

SCHEDULE E INTERNATIONAL ONLINE SERVICE PRICE BAND (SIMULTANEOUS ACCESS)

A collection of global legal; news & business and company data. The service should contain collections of annotated legislation, cases, forms, precedents from UK, as well as from the US, EU, and Commonwealth Nations. The services should allow for research into key titles like the ALL England Law Reports, Halsbury's Law of England, and Encyclopaedia of Forms & Precedents. It should also cover legal material from Commonwealth nations like Australia, India, Malaysia, New Zealand, Canada, and Hong Kong. It must provide a US research solution that gives users access to up-to-date US Statutes, case law (state and federal), and top global legal journals. It must also contain legal citation software- Shepard's for case treatment. It must further provide the services which allow for research into global news, magazines, and journals and combine over 40, 000 sources of information in an easy-to-use search interface.
