list* which are inclusive of everything necessary and incidental to Providing the Service in accordance with the Service Information, as it was at the time of tender, as well as correct any Defects not caused by an *Employer's* risk;
- Has priced work he decides not to show as a separate item within the Prices or rates of other listed items in order to fulfil the obligation to complete the *service* for the tendered total of the Prices.
- Understands there is no adjustment to items priced as lump sums if the amount, or quantity, of work within that item later turns out to be different to that which the *Contractor* estimated at time of tender. The only basis for a change to the (lump sum) Prices is as a result of a compensation event.

NOTE:

- Eskom Rotek Industries is affiliated with various statutory bodies such as the MEIBC. Resources employed or contracted to execute work directly or indirectly as the case may be remunerated in accordance with the MEIBC rates. As such, it will be assumed that *Contractors, Service Providers, Subcontractors, etc* have taken this into account and have done the necessary due diligence to ensure stability on all ERI sites and operations as far as reasonably possible.
-

Format of the *price list*

(From the example given in an Appendix within the TSC3 Guidance Notes)

Entries in the first four columns in the *price list* in section C2.2 are made either by the *Employer* or the tendering contractor.

If the *Contractor* is to be paid an amount for the item which is not adjusted if the quantity of work in the item changes, the tendering contractor enters the amount in the Price column only, the Unit, Expected Quantity and Rate columns being left blank.

If the *Contractor* is to be paid an amount for an item of work which is the rate for the work multiplied by the quantity completed, the tendering contractor enters the rate which is then multiplied by the Expected Quantity to produce the Price, which is also entered.

If the *Contractor* is to be paid a Price for an item proportional to the length of time for which a service is provided, a unit of time is stated in the Unit column and the expected length of time (as a quantity of the stated units of time) is stated in the Expected Quantity column.

Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems services for a period of 36 months at Duvha Power Station on as an when required basis

C2.2 the *price list*

C3.1: EMPLOYER'S SERVICE INFORMATION

1 Description of the service

1.1 Employer's requirements for the service

Introduction

Eskom Rotek Industries (ERI), Bulk Material Services (BMS) has various Coal plant maintenance, Operating and cleaning contracts with Eskom Generation on a national contract level. The Scope of Work covers the provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems for a period of 36 months at Duvha Power Station on as an when required basis.

Purpose

The purpose is to preserve the status of the plant availability and reliability through maintenance of the assets and maintaining of good housekeeping standards.

Applicability

This document shall apply to the site with attached addendum.

This document shall be effective from the authorisation date.

The stations where the services are required are

Site	Operation
Duvha	Overland, Sampling Plant, OTS and Staithes Conveyor systems plant area

Definitions

Description	Definition
Appointed Contractor	Means a contractor appointed by the principal contractor.
Appointed Person	A person who has been authorised in terms of 36-681_Generation Plant Safety Regulation to: (i) Determining appropriate and effective isolations for the anticipated work to be carried out safely. (ii) Ensuring that the isolation and de-isolation on the plant covered by a permit to work is effectively carried out taking health and safety precautions into account. (iii) Issuing of prepared permits once all the associated test certificates are available and the required risk assessments have been presented to the appointed

Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems services for a period of 36 months at Duvha Power Station on as an when required basis

