BID NAME

ADVERTISEMENT: APPOINTMENT OF AN INDEPENDENT SPECIFICATION DEVELOPER AND ASSURANCE INSPECTION AUTHORITY ON AN AS AND WHEN REQUIRED BASIS FOR A ONE-YEAR PERIOD

BID NUMBER

(Q49-2025-26)

1. INTRODUCTION AND PURPOSE

This Quotation makes provision for the appointment of an Independent Specification Developer, an Assurance Inspection Authority on an as and when required basis for a one (1) year period.

2. BACKGROUND

- For category A and B, the Tshwane Metro Police identified the need for an Independent Specification Developer and an Assurance Inspection Authority. Goods and uniform pieces historically ordered and delivered through previous tenders did not conform to technical requirements on quality of textiles, materials and workmanship as stipulated in the previously awarded tenders. These non-compliance issues did not only compromise the over-all quality and durability of standard uniform pieces but also the protection, effectiveness and assurance associated with Personal Protective Equipment that the Tshwane Metro Police sought after and required through the award of these tenders
- The two (2) categories captured in this Board Quotation are ongoing requirements that should cater for all future needs.
- The aim of Categories A and B of this Board Quotation is to ensure that all uniform and personal protective equipment specifications are consistently updated with the newest technological advances in both the textile and personal protective equipment industries

respectively, to assure that quality, protection and guarantees relating to uniforms and personal protective equipment takes the forefront when it comes to the personnel of the Tshwane Metro Police Department.

- This project will be managed under the auspice of the Chief of Police or his/her delegated representative before services can be rendered, through the Tshwane Metro Police Department Uniform Committee, strategically located within region 3 of the Tshwane Municipal Regions within a five (5) kilometer radius of the Pretoria Central Business District (CBD).
- For category A, approvals for the amendments will be granted from the Tshwane Metro Police Department Uniform Committee.
- For category B, approvals for the evaluation and testing of samples will be granted from the Tshwane Metro Police Department Uniform Committee before the service can be rendered.
- Firstly, all Tshwane Metro Police operational members and other personnel that require official uniforms and personal protective equipment during the execution of their duties will directly benefit as quality official uniforms and personal protective equipment will be issued to members that will not require unscheduled replacement and thereby indirectly benefitting the citizens of the City of Tshwane
- Secondly, the citizens of the City of Tshwane as taxpayers will benefit directly through value for money in that the quality, durability and **effectiveness** of official uniforms and personal protective equipment required for a metropolitan police service to be rendered to these citizens, will indeed be delivered and issued to operational members rendering such services.

WHAT CONTROL AND MONITORING MEASURES ARE ENVISAGED?

- Supply Chain Management: Logistics Management (Corporate Clothing Store) will remain overall responsible for compliance with the stipulations of the MFMA and the Supply Chain Management Policy.

- For category A – Updating of specifications will be done in conjunction with the Tshwane Metro Police Department Uniform Committee.
- Category B – Assurance Inspection Authority to ensure the quality of textiles and materials. Tshwane Metro Police management and uniform depot must ensure that all operational personnel are issued with the correct uniform to perform their duties.
- Daily equipment checks lists supervised by commanders and operational managers

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.

- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.

- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.

- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.
