

### 3.5 MANDATORY TECHNICAL EVALUATION CRITERIA

**Table 2: Mandatory Technical Evaluation Criteria**

	<b>Mandatory Technical Criteria Description</b>	<b>Reference to Technical Specification / Tender Returnable</b>	<b>Motivation for use of Criteria</b>
1.	Specifications of equipment as per procurement request Meet the full specification for all the models- 30% Meeting the specification for one model - 15% Not meeting the specification- 0%	Filter tapes specification	
2.	Letter of support from the OEM 25% No submission letter 0%	OEM support letter	
3.	Submission of datasheet / brochure for the filter tapes to be supplied. Full- Submission of the data sheet and brochure – 25% Submission of the data sheet alone without the brochure- 15% Non submission of the data sheet and brochure – 0%	Submission of datasheet / brochure for the filter tapes to be supplied.	
4.	References of previous work/ supplies related to this request/ completion letter or previous purchase order. >6 references = 20% 3 to 5 references = 15% 1 to 2 references = 10% 0 references= 0%	Completion letter or previous purchase order	
5.			

### 3.6 QUALITATIVE TECHNICAL EVALUATION CRITERIA

The tenders will be evaluated qualitatively on the documents submitted. The threshold of 80% has to be achieved for the tender documents (Table 3) to qualify.

**Table 3: Qualitative technical evaluation criteria**

	<b>Functionality Criteria</b>	<b>Total Weight (100%)</b>	<b>Tenders will be expected to score at least the minimum threshold per functional area to proceed to the next phase</b>
1.	Specifications of equipment as per procurement request	30	30
2.	Letter of support from the OEM	25	25
3.	Submission of datasheet / brochure for the filter tapes to be supplied	25	15
4.	References of previous work/ supplies related to this request/ completion letter or previous purchase order.	20	10
	<b>Total</b>	<b>100</b>	
	Threshold	80
