It is a condition of this RFP that the tax matters of the successful bidder be in order, or that satisfactory arrangements have been made with South African Revenue Service (SARS) to meet the bidder’s tax obligations.

The Tax Compliance status requirements are also applicable to foreign Respondents/ individuals who wish to submit bids.

Respondents are required to be registered on the Central Supplier Database (CSD) as indicated in paragraph 11 and the National Treasury shall verify the Respondent’s tax compliance status through the Central Supplier Database (CSD).

REQUEST FOR PROPOSAL: APPOINTMENT OF A SUITABLE SERVICE PROVIDER FOR ENABLEMENT OF THE PRASA TRAIN CONTROL SYSTEM (“PTCS”) PHASE 1 IN PRASA WESTERN CAPE	
TENDER NUMBER: HO/SAD/501/09/2023	

Where Consortia / Joint Ventures / Sub-contractors are involved, each party must be registered on the Central Supplier Database (CSD) and their tax compliance status will be verified through the Central Supplier Database (CSD).

For this purpose, the attached SBD 1 marked Annexure..... must be completed and submitted as an essential returnable document by the closing date and time of the bid.

New Tax Compliance Status (TCS) System

SARS has implemented a new Tax Compliance Status (TCS) system in terms of which a taxpayer is now able to authorise any 3rd party to verify its compliance status in one of two ways: either through the use of an electronic access PIN, or through the use of a Tax Clearance Certificate obtained from the new TCS system.

Respondents are required to provide the following to PRASA in order to enable it to verify their tax compliance status:

Tax Compliance Status (TCS) Pin: _____.

13 PROTECTION OF PERSONAL DATA

In responding to this bid, PRASA acknowledges that it may obtain and have access to personal data of the Respondents. PRASA agrees that it shall only process the information disclosed by Respondents in their response to this bid for the purpose of evaluating and subsequent award of business and in accordance with any applicable law. Furthermore, PRASA will not otherwise modify, amend or alter any personal data submitted by Respondents or disclose or permit the disclosure of any personal data to any Third Party without the prior written consent from the Respondents. Similarly, PRASA requires Respondents to process any personal information disclosed by PRASA in the bidding process in the same manner.

14 VALIDITY PERIOD

This RFP shall be valid for 180 Working/Business days calculated from Bid closing date.

15 POST TENDER NEGOTIATION (IF APPLICABLE)

PRASA reserves the right to conduct post tender negotiations with a shortlist of Respondent(s). The shortlist could comprise of one or more Respondents. Should PRASA conduct post tender

TENDER NUMBER: HO/SAD/501/09/2023

negotiations, Respondents will be requested to provide their best and final offers to PRASA based on such negotiations. A final evaluation will be conducted in terms of 90/10 evaluation criteria/scoring methodology.

16 FINAL CONTRACT AWARD

PRASA will negotiate the final terms and condition the contract with the successful Respondent(s). This may include aspects such as Supplier Development, the Specific goals Improvement Plan, price and delivery. Thereafter the final contract will be awarded to the successful Respondent(s).

17 FAIRNESS AND TRANSPARENCY

PRASA views fairness and transparency during the RFP Process as an absolute on which PRASA will not compromise. PRASA will ensure that all members of evaluation committees declare any conflicting or undue interest in the process and provide confidentiality undertakings to PRASA. The evaluation process will be tightly monitored and controlled by PRASA to assure integrity and transparency throughout, with all processes and decisions taken being approved and auditable.

SECTION 2

BACKGROUND OVERVIEW AND SCOPE REQUIREMENTS

1 INTRODUCTION AND BACKGROUND

This document serves as a bid specification for issuance of a Request for Proposal (“RFP”) for the appointment of a suitable Service Provider (“Bidder”) for the enablement of the Prasa Train Control System (“PTCS”) Phase 1 through the restoration, verification, testing, and commissioning of the existing original equipment manufacturer (“OEM”) electronic signalling interlocking system in PRASA’S Western Cape (“WC”) service region (“The Project”) that the Bidder shall meet and deliver at the Bidder’s cost therefore within the Bid Price particularly for all or 1 or 2 or 3 or 4 or 5 of the following Work Packages depending on if and/or which PRASA Work Package Contract(s) may be awarded to the/a Bidder(s) as elaborated on under Section 1.4 of the CFR:

- Cape Town - Simonstown Lines
- Cape Town – Southfield (via Athlone) Lines
- Bellville – Cape Town (via Ysterplaat) Lines
- Kuilsrivier-Eersterivier-Strand-Muldersvlei Lines
- Maitland Indoor- and Outdoor Works

For the anticipated to be a minimum period of 3 years (including 12 months for Warranty and Defects Liability Period and 6 months for Contract Close-out Administrative Processes).

1.2 BACKGROUND INFORMATION

In 2012, following an open bidding process, PRASA concluded a contract [HO/INF(S)/223/12/2011] with the aid of replacing all legacy signalling systems with state-of-the-art modern railway signalling.

In 2017 the first phase of the signalling system was commissioned at the Southern Corridor of the Region. The remaining phases continued throughout 2018 and 2019 that included the Northern Corridor. The technical solution implemented met the requirements of PRASA’S TMS (Train Management System). The system performance was good and on par with the Region’s expectations.

At the end of March 2020, the President called for a nationwide lockdown that also suspended the train service. The lockdown resulted in major theft & vandalism on the electrical and signalling infrastructure, day by day.

Since the resumption of the train service in the Western Cape Region in 2020 the vandalism just became far more out of control. The trackside equipment, including large volumes of cables, was either mined, stolen or vandalized. It is imperative that the infrastructure is restored back to its designed state to prevent the signalling system from total collapsing.

a. Status quo:

- Multiple systems are currently offline due to the excessive theft and vandalism occurring daily on the Region ever since lockdown.
- The Region is currently suffering from extremely high rates of theft and vandalism due to the unavailability of security resources visibility looking after PRASA assets. Currently due to the lockdown and the amount of vandalism on all corridors there are limited train services running due to unavailability of the signalling system.
- The measures currently in place are only supply and delivery of OEM material and parts. The internal teams have commenced with recovery of sections, however large sections or station areas will not be able to be restored by the internal teams in a short duration of time.
- The signal system within PRASA currently has low availability due to continuous theft and vandalism, In the event that the signalling system is not available, the fallback system comprises of manual verbal train movement authorisations, issued by the train control officer (“TCO”) to the train driver (SD 2 Form Working).

b. Problem statement:

- PRASA is on the verge of recovering all corridors on the Region to its designed state. This will however not be possible without an operational signalling system as most of the trackside equipment including cables were stolen or vandalized. The department has already experienced significant delays due to extensive lead times in OEM equipment and parts.
- Cape Town, Salt River, Maitland and Bellville are major junctions that requires urgent intervention for the business service recovery plan as this section affects traffic in all corridors.

- The infrastructure (Signals) department is unable to recover these assets as the works involved is of a larger scope, too large for the Region's capacity to repair. The department does not have all the resources, including labour and plant to repair the major damages to the signalling infrastructure that was caused by perpetrators.
- The re-signalling project introduced a copper minimization programme whereby the use of copper cables was reduced to a minimum in the act of environmental care and keeping copper theft to a minimum. With this programme the signalling cable specification was completely changed. The new cables are different from the old standard signalling cables and therefore the Region now must procure new non-stock cables to restore.
- It is crucial that a service provider is contracted to assist the region to repair, recover and rehabilitate the various areas as specified for the signalling system in line with the Minister's service recovery programme required to have all corridors and lines running efficiently on signalling. The images below illustrate the appalling situation PRASA finds itself in and the Minister's office expressed sincere concerns to the current status that must be turned around without any further delay.

