

TRANSNET PORT TERMINALS**TENDER NUMBER: TPT/2026/07/0003/114562/RFP****DESCRIPTION OF THE WORKS: REFURBISHMENT OF SUBSTATIONS AT THE PORT OF CAPE TOWN, CONTAINER TERMINAL OF TRANSNET SOC LTD (REG.NO.1990/000900/30) OPERATING AS TRANSNET PORT TERMINALS, (HEREINAFTER REFERRED TO AS "TPT") FOR A PERIOD OF TWENTY-FOUR (24) MONTHS**

CLARIFICATION QUESTIONS		
	Clarification	TPT's Response
1	Please can you advise the kA rating of the 11kV Switchgear for all the substations.	See Annexure 1 of the MV switchgear spec issued as an addendum.
2	Please can you share the substation building drawings, with dimensions, for all the substations	The layout drawings provided are to scale. Additionally see the information provided in the condition assessment. In addition, bidders were given an opportunity to take deemed necessary measurements on site
3	Kindly advise if we are to "Log an Intent to Bid" / submit tenders on the old platform, as this tender (TPT/2026/07/0003/114562/RFP) cannot be found on the new platform.	As mentioned in the briefing session, bidders are to disregard the tender publication on the new system (TDPS platform). Tender no. TPT/2026/07/0003/114562/RFP can be found on the old Transnet e-Tenders Portal . You can log your Intent to Bid on that platform .
4	Please urgently send us the scanned copy of the attendance register we all signed, so we can start our due diligence for sub-contracting and JV's as per the tender enquiry.	Please note that the attendance register is an internal document and cannot be shared with the bidding community. Furthermore, according to the POPI Act we cannot share bidders contact details and information.
5	I would like to request that the briefing presentation that was held to be mailed to us please	Please be advised that the briefing session presentation and minutes have been uploaded to the e-Tenders Portal and National Treasury.
6	We would like clarity about the below mentioned bid as I check the Transnet SRM portal daily and this bid was not on there as per the publication date, also there is no RFP on the portal, please confirm if the below is an error or not? As we would like bid for this however require proper information.	We are currently busy with the cancellation/ revoking of the publication of tender no. TPT/2026/02/0056/1105/RFP on the TDPS platform as it was advertised in error, and the system does not make provision for our tender requirements. The official RFP tender was advertised on the old Transnet e-Tenders portal. You can access the RFP tender document on Transnet e-Tenders or on the National Treasury website. The tender number is TPT/2026/07/0003/114562/RFP. All required information can be obtained in the tender document.
7	Could you kindly send the softcopy of the excel spreadsheet of the BOQ of the above-mentioned tender.	Please note that the excel version of the BOQ will not be issued out to the market, as this opens room for formula errors and bidders changing our BOQ. Please refer to the BOQ on the RFP document.
8	We just request the excel BOQ for our own calculation purposes only. Bid pricing will be written by hand to our final bid.	As previously advised, we are unfortunately unable to provide the BOQ in excel format to the bidding community Bidders are required to make use of the BOQ issued as part of the RFP for preparation and submission of their bids. This ensures
9	I would like to kindly request the minutes and the PowerPoint presentation from the recent meeting	The briefing session minutes and presentation was uploaded on the Transnet e-Tenders Portal and on National Treasury during the course of the week. Please go on the portals to access the minutes.
10	Thank you for the opportunity to attend the clarification meeting, may I first and foremost request extension of time, due to uncertainties at this stage we will need at least another 2 weeks after clarification is received. May we suggest 23/7/2026, please	A week has been granted and should be enough for bidders to respond.

11	Kindly provide clarification and/or the following information to enable accurate pricing and execution of the works: 1. Drawings and specifications for the substation doors. 2. Drawings and dimensions for the concrete cable culverts. 3. Detailed drawings and dimensions for the stainless-steel transformer containment trays. 4. Detailed drawings, specifications, and dimensions for the new transformer building. 5. The Tender Clarification Meeting Minutes (if applicable). 6. Detailed specifications and scope for the HVAC system, including equipment schedules and layouts. 7. Drawings and dimensions of the existing chequered plates, including details indicating whether they are to be modified, replaced, or reused. 8. Detailed specifications and scope for the fire suppression system, including applicable standards and performance requirements. 9. The generator rating/capacity (kVA), together with any associated specifications and performance requirements.	1. Refer to layout drawings and see the information in addendum 1 for additional details of dimensions. 316 SS doors are required. Bidders were taken to site such dimension details required for pricing. The information provided plus the opportunity to walk the site should be sufficient for bidders to price. 2. Equal or similar approved to the information provided in the picture below. Bidders to use a 750 W X 300 H for pricing. Bidder's to note that the information referred to herein is not an addendum and not additional information to the WI but is provided for bidder's as clarification to have a common reference for pricing purposes only. 3. This will be a design supply and installation item as per the WI in accordance with applicable standards. 4. See addendum 1. 5. Minutes have been uploaded on e-Tenders Portal 6. This will be a design supply and installation item as per the WI in accordance with applicable standards. 7. Refer to layout drawings and see the information in addendum 1 for additional details of dimensions. The information provided plus the opportunity to walk the site should be sufficient for bidders to price. 8. This will be a design supply and installation item as per the WI in accordance with applicable standards. 9. See the provided generator specification provided.
12	We request the excel BOQ for our own calculation purposes only. Bid pricing will be written by hand to our final bid.	We are unfortunately unable to provide the BOQ in excel format to the bidding community. Bidders are required to make use of the BOQ issued as part of the RFP for preparation and submission of their bids. This ensures consistency across all submissions and mitigates the risk of unintended formula amendments or any other changes to the BOQ.
