It is important for bidders to ascertain the latest developments around the EEA from the Department of Labour and to ensure that they are fully compliant. Enactment of the Employment Equity Amendment Bill is of particular importance as Section 53 of the Act will provide that State contracts may only be issued to employers that have been certified as being in compliance with their obligations under the Act. For that, bidders will be

- As such, the unique CSD registration number will be used to capture your company details as a vendor to the Electoral Commission in the event that your bid succeeds. The Electoral Commission will draw your registration detail from the CSD and any changes (including banking details) you effect to your registration on the CSD will automatically update your registration as a vendor to the Electoral Commission. Detail provided on invoices issued to the Electoral Commission must correspond to the detail of your company as registered on the CSD. It remains your responsibility to ensure that details are correct to enable the Electoral Commission to effect any payments due to you.
- The *Financial Information* on page eighteen (18) should be completed.

- The *Bidder's Disclosure and Declaration* from page twenty (20) to page twenty five (25) of the tender document is important and must be completed by the service provider and in the case of a consortium, joint venture or a subcontractor, by each and every member. Failure to do so may

Where additional information is required, for example detailed costing schedules, such information must be submitted as part of the required written submission (where applicable). The mandatory pricing schedule/s in the tender document must not, however, be substituted by the service provider's own pricing schedule/s as it will lead to disqualification.
- Bidders should note the provisions and evaluation criteria provided on page forty six (46) as well as the bid evaluation schedule included at the end of the tender document, with specific reference to matters that will lead to the disqualification of bids received due to non-compliance. Bidders are advised to use the evaluation criteria as a guide and checklist to ensure full compliance with all requirements and that all the necessary information and detail are provided in their written submission.
- A due diligence audit will be performed on a shortlisted bidder in order to confirm details and information, capacity, capability and ability to execute the contract. The due diligence audit process is not aimed at creating any expectations or commitments as it is merely part of the overall bid assessment process. In order to mitigate risks, the Electoral Commission may not consider bidders that do not have the necessary capacity, capability and ability which includes financial liquidity to execute the requirements set out in the tender.
- A contract/service level agreement (SLA) may be entered into.
- The Electoral Commission's payment terms are within thirty (30) days after the receipt of a valid tax invoice, provided that such invoice is not disputed.
- To avoid unnecessary delays in payment, it remains the service provider's responsibility to ensure that their banking details are correct and validated on the Central Supplier Database (CSD). The Electoral Commission will not be liable for interest accrued on overdue accounts where the service provider has not resolved their incorrect banking detail on the CSD.
- The award of the tender will be published in the Tender Bulletin (when available again) and the National Treasury eTender Portal as well as the Electoral Commission's website as may be

applicable. Bidders should note the award of the tender as published and that no general notices to unsuccessful bidders will be issued.

- A successful bidder may be required to sign a service level agreement (SLA). In the event that the Electoral Commission fails to negotiate a contract/service level agreement with a bidder their bid may be set aside.

General – Bidders must at all times scrutinise the tender document and bid specifications carefully in order to ensure that they provide all the necessary information in their written responses as well as take care that copies of all relevant documentation that is required is submitted as part of their bid.

Written submissions are critical and must contain all the required and relevant information in order to enable proper evaluation of bids. Failure to ensure that the written proposal is complete may result in the bid not meeting all the requirements stipulated in the bid evaluation criteria. Bids not meeting the requirements will not be acceptable and shall be disqualified.

Only qualifying bids that are acceptable will be subjected to scoring in terms of the provisions of the Preferential Procurement Regulations, 2022 for bid adjudication purposes.