2 OBJECTIVE OF THE PROPOSED PROJECT

PRASA's recovery and investment plan also places commitments on the Department of Transport to fulfil its obligations in serving the public by providing safe, efficient and affordable transport to the City of Cape Town metro and boost the Western Cape economy.

a. Outcomes that will be achieved in carrying out the proposed project

- To restore the full functionality of the existing Original Equipment Manufacturer (“OEM”) electronic signalling interlocking system on the Western Cape Rail Network to regain the reliability, safety, and availability of a traffic system.
- Improve network Reliability, Availability, Maintainability & Safety (RAMS) and restore headways according to the current network design.
- Ensure that fault finding, and diagnostics of the system is effective, by improving mean time to repair of the system during failure mode or down time period.
- To improve the handling of trains within a safe speed profile

b. Benefits to PRASA

- The business will benefit by having visibility over trackside equipment being functional and prevent a total loss of all the expenditure that was spent to commission the various signaling and telecommunication systems.
- Once the train service resumes, then a safer efficient train service can be utilized instead of having manual train authorizations.
- Increase capacity and usage of CTC, decreasing the dependency on human factors and utilizing train and commuter management systems to its full degree.
- With a fully functional system the infrastructure (Signals) department can focus on asset maintenance and maintaining high signaling system availability
- Significantly improved maintenance and life cycle cost replacement management and operations
- Training and upskilling of PRASA employees and local communities in world class systems, technology, operations and practices thereby increasing internal and local skills capacity.

- Implementation of world-class leading technology that will create long-term efficiencies in operations and maintenance.
- PRASA’s efforts will benefit the industry by:
 - Implementing world-class leading technology adapted to local requirements.
 - Development and training of local resources on world-class systems and operations thereby increasing local skills capacity.
 - Job creation
 - Financial stimulus to localized small to medium businesses and communities.
 - Exporting of knowledge and equipment to other countries especially in Africa

c. PRASA’s efforts has the potential to benefit the economy as follows by:

- Economic prosperity improvement can be achieved through effective and efficient provision of safe, reliable, and high-capacity mobility that promotes a more interconnected society.
- The restoration of the signaling systems will assist in decreasing travel time and increased commuter mass which can lead to significant growth in productivity thereby assist in alleviating poverty in our struggling economy by providing integrated access to workforces and markets.
- Meaningful capital injection of this magnitude will stimulate development of localized small to medium businesses and community involvement.
- The future planned PRASA Train Control System (“PTCS”) is aimed at decreasing travel time and increased commuter mass which can lead to significant growth in productivity thereby assist in alleviating poverty in our struggling economy by providing integrated access to workforces and markets.

d. Disadvantages/project risks to PRASA and End Users If Not Continuing with the Project:

- Increased vulnerability to human error and associated loss
- Increased inefficiencies associated with current fallback system.
- Decrease in train operations safety.

- A potentially unsafe traffic system.
 - Negative effect on other projects dependent on this project (PTCS, Modernization Program, New Rolling Stock, etc).
 - The RSR might suspend PRASA license due to elevated level of accidents caused by manual authorization.
 - Potential benefits to the industry will not be realized.
 - Potential benefits to the economy will not be realised
- e. Current mechanisms in place to address the problem:**
- OEM product procurement contract for goods and services to support the existing new signalling system.
 - Internal teams assigned to recover smaller portions or sections of signalling.
 - Supply and deliver of LED clusters and point machines for the internal restoration teams.

3 SCOPE OF WORK

a. What needs to be done:

- The Bidder shall uncompromisingly deliver the whole of the Works required for the enablement of the Prasa Train Control System (“PTCS”) Phase 1 through the restoration, verification, testing, and commissioning of the existing original equipment manufacturer (“OEM”) electronic signalling interlocking system in PRASA’S Western Cape (“WC”) service region (“The Project”) that the Bidder shall meet and deliver at the Bidder’s cost therefore within the Bid Price particularly for all or 1 or 2 or 3 or 4 or 5 of the following Work Packages depending on if and/or which PRASA Work Package Contract(s) may be awarded to the/a Bidder(s) as elaborated on under Section 1.4 of the CFR:
 - Cape Town - Simonstown Lines
 - Cape Town – Southfield (via Athlone) Lines
 - Bellville – Cape Town (via Ysterplaat) Lines
 - Kuilsrivier-Eersterivier-Strand-Muldersvlei Lines
 - Maitland Indoor- and Outdoor Works
- The Works is, at a minimum, summarised as follows:

- Restore the hardware previously installed for the train control, remote control and electronic signalling interlocking system.
 - Restoration of all specified railway lines according to the as-built signalling drawings that will be issued.
 - Completion of all enabling and specified Telecommunication, Electrical, and other works.
 - Restore the functionality of the previously installed Maitland Signalling Equipment Room including outdoor works.
 - Provision of all required solutions (to be approved by PRASA) and resources (to be approved by PRASA) to deliver the Works.
 - Any other works, activities and resources required to achieve a fully integrated, functional, complete, and future-proofed signalling system and meet any other requirements and specifications as requested throughout the RFP or as otherwise instructed in writing by PRASA.
- PRASA Requirements, Conditions of Invitation and Instructions to Bidders are, at a minimum, comprised of the following sets of documents that will be read in conjunction:
 - The attached General Technical Requirements (“GTR”), which defines overarching requirements, needs, expectations and outputs of the Project which the Bidder will meet and achieve.
 - The attached Particular Technical Requirements (“PTR”), which defines specific requirements, needs, expectations and outputs of the Project which the Bidder will meet and achieve.
 - The attached Commercial and Financial Requirements (“CFR”), which defines specific requirements needs, expectations and outputs of the Project which the Bidder will meet and achieve.

b. Why is this the preferred option:

- Integrated benefits to PRASA, the rail industry and the economy will be realised and provide value for money through affordable and credible risk transfer to the Service Provider using the FIDIC Plant and Design-Build Contract 2nd Edition (2017 Yellow Book) Contract as a reference baseline. This FIDIC Contract was then amended to form a bespoke Contract to meet PRASA’s specific risk transfer requirements and the specific intended outcomes of the Project.

- The Works Specification includes, inter alia; all general specifications and requirements, technical specifications and requirements, particular specifications and requirements, and all other specifications and requirements included throughout the RFP (including Annexures/Appendices etc.) and all instructions provided in writing by PRASA – all of which shall form part of the Contract to be entered into between PRASA and the Bidder
- The Bidder shall unequivocally commit to comprehensive and uncompromised execution of the Works through strict adherence to the Works Specification and achievement of all Key Dates, within the specified Time for Completion for the whole of the Works. Failure of the Bidder to meet any of these requirements at any time throughout the duration of the Contract shall give PRASA an unprejudiced discretionary right to immediately terminate the Contract, without allowing the Bidder any period of rectification, and all costs, damages and penalties related to such termination shall be borne by the Bidder
- The Bidder shall submit all reports, Designs and/or other Project documentation, for all Works (as stated throughout the RFP or as instructed in writing by PRASA), to PRASA for acceptance and approval by PRASA before any procurement and Installation of the Works
- Each completed Section of the Works shall be tested, commissioned and handed over to PRASA, as soon as possible for interim operational purposes, for which such hand over shall be signed and accepted by PRASA. Notwithstanding this interim Sectional completion, final Tests on Completion, Commissioning, Completion and Taking Over of the whole of the Works by PRASA shall be done by the Completion Date
- The Bidder shall, at the Bidder’s cost and regardless of the extent of this requirement, take Warranty and Defects Liability responsibility for each Section that has been tested, commissioned, and handed over to PRASA from the date of interim hand over to the Completion Date

c. Targeted areas by this project:

- The Restoration of the Signalling system shall be implemented in PRASA’s Western Cape Province (WC) and includes the following lines:
 - Cape Town - Simonstown Lines
 - Cape Town – Southfield (via Athlone) Lines
 - Bellville – Cape Town (via Ysterplaat) Lines
 - Kuilsrivier – Eersterivier – Strand – Muldersvlei Lines

- Maitland Indoor- and Outdoor Works

- Some areas are under Transnet Freight Rail (“TFR”) ownership however PRASA and TFR have an agreement on working on either party’s property subject to entering into a wayleave agreement which will be addressed during execution.
- There will be systems interface between PRASA & Transnet Freight Rail (TFR), However, that will be properly managed by interface meetings to avoid project delays.

d. The extent and coverage of the proposed project:

- The Works Specification includes, inter alia; all general specifications and requirements, technical specifications and requirements, particular specifications and requirements, and all other specifications and requirements included throughout the RFP (including Annexures/Appendices etc.) and all instructions provided in writing by PRASA – all of which will form part of the Contract to be entered into between PRASA and the Bidder

e. What are other related projects?

- Current National Resignalling Programme in progress:
 - Optical Transmission Network (OTN) project.
 - GSM – R project.
 - PRASA Electronic Authorisation System (EAS)
 - Depot Modernisation Program (DMP)

f. Who are the other role-players?

- The RSR will be kept informed on progress throughout the project, as the project will have a direct impact on the PRASA Safety Management System (“SMS”). The requirements in terms of the SANS3000 guidelines will be adhered to during the whole life cycle of the project.
- TFR will be a major role-player in the project. Continues involvement and support from TFR are required for the successful completion of the project.
- The project includes interfacing with TFR assets, which will be managed through the official TFR Enterprise Change Proposal (“ECP”) process.
- Occupations affecting TFR traffic will be managed through the occupation planning process.

4 SPECIFICATIONS OF THE WORK OR PRODUCTS OR SERVICES REQUIRED

a. Technical capabilities, constraints, and other specific performance required of the work or product or services to accomplish:

- All minimum Requirements, Conditions of Invitation, Instructions to Bidders and Specifications are comprised of the following sets of documents that shall be read in conjunction with each other:
 - The attached main RFP.
 - The attached GTR Annexure file named "20230714-WC TMSE D&C-Annexure1 GTR-(Final)" and all Sub-annexures which define overarching requirements, needs, expectations and outputs of the Project which the Bidder will meet and achieve.
 - The attached PTR Annexure file named "20230714-WC TMSE D&C-Annexure2 PTR-(Final)" and all Sub-annexures which define overarching requirements, needs, expectations and outputs of the Project which the Bidder will meet and achieve.
 - The attached CFR Annexure file named "20230803-WC TMSE D&C-Annexure3 CFR-(Final)" and all Sub-annexures which define overarching requirements, needs, expectations and outputs of the Project which the Bidder will meet and achieve.
- **Additional Personnel Professional Registrations Compliance Requirements**, to PRASA main RFP standard write-up, as included under document file named "20230803-WC TMSE D&C-Annexure3 **CFR**-(Final)"
 - All personnel deployed on this Project, by the Bidder (including, but not limited to, personnel deployed by; the main Bidder, joint venture partners and/or consortium members and/or subcontractors and/or direct contractors and/or similar), shall be appropriately skilled and experienced (list to be attached for the main functions: Project Manager, Project Scheduler, Railway Engineer, Occupational Health and Safety Manager, Public Participation and Community Liaison Manager, Site Manager, Installers (with wireman license), Tester in Charge and Testers) and shall have the requisite mandatory and professional; qualifications, certifications and registrations as required by all applicable legislation, regulations, bylaws and industry best practice. This is an absolute

requirement at the time of bidding and validity of such qualifications, certifications and registrations shall be maintained, on an uninterrupted basis, for the entire duration of the Contract. Failure of the Bidder to meet any of these requirements at any time throughout the duration of the Contract shall give PRASA an unprejudiced right to immediately apply penalties (as specified throughout the RFP) for each incident (from the date that PRASA decides is the date on which the incident commenced until the date on which PRASA confirms, in writing, that PRASA is completely satisfied that the incident is completely resolved by the Bidder)

- PRASA may, solely at PRASA's discretion and without consequence or liability to PRASA, instruct the Bidder to remove any of the Bidder's personnel deployed throughout the duration of the Contract for any reason deemed appropriate by PRASA. The Bidder shall immediately comply with this instruction and appoint suitable replacement personnel within 60 calendar days of receiving such an instruction for which such replacement personnel shall first be approved in writing by PRASA. Failure of the Bidder to meet any of these requirements at any time throughout the duration of the Contract shall give PRASA an unprejudiced right to immediately apply penalties (as specified throughout the RFP) for each incident (from the date that PRASA decides is the date on which the incident commenced until the date on which PRASA confirms, in writing, that PRASA is completely satisfied that the incident is completely resolved by the Bidder)
- Additional Tax Compliance Requirements, to PRASA main RFP standard write-up, as included under document file named "20230803-WC TMSE D&C-Annexure3 CFR-(Final)"
 - Joint Ventures and Consortium Bidders are eligible to submit Bids provided that:
 - Every member of the joint venture/consortium has a valid Tax Pin issued by SARS.
 - Joint Ventures and Consortium Bidders are eligible to get paid provided that:
 - A joint venture/consortium VAT number is provided prior to the issuance of the Bidder's first invoice or if agreed to in writing by PRASA then at the latest prior to issuance of the Bidder's fourth invoice.

- The Bidder, shall on an uninterrupted basis, maintain, compliant Tax Clearance, a was submitted as part of the Bidder's Bid, for the duration of the Contract. The Bidder shall further provide any proof and supporting documents of compliant Tax Clearance immediately upon receipt of a request from PRASA for the Bidder to do so. Failure of the Bidder to meet any of these requirements at any time throughout the duration of the Contract shall give PRASA an unprejudiced right to immediately apply penalties (as specified throughout the RFP) for each incident (from the date that PRASA decides is the date on which the incident commenced until the date on which PRASA confirms, in writing, that PRASA is completely satisfied that the incident is completely resolved by the Bidder)
- The Bidder shall, on an uninterrupted basis, comply with all South African and International Tax laws, regulations and compliance requirements stated throughout the RFP. The Bidder shall further provide any proof and unredacted supporting documents proving compliance as specified throughout the RFP or immediately upon receipt of a request from PRASA for the Bidder to do so. Failure of the Bidder to meet any of these requirements at any time throughout the duration of the Contract shall give PRASA an unprejudiced right to immediately apply penalties (as specified throughout the RFP) for each incident (from the date that PRASA decides is the date on which the incident commenced until the date on which PRASA confirms, in writing, that PRASA is completely satisfied that the incident is completely resolved by the Bidder)
- Additional Specific Goals Compliance Requirements, to PRASA main RFP standard write-up, as included under document file named "20230803-WC TMSE D&C-Annexure3 CFR-(Final)".
 - The Bidder, shall on an uninterrupted basis, maintain the Bidders compliant Specific Goals Certification level, that was submitted as part of the Bidder's Bid, for the duration of the Contract. The Bidder shall further provide any proof and supporting documents of the Specific Goals certification level immediately upon receipt of a request from PRASA for the Bidder to do so. Failure of the Bidder to meet any of these requirements at any time throughout the duration of the Contract shall give PRASA an unprejudiced right to immediately apply penalties (as specified throughout the RFP) for each incident (from the date that PRASA decides is the date on which the incident commenced until the date on which