	person by the responsible person for review in terms of these regulations.
Baseline Risk Assessment	(32-520) baseline operational risks refer to the health and safety risks associated with all standard processes and routine activities in the business
Cleaning Activity	Means the safe cleaning of transfer chutes from the outside by the disabling of mechanisms to inhibit starting of the plant during the cleaning process, which is done in accordance with formulated safe procedures.
Contractor (includes appointed contractor)	means an employer as defined in section 1 of the Act who performs contract work and includes principal contractors
Competent Person	(OHS Act) means any person having knowledge, training, experience, and qualifications, specific to work or task being performed, provided that, where appropriate, qualifications and training are registered in terms of the South African Qualifications Authority Act, 1995 (Act No. 58 of 1995).
Danger/Dangerous	Means a condition/substance that constitutes a risk of personal injury, impairment of health, or death
Employee	(OHS Act) means, subject to the provisions of subsection (2), any person who is employed by or works for an employer and who receives remuneration or who works under the direction or supervision of an employer or any other person.
Employer	(OHS Act) means, subject to the provisions of subsection (2), any person who employs or provides work for any person and remunerates that person or expressly or tacitly undertakes to remunerate him/her, but excludes TES (ex. labour broker) as defined in section 1(1) of the Labour Relations Act.
Field / Plant Operator	Employee designated to conduct routine Plant inspections, Preventative Maintenance (PM) and (report) defect any breakdowns or abnormal Plant conditions
Lifesaving Rules	(240-62196227) a rule that, if not adhered to, has the potential to cause serious harm to people.
Permit To Work	Means the printed form containing sections entitled application, permits to work, suspension, suspension revocation, clearance and revocation, and used for the authorisation of all work to be carried out on the plant in terms

Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems services for a period of 36 months at Duvha Power Station on as an when required basis

	of these regulations.
Plant	Means structure, machinery, low voltage electrical equipment or equipment, which does not fall within the scope of the Operating Regulations for High-voltage Systems, and excludes, mobile, portable lifting equipment, domestic circuits, appliances and tools.
Responsible Person	Means a person who has been authorised in terms of these regulations to be responsible for ensuring that the work on the plant covered by a permit to work can be carried out and executed taking health and safety precautions into account and within the terms of 36-681_Generation Plant Safety Regulation
Safe/Safely/Safety	Means a condition not posing any danger, an activity that can be carried out without danger, or protection against danger.
Shall and Should	The word “shall” is to be understood as mandatory and “should” as recommended.
Skilled Person	Means a person who has been trained, has adequate knowledge for the task at hand and declared competent in writing.
Supervision/Supervise	Means to oversee the actions of a person(s) to such an extent as to prevent any dangerous act, as far as reasonably practicable. Such a supervisor must be trained in risk assessment techniques and be able to understand the dangers / hazards associated with the task and who has the authority to ensure that precautionary measures taken are implemented.
Visitor	Any person visiting a workplace with the knowledge of, or under the supervision of, an employer.

Supporting Clauses

Scope (Operating and Cleaning of Conveyor System)

The scope of work is the provision Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems for a period of 36 months at Duvha Power Station Eskom RoteK Industries (ERI) Bulk Material Services on as and required basis.

Site generic scope

- The scope of work will include all Cleaning Services of the Overland, OTS and Staithes Conveyor Belt systems at Duvha Power Station.
- Coal Plant Operations of Overland coal conveyor system connecting the South plant of Seriti Mine and the staithes of Duvha Power Station

Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems services for a period of 36 months at Duvha Power Station on as an when required basis

- Coal plant Operating of the On Terrace Stock-pile (OTS) conveyor system connecting the reclaim system and the staithes of Duvha Power Station.
- Coaling from staithes to mill bunkers through 9 A to 9F conveyor belts and mechanical lashing. (Complying to Duvha Power Station Coaling Procedure **Doc ID: OI025** and Wet Coal Procedure **Doc ID: OP010**)
- Use of lashing machine for mechanical lashing of staithes 1 and 2.
- The following documents are also applicable to this contract and need to be adhere to at all times.
 - Coal staithe mechanical lashing OI 022.
 - Manual lashing of bays in the coal staithe OP008.
 - Fire in the coal staithe OE 010.

(a) Coal Plant Cleaning

Section 3.04 General Cleaning

- Conveyors are to be cleaned on a continuous basis on all fixed plant – conveyor structures and deck plates, conveyor drives, walkways, chutes, etc. to enable quick response preventing extended damage to equipment in case of failure or fouling.
- Cleaning of transfer chutes, scraper dribble chutes, leakages and spillages
- Plant cleaning inspections to be conducted and check sheets submitted to the Employer
- Raise defect notifications on SAP as and when required.

The Contractor shall:

- Clean the entire system.
- Conducts daily coal spillage inspections.
- Ensure cleaning as an ongoing exercise.

