

ADDENDUM No. 9

Date: 24 March 2025
Ref: MWP2377TX
Enquiries: Tshane Lekgoati
Tel: 011 800 5057
Email: lekgoat@ntcsa.co.za

To whom it may concern

Engineering, procurement and construction of the Erica 2x500MVA 400/132kV Gas Insulated Switchgear (GIS) substation for Erica Substation.

ENQUIRY no. MWP2377TX

Potential tenderers are advised that NTCSA is in the process of amending the Functionality (Engineering) criteria that was published with the tender. The aim is to simplify the criteria in an attempt to minimize the risk of a high failure rate in the evaluations.

The revised criteria will be communicated once the necessary approval has been granted.

To be noted that the change in the criteria will not result in any changes in the scope of work or technical specifications nor the closing date of the tender. The closing date has been extended from closing on **01 April 2025** to close on **15 May 2025 at 10:00 AM SAST**.

Queries relating to this ENQUIRY may be addressed to the NTCSA Representative.

Yours faithfully,

Lungile Gcwensa
Procurement Manager