PRASA confirms, in writing, that PRASA is completely satisfied that the incident is completely resolved by the Bidder)

- The Bidder shall, on an uninterrupted basis, comply with all Specific Goals laws, regulations and compliance requirements stated throughout the RFP. The Bidder shall further provide any proof and unredacted supporting documents proving compliance as specified throughout the RFP or immediately upon receipt of a request from PRASA for the Bidder to do so. Failure of the Bidder to meet any of these requirements at any time throughout the duration of the Contract shall give PRASA an unprejudiced right to immediately apply penalties (as specified throughout the RFP) for each incident (from the date that PRASA decides is the date on which the incident commenced until the date on which PRASA confirms, in writing, that PRASA is completely satisfied that the incident is completely resolved by the Bidder)
- Additional **CSD Compliance Requirements**, to PRASA main RFP standard write-up, as included under document file named "20230803-WC TMSE D&C-Annexure3 CFR-(Final)".
 - The Bidder shall, on an uninterrupted basis, maintain a compliant "CSD" registration, as was submitted as part of the Bidder's Bid, for the duration of the Contract. The Bidder shall further provide any proof and supporting documents of compliant "CSD" registration immediately upon receipt of a request from PRASA for the Bidder to do so. Failure of the Bidder to meet any of these requirements at any time throughout the duration of the Contract shall give PRASA an unprejudiced right to immediately apply penalties (as specified throughout the RFP) for each incident (from the date that PRASA decides is the date on which the incident commenced until the date on which PRASA confirms, in writing, that PRASA is completely satisfied that the incident is completely resolved by the Bidder)
- Additional CIDB Compliance Requirements, to PRASA main RFP standard write-up, as included under document file named "20230803-WC TMSE D&C-Annexure3 CFR-(Final)".
 - The Bidder shall, on an uninterrupted basis, maintain the Bidder's CIDB grading Designation, that was submitted as part of the Bidder's Bid, and ensure that all of the Bidder's sub-contractors each have their requisite CIDB grading for their

respective value of Works to be delivered, for the duration of the Contract. The Bidder shall further provide any proof and supporting documents of the CIDB grading Designation immediately upon receipt of a request from PRASA for the Bidder to do so. Failure of the Bidder to meet any of these requirements at any time throughout the duration of the Contract shall give PRASA an unprejudiced right to immediately apply penalties (as specified throughout the RFP) for each incident (from the date that PRASA decides is the date on which the incident commenced until the date on which PRASA confirms, in writing, that PRASA is completely satisfied that the incident is completely resolved by the Bidder)

- The National Industrial Participation (“NIP”) Programme:
 - The National Industrial Participation (NIP) Programme, which is applicable to all government procurement contracts that have an imported content, became effective on the 1 September 1996. The NIP policy and guidelines were fully endorsed by Cabinet on 30 April 1997. In terms of the Cabinet decision, all state and parastatal purchases / lease contracts (for goods, works and services) entered into after this date, are subject to the NIP requirements. NIP is obligatory and therefore must be complied with. The Industrial Participation Secretariat (IPS) of the Department of Trade and Industry (DTI) is charged with the responsibility of administering the programme.
 - Bidders are therefore required to complete SBD 5 to give effect to the above. Bidders who do not complete this form will be automatically disqualified.

b. PROJECT APPROACH

The Bidder shall, at a minimum and as part of the Bid, provide the following comprehensive Management and Implementation Methodology, for which detailed; organisation, strategy, policies, procedures, sequencing and Construction processes that the Bidder shall put in place, at a minimum in accordance with the Project Management Body of Knowledge (“PMBOK® Guide”) for; Planning, execution, scheduling, controlling and supervision of the delivery of Works, is required:

- Project Management:
 - Organization Chart

- Contract Management and Reporting Responsibilities
- Roles and Responsibilities Matrix
- Interdependency and Integration
- Document Management
- Human Resources:
 - Identification and Planning
 - In-house or Acquisition
 - Training and Development
 - Management and Control
- Procurement:
 - Subcontractor(s) Procurement, Contracting and Management
 - Plant and Materials Supplier(s) Procurement, Contracting and Management
 - Specific Goals Target Achievement and Compliance Matrix
- Communications and Stakeholder Engagement:
 - Planning
 - Protocols
 - Information distribution
 - Performance reporting
 - Stakeholder management (identification and relationship management)
- Project Programme:
 - Identification and definition of Major Milestones, Deliverables and Key Dates
 - Identification and definition of Work Breakdown Structure (“WBS”)
 - Identification and definition of tasks and activities including resource and duration estimation.
 - Sequencing of tasks and activities including resource and duration estimation

- Programme Development and Progress Reporting
- Programme Change/Update Control
- Project Cost Control:
 - Resource Planning
 - Cost Estimating, Budgeting and Control
 - Payment Milestone Schedule linked to/extracted from the Bid Programme
- Project Quality Management:
 - Planning
 - Assurance
 - Control
- Occupational Health, Safety and Security (“OHS”):
 - Site(s)
 - Project Team
 - Public and Third Parties
- Risks, Issues and Lessons Learnt:
 - Risks management Planning and identification, analysis (qualitative and quantitative), response (action) Planning, monitoring and control.
 - Issues management Planning and identification, analysis (qualitative and quantitative), response (action) Planning, monitoring and control.
 - Lessons Learnt identification, analysis (qualitative and quantitative) and logging.
- Construction Technology and Methodology:
 - Project Signage
 - Site Logistics
 - Local Authority(s) Management, Coordination and Compliance
 - Step by Step Construction Method Statements linked to sequencing of tasks and activities in the Bid Programme

- Interim Inspections, Tests and Commissioning (strategy, approach, deliverables)
 - Sectional Interim hand over to PRASA
 - Final Inspections, Tests on Completion, Commissioning, Completion (strategy, approach, deliverables)
 - Provision of As-built Information
 - Decommissioning
 - PRASA Acceptance of Works
 - Taking Over, Maintenance, Warranties and Defects Liability After PRASA Taking Over (strategy, approach, deliverables)
 - Project Close-out
- The above-mentioned Implementation Methodology and Management Plans shall be finalised and agreed between PRASA, and the Bidder during Contract negotiations thereafter included in the Contract as the Approved Project Charter/Project Execution Plan/ Project Management Procedure Handbook.

c. TESTING APPROACH

- Materials, samples, facilities, logistics and amenities required for; inspections, interim tests, Tests on Completion, Commissioning, Completion and Taking Over:
- PRASA will conduct inspections on all assembled material before installation of these items will be allowed.
- The Bidder shall, for all PRASA representatives (minimum 15 personnel or at any given instance as instructed by PRASA) and at the Bidder's cost, uncompromisingly provide all unlimited:
 - Plant and Materials
 - Facilities
 - Samples
 - Equipment
 - Travel (air, rail, and road), Accommodation, meals and incidentals (if more than 50 kilometres outside the contract site location)

