The Mandela Bay Development Agency (MBDA), a Municipal Entity of the Nelson Mandela Bay Metropolitan Municipality (NMBMM), hereby calls for interested parties to submit proposals for Fundraising Framework Development Services.

1. BACKGROUND

- 1.1 The Mandela Bay Development Agency (MBDA) was formed in 2003 with its initial objective, i.e. the urban regeneration of the Central Business District (CBD). It commenced with its work through the development of an Inner-city Local Spatial Development Framework Plan (LSDF) in 2006. During this period, the company evolved from an inner-city Mandate Area focus, extending to other emerging and developing nodes and precincts which now includes township areas.
- 1.2 In terms of its founding mandate the MBDA is required to be self-funding and as financially autonomous. It is also required to ensure effective and sustainable urban development and reversal of urban decay in the demarcated areas.
- 1.3 However the MBDA has historically not been fully successful in the objectives in 1.2 above, in particular in achieving financial autonomy, hence the need to seriously correct this status quo.
- 1.4 The MBDA as an implementing agency of the NMBM has also been appointed as the managing agent of the Nelson Mandela Bay Stadium and has absorbed within its structure the NMB Science and Technology Centre.
- 1.5 The above has resulted in need for specific as well as corporate funding approaches being necessary.
- 1.6 The MBDA is also in the process of reviewing its 5 year Strategic Plan and direction. Funding sustainability has been identified as a key objective in that strategic direction. At a high level the following preliminary programmes will inform the direction going forward:
 - a) **Total Precinct Management** (Precinct management is about the day-to-day operational management of a defined urban environment/Mandate Area/Node. This is characterized by walkability, mixed use, and a diverse public transport system.)
 - b) **Project Management Services** (packaging of certain agency capabilities to various spheres of government to speed up service delivery.)
 - c) **Game Changing Catalytic Projects** (a class of projects that come once in a lifetime, present an opportunity to alter the fate of the city positively through large investments and job creation.)

1.7 The MBDA currently has the following main operations:

- a) **The MBDA HQ** – Which receives operating and capital grant funding from the NMBM, Foreign donor funding from the KfW Bank in terms of an international agreement, venue hire income and interest income.
- b) **The NMBM Stadium** – which receives an operating grant from the NMBM, generates revenue from bowl and non-bowl events.
- c) **The NMBM Science and technology Centre** – which receives a grant from the NMBM, receives grants from local and international partners to fund specific programmes within the STEM stream.