Section 3.05 Drive houses/transfer houses

During operation, when coal is conveyed from one conveyor system to another system, coal dust settles on all structures inside the building. The Contractor must clean all the structures.

Section 3.06 Conveyor belts

The *Contractor*, on a daily basis must clean all spilled coal collected underneath and alongside of the belts.

Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems services for a period of 36 months at Duvha Power Station on as an when required basis

The *Contractor* liaises with the BECSA control room operator, notifying the *Supervisor*, prior to the cleaning of any area of any conveyor belt. Cleaning alongside of belts can be done during normal belt operating. Such cleaning is, however, done with the utmost precaution.

Cleaning under any conveyor belt, while in operation is not permitted. The *Contractor* obtains clearance from the BECSA control room operator and applies a Permit-to-Work before any such cleaning can take place.

Coal spilled outside the sheeted enclosure is not allowed to be thrown back onto the conveyor system. Such spillages are known as contaminated spillages and the *Contractor* carts the spilled coal away to the coal waste dumpsite, which the *Supervisor* will show to the *Contractor*.

Section 3.07 Pulleys

The *Contractor*:

- Inspects all pulley laggings and belts for any coal build-ups.
- Clean any build-ups that might occur between belt and pulley.

Section 3.08 Idlers

The *Contractor*:

Inspects all idler rollers for any coal build-ups and clean if necessary.

Section 3.09 Conveyor Structure

The *Contractor*:

- Cleans the structure for any coal build-ups as a result of spillages and accumulation.

Section 3.10 Gearboxes

The *Contractor*:

- Cleans gearboxes for any coal build-ups that might occur.
- Ensures that the oil fill port cover is in place before cleaning commences.

Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems services for a period of 36 months at Duvha Power Station on as an when required basis

Section 3.11 Scrapers and Chutes

The *Contractor*:

- Cleans all scraper dribble chutes, and transfer chutes daily for any coal build-up.

Section 3.12 Coal staithes and tripper cars

The *Contractor*, on a daily basis:

- Cleans all tripper cars, surrounding areas and rails
- Cleans and removes foreign objects on top of grizzly bars.
- Cleans all walkways next to bunkers
- Cleans ground level spillages caused by over-filling and returns uncontaminated coal to the staithes via the stockpile reclaiming facility. Contaminated material is transported to the coal waste dumpsite at the Duvha ash dam as indicated by the *Supervisor*.

Section 3.13 Cleaning of OTS System

- The *Contractor* cleans the entire reclaim conveyor system, conducts daily coal spillage inspections; cleaning is an on-going exercise.
- During operation, when coal is conveyed from one conveyor system to another system, coal dust settles on all structures inside the building. The *Contractor* cleans all these structures.
- The *Contractor*, on a daily basis cleans all spilled coal collected underneath and alongside the belts.
- Cleaning alongside belts can be done during normal belt operating. Such cleaning is, however, done with the utmost precaution.
- Cleaning under any conveyor belt, while in operation is not permitted. The *Contractor* applies a Permit-to-Work before any such cleaning can take place.
- Coal spilled outside the sheeted enclosure is not allowed to be thrown back onto the conveyor system. Such spillages are known as contaminated spillages and the *Contractor* carts the spilled coal away to the coal waste dumpsite, which the *Supervisor* will show to the *Contractor*.

EQUIPMENT TO BE CLEANED		FREQUENCY	REMARKS
Light fittings	Dust and damp clean if required Avoid direct water jets	1 x monthly	

Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems services for a period of 36 months at Duvha Power Station on as an when required basis

PPE

Required PPE (Specification to be supplied under SHEQ) (Employer to provide)

- Overalls-specific to activity
- Safety boots (that provides protection to the ankles)
- Eskom approved 3-point chin strap hard hat
- Gumboots
- Welding gloves
- Pigskin Gloves

Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems services for a period of 36 months at Duvha Power Station on as an when required basis

- Safety goggles
- Face shield
- Ear plugs/muffs
- Dust masks
- Cloth masks
- Full face Respirators with spare cartridges for silica/coal dusty environments
- Safety harnesses
- Welding aprons
- Welding glasses
- Spats
- Reflector vests
- Sun hats
- Winter Jackets

Maintenance Philosophy

Sites to provide operating philosophies, which will be incorporating the contractor operations methodologies and strategies as per site-specific requirements.