- Unfettered office and internet access and any other means required for PRASA to attend and/or perform any local and international; inspections, Factory Acceptance Testing ("FAT"), Site Acceptance Testing ("SAT"), Tests on Completion, Commissioning, Completion and Taking Over of the Works by PRASA (in Sections thereafter the whole of the Works)
 - **Commissioning and Taking Over procedures:**
 - Tests on Completion, Commissioning and Taking Over shall be done according to the procedures described in the GTRs and MTR or as otherwise instructed in writing by PRASA throughout the duration of the Contract.
 - After (Sectional) Completion, the Bidder shall, at a minimum, arrange a Taking Over inspection to allow PRASA certification of (Sectional) Completion subject to a Defects list or as otherwise instructed in writing by PRASA.
 - The Bidder shall, without hesitation, ensure that PRASA has a full, accurate and unredacted dossier of all Project information (including but not limited to as-built documents and drawings) that represent the status of the completed Works, in all formats requested by PRASA.
 - **Work to be done by the Completion Date:**
 - On or before the date of completion of a Section of the Works and then the Completion Date of the whole of the Works, the Bidder shall do all thing necessary to ensure that the Section of the Works and the whole of the Works respectively is delivered to the absolute satisfaction of PRASA, including the work listed below shall be done by completion of each Sectional thereafter comprehensively combined by the Completion Date.
 - PRASA shall not certify Completion until the whole of the Works, including all the work listed below, is completed to the absolute satisfaction of PRASA and free of all Defects which shall, in PRASA's opinion, prevent PRASA and other Project beneficiaries from using the Works:

NO	ITEM OF WORK	TO BE COMPLETED WHEN
1	Quality records, and other documentation as requested by PRASA	By the date of completion of each Section thereafter a combined submission by the Completion Date
2	Final Testing and Commissioning	See Testing and Commissioning requirements and programming constraints in the GTRs and MTR
3	Correction of all Defects notified by the end of the Bidder's post Commissioning performance Testing	Within 30 days from the end of the Bidder's post Commissioning performance Testing and holistically by the Completion Date

○ **Works before Completion has been certified:**

- PRASA shall use the following Sections of the Works before Completion is certified which does not constitute Taking Over by PRASA:

- After each Section is commissioned and is handed back to PRASA to continue their train operations in the interim until issuance of Performance Certificate
- Any inspections done to allow PRASA's use of commissioned Sections of the Works are done to aid prompt correction of Defects and should not be confused with Taking Over procedures.

○ **Access given by PRASA for correction of Defects:**

- The Bidder shall comply with all constraints and procedures stated as requested throughout the RFP or as otherwise instructed in writing by PRASA and where PRASA arranges access for the Bidder after Completion.

5 TIME FRAMES / PROGRAMS

- The Contract Period is anticipated to be a minimum period of 1097 calendar days (including 365 calendar days for Warranty and Defects Liability Period and 182 calendar days for Contract Close-out Administrative Processes).
- Notwithstanding the date of signature of the Contract, the Time for Completion for the Design and Construction ("D&C") of the restoration portion of the Works (excluding the Warranty and Defects Liability Period of 365 calendar days) shall be 550 calendar days from the agreed Commencement Date (agreed Commencement Date inclusive).
- Notwithstanding the date of signature of the Contract, the Time for Completion for the whole of the Works (including the Warranty and Defects Liability Period of 365 calendar days) shall be 915 calendar days from the agreed Commencement Date (agreed Commencement Date inclusive) or until PRASA issuance of the Performance Certificate (the later of the 2 dates at PRASA's sole discretion).
- Notwithstanding the date of signature of the Contract, the Time for Completion for the whole of the Works (including the Warranty and Defects Liability Period of 365 calendar days and Contract Close-out Administrative Processes of 182 calendar days) shall be 1097 calendar days from the agreed Commencement Date (agreed Commencement Date inclusive) or until PRASA issuance of the Performance Certificate (the later of the 2 dates at PRASA's sole discretion).
- Notwithstanding the date of signature of the Contract, the initial Contract Period shall be 1097 calendar days from the agreed Commencement Date (agreed Commencement Date inclusive) or until PRASA issuance of the Performance Certificate (the later of the 2 dates at PRASA's sole discretion).
- Achievement of this timeline will require an accelerated Project Programme with possible weekend work, overtime work and work during the night. The Bidder shall allow for all activities, time and costs associated with all such requirements in the Bidder's proposal.
- Major Milestones, Deliverables and Key Dates shall, at a minimum, include the Time for Completion, the Completion Date and Section completion dates.

- Major Milestones, Deliverables and Key Dates that the Bidder shall include in the Bid Programme, at a minimum, are:
 - Restoration of all Western Cape Railway lines and Signalling Systems.
 - Completion of each line of the Works.
 - Provision of restored complete interlockings in Maitland.
 - Provision of restored complete Telecommunication systems
 - Time for Completion for the design and construct portion of the Works calculated 915 calendar days from the agreed Commencement Date (agreed Commencement Date inclusive).
 - Time for Completion date for the whole of the Works including Contract Close-out Administrative Processes calculated 1097 calendar days from the agreed Commencement Date (agreed Commencement Date inclusive).

- Failure of the Bidder to achieve any of these Major Milestones and Deliverables on these Key Dates shall give PRASA an unprejudiced discretionary right to immediately Terminate the Contract and claim damages from the Bidder and/or apply penalties. (as specified throughout the RFP) from the aforementioned date until the date on which PRASA confirms, in writing, that PRASA is completely satisfied that all Works is completed. The minimum costs and damages that the Bidder shall pay PRASA is the total amount of money paid to the Bidder plus any other amounts which the Bidder may have been due as at the date of each Key Date.

6 EVALUATION METHODOLOGY

The evaluation of Bids will be based on the information contained in Bids received in RFP and, which may be further supplemented by presentations and clarification information provided, if required. All Bids shall be equally evaluated by various committees involved in the evaluation process in accordance with stated Evaluation Criteria. Procurement integrity and fairness, transparency, competitiveness and full accountability will at all times be paramount.

6.1 EVALUATION AND SCORING METHODOLOGY

The evaluation of the Bids by the evaluation committees will be conducted at various levels. The following levels will be applied in the evaluation:

LEVEL	DESCRIPTION
Verify completeness	The Bid is checked for completeness and whether all required documentation, certificates; verify completeness warranties and other Bid requirements and formalities have been complied with. Incomplete Bids may be disqualified.
Verify compliance	The Bids are checked to verify that the essential RFP requirements have been met. Non-compliant Bids may be disqualified.
Detailed Evaluation of Technical	Detailed analysis of Bids to determine whether the Bidder is capable of delivering the Project in terms of business and technical requirements. The minimum threshold for technical evaluation is 80%, any bidder who fails to meet the minimum requirement will be disqualified and not proceed with the evaluation of Price and Specific Goals.
Specific Goals	Evaluate Specific Goals
Price Evaluation	Bidders will be evaluated on price offered.
Scoring	Scoring of Bids using the Evaluation Criteria.
Recommendation	Report formulation and recommendation of Preferred and Reserved Bidders
Approval	Approval and notification of the final Bidder.

6.2 EVALUATION CRITERIA

Interested bidders for this project shall be evaluated in terms for their administrative responsiveness, substantive responsiveness, technical/functional (capacity testing) evaluation and preference points. The evaluation committee shall use the following Evaluation Criteria depicted in **Table 8.1** below for the selection of the preferred bidder that shall render / deliver the required works, goods and / or services.

