SCOPE OF WORK

ENQUIRY NO: AHT0000026116

DESCRIPTION: TRANSPORTATION OF All PetroSA EQUIPMENT FROM TECHNIP FMC NORWAY TO SOUTH AFRICA

1. Background

The Petroleum Oil and Gas Corporation of South Africa (PetroSA) SOC Ltd. owns several upstream, oil & gas drilling and completion equipment that are currently stored in Norway. The equipment is located at the supplier TechnipFMC's premises with the majority in Agotnes and the rest in Kongsberg.

2. Scope

Potential bidders are invited to tender and submit bids for clearing, forwarding and logistics services for transportation of the equipment from Norway to South Africa. The final destination in South Africa is PetroSA's logistics base located in Voorbaai, Mossel Bay, South Africa. The scope of work includes:

- Any lifting or loading service required to load onto a truck at the storage premises in Agotnes and Kongsberg - crane hire, rigging.
- Transport service from the storage premises to the quayside – **road freight**.
- Lifting and loading service onto the vessel at the quayside – crane hire, rigging
- Transport service to Cape Town or Mossel Bay – **ocean freight**.
- Offloading from and lifting services onto quayside in South African port – crane hire, rigging
- Loading service onto the truck at South African port – crane hire, rigging
- Transport service to Voorbaai, Mossel Bay, South Africa – **road freight**.
- Offloading from the truck and lifting services at a delivery location in Voorbaai, Mossel Bay, South Africa – crane hire, rigging
- Export and Import customs clearance services.

- Provision of material to ensure cargo is safely secured to the means of transport either road and/or ocean (Sea-fastening), where required.
- Boxing and crating of equipment where required.
- Provision of marine surveyor at vessel loading and offloading points
- Provision of insurance for all legs and means of transport.
- Provision and handling of necessary documents and paperwork where required.

3. Incoterms

Preliminary indications are FCA Norway and DAP South Africa. Bidders may propose alternatives.