Management strategy and start up

The *Contractor's* plan for the *service*

Operations services schedule to be supplied by the Contractor after the employer has given them the maintenance plans.

Management meetings

There will be a monthly meeting for the *Contractor* with the *Employer* held at the *Employer's* premises where contract issues will be discussed i.e. monthly report form the *Contractor* which will

Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems services for a period of 36 months at Duvha Power Station on as an when required basis

include safety meetings, call-out report, incident report an any other issues relating to the service being delivered. The following meetings are to be attended by the *Contractor's* Supervisor:

- Safety meeting (once a month / as and when required)
- Contractor's meetings (to be specified)
- Assessments meetings (end of the month on the 25th)
- Any other meetings relating to the *Contractor's* outputs or necessary for business continuity
- Risk register meeting with the client.

All meetings shall be recorded using minutes or a register prepared and circulated by the person who convened the meeting. Such minutes or registers shall not be used for the purpose of identified in the *conditions of contract* to carry out such actions or instructions.

***Contractor's* management, supervision and key people**

The *Contractor's* staff structure – supervisors and workforce is to be submitted in the form of an organogram. The employer must approve any changes to such staff structure, and after the approval, the contractor shall submit an updated staff structure.

The *Contractor* shall provide a competent representative to be available on site during all normal working hours (Supervisor).

The Contractor's representative will be required to keep the time sheets, which are required, signed at the end of each month.

NB: The Contractor's representative will assume the role of a supervisor or lead for this contract

Documentation control

The service provider shall submit all proof of purchase, SHE bin certificates, time sheets and delivery note to the employer for assessment. Cleaning control sheets to be signed after each cleaning is completed.

Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems services for a period of 36 months at Duvha Power Station on as an when required basis

Invoicing and payment

Invoicing and payment turnaround time is 30 days. Assessments are to be conducted from the 26th of each month.

Contract change management

Task Order form to be used when work within the service is instructed to be carried out within a stated period. A task Order will be sent to the *Contractor* via an email. In the case of a compensation event, the *Contractor* must give the *Employer* an early warning and a quotation for the total costs, must be submitted electronically by the *Contractor* for that compensation event by email

Records of defined cost to be kept by the *Contractor*

The *Employer* will do all hours worked by the *Contractor*. Timesheets will be submitted to and kept by the *Employer* on a weekly basis, and these will be used for assessment purposes.

Training workshops

- Any training required by the *Employer* will be provided e.g. Ethics, HIRA, etc however, any other training additional that the *Contractor* will need, the training costs will be for the *Contractor*. Training may not be conducted during working hours, unless permission is given by the *Employer*.
- The *Contractor* will be trained during the Job Specification Induction training that will be provided by the *Employer* at the beginning of the contract. The *Contractor* may also be trained during Work Stoppages and also any other training as per employer's requirements.
- The following training is necessary for the Supervisor and Team leaders. The cost will be for the *Contractor*:
 - Safety, Health and Environment Representative (SHE Rep.)
 - Applying SHE Principles and Procedure
 - Hazard Identification and Response
 - First Aid level 1

Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems services for a period of 36 months at Duvha Power Station on as an when required basis

Procurement

People

Eskom Holdings Limited's requirements regarding employment of unskilled or semi-skilled workers are as follows:

- ERI requires that during recruitment of unskilled or semi-skilled labour, a contractor should make every effort to employ minimum target of 100 % suitable candidates from all disciplines from the local community and will only resort to other avenues if the local community cannot provide the required resources.
- Eskom Rotek Industries is affiliated with various statutory bodies such as the MEIBC. Resources employed or contracted to execute work directly or indirectly as the case may be remunerated in accordance with the MEIBC rates or statutory body in that particular site. As such, it will be assumed that Contractors, Service Providers, Subcontractors, etc have taken this into account and have done the necessary due diligence to ensure stability on all ERI sites and operations as far as reasonably possible.