POINTS AWARDED FOR SPECIFIC GOALS

In terms of Regulation 4(2); 5(2); 6(2) and 7(2) of the Preferential Procurement Regulations, preference points must be awarded for specific goals stated in the tender. For the purposes of this tender the tenderer will be allocated points based on the goals stated in table below as may be supported by proof/ documentation stated in the conditions of this tender:

The minimum qualifying criterion for pricing is 90 points as per the standard Evaluation Criteria presented in Table 1.

The Specific Goals component of the evaluation process is weighted at 10 points in Table 1 of the standard Evaluation Criteria outlined above.

Specific goals for the tender and points claimed are indicated per the table below.

Note to tenderers: The tenderer must indicate how they claim points for each preference point system.)

8 VALIDITY PERIOD

This RFP shall be valid for *180 Business/ working days* calculated from Bid closing date.

9 THE NATIONAL INDUSTRIAL PARTICIPATION PROGRAMME

9.1 National Industrial Participation Programme (NIPP) requirements:

The National Industrial Participation (NIP) Programme, which is applicable to all government procurement contracts that have an imported content, became effective on the 1 September 1996. The NIP policy and guidelines were fully endorsed by Cabinet on 30 April 1997. In terms

of the Cabinet decision, all state and parastatal purchases / lease contracts (for goods, works and services) entered into after this date, are subject to the NIP requirements. NIP is obligatory and therefore must be complied with. The Industrial Participation Secretariat (IPS) of the Department of Trade and Industry (DTI) is charged with the responsibility of administering the programme.

Bidders are therefore required to complete SBD 5 to give effect to the above.

10 POST TENDER NEGOTIATION (IF APPLICABLE)

PRASA reserves the right to conduct post tender negotiations with a shortlist of Respondent(s). The shortlist could comprise of one or more Respondents. Should PRASA conduct post tender negotiations, Respondents will be requested to provide their best and final offers to PRASA based on such negotiations. A final evaluation will be conducted in terms of 90/10.

11 FINAL CONTRACT AWARD

PRASA will negotiate the final terms and condition the contract with the successful Respondent(s). This may include aspects such as Supplier Development, the Specific goals Improvement Plan, price and delivery. Thereafter the final contract will be awarded to the successful Respondent(s).

12 FAIRNESS AND TRANSPARENCY

PRASA views fairness and transparency during the RFP Process as an absolute on which PRASA will not compromise. PRASA will ensure that all members of evaluation committees declare any conflicting or undue interest in the process and provide confidentiality undertakings to PRASA. The evaluation process will be tightly monitored and controlled by PRASA to assure integrity and transparency throughout, with all processes and decisions taken being approved and auditable.

SECTION 3

PRICING AND DELIVERY SCHEDULE

- **PRICING SCHEDULE / BOQ**

Respondents are required to complete the Pricing Schedule and Form C (Volume 2 /Envelop 2)

1 PRICING

- 1.1. Prices must be quoted in South African Rand, inclusive of all applicable taxes.
- 1.2. Price offer is firm and clearly indicate the basis thereof.
- 1.3. Pricing Bill of Quantity is completed in line with schedule if applicable.
- 1.4. Cost breakdown must be indicated.
- 1.5. Price escalation basis and formula must be indicated.
- 1.6. To facilitate like-for like comparison bidders must submit pricing strictly in accordance with this price schedule and not utilise a different format. Deviation from this pricing schedule could result in a bid being declared non-responsive.
- 1.7. Please note that should you have offered a discounted price(s), PRASA will only consider such price discount(s) in the final evaluation stage on an unconditional basis.
- 1.8. Respondents are to note that if price offered by the highest scoring bidder is not market related, PRASA may not award the contract to the Respondent. PRASA may:
 - 1.8.1. negotiate a market-related price with the Respondent scoring the highest points or cancel the RFP;
 - 1.8.2. if that Respondent does not agree to a market-related price, negotiate a market-related price with the Respondent scoring the second highest points or cancel the RFP; and
 - 1.8.3. if the Respondent scoring the second highest points does not agree to a market-related price, negotiate a market-related price with the Respondent scoring the third highest points or cancel the RFP.
 - 1.8.4. If a market-related price is not agreed with the Respondent scoring the third highest points, PRASA must cancel the RFP.

The Bidder’s summary Pricing Sheet shall therefore be structured as per the following typical suggested high level BOQ that include the total price per Work Package:

2 DISCLOSURE OF PRICES QUOTED

Respondents are to note that, on award of business, PRASA is required to publish the tendered prices and preferences claimed of the successful and unsuccessful Respondents inter alia on the National Treasury e-Tender Publication Portal, (www.etenders.gov.za) , [the other medium used to advertise the bid i.e CIDB if applicable](#) as required per National Treasury Instruction Note 09 of 2022/2023.

3 PERFORMANCE AND BID BONDS

- 3.1. The preferred Bidder shall where applicable provide PRASA with a performance bond which shall be 10% of the value of the entire Project price offered and it shall be issued within 30 days of receipt of notice of appointment. The Performance Bond shall be valid for the Contract period. The format of the Performance Bond is attached as **Annexure** “Contract-Performance Bond Format-(Final)-Legal Approved”
- 3.2. Bidders are required to submit their Bid with a Bid Bond. The Bid Bond shall be due and payable if a bidder decides not to continue with the RFP process after submission of its Bid. The format of the Bid Bond is attached as **Annexure** “Contract-Bid Bond Format-(Final)-Legal Approved” (where applicable)]

4 OWNERSHIP OF DESIGN

- 4.1. The plans and design developed and to be provided by PRASA shall at all times remain the property of PRASA

5 SERVICE LEVELS

- 5.1. An experienced national account representative(s) is required to work with PRASA’s procurement department. [No sales representatives are needed for individual department or locations]. Additionally, there shall be a minimal number of people, fully informed and accountable for this agreement.
- 5.2. PRASA will have quarterly reviews with the Service provider’s account representative on an on-going basis.
- 5.3. PRASA reserves the right to request that any member of the Service provider’s team involved on the PRASA account be replaced if deemed not to be adding value for PRASA.

5.4. The Service provider guarantees that it will achieve a 100% [hundred per cent] service level on the following measures:

- a) Random checks on compliance with quality/quantity/specifications
- b) On time delivery.

5.5. The Service provider must provide a telephone number for customer service calls.

5.6. Failure of the Service provider to comply with stated service level requirements will give PRASA the right to cancel the contract in whole, without penalty to PRASA, giving 30 [thirty] calendar days’ notice to the Service provider of its intention to do so.

Acceptance of Service Levels:

9 CERTIFICATE OF ACQUAINTANCE WITH RFP TERMS & CONDITIONS & APPLICABLE DOCUMENTS

By signing this certificate the Respondent is deemed to acknowledge that he/she has made himself/herself thoroughly familiar with, and agrees with all the conditions governing this RFP, including those contained in any printed form stated to form part hereof, including but not limited to the documents stated below and PRASA will recognise no claim for relief based on an allegation that the Respondent overlooked any such condition or failed properly to take it into account for the purpose of calculating tendered prices or any other purpose:

1. PRASA's General Bid Conditions*

2. Standard RFP Terms and Conditions for the supply of Goods or Services or Works to PRASA

Should the Bidder find any terms or conditions stipulated in any of the relevant documents quoted in the RFP unacceptable, it should indicate which conditions are unacceptable and offer alternatives by written submission on its company letterhead, attached to its submitted Bid. Any such submission shall be subject to review by PRASA's Legal Counsel who shall determine whether the proposed alternative(s) are acceptable or otherwise, as the case may be. A material deviation from the Standard terms or conditions could result in disqualification.

Bidders accept that an obligation rests on them to clarify any uncertainties regarding any bid to which they intend to respond, before submitting the bid. The Bidder agrees that he/she will have no claim based on an allegation that any aspect of this RFP was unclear but in respect of which he/she failed to obtain clarity.

The bidder understands that his/her Bid will be disqualified if this Certificate of Acquaintance with RFP documents included in the RFP as a returnable document, is found not to be true and complete in every respect.

10 GENERAL CONDITIONS

10.1 ALTERNATIVE BIDS- N/A

Bidders may submit alternative Bid only if a main Bid, strictly in accordance with all the requirements of the RFP is also submitted. The alternative Bid is submitted with the main Bid together with a schedule that compares the requirements of the RFP with the alternative requirements the Bidders proposes. Bidders must note that in submitting an alternative Bid they accept that PRASA may accept or reject the alternative Bid and shall be evaluated in accordance with the criteria stipulated in this RFP.

10.2 PRASA'S TENDER FORMS

Bidders must sign and complete the PRASA's Bid Forms and attach all the required documents. Failure by Bidders to adhere to this requirement may lead to their disqualification.

10.3 PRECEDENT

In case of any conflict with this RFP and Bidders response, this RFP and its briefing notes shall take precedence.

10.4 RESPONSE TO RFP-CONFIDENTIALITY

Response to RFPs must clearly indicate whether any information conveyed to or requested from PRASA is confidential or should be treated confidentially by PRASA. In the absence of any such clear indication in writing from a response to RFP, PRASA shall deem the response to RFP to have waived any right to confidentiality and treat such information as public in nature.

Where a Bidder at any stage during the RFP Process indicates to PRASA that information or any response to RFP requested from PRASA is or should be treated confidentially, PRASA shall treat such information or response to RFP confidentially, unless PRASA believes that to ensure the transparency and competitiveness of the RFP Process the content of the information or response to RFP should be conveyed to all Bidders, in which event it shall apply the following process:

- PRASA shall confirm with the Bidder whether the raising of confidentiality applies to the entire response to the RFP or only specific elements or sections of the response;
- Where confidentiality is maintained by the Bidder and PRASA is of the opinion that the information or response to RFP if made publicly available would affect the commercial interests of the Bidder or is commercially sensitive information, PRASA shall not release such information to other

Bidders if providing such information or response to the RFP would prejudice the competitiveness and transparency of the RFP Process;

- Where PRASA is of the opinion that information provided is not commercially sensitive or would have no impact on the commercial interests of the relevant Bidder if released and fairness and transparency requires that such information be released to all Bidders, PRASA may:
 - i. inform the relevant Bidder of the necessity to release such information and/or response to RFP and request the Bidder to consent to the release thereof by PRASA; or
 - ii. obtain legal advice regarding the confidentiality of the relevant information and/or response to RFP and the legal ability of PRASA to release such information; or
 - iii. refrain from releasing the information and/or response to RFP, in which event PRASA shall not take account of the contents of such information in the evaluation of the relevant response to RFP.

The above procedures regarding confidentiality shall not apply to any information which is already public knowledge or available in the public domain or in the hands of PRASA or is required to be disclosed by any legal or regulatory requirements or order of any competent court, tribunal or forum.

10.5 RESPONSE TO THE RFP – RFP DISQUALIFICATION

Responses to RFP which do not comply with the RFP requirements, formalities, terms and conditions may be disqualified by PRASA from further participation in the RFP Process.

In particular (but without prejudice to the generality of the foregoing) PRASA may disqualify, at its sole discretion and without prejudice to any other remedy it may have, a Bidder where the Bidder, or any of its consortium members, subcontractors or advisors have committed any act of misrepresentation, bad faith or dishonest conduct in any of its dealings with or information provided to PRASA.

10.6 CORRUPTION, GIFTS AND PAYMENTS

Neither the Bidders to RFPs, its equity members, the sub-contractors, consortium members nor any of their agents, lenders or advisors shall directly or indirectly offer or give to any person in the employment of PRASA or any other Government official or any of the Advisory Team any gift or consideration of any kind as an inducement or reward for appointing a particular Bidder, or for showing or omitting to show favour or disfavour to any of the Bidders, its equity members or the sub-contractors in relation to the Project.

In the event that any of the prohibited practices contemplated under the above paragraph is committed, PRASA shall be entitled to terminate any Response to RFP's status and to prohibit such Response to RFP, its equity members, its SPV members, its Sub Contractors and their agents, lenders and advisors from participating in any further part of the procurement of the Project.

10.7 INSURANCE

Unless specifically provided for in this RFP or draft contracts, Bidders will be required to submit with their Bid for services professional indemnity insurance and works insurance to an extent (if any) if insurance provided by PRASA may not be for the full cover required in terms of the relevant category listed in this RFP. The Bidder is advised to seek qualified advice regarding insurance.

10.8 NO CONTACT POLICY

Bidders may only contact the bid administrator of PRASA as per the terms of the Communication Structure established by this RFP, except in the case of pre-existing commercial relationships, in which case contact may be maintained only with respect thereto and, in making such contact, no party may make reference to the Project or this RFP.

10.9 CONFLICT OF INTEREST

No Bidder member, subcontractor or advisor of the response to RFP may be a member of or in any other way participate or be involved, either directly or indirectly in more than one response to RFP or response to RFP during any stage of the Project procurement process, but excluding specialist suppliers of systems and equipment, non-core service providers or financial or commercial institutions whose role is limited purely to lending money or advancing credit to the response to RFP. Bidders are to sign the declaration of interest form. In order to prevent the conflict or potential conflict of interest between Lenders and Bidders to RFP, no advisors or the Contractor/s or Consortium/s to any response to RFP, consortium member or subcontractor may fulfil the role of arranger, underwriter and/or lead bank to the response to RFP. PRASA may disqualify the response to RFP from further participation in the event of a failure to comply with this provision. PRASA views the potential conflict of interest so great as to warrant the reduction of competition for advisory services.

10.10 COLLUSION AND CORRUPTION

Any Bidder shall, without prejudice to any other remedy available to PRASA, be disqualified, where the response to RFP –

- communicates to a person other than persons nominated by PRASA a material part of its response to RFP; or
- Enters into any Contract or arrangement with any other person or entity that it shall refrain from submitting a response to RFP to this RFP or as to any material part of its Response to RFP to this RFP (refer the prohibition contained in Section 4(1)(b)(iii) of the Competition Act 89 of 1998).
The Bidders represents that the Bidder has not, directly or indirectly, entered into any agreement, arrangement or understanding or any such like for the purpose of, with the intention to, enter into collusive Bidding or with reasonable appreciation that, collusive any agreement,

arrangement or understanding or any such like may result in or have the effect of collusive Bidding. The Bidder undertakes that in the process of the Bid but prior to PRASA awarding the Bid to a preferred bidder become involved in or be aware of or do or caused to be done any agreement, arrangement or understanding or any such like for the purpose of or which may result in or have the effect of a collusive Bid, the Bidder will notify PRASA of such any agreement, arrangement or understanding or any such like.; or

- offers or agrees to pay or give any sum of money, inducement or valuable consideration directly or indirectly to any person for doing or having done, or causing, or having caused to be done any act or omission in relation to the RFP Process or any proposed response to RFP (provided nothing contained in this paragraph shall prevent a response to RFP from paying any market-related commission or bonus to its employees or contractors within the agreed terms of their employment or contract).