Plant and Materials

Correction of defects

If there is part of work that the *Employer* is not happy with, this will be indicated to the *Contractor* and will have to be rectified by the *Contractor* immediately where reasonably possible or within 5 working days after the defect was reported.

Plant & Materials provided by the *Employer*

- a. Water and Electricity
- b. Lighting and Ventilation
- c. Ablution facilities
- d. Sitting facilities
- e. Kitchen facilities
- f. All required tools
- g. Specialised PPE

Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems services for a period of 36 months at Duvha Power Station on as an when required basis

NB: The *Contractor* will be responsible for their meals, own accommodation, and transport to and from the place of work.

2 Management strategy and start up.

2.1 The *Contractor's* plan for the service

The contractor is required to submit plan for service within 7 days after receiving a work instruction from the service manager

2.2 Management meetings

Regular meetings of a general nature may be convened and chaired by the *Supply Manager* as follows:

Title and purpose	Approximate time & interval	Location	Attendance by:
Risk register and compensation events	As and When Required	Site offices or Head Office	<i>Employer</i> and <i>Contractor</i>
Overall contract progress and feedback	As and When Required	Site offices or Head Office	<i>Employer</i> and <i>Contractor</i>

Meetings of a specialist nature may be convened as specified elsewhere in this Service Information or if not so specified by persons and at times and locations to suit the Parties, the nature and the progress of the service. Records of these meetings shall be submitted to the *Service Manager* by the person convening the meeting within five days of the meeting.

All meetings shall be recorded using minutes or a register prepared and circulated by the person who convened the meeting. Such minutes or register shall not be used for the purpose of confirming actions or instructions under the contract as these shall be done separately by the person identified in the *conditions of contract* to carry out such actions or instructions.

2.3 Invoicing and payment

Within one week of receiving a payment certificate from the *Service Manager* in terms of core clause 51.1, the *Contractor* provides the *Employer* with a tax invoice showing the amount due for payment equal to that stated in the *Service Manager's* payment certificate.

The *Contractor* shall address the tax invoice to
Eskom Rotek Industries,
And include on each invoice the following information:

- Name and address of the *Contractor* and the *Service Manager*;
- The contract number and title;
- *Contractor's* VAT registration number;
- The *Employer's* VAT registration number 4330196330;
- Description of service provided for each item invoiced based on the Price List;
- Total amount invoiced excluding VAT, the VAT and the invoiced amount including VAT;
- (add other as required)

Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems services for a period of 36 months at Duvha Power Station on as an when required basis

Add procedures for invoice submission and payment (e. g. electronic payment instructions)

3 Health and safety, the environment and quality assurance

Health and safety risk management

The *Contractor* shall at all times comply with the health and safety requirements prescribed by law as they may apply to the *services*.

The *Contractor* shall, when coming on site abide by the Lifesaving Rules and COVID-19 safety requirements at all times. The Employer on the start of the contract will provide these. The *Contractor* shall also abide by Safety, Health and Environmental Specifications for Contractors Procedure, which will also be provided by the *Employer*.

The *Employer* follows an accident/ incident prevention policy that includes the investigation of all accidents/ incidents involving personnel and property. This is done with the intention of introducing control measures to prevent recurrence of the same incidents. The *Contractor* is expected to fully co-operate to achieve this objective. Refer to 32-95_Environmental, Occupational Health and safety Incident Management Procedure

The *Contractor* implements a safety plan and maintains the safety system until completion of the whole of the works. The plan, will as a minimum, contain PPE information, written safe work procedures, job specific risk assessments, safety meetings, etc. The plan will be to the *Employer's* satisfaction and will be accepted prior to the commencement of any work.

The *Contractor* will be subject to periodic audits by the *Employer* in order to ensure compliance with the plan. Any deviations will be corrected to the *Employer's* satisfaction.

The *Project Manager* has the right to stop the *Contractor's* work activities which, in the opinion of the *Project Manager*, is un-safe. The *Contractor* may only continue with work activities when all safety deficiencies have been corrected to the *Service Manager's* satisfaction. The *Contractor* shall have no claim against the *Employer* in respect of delay due to the above.

Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems services for a period of 36 months at Duvha Power Station on as an when required basis**Environmental constraints and management**

The *Contractor* shall comply with ERI management system. This includes the identification, collection, storage, transportation, and disposal of waste. Hazardous waste shall be disposed of in line with the applicable environmental legislation. It is important to note that all spillages must be cleaned immediately and reported to the project manager as soon as possible. It is the responsibility of the polluter to clean all spillages and for the rehabilitation of the polluted land and the cost associated with that.

NB: In cases of inclement weather, the Project Manager will assess the risk of continuing with the works. When it is unsafe to continue, the Project Manager will stop the works and payment will be per the work covered in this instance.

Quality assurance requirements

The *Contractor* implements a quality system and maintains the quality system until the completion of the whole of the *works*. The system, will as a minimum, comply with the provisions of the ISO9001 series. The system will be to the *Employer's* satisfaction and will be accepted prior to the commencement of any work on site. The *Contractor* will be subject to self-assessments by the *Employer* in order to ensure compliance with the system. Any deviations will be corrected to the *Employer's* satisfaction.

The *Project Manager* has the right to stop the *Contractor's* work activities, which, in the opinion of *Project Manager*, does not meet the requirements of the system and will have a detrimental effect on plant performance. The *Contractor* may only continue with work activities when all deficiencies have been corrected to the *Project Manager's* satisfaction. The *Contractor* shall have no claim against the *Employer* in respect of delay due to the above.

The *Contractor* ensures that all plant and materials for the *works* are to the standard and quality accepted by the *Employer* and ensures that they are suitable for the purpose intended by the manufacturer.

The *Contractor* will work according to the *Employer's* standards, specifications, guidelines and procedures. Where no standards, specifications, guidelines and procedures are available, the

Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems services for a period of 36 months at Duvha Power Station on as an when required basis

Contractor will work according to the Generation Quality manual and professional guidelines. Where possible, standards will be reflected in the Task Order.

The employer shall evaluate, control and monitor the performance and effectiveness of the Contractor.

4 Working on the Affected Property

4.1 *Employer's* site entry and security control, permits, and site regulations

The service provider applies for access permits at the security gate when access to Eskom Power Stations/Construction sites is required.

The service provider's personnel are in the possession of their access permits at all times when on the Site.

The service provider provides security for protection of construction their equipment and Materials required in providing the Works.

4.2 Records of *Contractor's* Equipment

The Maintenance service provider keeps records of all tasks executed by the service provider as specified by the original equipment manufacturers.

4.3 Control of noise, dust, water and waste

The contractor must supply their own dust masks and cloth masks as part of PPE. Drinking water is available on site as well as waste bins for disposing waste

5 List of drawings

5.1 Drawings issued by the *Employer*

This is the list of drawings issued by the *Employer* at or before the Contract Date and which apply to this contract.

CONFIDENTIALITY AGREEMENT

This Confidentiality Agreement ('Agreement') is entered into between the Employer and the Contractor.

WHEREAS, the Employer and the Contractor (the Parties) desire to exchange certain confidential information; and consider further business dealings with each other.

WHEREAS, the parties desire to evidence their agreements governing the exchange of certain confidential information as set forth below.

Now therefore, for good and valuable consideration, including the mutual agreements hereinafter recited, the parties hereby agree as follows:

1. The parties contemplate an exchange, either orally, in writing or by inspection, of certain confidential proprietary information possessed or owned separately by them and not readily available or otherwise known to the public and which may be helpful in evaluating further business dealings. Such confidential information (the 'Subject Information') may include but not be limited to the parties' inventions, trade secrets, know-how, technical information on products and manufacturing processes, and information concerning their business assets, financial condition, operations, plans and prospects.
2. The purpose of the exchange of Subject Information is to enable the parties to evaluate the Subject information for the purpose only of considering further business dealings with each other.
3. The parties each agree that they shall maintain in secrecy in accordance with the terms of this Agreement all of the Subject Information each party receives (the 'Receiving Party') from the other party (the 'Proprietor') and shall not disclose or use other than for the purpose specified herein the Subject Information without the written consent of the Proprietor of the Subject Information. All Subject Information communicated from one party to the other shall be deemed to be proprietary and confidential to the Proprietor whether marked or identified as such or not.
4. The duty of care to safeguard Subject Information shall be the same as that which the parties each use to safeguard their own respective proprietary and confidential information.
5. The Receiving Party of Subject Information shall not be obligated to maintain Subject Information received from its Proprietor in secrecy or refrain from using it to the extent that any such information is or rightfully becomes publicly available information other than through a breach of this Agreement, or which the Receiving Party later obtains lawfully from anyone else who is not known by the Receiving Party to be obligated under any secrecy agreement with Proprietor to maintain the information in secrecy. The Receiving Party also shall not be obligated to maintain in secrecy any information it receives from the Proprietor which it can demonstrate was already in its possession when the information was disclosed to the Receiving Party by the Proprietor.

Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems services for a period of 36 months at Duvha Power Station on as an when required basis

6. The Receiving Party shall promptly return to its Proprietor any Subject Information in tangible form it has received from the Proprietor immediately upon the Proprietor's request, without retaining any copies, summaries, analyses or extracts thereof. All documents, memoranda, notes and other writings prepared by the parties, or their advisors, based on the Subject Information of each other, shall be destroyed, and such destruction shall be certified in writing by an authorised officer supervising such destruction.
7. If a party, with the written consent of the Proprietor of Subject Information, discloses any Subject Information received from its Proprietor to any third party, it shall do so only under a secrecy agreement having a scope similar to and which is consistent with this Agreement, and the disclosing party shall be primarily responsible for any compromise of the secrecy of Subject Information by such third party
8. Each party agrees that it shall not, while and for so long as it is obligated to maintain Subject Information in secrecy, use for its own benefit, or for the benefit of others or exploit, commercialise, develop, test promote, sell, lease, market or otherwise dispose of any products or services using, incorporating or relying on Subject Information received from its Proprietor without the written consent of the Proprietor.
9. The obligations of the party receiving Subject Information pursuant to this Agreement shall be effective with respect of each item of Subject Information for a term of five (5) years from the date of submission of the Subject Information to the Receiving Party by its Proprietor, unless the Proprietor agrees otherwise in writing.
10. For purposes of this Agreement, each party shall include (to the extent applicable) the officers, directors, employees, agents, representatives, attorneys, joint ventures, partnerships, affiliates, subsidiaries, and divisions of the party, and any other entity or entities which such party controls or which controls it, and, further, shall include any transferee, successor and assign of the assets of the party.
11. This Agreement shall be construed (both as to validity and performance) and enforced in accordance with, and governed by, the laws of Republic of South Africa.
12. Neither this Agreement nor the exchange of Subject Information between the parties shall create or be relied on by either party as a basis for creating any license between the parties under any patent, or other industrial or intellectual property rights of the Proprietor of the Subject Information, or any other license between the parties in the absence of any express written license agreement between them
13. The parties agree that no contract or agreement providing for a transaction shall be deemed to exist between them unless and until a definitive agreement has been executed and delivered, the parties hereby waive, in advance, any claim (including, without limitation, breach of contract) in connection with a possible transaction with each other unless and until they shall have entered into a definitive agreement. The parties also agree that unless and until a definitive agreement between them has been executed and delivered, neither party has any legal obligation of any kind whatsoever with respect to any such transaction by virtue of this Agreement or any other written or oral expression with respect to such transaction, except, in the case of this Agreement, for the matters specifically agreed to herein. For purposes of this paragraph, the term 'definitive agreement'; does not include an executed letter of intent, memorandum of understanding.

Provision of Operating and Cleaning Services of the Overland, Sampling Plant, OTS and Staithes Conveyor systems services for a period of 36 months at Duvha Power Station on as an when required basis

IN WITNESS WHEREOF, and intending to be legally bound, this Agreement has been executed by the parties as of and effective from the date first written above.