10.11 CONSORTIUM CHANGES

If exceptional circumstances should arise in which a after the submission to the bid and after closing date of submission of bids, there is change in the composition of the Bidder, either through substitution or omission of any member of the Bidder:

- The Response to RFP must notify PRASA in writing of the proposed changes supported by complete details of the material reasons for the changes, the parties impacted by the changes and the impact on the response to RFP.
- PRASA shall evaluate the reasons advanced by the Bidder for the requested changes to the Bidder structure and where PRASA is not satisfied that the reasons advanced are reasonable or material, refuse to accept the change and disqualify the response to RFP, or notify the Bidder in writing of its non-acceptance of the changes and require the Bidder to propose a suitable alternative to PRASA within 10 (TEN) days of its receipt of the decision of PRASA, upon receipt of which PRASA shall -
 - i. Evaluate the alternative proposed for suitability to PRASA, and where the alternative is accepted by PRASA, inform the Bidder in writing of such acceptance and PRASA shall reassess the response to RFP against the RFP requirements and criteria; or
 - ii. Where the alternative is not accepted by PRASA, inform the Bidder in writing of such non-acceptance as well as its disqualification from the RFP Process.
 - iii. Where PRASA is satisfied that the changes requested under (i) above are reasonable and material, the response to RFP, shall be allowed to effect the required changes and PRASA shall reassess the response to RFP against the RFP requirements and criteria.

10.12 COSTS OF RESPONSE TO THE RFP SUBMISSION

All costs and expenses associated with or incurred by the Bidder in relation to any stage of the Project, shall be borne by the Bidder. PRASA shall not be liable for any such costs or expenses or any claim for reimbursement of such costs or expenses.

To avoid doubt, PRASA shall not be liable for any samples submitted by the Bidder in support of their Responses to RFP and reserves the right not to return to them such samples and to dispose of them at its discretion.

10.13 RESPONSE TO THE RFP WARRANTY

Bidders must provide a warranty as part of their Responses to RFP that their Responses to RFP are true and correct in all respects, that it does not contain a misrepresentation of any kind and that the taxes of all members of the Bidder company, consortium members and or subcontractors are in order and none of the members are undergoing corruption or any criminal-related investigations or have any past convictions for fraud or corruption.

PRASA'S UNDERTAKINGS

PRASA, and PRASA's *Representative*, shall:

- | | | |
|---------------------------------|---|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Respond to clarification | 1 | Respond to a request for clarification received earlier than the <i>closing time for clarification of queries</i> . The response is notified to all <i>tenderers</i> . |
| Issue Addenda | 2 | If necessary, issue to each <i>tenderer</i> from time to time during the period from the date of the Letter of Invitation until the <i>closing time for clarification of queries</i> , Addenda that may amend, amplify, or add to the <i>tender documents</i> . If a <i>tenderer</i> applies for an extension to the <i>deadline for tender submission</i> , in order to take Addenda into account in preparing a tender, PRASA may grant such an extension and PRASA's <i>Representative</i> shall notify the extension to all <i>tenderers</i> . |
| Return late tenders | 3 | Return tenders received after the <i>deadline for tender submission</i> unopened to the <i>tenderer</i> submitting a late tender. Tenders will be deemed late if they are not in the designated tender box at the date and time stipulated as the deadline for tender submission. |
| Non-disclosure | 4 | Not disclose to <i>tenderers</i> , or to any other person not officially concerned with such processes, information relating to the evaluation and comparison of tenders and recommendations for the award of a contract. |
| Grounds for rejection | 5 | Consider rejecting a tender if there is any effort by a <i>tenderer</i> to influence the processing of tenders or contract award. |
| Disqualification | 6 | Instantly disqualify a <i>tenderer</i> (and his tender) if it is established that the <i>tenderer</i> offered an inducement to any person with a view to influencing the placing of a contract arising from this invitation to tender. |
| Test for responsiveness | 7 | Determine before detailed evaluation, whether each tender properly received <ul style="list-style-type: none"> • meets the requirements of these Conditions of Tender, • has been properly signed, and • is responsive to the requirements of the <i>tender documents</i>. |
| | 8 | Judge a responsive tender as one which conforms to all the terms, conditions, and specifications of the <i>tender documents</i> without material deviation or qualification. A material deviation or qualification is one which, in PRASA 's opinion would |

- detrimentally affect the scope, quality, or performance of the works, services or supply identified in the Contract Data,
- change PRASA's or the *tenderer's* risks and responsibilities under the contract, or
- affect the competitive position of other *tenderers* presenting responsive tenders, if it were to be rectified.

Non-responsive tenders	10	Reject a non-responsive tender, and not allow it to be subsequently made responsive by correction or withdrawal of the non-conforming deviation or reservation.
Arithmetical errors	11	<p>Check responsive tenders for arithmetical errors, correcting them as follows:</p> <ul style="list-style-type: none"> • Where there is a discrepancy between the amounts in figures and in words, the amount in words shall govern. • If a bill of quantities applies and there is a discrepancy between the rate and the line item total, resulting from multiplying the rate by the quantity, the rate as quoted shall govern. Where there is an obviously gross misplacement of the decimal point in the rate, the line item total as quoted shall govern, and the rate will be corrected. • Where there is an error in the total of the Prices, either as a result of other corrections required by this checking process or in the <i>tenderer's</i> addition of prices, the total of the Prices, if any, will be corrected.
	12	Reject a tender if the <i>tenderer</i> does not accept the corrected total of the Prices (if any).
Evaluating the tender	13	Evaluate responsive tenders in accordance with the procedure stated in the RFP / Scope of work/ specification. The evaluated tender price will be disclosed only to the relevant PRASA tender committee and will not be disclosed to <i>tenderers</i> or any other person.
Clarification of a tender	14	Obtain from a <i>tenderer</i> clarification of any matter in the tender which may not be clear or could give rise to ambiguity in a contract arising from this tender if the matter were not to be clarified.
Acceptance of tender	15	Notify PRASA's acceptance to the successful <i>tenderer</i> before the expiry of the <i>validity period</i> , or agreed additional period. Providing the notice of acceptance does not contain any qualifying statements, it will constitute the formation of a contract between PRASA and the successful <i>tenderer</i> .

Notice to unsuccessful tenderers	16	After the successful <i>tenderer</i> has acknowledged PRASA's notice of acceptance, notify other <i>tenderers</i> that their tenders have not been accepted, following PRASA's current procedures.
Prepare contract documents	17	Revise the contract documents issued by PRASA as part of the <i>tender documents</i> to take account of <ul style="list-style-type: none"> • Addenda issued during the tender period, • inclusion of some of the <i>tender returnables</i>, and • other revisions agreed between PRASA and the successful <i>tenderer</i>, before the issue of PRASA's notice of acceptance (of the tender).
Issue final contract	18	Issue the final contract documents to the successful <i>tenderer</i> for acceptance within one week of the date of PRASA's notice of acceptance.
Sign Form of Agreement	19	Arrange for authorised signatories of both parties to complete and sign the original and one copy of the Form of Agreement within two weeks of the date of PRASA's notice of acceptance of the tender. If either party requires the signatories to initial every page of the contract documents, the signatories for the other party shall comply with the request.
Provide copies of the contracts	20	Provide to the successful <i>tenderer</i> the number of copies stated in the Scope of work/ specification of the signed copy of the contracts within three weeks of the date of PRASA's acceptance of the tender.
